- Attendance Law

✓ The state law for attendance stipulates that to receive credit for a class the student...

1. needs to be present 90% of the time in class.
2. is allow 8 absences per semester (absences for school sponsored extracurricular activities do not count toward the 8 absences)
3. after the 8th absence, student will be assigned make up hours in an afternoon/Saturday school make up hours program.

- **1 day loss after absence #8 = 7 hours to make up.**

- **For example:**

- Aldo has 11 absences in a semester. Aldo will be assigned **21 hours** to make up in the after school or Saturday school program.

What happens if Aldo does not make up those hours?
Aldo will lose credits regardless his grades and will need to retake the class either in night school/summer school or the following school year.
