OUACHITA PARISH SCHOOLS
Building Bridges to the Future

Ouachita Parish School Board • 1600 North 7th Street • West Monroe, Louisiana 71291

August 25, 2022

To the Citizens of Ouachita Parish
and Members of the
Ouachita Parish School Board:

In accordance with Louisiana Revised Statutes Title 39, Chapter 9, Louisiana Local Government Budget Act (LA R.S. 39:1301 et. seq.), we submit herewith the proposed budget for the period July 1, 2022 through June 30, 2023. A Public Hearing on the budget will be held on September 13, 2022, at 11:00 A.M. in the board meeting room immediately prior to the regular scheduled board meeting to receive comments and recommendations from the public on this proposed budget before the budget resolution is recommended to the School Board for approval. Until then, the budget will be available for public inspection at the school board office at 1600 North 7th Street, West Monroe, Louisiana from 8:00 am to 4:00 pm Monday through Friday, excluding holidays.

Educational Goals and Objectives

Educational goals are established each year by district administration, and resources are allocated in order to meet these goals. It is a delicate balance of policy choices. It also represents a delicate balance between the educational needs of the students and the ability of the community to provide the necessary financial support.

The *Every Student Succeeds Act (ESSA)* signed by President Barack Obama on December 10, 2015 (formerly the *No Child Left Behind (NCLB) Act* of 2002) reauthorizes the *Elementary and Secondary Education Act (ESEA)* - the nation's education law. The new ESSA and the revised Louisiana Standards approved by the state Legislature in the 2017 session have placed specific mandates on local school systems to meet growth and performance targets setting the course for the continued improvement of education in Louisiana. ESSA was fully implemented in fiscal year 2020. Guiding the educational goals established and decisions are the tenets of the Ouachita Parish School Board …

…our vision to "*Build Bridges to the Future*"

…our mission statement:

> "*As a community, Ouachita Parish Schools will connect learning to 21st Century skills needed for college and career ready students who will excel in a global society.* "

…and our philosophical beliefs:

- Ouachita Parish students will learn at high levels
- Parents, students, teachers, and community matter
- Safe schools are a top priority
- Bridges connect past and present learning to future dreams

Financial Goals and Objectives

The development of the 2022-2023 Annual Operating Budget was a coordinated effort of the Superintendent and Management. All revenue and expenditure items were reviewed and considered. The goals, mission and financial policies of the school system were considered in the allocation of funds.

The school board is required by state law to provide a balanced budget. A balanced budget is defined as "a budget with total expenditures not exceeding total revenues and monies available in the fund balance within an individual fund." The proposed budget presented herewith is considered to be a balanced budget.

In the State of Louisiana, each school system is required to expend a minimum of 70% of all dollars in instructional areas. The Ouachita Parish School Board meets or exceeds that requirement each year, and will continue to meet the goal of spending a minimum of 70% of planned expenditures in the area of instruction. Additionally, the state requires each school system to spend the additional "weighted" funding received within the Minimum Foundation Program (MFP) formula on those specific weighted categories generating the additional funding. Those categories of weighted expenditures and their assigned weights per identified student/unit are:

Economically disadvantaged	22%
Special education	150%
Gifted & talented	60%
Career & technical education units	6%

In addition, the School Board will strive to budget and maintain a General Fund ending fund balance within 10% to 15% of total General Fund expenditures in accordance with the School Board's minimum fund balance policy, which exceeds the State of Louisiana Department of Education recommended fund balance of 7.5%. There are three primary reasons to maintain an adequate fund balance.

- **Cash Flow** – It is essential for the School Board to have enough cash on hand to meet payroll and other obligations when they come due. This is necessary mainly due to (1) annual collections of property taxes only becoming available for use at mid-year when received during the months of January, February, and March, and (2) most state and federal grants requiring the School Board to pay expenses first before receiving a reimbursement from grant funds.

- **Unforeseen Events** – Reserves often act as a contingency to meet unbudgeted and unexpected needs, thus allowing time to make permanent changes to the budget and preventing fiscal problems from needlessly worsening. An example of an unforeseen event could be property damage from a flood, tornado, or fire; a sudden drop in student enrollment; or a loss of state funding.

- **Financial Security** – A fund balance reserve demonstrates a sign of financial strength and security to banking and financial institutions allowing the School Board to borrow funds and sell bonds when schools need to be built or renovated at more favorable financing rates, saving taxpayers' money.

