Our goals

Community Engagement

Crestview Local Schools will use transparency and integrity to unite and engage the entire Rebel community.

Financial Stability

Crestview Local Schools will continue to value its fiduciary responsibility to our staff, students, and community as we strive for excellence and to stay above the rest.

Academic Achievement

Crestview Local Schools will engage students in diverse learning opportunities to spark interest, support all career paths, and help students discover a passion for their future.

Safety and Security

Crestview Local Schools will foster a safe, secure, and inclusive environment where all students and staff will provide 100% effort to ensuring a coordinated response to any threat.

We believe that if we are accountable to these goals as a district and as a community, we will continue to improve, achievement will increase and decisions about doing what’s best for students will be clear.

The Crestview staff and community members with expertise or interest in these goals are serving on action teams for the new or ongoing strategies aligned directly with each of these goals. As the objectives are implemented, new ones will be discussed, planned and initiated.
