UNDERSTANDING CONCUSSION

Some Common Symptoms

Headache	Balance Problems	Sensitive to Noise	Grogginess	Not "Feeling Right"
Pressure in the Head	Double Vision	Sluggishness	Poor concentration	Feeling Irritable
Nausea/Vomiting	Blurry Vision	Haziness	Memory Problems	Slow Reaction Time
Dizziness	Sensitive to Light	Fogginess	Confusion	Sleep Problems
			"Feeling Down"	

WHAT IS A CONCUSSION?

A **concussion** is a **type of traumatic brain injury** that changes the way the brain normally works. A concussion is caused by a fall, bump, blow, or jolt to the head or body that causes the head and brain to move quickly back and forth. A concussion can be caused by a shaking, spinning or a sudden stopping and starting of the head. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious. A concussion can happen even if you haven't been knocked out.

You can't see a concussion. Signs and symptoms of concussions can show up right after the injury or may not appear to be noticed until days or weeks after the injury. If the student reports any symptoms of a concussion, or if you notice symptoms yourself, seek medical attention right away. A student who may have had a concussion should not return to play on the day of the injury and until a health care professional says they are OK to return to play.

IF YOU SUSPECT A CONCUSSION

- SEEK MEDICAL ATTENTION RIGHT AWAY** – A health care professional will be able to decide how serious the concussion is and when it is safe for the student to return to regular activities, including sports. Don't hide it, report it. Ignoring symptoms and trying to "tough it out" often makes it worse.
- KEEP YOUR STUDENT OUT OF PLAY** – Concussions take time to heal. Don't let the student return to play the day of injury and until a health care professional says it's OK. A student who returns to play too soon, while the brain is still healing, risks a greater chance of having a second concussion. Repeat or second concussions can be very serious. They can cause permanent brain damage, affecting the student for a lifetime. It is better to miss one game than the whole season.
- TELL THE SCHOOL ABOUT ANY PREVIOUS CONCUSSION** – Schools should know if a student had a previous concussion. A student's school may not know about a concussion received in another sport or activity unless you notify them.

SIGNS OBSERVED BY PARENTS

- Appears dazed or stunned
- Is confused about assignment or position
- Forgets an instruction
- Is unsure of game, score or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior or personality changes

CONCUSSION DANGER SIGNS

In rare cases, a dangerous blood clot may form on the brain in a person with a concussion and crowd the brain against the skull. A student should receive immediate medical attention if after a bump, blow, or jolt to the head or body s/he exhibits any of the following danger signs:

- One pupil larger than the other
- Is drowsy or cannot be awakened
- A headache that gets worse
- Weakness, numbness, or decreased coordination
- Repeated vomiting or nausea
- Slurred speech
- Convulsions or seizures
- Cannot recognize people/places
- Becomes increasingly confused, restless or agitated
- Has unusual behavior
- Loses consciousness (even a brief loss of consciousness should be taken seriously.)

HOW TO RESPOND TO A REPORT OF A CONCUSSION

If a student reports one or more symptoms of a concussion after a bump, blow, or jolt to the head or body, s/he should be kept out of athletic play the day of the injury. The student should only return to play with permission from a health care professional experienced in evaluating for concussion. During recovery, exercising or activities that involve a lot of concentration (such as studying, working on the computer, or playing video games) may cause concussion symptoms to reappear or get worse. Students who return to school after a concussion may need to spend fewer hours at school, take rest breaks, be given extra help and time, spend less time reading, writing or on a computer.

I have read and understand Board Policy 7540.03 Student Education Technology Acceptable Use and Safety and the Social Media Policy and Guidelines. Both documents are available on the JPS website: www.jpsk12.org. I understand that a failure to follow these policies may result in consequences stated in these rules and our Student Handbook. I understand that the permission granted by this document will be in effect during all school years the student is enrolled at Jackson Public Schools. Any changes to the permission granted by this document must be provided in writing by the parent or JPS.

The following is a summary of the Technology Use and Safety Rules. All students and parents must sign the contract before using District Technology.

- Use of District Technology must be in support of education.
- Users have the privilege to use all of the technology for which they have had training. Anyone using the technology is responsible for the preservation and care of that technology.
- Accounts are to be used only by the owner. The sharing of passwords is prohibited.
- Real names must be used; no aliases are allowed. Additional personal information must not be shared over the Internet.
- Users experiencing harassment or receiving requests for personal information must report the problem.
- Any violations of the use of the technology should be reported to the teacher in charge.
- The district operates virtual education programming. This document authorizes the opportunity for students to take virtual courses when enrolled at JPS.

Please note:

- Internet history and usage will be monitored.
- Technology will not be used for "cyberbullying".
- Copyright laws must be followed.

At a minimum, these devices must be powered off and stored away from the students' work area at all times during a test session. These devices cannot be used as a substitute for a calculator. Specific calculator policies are covered in the Test Administrator Manuals particular to each assessment. If a student accesses any of these devices during testing, this will constitute a prohibited behavior and the student's test results in that content area will be invalidated.

The parent/guardian grants permission to publish documents on the World Wide Web. In the event that the parent/ guardian does not grant permission to publish documents, written notice must be submitted to the building/district office.

The student and the parent have access to the Policies and agree to their terms for the duration of the student's enrollment at Jackson Public Schools.

Dear Parents/Guardians,

The health and safety of your child is our top priority. We want to partner with you to ensure that your child is successful in school. We understand and value that you know your child best and serve as their greatest advocate.

When students are struggling, our goal is to work together to identify what is going on and determine the best strategies to meet their needs. We partner with JCISD School Social Workers/CSES's to provide social and emotional support to our students which may look like the following:

- Brief screening to identify needs, concerns, or other barriers to learning
- Assistance in crisis situations

Prior to completing a screening, the district will reach out to you to notify you about additional upcoming social emotional screening for your student. If following the screening, further support is needed, we will contact you to get you connected with our School Social Worker/CSES or other resources.

If you do not want your child to access these additional supports, you may opt them out by returning the bottom portion of this letter.

Parent Opt Out for Additional School Social Emotional Supports

Please return this portion only if you **do NOT want** your child to access these additional supports.

- I do NOT want my child to access these additional supports.
- I do NOT give permission to bill my Medicaid insurance for reimbursement of services (if applicable)