Funds and Fund Types

The Ouachita Parish School Board follows the standards set by the Governmental Accounting Standards Board (GASB) and Generally Accepted Accounting Principles (GAAP). Accordingly, these standards require all school boards to use individual funds categorized as one of 11 different fund types. Only three of those fund types are represented in this operating budget: General Fund, Special Revenue Fund, and Debt Service Fund. The Capital Projects Fund and Internal Service Fund are not included. Only the General Fund and Special Revenue Fund are required to adopt an annual operating budget under the Louisiana Local Government Budget Act. The Debt Service Funds are included as the allocation of local revenue sources are required.

Summary of All Funds

- Total revenues of the School Board are projected to increase this year over the prior fiscal year.
  - State funding from the Minimum Foundation Program (MFP) is projected to increase by $1.34 million due primarily to the anticipated decrease in student population coupled with the state pay raise allocated through MFP effective July 1, 2022.
  - Sales tax collections are projected to increase 2% from prior year.
  - Property tax revenues are budgeted to increase 2.5% over prior year collections.

- Operating expenditures are projected to increase in the current year over the prior fiscal year.
  - While employer contribution percentages to state retirement systems are projected to decrease, overall expenditures will increase due to state and local pay raises.
  - Expenditures related to cost reimbursement grants account for approximately $61.3 million.

General Fund

The General Fund is the principal operating fund of the School Board. It accounts for all financial resources of the school system except for those required to be accounted for in a separate fund. The primary revenues of this fund are state Minimum Foundation Program (MFP) funds, a 5.18 mill constitutional parish-wide property tax, and a 24.15 mill parish-wide property tax renewed by voters in May 2022 for 10 years.

Explanation of Net Change in Fund Balance There is no projected change in fund balance.

Revenue:

General Fund resources are expected to increase in 2022-2023 by 0.4% or $590,000. The following are primarily the noted changes in anticipated General Fund revenues:

1. State Minimum Foundation Program (MFP) Funding
   An increase of approximately $1.34 million in state MFP funding is anticipated based on the following changes in the state MFP Funding formula:

   (1) Based on current enrollment and prior student count information, the student enrollment is budgeted to be 50 students less than the projected enrollment calculated in the initial state MFP funding budget letter received in July 2022. Adjustments to the MFP allocation will be made in March 2023 for any increases or decreases in student counts taken during the current school year on October 1st and February 1st.

   (2) Level 2 funding is expected to decrease by due to the increase in the district's effort in local per pupil funding and decrease in relative wealth as compared to other school districts.

   (3) Deductions representing local revenue in the amount of $838,384 will be withheld from the MFP allocation to be transferred to other Louisiana Education Agencies to offset the cost of educating students who reside in Ouachita Parish.

   (4) The base per pupil amount used in the MFP formula remained constant in the current year.

   (5) No additional adjustments are projected for changes in student enrollment for the October 1st or February 1st count dates this school year.

2. Property Tax Collections
   Property tax collections traditionally increase 2-3% annually. Management believes normal trends will resume in this assessment cycle.

Expenditures:
This budget projects General Fund expenditures to be consistent with the prior year for operational costs as follows:

- Certified school district employees across the state received a pay raise of $1,500 while support employees received a $750 pay raise through MFP funding estimated at a cost of $3.84 million.
- OPSB approved a local pay raise of $500 for certified and support employees, also effective July 1, 2022 at an estimated cost of $1.5 million.
- Employer contribution rates to Teachers' Retirement System of Louisiana (TRSL) and Louisiana School Employees' Retirement System (LSERS) decreased by 0.4% and 1.1% respectively.
- Health insurance premiums paid to Office of Group Benefits are projected to increase 5% mid-year translating to a 2.5% increase in the cost of health insurance benefits.

Other Sources (Uses) of Funds: No significant change in Other Sources (Uses) of Funds is anticipated for the fiscal year.

Fund Balance:
The General Fund is projected to end the year with a fund balance of $22.73 million, or 15.3% of total projected General Fund expenditures. This fund balance percentage falls within the School Board's minimum fund balance policy of 10-15% percent of total General Fund expenditures. This is also above the State Department of Education's recommended level of 7.5%. For bond rating purposes, a minimum balance of 10% or more is favored by bond rating agencies for maintaining the School Board's current bond ratings which may be beneficial for securing future financing for capital projects at the lowest cost possible to local taxpayers.

