2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

Irene M. Snow School is a TK-5 elementary school located within the city limits of Napa. Irene M. Snow School has approximately 408 students, including 4 Special Day Classes. The school is staffed by 15 full-time classroom teachers and 4 Special Education Teachers. The support staff includes a full time Education Specialist, one part time Education Specialist, an Office Manager, three Custodians, one TK Instructional Assistant, one Intervention Aide, a Parent Liaison, full time kitchen staff of 2, 1 Intervention teacher, 2 Speech and Language Pathologists, a Psychologist, a Social Worker, one Certificated School nurse, one Health Clerk, one Occupational Therapist, three Band Teachers, one String Teacher, one Wind and a Choir Teacher. In our 4 SDC classes, we have a total of seven Independent Facilitators, one Instructional Assistant and one 1:1 aide.

2024-25 School Description and Mission Statement

We also are very fortunate to have an NCOE after school program, Cool School , which serves approximately 160 students. We currently have a Parent University Coordinator located in our Snow Community Room.

Snow School is a Community School, which is a school serving TK-5 through a “whole-child” approach with an integrated focus on academics, health, social services, youth and community development and community engagement. Snow School has a Community School Program Manager to support this work. The Snow School community is committed to providing a well rounded, quality education in order to equip our students with the necessary tools for good citizenship and a productive life. The instructional staff values learning and supports a comprehensive program of both curricular and extracurricular activities to ensure success for all children. The interaction of special needs students included in the larger school population promotes a very positive and unique flavor to our neighborhood school.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Snow School has been rebuilt with two buildings remaining from the original campus, our Multi-Use Room and the Cool School classroom. Our old Multipurpose room has been reconfigured into our library and computer lab. It has also been painted to match the new buildings on our campus. The Cool School building has also been painted to match our new campus colors.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents at Irene M Snow School are informed about programs and their roles through participation in the School Site Council (SSC), English Language Advisory Committee (ELAC), Parent University Classes, Coffee with the Principal, Bilingual Parent and Title I Parent Meetings, Parent Teacher Organization (PTO) and Parent Square. As a Community School, parents give input and guidance in how the school should use funds and support the entire school community. Parents are also encouraged to volunteer in the classroom and on field trips. Our PTO has many fundraisers beginning with our Movie Nights, Book Fair twice a year, Snow's Winter Wonderland, Snow's Annual Fiestaval, and Read-A-Thon. With the monies raised, the PTO sponsors field trips, assemblies, family nights, school beautification, and student awards. The Snowdrift, a monthly newsletter keeps parents informed of upcoming dates and other important school information as does our Parent Square communicator.

2024-25 School Safety Plan

At Irene M Snow School, a school-wide focus on safety, health and well being results in a campus that is safe and clean. Grounds are kept litter-free and supervised by 2 full-time custodians (one day and one swing). Inspections by the Napa Fire Department address code compliance and ensure that facilities are safe for students and staff. Our PBIS team meets monthly to review the procedures at recess, lunch and transitions to ensure the overall safety of students. We review these topics at all parent meetings. Our Comprehensive School Safety Plan (CSSP), modeled on the Incident Command System, addresses all components of SB187 including bi-annual Crime Reports, Student Discipline, Sexual Harassment, Dealing with Dangerous Pupils, Crisis Response Plan, Dress Code and Alternative Programs. The CSSP is reviewed annually by the Site Safety Committee that includes staff, parents and representatives of law enforcement. The CSSP was last reviewed and approved on 10/17/2024. Emergency equipment has been supplied for each classroom and for the school as a whole. Evacuation drills are held monthly and are scheduled on our school calendar. During the first weeks of school, teachers and the principal explain policies about student safety, playground rules, classroom behavior, bullying and harassment. Discipline is kept positive in tone and follows Positive Behavior and Restorative practices.

Professional Development

We have monthly professional development focusing on ELA/ELD, Math, Next Generation Science Standards, PBIS and the Common Core Standards. This year we have Professional Development for our NVUSD's Vision and Strategic Plan. We also have set aside funds to be used for collaboration where teachers can create Learning Sprints based on priority standards in reading, writing and math. Students will also write goals and action steps they will need to do to meet their goals in writing, reading and math. We also have spent time each month to look at the data surrounding behaviors and we have addressed any concerns through lessons with students and using social-emotional curriculum. We also implemented weekly announcements that focus on a social skill that teachers use as a focus for their classrooms.
