This document is provided as a convenience and not intended to replace the online Provider Finder experience which has greater functionality, more provider and facility information and important disclaimers. For example, if your search is an "All Plan/networks" search and includes providers located in California, this document may contain out-of-network providers.

Important Information

Note: The [Leapfrog] Hospital Safety Grade grades hospitals on data related to how safe they are for patients. For more information, visit www.hospitalsafetygrade.org.

Your benefits plan may cover Blue Distinction Plus and Blue Distinction Centers at a higher level of benefits, which will be less cost to you. If you would like to view only Blue Distinction Centers, please use the filter at the top to select a Blue Distinction specialty.

The results below only contain Blue Choice OPT Tier 1 providers. Please select "View all in-network providers" from the choices at the top to search the entire network.

To receive the lowest out of pocket costs, we recommend that you confirm that your provider is a provider within the Blue Choice OPT network.

Please call the number on the back of your ID card to verify your benefits.

Provider data changes regularly. These results are accurate as of the date the PDF was created.