District No. 1 Maintenance & Operating (M&O) Sales Tax (½ Cent)
This parish-wide tax was originally passed by voters on October 3, 1992 has continued to be renewed by voters every 10 years with the last renewal being approved by voters in May 2022 to provide additional support for the school system. The proceeds of this tax were originally committed by an ordinance adopted by the school board on August 18, 1992 and it is recommended these funds be committed for the following spending purposes and allocations for 2022-2023 fiscal year:

36% for instruction
23% for capital improvements
15% for facility and equipment support
14% for inflation/regulated mandated costs
12% for salary restoration

Revenue:
An increase of 2..7% is anticipated in sales tax collections within the district for the fiscal year based on the average trend over the last 5 years.

Expenditures:
Instruction –

- School instructional allotments for band, choir, libraries, early-bird classes and math and science funds are approximately $600,000.
- Funds allotted for elementary school counselors and enrichment teachers (music and art) are approximately $1.02 million.
- Teacher classroom supply allocations remain at $100 per teacher for the school year. These funds are allocated to classroom teachers to help offset the cost of classroom setup expenditures.
- An allotment of $1.0 million is budgeted within the M&O *Instruction* allocation to continue to provide for repair or replacement of classroom technology.

Salary Support –

- The continuation of the one-time annual support staff supplement is provided in this annual budget to be paid from available funds in the *Salary Restoration* allocation (originally authorized by the School Board at its meeting on October 27, 2015). This will provide all permanent support employees a one-time minimum $350 salary supplement to be paid in January 2023 to support employees with an active employment status on December 1, 2022. This base amount is increased proportionately for support employee annual contracts exceeding 9 months. The future payment of this supplement is subject to the availability of funds and recommendation through the Finance Committee for approval by the School Board in the annual budget.
- This supplement is in addition to the fixed $500 supplement (prorated based on full-time status) already included in each support employee's annual base salary and funded in this same funding category.

Mandated Cost –

- The estimated expenditures for mandated costs include maintaining national board certified stipends for teachers and counselors.

Other Financing Sources (Uses):
An operating transfer received from the General Fund is budgeted for $300,000 to assist with facility and equipment support.

Fund Balance:
The District #1 M&O Sales Tax fund balance is projected to increase by $3.0 million due to temporary alternative funding. Fund balances remain true to the original allocations outlined above.

1968 Sales Tax – Supplemental Salaries (½ Cent)
This parish-wide sales tax, including the City of Monroe, is a permanent tax approved by voters on May 25, 1968 to pay supplemental salaries only to School Board personnel. This sales tax is collected and shared with the Monroe City School Board based on the percentage of average daily enrollment of students on October 1st each year within each school district. Collections are currently disbursed at a split of 69.9% and 30.1% to Ouachita and Monroe City school boards, respectively. The distributions of tax collections to employees are dedicated in the following percentages for each employee class by the taxing proposition:

88% to certified school personnel
12% to non-certified/support personnel

A fixed annual amount is paid to eligible employees, excluding district administrative staff, in monthly payroll checks in the annual amounts described below, with any remaining balance of sales tax collections being disbursed annually in June.

	Annual
Certified Staff	$2,400
9 & 10 Month Support Staff	$180
11 & 12 Month Support Staff	$300

Explanation of Net Change in Fund Balance –

- No major change in fund balances anticipated. No related benefits are charged to this sales tax fund. Related benefits (Medicare and retirement) are charged to the General Fund for these supplemental payments in accordance with the legal restrictions of the voter-approved referendum.

1995 Sales Tax – Supplemental Salaries (1-Cent)

This parish-wide sales tax, excluding the City of Monroe, is a permanent tax approved by voters on July 15, 1995 to pay supplemental salaries and benefits to School Board personnel. A fixed supplement amount is included in monthly salary payments as set by the resolution of the school board on June 5, 1995 as follows:

(1) Regular Instructional Personnel	$3,100
(2) Non-instructional Personnel (11-12 Mo.)	$2,000
(3) Non-instructional Personnel (9-10 Mo.)	$1,500

Any remaining balance of collections through September is disbursed annually in November.

Explanation of Net Change in Fund Balance –

- No major change in fund balances anticipated. Benefits charged to this fund include employer Medicare and retirement system contributions related to the supplements paid.

