- I.** Student activities are an important part of the total school curriculum. Student activities, including athletics, clubs, and organizations, provide opportunities for students to explore areas of interest and skill, as well as opportunities to learn teamwork, sportsmanship, pride, and fairness.
- II.** Student activities are to be considered learning experiences and are to be developed, managed, and evaluated with this in mind. Student activities are considered part of the total school curriculum and are to be included in regular curriculum planning, review, and evaluation processes.
- III.** All student activities are to be approved by the School Board (the Board) and will operate under the policies, rules, and regulations of the Board.
- IV.** Building Principals are responsible for the day-to-day operation and management of all student activity programs.
- V.** All student organizations and activities are subject to review by the Board upon a request.
- VI.** Each activity is responsible for applying for Board approval by submitting a request to the appropriate Principal. The Principal reviews and approves the request and forwards it to the Superintendent.
