Principal: Jesus Rios

Grade Span: 9th – 12th

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refer to data provided by the CDE.

Table 3: School Description and Mission Statement (School Year 2022–23)

Latino College Preparatory Academy (LCPA) is a public charter high school focusing on providing its students with a rigorous curriculum, a strong faculty and support staff for their instructional experience, and an environment made up of high expectations and community that serves the entire student and their family. LCPA has a eighteen-year educational track record that has enhanced all attending students' chances of succeeding academically and completing a college degree, particularly with a focus on English Language Learner students.

With its innovative curriculum focused on meeting the needs of English Language Learners, a capable fully certificated faculty through the Union of Foundation (UFE) educators, and a nurturing environment in a state-of-the-art facility, LCPA has become a viable educational option for each and every student in East San Jose, especially English Language Learners and those deriving from underrepresented backgrounds. With its focus on bi-literacy focused educational programs, LCPA fills a unique niche in providing focus to reach the academic level proficiency of English Language Arts (ELA) that is critical for academic achievement, demonstrating growth in standardized tests, benefiting from assessment-based curriculum, and pursuing postsecondary educational opportunities to thrive in East San Jose, Silicon Valley, and beyond.

All LCPA students are on a University of California (UC) A - G requirement aligned pathway and LCPA awards these students a diploma once they have completed all credit-bearing courses required for high school graduation by the State of California with 220 units required by LCPA for graduation on their route to post-secondary success. As is consistent with the mission and values of LCPA, the school seeks to ensure that

students who attend LCPA are among the first within their families to graduate high school and seek a degree beyond high school.

Mission and Vision

LCPA's mission and values drive everything at the school site, from the academic program set to make graduates a bi-literate, college-educated individual to the process of exploring cultural identity and the tenets of community building.

Each value exemplifies a quality necessary to excel in college, develop into a leader, and create positive change in their lives, in the community, and among the global society. Central to the mission is the unwavering belief that all English Language Learner (ELL) students can succeed in the most competitive colleges/universities and professional environments across all sectors, when prepared with a rigorous, college-preparatory education that incorporates extended time for learning inside and outside the classroom, and a wide range of language-acquisition support with certificated staff members.

LCAP Goals (2021 - 2024)

Goal #1: LCPA will work to ensure equitable access to all students for increasing proficiency in English Language Arts and Mathematics content standards.

Goal #2: LCPA students will have access to rigorous and relevant learning tools and resources taught by highly qualified teachers as well as supported by well-trained academic counselors.

Goal #3: LCPA will cultivate a positive and welcoming school culture that promotes student learning in an academically and physically safe environment while maintaining a low suspension rate.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Table 12: School Facility Conditions and Planned Improvements

LCPA is situated at 14271 Story Road, San Jose, CA 95127, in a modern state of the art, multi-story, 67,000 square foot educational space containing 23 classrooms and 5 offices, in addition to a Cafeteria (Finn Center), recreational spaces (i.e., Bustos Plaza, Athletic Field), and a staff/student parking lot. Technical support for technology infrastructure, operations, and facilities oversight are provided by The Foundation for Hispanic Education. Nutrition services are provided by Revolution Foods.

Daily janitorial service is provided by on-site staff during the day and internally sourced for evening service. Maintenance of major systems, such as fire protection, emergency generator, landscaping, electrical systems, network equipment, emergency exit signage, elevator system, pest control, deferred maintenance, and HVAC troubleshooting, are provided by qualified vendors included in an annual vendor list. Improvements include upgrades to the Finn Center auditorium/nutrition space in Fall 2021, and most recently modernization of the Sobrato Athletics Building in Fall 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Table 15: CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment

Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2020–21	School 2021–22	District 2020–21	District 2021–22	State 2020–21	State 2021–22
English Language Arts/Literacy (grades 3-8 and 11)	N/A	33.33%	N/A	63.06%	N/A	47.06%
Mathematics (grades 3-8 and 11)	N/A	5.15%	N/A	38.08%	N/A	33.38%

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted to report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–21 data cells for the

school, district, state have N/A values because these data are not comparable to 2021–22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Table 23: California Physical Fitness Test Results (School Year 2021–22)

Note: Due to changes to the 2021–22 PFT administration, only participation results are required for these five fitness areas.

Note: Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Table 24: Opportunities for Parental Involvement (School Year 2022–23)

LCPA students, parents, and staff are held to a high level of expectations. The expectation is that 100% of students will gain acceptance into at least one higher education program after graduation – a two-year community college or a four-year university. Parents are offered the opportunity to be supportive by participating in their child’s academic and non-academic/personal development endeavors. Most importantly, parents are empowered to participate and take a vital role in creating a college going culture as led by a partnership with their school site (LCPA).

LCPA operates under the premise that the teachers, parents, and students must work together as partners to create the offerings for a quality education. Parents are a vital part of this partnership. LCPA involves parents as key stakeholders in the school. It is important to LCPA that parents feel part of the high school and college readiness process for their child. Parents participate in the School Site Council (SSC), English Learner Advisory Committee (ELAC), Monthly Cafecito Meetings, monthly survey efforts, and are engaged weekly through a School Newsletter. Approximately 100 - 150 parents participate each month in at least one school site effort as overseen by the Principal. The meetings are focused on getting the parents involved in the student’s education with parents at LCPA on campus frequently for continued oversight and rapport building.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Table 28: Suspensions and Expulsions for School Year 2019–20 Only
(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019–20	District 2019–20	State 2019–20
Suspensions	0.3%	3.0%	2.6%
Expulsions	0.0%	0.1%	0.1%

Note: The 2019–20 suspensions and expulsions rate data are not comparable to other year data because the 2019–20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–20 school year compared to other school years.

Expulsions	0.0%	0.0%	0.0%	0.1%	0.1%	0.1%

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Table 31: School Safety Plan (School Year 2022–23)

LCPA has a detailed, comprehensive Safety Plan that outlines the protocol to be used, systems that must be in place, and procedures that must be followed in the event of an emergency. The school safety plan covers an array of different systems such as child abuse reporting procedures, policies pursuant to Education Code 48915 and other school-designated serious acts which would lead to suspension, expulsion, or mandatory expulsion recommendations, procedures to notify teachers and counselors of dangerous students, sexual harassment policy, safe ingress and egress to and from school, rules and procedures on school discipline in order to create a safe and orderly environment conducive to learning, dress code, routine and emergency disaster procedures including natural disasters, human-created disasters or power outages.

Routine and emergency disaster procedures include but are not limited to; emergency and disaster preparedness plan, fire drills, lockdown drills, earthquake emergency procedure system, and safe transportation during emergencies. Ensuring that our community feels safe on our campus is of the utmost priority for the Latino College Preparatory Academy. These safety plans have been outlined and thoroughly reviewed with teachers, staff, students, and parents throughout the year.