West Ouachita Sales Tax (1 Cent)

The West Ouachita Sales Tax fund accounts for the collection and disbursement of a 1% sales tax in the West Ouachita Parish School District. Voters originally approved this 1% tax in 1997 to be effective for the period January 1998 through December 2025. In May 2015, voters approved a referendum to make the tax permanent. The proceeds from this tax are used for constructing, maintaining, equipping and operating schools, and incurring related debt within the taxing district.

Explanation of Net Change in Fund Balance –

- An increase of 2.6% in revenue is estimated based on market projections.
- Funds are budgeted for use as the need arises for various building or facility repairs or updates, replace school signs, school security and safety upgrades, technology infrastructure expansion, and instructional equipment replacements.

Child Nutrition Program

This fund is used to account for all revenues and expenditures related to the operation of school cafeterias. The major revenues for this fund is derived from charges for meals, reimbursement from the U.S. Department of Agriculture for free and reduced priced meals, and an allocation from the state MFP of $1,259,682. This is a decrease from the previous allocation of $80,000 due to a separate transfer being made to cover the district's portion of the Community Eligibility Program. This transfer will be made at the end of the fiscal year based on costs of the program.

Explanation of Net Change in Fund Balance –

- An increase in revenues is anticipated due to an increase in federal reimbursement rates.
- Expenditure increases are partly due to the pay raise for personnel and partly due to the replacement of equipment across the district due to normal wear.

In March 2015 the school board approved the establishment of a large cafeteria equipment reserve within the Child Nutrition Program Fund to provide for the ongoing replacement of large kitchen equipment. The reserve requirements are:

1. No funds shall be transferred to the Equipment Reserve Fund in any fiscal year in which the fund balance of the Child Nutrition Program Fund, excluding the Equipment Reserve balance, falls below the benchmark of 10% of its total annual operating expenditures;
2. In fiscal years in which the minimum fund balance requirement is met:
    a. 50% of any excess of revenues over expenditures at the end of each fiscal year shall be transferred to the Equipment Reserve Fund for its ongoing maintenance, or
    b. 100% of any excess of revenues over expenditures at the end of each fiscal year shall be transferred to the Equipment Reserve Fund for its ongoing maintenance should the total fund balance of the Child Nutrition Program Fund, including the Equipment Reserve balance, exceed 30% of its total annual operating expenditures; and

3. Annual expenditures restricted for the replacement of large food service equipment from the Equipment Reserve Fund shall be limited to a maximum of 20% of the equipment reserve fund balance. Any funds required in excess of this annual spending limit in any subsequent fiscal year must be authorized by making the appropriate request to the Finance Committee for consideration and recommendation to the School Board for approval.

The equipment reserve fund balance is projected to be $9.8 million at the end of 2022-2023 due largely to supply chain issues and not being able to purchase needed equipment. It is anticipated that this balance will correct itself over the next 24 months.

Title I Programs

These federal funds are awarded through the State by the federal Elementary and Secondary Education Act (ESSA). These funds are designated to meet the special needs of educationally challenged students at schools with the highest percentage demographic of economically disadvantaged students. These funds are used to supplement existing programs, rather than replace district funds already being used for district-wide programs or for other state and local mandated activities.

Programs included in the Title I Programs are Title I, Part A, Title I Redesign Planning Grant 1003a, Title I TAP Expansion 1003a, Title I Redesign Planning RD1, Title I Part C - Migrant Education, and Direct Student Services.

Explanation of Net Change in Revenues and Expenditures –

- For grants funded on a reimbursement basis, budgeted revenues will always equal budgeted expenditures.
- The Louisiana Department of Education at the time this budget is prepared has not allocated remaining rollover funds from the prior year's allocation. Adjustments for any subsequent allocations will be provided in a subsequent budget revision

Special Education Programs

These federal funds are awarded through the State under the Individuals with Disabilities Education Act (IDEA). The purpose of these funds are to provide a free and appropriate education for all identified special needs students from 3 to 21 years of age in the least restrictive environment. These funds are used to supplement existing regular education programs, rather than replace district funds that would otherwise be used for regular education programs or for other state and local mandated activities.

Programs included in the Special Education Grant Programs are IDEA Part B, IDEA Preschool, High Cost Services, and Jobs for American's Graduates-Aim High.

Explanation of Net Change in Fund Balance –

- For grants funded on a reimbursement basis, budgeted revenues will always equal budgeted expenditures.

