The LTS Program focuses on water adaptation, stroke development and safety skills. It is designed to help students advance through swim levels at their own pace, mastering the skills in one level before advancing to the next. Each level of LTS includes training in basic water safety and helping others in an emergency, in addition to stroke development. Our experienced American Red Cross certified water safety instructor and staff of certified lifeguards will supervise the program. All campers have the option to attend group instructional swim. Group instruction is a great tool to aid in the development of each camper's swim ability. Fridays and all afternoons are free swim. For more information on the swim program, please contact the camp office at 718 303-7845 or [siasummercamp@statenilandacademy.org](mailto:siasummercamp@statenilandacademy.org).

# TALENTED AND GIFTED

## TAGcamp

**JULY 14 – AUGUST 1,  
2025**

TAGcamp is the Talented and Gifted Summer Program at Staten Island Academy. TAG campers take part in three class offerings each day. Classes are interactive and designed to help bright students explore interesting subjects. Topics in the sciences, technology, math, humanities and the arts are explored in a deep, creative way. In addition to the academic offerings, students have time each day to swim in our outdoor swimming pools, play on the fields or playground and participate in other regular day camp activities. TAG campers exhibit their talents in many ways. Some are gifted mathematicians and others are gifted writers or musicians. Research has shown that talented and gifted kids benefit from being with other students who share their passion about, and interest in, learning.

### Who is eligible for TAGcamp?

TAGcamp is open to students who have been designated as gifted and talented according to testing done by the NYC Department of Education. Alternative testing also qualifies. A student must score in the 90th percentile in at least one subject area and/or must provide two letters of recommendation. Students who lack standardized test scores may submit report cards and two recommendations. The camp is designed for students from Kindergarten through Grade 7.

### The TAGcamp Staff

**TAGcamp Director: Nicole Donofrio '03** is excited to lead the Academy's Talented and Gifted program. Mrs. Donofrio is focused on challenging the children, as well as providing them with the opportunity to explore their passions and broaden their horizons while forming lasting friendships.
