## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

### 2024-25 School Description and Mission Statement

Tularcitos Elementary School develops well-rounded, lifelong learners of good character by setting high expectations, engaging students in learning, providing high levels of support, and creating a safe and positive school environment.

Tularcitos Elementary School strives to promote academic excellence in a supportive environment that emphasizes self-discipline, self-motivation and the development of good character. We focus on the character development and academic success of each child. Tularcitos is a school where each student is known, loved and cared for academically, socially, emotionally and morally. It is a place where adults and students are held to high standards to ensure all students reach their

## **A. Conditions of Learning** **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Elementary instructional material selection committees include teacher representatives from each grade level and site. Secondary committees include teacher representatives from the department involved in the text-book selection. Site and district administration, as well as instructional coaches, also serve on these committees. For all K-8 instructional materials adoptions, only the most recent State Board of Education-approved materials are considered. Publisher representatives from the two top-rated programs make a presentation to the selection committee. Texts are often piloted for a term or full school year as part of the selection process. The selection committee makes a recommendation to our governing board for district approval. All selected instructional materials are aligned with the Curriculum Frameworks adopted by the State Board of Education. Each Fall our governing board holds a public hearing to adopt a resolution of instructional materials sufficiency.

## School Facility Conditions and Planned Improvements

The oldest wing of classrooms at Tularcitos is more than 50 years old. Modernization and renovation of all permanent buildings on our campus, as well as an addition of five new classrooms, was completed in 2008-09. Our campus has six portable classrooms that provide space for intervention and enrichment programs. We also have a STEAM Makerspace, library, dedicated science lab, and a multipurpose room. Our campus is large. We have a garden, a grass athletic field with a baseball diamond and a running path that is used for physical education as well as after-school sports.

Our custodial and grounds staff work hard to keep our campus attractive, clean and safe. Every day the campus is inspected before school starts. It is then swept, blown and garbage is picked up. Any areas of concern are reported immediately to our maintenance department. We continually add new areas of landscaping around the school to further enhance the beauty of our campus.

Our campus is an integral part of our local community and is well maintained by the district, site staff and community members. We have one daytime custodian and two nighttime custodians.

Our school librarian works on our campus full time during the school year and enjoys the support of an assistant. They provide library and research instruction to all students weekly. Our library is very well maintained and amply stocked. The school PTO supports the facility by dedicating financial support to the library each year.

All classrooms include up-to-date teacher workstations consisting of a computer, document camera and large screen TV, and there are at least six student workstations in kindergarten, and half a class set of Chromebooks in 1st and 2nd grade. In grades 3-5, each classroom has a class set of Chromebooks that students use on a daily basis. Internet and email access is available in all of the classrooms, library and school offices. Our STEAM Makerspace contains touchscreen chromebooks, digital cutters, and 3-D printers. A computer lab technical works with teachers to provide STEAM and technology instruction for classes by incorporating tech skills into the curriculum; digital citizenship; learning how to code; conducting research on the internet; creating simple documents, spreadsheets and presentations; and creating various multimedia presentation models.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	72	79	62	65	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ### B. Pupil Outcomes

#### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Tularcitos enjoys tremendous support from parent and community volunteers. More than 200 regular volunteers support best practices in the classroom, read to students, chaperone field trips and enrich school programs. We appreciate our volunteers. Parents attend back-to-school night in the fall, open house in the spring, and parent-teacher conferences in November and March.

Our school's Single Plan for Student Achievement is developed by our School Site Council, which includes parent members. In addition, we have an Adalante parent group to assist parents of English language development students in knowing what is going on at school and how to support their children at home. The Tularcitos Parent Teacher Organization (PTO) supports many additional school programs. The organization has worked to provide our school with library books and materials; classroom supplies; science-lab supplies; arts, swimming and playground improvements; landscaping; field trips; assemblies; a fifth-grade promotion celebration; a fifth-grade overnight science camp trip; and generous hospitality.

For more information on how to become involved at the school, please contact Beth Henshaw, PTO president, at (831) 620-8195.

## 2024-25 School Safety Plan

Students have the right to be safe and happy so they can learn to their full potential. Our character-education program, anti-bullying and discipline policies, and emergency-preparedness plans ensure a safe learning environment. Teachers and aides supervise the playground before school, at all recesses and upon dismissal. Students trained in conflict management help

resolve differences between students during recess. Our school site safety committee continually monitors campus safety. In addition to the monthly emergency drills, we conduct an annual full-scale emergency drill incorporating simulated first aid, search and rescue, and student release. An outside agency conducts annual inspections and identifies areas for improvement. All visitors to the campus are required to sign in at the office and wear an identification badge.

The school safety plan was last reviewed, updated and discussed with the school faculty in August, 2024.

## Fiscal Year 2023-24 Types of Services Funded

Our hardworking PTO raised several thousand dollars last year to purchase equipment and supplies and to fund important school programs. The PTO also maintains an interest-bearing certificate of deposit endowment of more than \$20,000. The Friends of Carmel Unified Schools (FOCUS) also granted several thousand dollars for a variety of needs across the curricular program, including document cameras and digital projectors. The Rotary Club of Carmel Valley and the Kiwanis Club of Carmel Valley regularly support our programs. Our Reading Support Program and English language development teachers are paid primarily with specific state or federal funds.

## Professional Development

We regularly offer new opportunities for professional development, and staff members continually upgrade their skills.

Teachers and other staff members attend conferences, workshops and other training. Professional-growth activities include courses offered through local colleges or university extensions, workshops offered by the Monterey County Office of Education,

and training by district mentors and specialists. Over the past few years we focused on social-emotional learning and mathematics instruction.

The purpose of teacher evaluation is to promote quality instruction, and it is aligned with the California Standards for the Teaching Profession. Our principal evaluates permanent teachers at least once every two years and formally evaluates probationary teachers once each year. Evaluations are based on teachers' performance in the areas of student engagement and learning, planning instruction and learning experiences, effective environments, organization of subject matter, assessment of student learning, and development as a professional educator.
