2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

American Canyon Middle School is a Gold Ribbon Award-winning middle school in Napa County. We serve the City of American Canyon, the southernmost city in Napa County. The school is located on the Western edge of American Canyon abutting the wetlands and floodplain of the Northern San Francisco Bay. ACMS is a school that offers technology-infused Project Based Learning. It is essentially a 1:1 computing environment where laptop computers are utilized as a research and learning tool. Teachers focus on providing engaging units of student centered inquiry based learning, centered on the Common Core Standards and connected to student's personal lives with real-world applications. Students work in a collaborative learning environment to master each subject's content and to improve their Communication, Critical Thinking, Creativity, Global

2024-25 School Description and Mission Statement

Citizenship, Character and Collaboration skills. ACMS's mission is to work towards 'inspiring and preparing students today for the possibilities of a better tomorrow," in a respectful and safe community by establishing and developing consistent and clear expectations, focusing on strengthening relationships, empowering all students, develop lifelong learning, through strong relationships in our community, while there is open and respectful communication which are ACMS' core values.

The students at American Canyon Middle School are served by forty five teachers and support staff that includes three counselors, a school resource officer, instructional assistants, and school specialists with expertise including a school psychologist, speech therapists, registered nurse, health clerk, social worker, restorative facilitator, campus student & safety supervisors, computer technician and a library technician.

At American Canyon Middle School, we believe that school should be a place where every student feels a sense of belonging and can thrive. Our fundamental mission is to provide a vibrant, safe, and caring environment that promotes academic excellence, social-emotional well-being, and independent thinking. We believe in providing a quality and challenging education to all our students to prepare them for a global society by focusing on career goals, appropriate technologies, tolerance towards and respect for diverse cultures, beliefs, and lifestyles. To achieve this, we focus on the 4 C's: Critical Thinking, Communication, Collaboration, and Creativity, and our common school-wide expectation for all to Be Respectful, Safe, Responsible, and most importantly, Kind. We meet these goals and the needs of our students through our strong academic and elective programs, an approved and aligned social and emotional advisory program, the concept of teaming and positive behavior intervention system.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

American Canyon Middle School beame twenty five years old this year. The school is designed in five main sections, referred to as dens. Each den houses mixed grade levels along with special education classes and electives. The library holds over 5,000 books for student and staff reference and recreation. The gymnasium use is shared with the City of American Canyon during evening hours, weekends, and summer months. Student recreational areas include a picnic area, football field, a soccer field, a track, and basketball courts. The school appearance is enhanced with extensive lawns and shrubbery. Our school has an all-weather track and field. The campus has been beautiful new Student Commons home to: library, innovation center, muti-purpose room, finishing kitchen and Innovation Center. Recent site improvements include outdoor learning areas, inside quad basketball court, ampitheater, and extereior paint.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents are an integral part of American Canyon Middle School and are involved in a variety of ways. Communication between parents and the school is vital for a successful program. The following is a list of opportunities for parent involvement at ACMS: Parent Teacher Organization (PTO), School Site Council (SSC), and the English Learner Advisory Committee (ELAC). Parent volunteers also assist in the office, the library, in campus supervision, as chaperones for field trips, as tutors, fundraisers, and in a variety of other roles both on and off-campus. Information is sent home to parents through our Parent Square communication system, social media platforms, telephone messages, email, and texts. Both the school and the ACMS PTO have active websites. Periodic training sessions are offered to parents and guardians in how to successfully use Aeries Portal, Parent Square, Clever and Google Classrooms, our student grading, daily agenda system, and communication and technology system platforms. For further information on parent involvement opportunities, please contact Dr. Carliza Bataller, School Principal at 707-259-8592 ext. 4041.

2024-25 School Safety Plan

Description: A school-wide focus on safety, health and well-being has resulted in a campus that is safe where students have sense of belonging and develop a sense of who they are as they mature into responsible, respectful young adults. Grounds are kept litter-free and supervised by a full-time custodian. In partnership with the American Canyon Fire Department, safety drills are scheduled regularly. In partnership with the American Canyon Police Department, a full-time School Resource Officer is located on campus to serve students' needs. Our Comprehensive School Safety Plan, modeled on the Incident Command System, addresses all components of SB187 including biannual Crime Reports, Student Discipline, Sexual Harassment, Dealing with Dangerous Pupils, Crises Response Plan, Dress Code, and Alternative Programs. The Comprehensive School Safety Plan is reviewed annually. Students are instructed on the importance of school safety including appropriate classroom behavior, bullying, and harassment. Discipline follows the NVUSD "Standards for Student Behavior." School Safety Plan. The ACMS School Site Council reviewed and approved on November 14. 2024.

Fiscal Year 2023-24 Types of Services Funded

LCAP funding is used to provide ELD/MLL services and support intervention support classes based on students area of need. Additionally LCAP funds are used to support the learning needs of qualifying students. ACMS has identified a need, based on data assessments. As we review the data, there are identifiable needs in reading and math area. In order for American Canyon Middle School students to be prepared for the rigors of high school, it is imperative we address the low number of students not meeting or exceeding proficiency in math and reading at all three grade levels. American Canyon Middle School Middle School will prioritize increasing proficiency in reading in both literary and informational texts and math. Additionally, Flexible Learning classes will be built into the day to support students as well as developing classes to support student before and/or after school. Intervention funds are used to provide resources for Flexible Learning within the day and/or after school and before school intervention classes for students in their area of need. These support services and funding disbursements are governed by the NVUSD Board of Trustees and the ACMS School Site Council.

Professional Development

Professional development is delivered through the use of district resources, TOSA's, Coaching, PLC, & staff meetings that occur at various times each month. We also have daily PLC time for either content or team 5 days per week. The emphasis of

Professional Development

professional development centers on the development of inquiry-based teaching, priority standards, proficiency scales and learning to align with the district goals and to support the California State Standards. Data analysis is also a current theme at team, PLC and staff meetings working toward the development of reading literacy and math skills in content areas. High functioning Professional Learning Teams or Content Teams (as they are referred to at ACMS) exist in math, language arts, science and/or social studies, physical education, and visual and performing arts. Planning days during the school year are used for the content teams to align curriculum and implementation, design common, formative assessments, analyze data, plan an effective lesson, and design re-teaching opportunities when needed. Finally, staff members participate in workshops specific to their curricular area of expertise, learning sprints, area of need, all for developing clarity to support strategies to help students succeed in their learning, cultivate cultural humility and strengthen relationships to build stronger and effective systems school wide to serve our students and families.
