

WELCOME SECONDARY PARENTS

Xello is an online program to help all secondary students prepare for their future with activities to build self-knowledge, explore high school and post secondary options and create a plan for the future.

How to Access Your Family Xello Account

- Parents will receive an email notification to activate their account
- The email will include a link to activate the account within 17 days of notifications
- Parents only need to set a password to get started
- If parents do not activate their account they can contact their child's school for another invite

Navigating Your Family Account

Once an account is set up parents can:

- Manage their account including changing to language (over 130)
- View your child's account
- Try Xello for yourself

What Can Your Student Do in Xello?

- Take a Career Interest Inventory
- Explore Career Clusters to match with Programs of Study
- Explore Colleges, Careers or Military Options
- Utilize Course Planner (PGP) and Track Progress Toward Graduation
- Explore Lessons for Critical Skills and Knowledge
- Complete College Applications & Scholarships
- Build Resumes
- Track GPA and Test Scores
