Teléfono:	(408) 384-4015	Rango de grados:	9-12

Cada año, antes del 1 de febrero, todas las escuelas de California deben publicar, según la ley estatal, un Informe de Responsabilidad Escolar (SARC, por sus siglas en inglés). El SARC contiene información sobre la condición y el desempeño de cada escuela pública de California. Según la Fórmula de Financiamiento de Control Local (LCFF, por sus siglas en inglés), todas las agencias educativas locales (LEA, por sus siglas en inglés) deben preparar un Plan de Control y Responsabilidad Local (LCAP, por sus siglas en inglés), que describe cómo pretenden cumplir con los objetivos anuales específicos de la escuela para todos los alumnos, con actividades específicas para abordar las prioridades estatales y locales. Además, los datos informados en un LCAP deben ser coherentes con los datos informados en el SARC.

- Para obtener más información sobre los requisitos del SARC y el acceso a los informes de años anteriores, consulte la página web del SARC del Departamento de Educación de California (CDE) en <https://www.cde.ca.gov/ta/ac/sa/> .
- Para obtener más información sobre el LCFF o el LCAP, consulte la página web del LCFF del CDE en <https://www.cde.ca.gov/fg/aa/lc/> .
- Para obtener información adicional sobre la escuela, los padres/tutores y miembros de la comunidad deben comunicarse con el director de la escuela o la oficina del distrito.

Búsqueda de datos

DataQuest es una herramienta de datos en línea ubicada en la página web DataQuest del CDE en <https://dq.cde.ca.gov/dataquest/> que contiene información adicional sobre esta escuela y comparaciones de la escuela con el distrito y el condado. Específicamente, DataQuest es un sistema dinámico que proporciona informes para la rendición de cuentas (por ejemplo, datos de pruebas, inscripción, graduados de la escuela secundaria, deserción escolar, inscripción en cursos, dotación de personal y datos sobre estudiantes de inglés).

Panel de control de las escuelas de California

El Panel de Control de Escuelas de California (Dashboard) <https://www.caschooldashboard.org/> refleja el nuevo sistema de rendición de cuentas y mejora continua de California y brinda información sobre cómo las LEA y las escuelas están satisfaciendo las necesidades de la diversa población estudiantil de California. El Panel de Control contiene informes que muestran el desempeño de las LEA, las escuelas y los grupos de estudiantes en un conjunto de medidas estatales y locales para ayudar a identificar fortalezas, desafíos y áreas que necesitan mejoras.

Acceso a Internet

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

About This School

John Phung, Principal

📍 Principal, Luis Valdez Leadership Academy

Welcome to Luis Valdez Leadership Academy (LVLA)! Thank you for taking the time to review our site's accountability report. The mission of the LVLA is to provide a challenging academic program designed to instill a lifelong passion for learning and to equip students with the skills for social and academic success at community colleges and four-year universities. LVLA will graduate empowered young adults who are poised, confident, and articulate leaders. We expect all our students to grow in three areas of life skills, academic outcomes, and personal character. We are a smaller community where staff and teachers are personally invested in our students and the San Jose community. ?

School Description and Mission Statement (School Year 2023–24)

Luis Valdez Leadership Academy (LVLA) is a public charter high school located in San Jose, California, focusing on providing its students with a rigorous curriculum, a strong faculty and support staff for their instructional experience, and an environment made up of high expectations and community. LVLA has a strong educational track record that has prepared all attending students for succeeding academically and achieving postsecondary success. LVLA possesses a relevant and comprehensive curriculum focused on meeting the needs of English Language Learners, a well-prepared and trained fully-certificated faculty through the Union of Foundation (UFE) educators, and a nurturing environment with restorative practices. The school site is co-located with East Side Union High School District's (ESUHSD) Yerba Buena High School at 1855 Lucretia Avenue, San Jose, CA 95122. Accordingly, LVLA has become a proponent for the success of its students, families, and local community to become competitive in their educational journey and future pursuits.

The LVLA community is predominantly Latine/o/a/x and Asian, and is home to a working-class immigrant population with student demographics as follows: 83.9% Socioeconomically Disadvantaged, 44.6% English Learners, 22% Homeless, 15% Students with Disabilities, and is home to over 80% Spanish speaking families. In stating this, the LVLA lays the foundation of understanding who we serve and our capacity to offer to the community. LVLA's families are equipped with transformative feedback, which helps define the approach as to what a "whole-child" strategy is in delivering a holistic instructional approach. With its challenging and grade-level appropriate curriculum, capable faculty, and nurturing environment, LVLA has become a viable educational option for each and every student. Additionally, through a focus on the Spanish language, for both native speakers and Spanish language learners, LVLA students will use their education, bi-literacy, and life experiences to create positive changes in their own lives, in their own families, and within their communities. Through leadership, responsibility, and resilience, LVLA graduates make a positive impact on the East San Jose community and beyond.

LCAP Goals (2021 - 2024):

- Goal #1: Increase A-G completion rates, on par with our neighboring schools holding similar student groups.
- Goal #2: Maintain or increase graduation rate and ensure we maintain a 95% graduation rate annually.
- Goal #3: 11th grade students will demonstrate on par or exceed proficiency rates on the English Language Arts (ELA) and Mathematics CAASPP when compared to neighborhood high schools with the same student demographics.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Preparation and Placement (School Year 2020–21)

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	9.40	56.78%	943.40	83.36%	228366.10	83.12%

Note: The data in this table is based on full-time equivalent (FTE) status. One FTE equals one staff member working full-time; one FTE could also represent two staff members who each work 50 percent of full-time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

LVLA is fully located on the Yerba Buena High School campus (YB), including for its Visual & Performing Arts courses and Athletics program. The Foundation for Hispanic Education's (TFHE) Facilities Department provides LVLA with a full time staff to meet the school's janitorial needs during business hours as well as after hours. Outside support is contracted with authorized third-party vendors as required for one-time hostings, adjustments in work schedules, and standard holiday breaks. Based on LVLA's Facility Use Agreement with the East Side Union High School District (ESUHSD), major system maintenance is the responsibility of the ESUHSD. TFHE Facilities performs an annual inspection of all systems with ESUHSD Staff, including instructional spaces, restrooms, perimeter gates, parking lots, storage space, garbage bins, and utilities. LVLA also stations a security guard at the front entrance gate to its shared parking lot with Yerba Buena High School for school safety, visitor check-in, and dismissal.

Over the last three academic years, LVLA and TFHE have invested in school site improvements including:

- **Replacing flooring in instructional spaces.**
- **Upgrading furniture, fixtures, and equipment in instructional spaces.**
- **Renovating the site's modular restroom unit.**
- **Installing a shade structure in its recreational seating and nutrition area.**
- **Performing deferred maintenance to all walkways and ramps.**

In the coming academic year, the school site also intends to install a new iron rod fence with a pedestrian gate between itself and Yerba Buena High School, in addition to renovating existing instructional spaces.

School Facility Good Repair Status

Using the **most recently collected** Facility Inspection Tool (FIT) data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students taking and completing state-administered assessments Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2021– 22	School 2022– 23	District 2021– 22	District 2022– 23	State 2021– 22	State 2022– 23

Mathematics (grades 3-8 and 11)	2%	16%	34%	32%	33%	34%

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAA divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement (School Year 2023–24)

LVLA students, parents, and staff are held to a high level of expectations consistent with the school site's Student/Family Handbook and Summer Bridge Orientation curriculum. The expectation is that 100% of students will gain acceptance and matriculate into at least one higher education program after graduation – a two-year community college (including certification programs) or a four-year university. Parents/Guardians are offered the opportunity to be supportive by participating in their child's academic and non-academic/personal development endeavors via committees such as School Site Council, English Learner Advisory Committee, Community Schools Focus Groups, and the Parent Advisory Committee. Most importantly, parents are empowered to participate and take a vital role in creating a college going culture as led by a partnership with their school site (LVLA). Moreover, partner organizations such as the Hispanic Foundation of Silicon Valley, Parent Institute of Quality Education, San Jose Learning Center and YMCA Project Cornerstone offer professional development and training opportunities for families to continue their own education to become better equipped for supporting their student's academic endeavors.

