

## AHS Registration Information

It is that time of year to start looking at registering our students for their high school courses. All students will participate in Packer Profile that will help students look at their career pathway. This course is designed to help students discover their strengths and interests and connect them to clubs, activities and opportunities that provide experience within their career pathway. The seminar is designed to support students beginning their high school careers. The seminar will focus on providing support in academic, social, and soft skills (Packer Core Values) needed to succeed in high school and beyond. Students will learn about organization, time management, self-advocacy, study skills and learning strategies, digital literacy, creating a four-year plan, and developing personal aptitudes and learning strengths. Students will also focus on career exploration and ways to serve within their community in addition to building their Packer Portfolio.

Students have also been put into their 4 core classes. Below is the core paths overview, but please note that students with English Language Learning needs or IEP needs may look different.

	<b>9th</b>	<b>10th</b>	<b>11th</b>	<b>12th</b>

<b>**Honors Path 2</b>	Honors Algebra II	Honors Pre-Calculus	AP Calculus (AB)	AP Calculus (CB)
<b>**Honors paths are ONLY filled in if you have received a TEACHER RECOMMENDATION to do so**</b>				

Finally, students will also be able to participate in elective courses. On January 3<sup>rd</sup>, our 8<sup>th</sup> grade students met with Mrs. Delaney or a high school counselor to register for elective courses. Course verification sheets will be available to families during conferences to review what elective course their student selected.

We are excited to support you and your student as they transition to AHS! If you have questions, don't hesitate to reach out to Mrs. Delaney at 507-460-1517.

Thank you!
