PARENT ADVISORY COMMITTEE (PAC)

Our program is pleased to seek parent volunteers from each preschool classroom to serve as representatives for the Preschool Parent Advisory Committee (PAC). Meetings are held quarterly and provide opportunities for parents to learn more about the preschool program, child development and make suggestions for program improvement. These parent representatives would then report back to each site so all parents would be informed.

PLAN AND PARTICIPATE IN:

- School parent meetings.
- Evaluation of the program.
- Workshops/educational activities of your choice.
- Sharing your concerns and making suggestions to staff.
- Participate and support classroom activities.