LVLA operates under the premise that the teachers, parents, and students must work together as partners to create the offerings for a quality education, as evidenced by its Schoolwide Learner Outcomes (SLO) and Local Control & Accountability Plan (LCAP) Actions and Goals. Parents also participate in Monthly Cafecito Meetings, monthly survey efforts, and are engaged weekly through a School Newsletter. Approximately 20 - 30 parents participate each month in at least one school site effort. The meetings are focused on getting the parents involved in the student's education with parents at LVLA on campus frequently for continued oversight and rapport building.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school graduation rates;
- High school dropout rates; and

School Safety Plan (School Year 2023–24)

LVLA has a detailed, comprehensive Safety Plan that outlines the protocol to be used, systems that must be in place, and procedures that must be followed in the event of an emergency. The school safety plan covers an array of different systems such as child abuse reporting procedures, policies pursuant to Education Code 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations, procedures to notify teachers and counselors of dangerous students, sexual harassment policy, safe ingress and egress to and from school, rules and procedures on school discipline in order to create a safe and orderly environment conducive to learning, dress code, routine and emergency disaster procedures including natural disasters, human-created disasters or power outages.

Routine and emergency disaster procedures include but are not limited to; emergency and disaster preparedness plan, fire drills, lockdown drills, earthquake emergency procedure system, and safe transportation during emergencies. Ensuring that our community feels safe on our campus is of the utmost priority for the Luis Valdez Leadership Academy. These safety plans have been outlined and thoroughly reviewed with teachers, staff, students, and parents throughout the year.

Professional Development

Luis Valdez Leadership Academy staff, including Certificated and Classified members, engage in 9 full days of Professional Development and Continuous Improvement Days. Additionally, staff members engage in Professional Development on designated Wednesdays for 100 minutes, for approximately 29 Wednesdays, during the Academic School year.

The purpose of the 2022-2023 Teaching and Learning professional development series was to provide professional learning and collaborative opportunities with strategies and techniques that positively impact student outcomes.

Professional Development includes, but is not limited to:

- Sheltered Instruction Observation Protocol (SIOP) features and techniques
- Assessment and Data - Understanding our state and local assessments and data dives to inform instructional focus and monitoring
- Instructional Coaching
- Lesson Design
- Curriculum Mapping
- Defining Objectives
- Best Practices for Effective Teaching
- Book Study - Grading for Equity

In addition to the 9 full days on instruction, curriculum, assessment and evaluation, the focus of the school's Professional Development was selected due to student achievement data results in Math and English. The school has focused on Literacy across the content areas based on the student performance data and student population demographics. Student and the community were surveyed and Priority Areas for the classroom were identified that guide instructional practice. Inclusively, teachers implement the Growth Mindset and Gradual Release of Responsibility in lesson design.

Professional development is delivered five days prior to the beginning of school as a Foundation professional development work week, for all its charter schools. The focus is on the use of data to inform classroom instruction. Additionally, five full days of professional development are provided for teachers during the school year to participate in further Foundation implemented Professional Development. Teachers have 3 hours weekly to collaborate as a school in professional learning teams focused on the assessment review of student work given student performance outcomes. Additional professional development is provided to the team after school hours in Growth Mindset and Gradual Release of Responsibility throughout the year, as well as in the summer as an introduction professional development for new teacher hires.

También se espera que todo el personal realice sesiones de capacitación obligatorias identificadas y administradas por SafeSchools de CharterSafe, y el Departamento de Recursos Humanos de TFHE realiza un seguimiento de la finalización. Las sesiones incluyen capacitación sobre denunciantes obligatorios, capacitación sobre patógenos transmitidos por la sangre, prevención del abuso infantil y la negligencia, prevención del acoso sexual (de personal a personal y de personal a estudiante), capacitación en primeros auxilios, capacitación FERPA y otras capacitaciones de cumplimiento urgentes. La implementación del desarrollo profesional está respaldada por y para los maestros a través del entrenamiento instructivo entre pares, el uso de la fecha del desempeño de los estudiantes como una revisión en equipos y en sesiones de trabajo enfocadas en el departamento.
