Important Bits of Information:

Clothing

A good warm coat, gloves, ski pants, long underwear, warm socks (knee high socks work best in ski boots), and a hat are required.

*Helmets are not required yet but are highly recommended. We do want to require students to wear a helmet if they are snowboarding. Also, students who are taking the trails through the trees need to be wearing a helmet. Helmets can be picked up at the rental office at the time when students get their equipment.

Additional suggestions: goggles, extra gloves, extra socks, Chapstick, and dry clothes for the ride home.

Food

Please pack enough food for both lunch and dinner. Students will keep their lunches and belongings in their backpack and will be responsible for keeping track of it. While students may buy food at Lookout, it is very expensive. Students will be allowed to eat on the bus on the way home and will be responsible for cleaning up before being dismissed from the bus. If your child brings a beverage, it must have a screw-on lid.

Upon arriving at Lookout, students will be given their skis or snowboards and must attend lessons. New skiers/snowboarders will not be allowed on the lifts until they have had their first lesson. Chaperones are always nearby, but students must ski with a partner or group. Students that ski alone or leave members of their group behind will not be allowed to participate in the next ski trip. **Students are responsible for turning in their equipment** and ready to board the bus at the end of the day. The bus leaves Lookout at 5:00 PM Mountain Standard Time. We will arrive back at the bus loading zone around 6:30 PM. Your promptness will be greatly appreciated as kids and chaperones will be tired and ready to go home.

Returning Home

Weather and road conditions may affect arrival times back at the bus loading zone. By joining the Remind Ski 2025 Group you will receive notice when the bus goes through Plains, MT, giving you advance warning of their arrive time back in Thompson Falls.

To join the Remind group, simply download the Remind App from the Google Play or App Store. Open the app and:
