

### Written Notification of School Accountability Report

Dear Parent/Guardian,

Maple Valley Public School mission statement is “Attend, Engage, Succeed”. We are dedicated to our students and our stakeholders. The State of North Dakota has launched a dashboard designed to help communities across the state access important information about K-12 districts and schools. This dashboard is titled Insights and features reports on multiple measures of school success, including:

- Student Achievement
- Performance Comparisons
- Graduation Rates
- School Improvement Information
- School Environment
- Choice Ready Results
- English Learner Progress
- School and State Accountability Results
- Post-Secondary Education

#### Transparency to the Public

The state of North Dakota is committed to informing communities about how well our schools are doing. North Dakota’s future success depends on tapping into the potential of all students, graduating students’ choice ready with the knowledge, skills, and disposition to be successful. The choice ready chart is included in the email. The North Dakota Department of Public Instruction is required by the Federal Government to annually create an accountability report for every public school in the state per Every Student Succeeds Act (ESSA). The school accountability reports outline how schools perform on the accountability elements the state of North Dakota selected within its ESSA plan.

#### How is our School Doing?

To find more information about our School Accountability Report, visit the dashboard at [Insights.nd.gov](https://insights.nd.gov), select “Explore Public K-12.” The specific website is located at <https://insights.nd.gov/Education/District/09004>. Please note that the data made available to the public masks or hides data for groups with ten or fewer students to protect confidential information about individual students. Therefore, if data is unavailable to less than ten students, it will say “no data available.”

Accountability Measure	Maple Valley Elementary	State of North Dakota
Proficiency in English Language Arts	55-59%	46%
Proficiency in Math	45-49%	40%
Proficiency in Science	39-48%	45%
Attendance Rate	94.5%	

### **Continuous Improvement**

As required by the State of North Dakota, all schools engage in continuous improvement cycle for general support; therefore, our school is in a continuous improvement cycle through Cognia. As part of the overall school improvement plan, a strategy map is generated for each school. Our strategy map, which outlines our key school improvement initiatives, is available on Insights.

### **Family Engagement**

Maple Valley has plans to continuously improve the educational programs at our school. Your involvement in educational initiatives and your support from home are crucial to our mission at MVPS. Positive home-school relations and communication demonstrate to our students the importance of education and can be mutually beneficial. Please watch for opportunities to share feedback through surveys and public meetings. Meeting our school's goals each year requires a united effort, and our team looks forward to working together with families to reflect, evaluate, and improve.

### **School Support**

Maple Valley is a participating Schoolwide school with a student membership of 260 student's Pre-k through 12<sup>th</sup> Grade. To best support our students, MVPS has implemented several changes for the 2024-2025 school year, including the addition of an instructional strategist, Art instruction, and the transition to a schoolwide school to allow greater flexibility to help students. We are currently reviewing ELA curriculums and plan to implement in the 2025-2026 school year. Our school's mission is "Engaging students in a world class education preparing them for lifelong success." If you have any questions or concerns, please feel free to contact me at 701-749-2570.

Sincerely,

Dan Larson  
Superintendent  
Maple Valley Public School
