Dear Parents and Students:

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act (ESSA), requires that schools receiving assistance under ESEA, upon request, provide certain student information to military recruiters, institutions of higher education, and/or prospective employers [[ESEA Section 8528](#)].

This requirement entails providing directory information including students' names, addresses, email addresses, and telephone numbers to college, job, and military recruiters who, in turn, use the information for armed services recruiting and for informing students of scholarship opportunities. Black Horse Pike Regional Schools must provide this information unless a parent of a student who is younger than 18 years of age, or a student who is age 18 or over, opts out by notifying the school in writing that they do not consent to release this information.

To avoid potential confusion, and in keeping with the guidelines set forth by ESEA, we offer an "opt out" form in our Parent Access portal of Genesis, which is available through [this link](#). If your child is younger than 18, and you do not consent to the release of any information to college, job, and military recruiters, you must complete the opt-out form in the Parent Portal by September 29, 2023. An alternative to completing the online form would be to complete, sign, and return the questionnaire on page 2 of this document to your school's Counseling Office.

If your child is 18 years of age or older, they determine whether to consent to release the information, and they must complete, sign, and return the questionnaire on page 2 of this document to the school's Counseling Office.

If by September 30th, you do not complete the "opt-out" form in the Parent Portal, or if you do not submit a written request to your school's Counseling Office, directory information will be made available to college, job, and military recruiters upon request.

Sincerely,

Marcie Geyer

Director of Curriculum & Instruction
