## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Elementary instructional material selection committees include teacher representatives from each grade level and site. Secondary committees include teacher representatives from the department involved in the textbook selection. Site and district administration, as well as instructional coaches, also serve on these committees. For all K-8 instructional materials adoptions, only the most recent State Board of Education approved materials are considered. Publisher representatives from the two top-rated programs make a presentation to the selection committee. Texts are often piloted for a term or full school year as part of the selection process. The selection committee makes a recommendation to our governing board for district approval. All selected instructional materials are aligned with the Curriculum Frameworks adopted by the State Board of Education. Each Fall our governing board holds a public hearing to adopt a resolution of instructional materials sufficiency.

CMS is examining adoption of a new mathematics text in the near future.

## School Facility Conditions and Planned Improvements

Carmel Middle School is arguably one of the most picturesque middle schools in the state. It was built in 1962 and remodeled in 2002. The campus is clean, well maintained and beautifully situated at the mouth of Carmel Valley. All rooms are cleaned daily, and the groundskeeper keeps the exterior environment beautiful and safe. Our district maintenance staff is quick to respond to work orders generated by the staff. A modern learning infrastructure supports classrooms. An all-weather track project was completed and serves both school and community needs. We have a full-sized gym, several well-maintained athletic fields, a theater, library, and a computer lab for school and extracurricular use. We have upgraded numerous classrooms with furniture to include flexible seating options and we continue to regularly update technology in the classrooms providing teachers with touch screen televisions and tablets allowing them to become “untethered”. The library is the center of our learning community, and teachers visit the facility frequently with their classes. Our Librarian and library assistant maintain a friendly but studious environment for students. The library is open daily before school, during lunch and after school and serves as a main hub of campus life and activity.

Several facilities updates are needed as the school site is beginning to show it's age. District plans include updating school facilities in the near future and the physical campus will benefit from these upgrades.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	59	59	62	65	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Outstanding parent support and involvement are an important part of the Carmel Middle School culture. Our active Parent Teacher Organization (PTO) provides leadership, fundraising and volunteers. The PTO supports many events, like the Welcome Back event, Ohana Day, teacher-appreciation lunches, school dances and end-of-year class trips. The PTO coordinates fundraising, provides hospitality at school activities, and provides teachers with stipends and small grants to enhance teaching and learning. Some PTO members serve on the School Site Council, which develops our Single Plan for Student Achievement and approves the distribution of school-improvement funds. We welcome parent involvement. For more information, please follow this link to the CMS PTO webpage: <https://carmelmiddle.carmelunified.org/resources/cms-parent-teacher-organization-pt0>

## 2024-25 School Safety Plan

CMS maintains a strong commitment to safety. The grounds are in excellent condition. District maintenance staff responds quickly to facility needs. We update our school safety plan annually and conduct emergency drills regularly, including at least one large-scale drill each year that involves local law enforcement and fire personnel. We have a closed campus and all visitors

are required to check in with the office. Our campus supervision plan ensures students are monitored before school, after school, and during lunchtime and break. We have a well-publicized code of conduct that describes the behavior expectations for students and our progressive disciplinary policy, including an overview of behaviors that will result in suspension or expulsion. All students are provided an in-depth presentation of the code of conduct at the beginning of each school year.

The CMS safety plan includes procedures for each of the most common issues such as fire, earthquake, intruder or shelter-in-place. We conduct regular drills on each of these scenarios including a full-scale earthquake drill where local first-responder agencies (sheriff, fire) observe and offer suggestions on how to improve our procedures. The school safety plan is reviewed every year by the assistant principal. The school safety plan is reviewed annually with all school staff. CMS conducts regular, monthly safety drills that include evacuation scenarios, shelter in place scenarios, and lockdown scenarios. In addition, CUSD has adopted ALICE protocols for hostile intruder situations. A large-scale evacuation drill is conducted at the beginning of each school year. This drill includes participation of local law enforcement and first responders who provide feedback and guidance on school staff performance. The last full evacuation safety drill was performed in September of 2023 .

## 2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Fiscal Year 2023-24 Types of Services Funded

We receive very little state and federal money, thus all of our programs are supported almost entirely with district, PTO or foundation funds. Our PTO raises around \$509,000 annually. This money supports a variety of activities and experiences for students, as well as helps fund special teacher requests. We routinely recognize students and provide incentives for them to participate in academic competitions. The PTO provides a "Climate and Culture" budget each year to offer incentives and experiences for students, especially those students who struggle to connect with school. The PTO provides each teacher with a small stipend each year to use on classroom supplies or incentives, and teachers may request additional funding from the PTO for projects that are not included in the regular school budget. We also routinely receive funds from our local foundation, Friends of Carmel Unified Schools (FOCUS), as well as local service organizations. We use these funds to support after-school sports, purchase technology, and provide scholarships for economically disadvantaged students to attend our many special field experiences. We have a strong fundraising community that allows for continued development of our learning environment.

## Professional Development

2023-24 staff development focused on the implementation of a student advisory program using the community circles/restorative circles format. CMS is now in year four of our commitment to full implementation of an Advisory program and we continue to seek the appropriate balance between content and connection for students/staff. In addition to continued work on the advisory program, CMS is involved in vertical articulation efforts with both Carmel High School and the elementary schools within our district. The focus of this work is common practice, strategic alignment, and honest conversations about improving student performance.