Other Federal Programs

This fund accounts for all other federally funded programs and includes: Temporary Assistance for Needy Families (TANF) for early childhood programs, Title II (Teacher Quality), Title III (English Language Acquisition), Title IV, Part A, Career & Technical Education (Carl Perkins Vocational Program), Jobs for America's Graduates, Believe and Succeed 1003g SIG Grant, and Safe Routes to School.

Explanation of Net Change in Fund Balance –

- For grants funded on a reimbursement basis, budgeted revenues will always equal budgeted expenditures. An increase in federal revenues is budgeted for 2022-2023.
- The Louisiana Department of Education at the time this budget is prepared has not allocated remaining rollover funds from the prior year's allocation, which is normal at the time this budget is prepared. These additional funds will be included in a subsequent budget revision if awarded in the current year.

State Grant Programs

This fund accounts for all state-funded awards from departments or agencies of the State of Louisiana that are restricted for specific purposes. Funding for state grant programs must be approved by the legislature and then subsequent allocations approved through the State Board of Elementary and Secondary Education (BESE) or other state awarding agency. These funds include Education Excellence Funds, Cecil J. Picard LA-4 Early Childhood Education Program, 8(g) funds for Preschool and Believe and Prepare, Non-public textbooks, Medicaid Direct Services, and Medicate Student Health Services.

Explanation of Net Change in Fund Balance –

- For grants funded on a reimbursement basis, budgeted revenues will always equal budgeted expenditures. Revenues and expenditures in State Grant Funds are expected to be level with prior year amounts.
- Medicaid reimbursements for administrative costs related to school based nursing services, mental health and therapy services are anticipated to be received from the Department of Health and Hospitals more than 12 months after the end of the fiscal year in which the reimbursements are derived. Billing for direct services provided by pupil support staff performing mental health and therapy services is only allowed for the "special needs" student population at this time. The fund balance in this fund represents balances accumulated from these Medicaid Programs from prior years.

Debt Service Fund

The Debt Service Fund is used to accumulate funds to pay outstanding debt obligations of the School Board. Bonds are issued by individual school districts. The Ouachita Parish School Board has budgeted funds to service 15 outstanding bond issues in all three of its taxing districts: School District No. 1, the East Ouachita School District, and the West Ouachita School District. Also, one debt service fund services privately placed debt, Qualified School Construction Bonds, of the Ouachita Parish School Board. Total combined outstanding debt going into the 2022-2023 fiscal year is $142,595,000. Revenues restricted for making debt service payments in the East Ouachita School District are derived from a 36 mill property tax levied by the School Board to finance the sale of bonds approved by voters in the East Ouachita School District. In addition, transfers of West Ouachita Sales Tax Fund revenues are made monthly to the School District No. 1 and West Ouachita School District to service the outstanding debt in those taxing districts.

Student Enrollment Trends

Total *projected* student enrollment for the 2022-2023 school year is based on projections made using census date coupled with recent trends. The budget is based on a projection of 17,759 students which is a decrease of 50 students from the prior year.

Minimum Foundation Program

The Minimum Foundation Program (MFP) is the single largest source of funding received by the Ouachita Parish School System. The MFP accounts for approximately 53% of total operating revenues. The MFP is based on a formula used by the Louisiana Board of Elementary and Secondary Education (BESE) that funds school systems based on the number of students enrolled on October 1st and adjusted for student counts on February 1st of the budgeted school year. The formula determines the State's cost of educating students in Louisiana and helps to equitably allocate funds to parish, city, charter, and special schools throughout the state. An annual inflationary growth factor of 2.75% has been part of the current MFP funding formula since it was implemented in 1992-93. This growth factor was suspended by the state legislature from 2010-11 to 2013-14 due to the financial conditions the State budget during this time. A partial growth factor of 1.375% was authorized in 2014-15, increasing the funded per pupil amount from $3,855 to $3,961. The mandate within the MFP formula to provide a 2.75% annual growth factor was removed entirely from the 2014-15 MFP funding formula when the funding resolution was approved by the state legislature that year. Therefore, the MFP funding formula has not included growth funds since 2014-15 to cover normal inflationary costs until 2020-2022 when a partial growth factor of 1.375% was

included bringing the base amount per pupil from $3,961 to $4,015. The 2022-2023 does not include an inflationary growth factor.

Sales Taxes

Sales tax collections for the Ouachita Parish School Board account for approximately 20% of total operating revenues. The four School Board sales taxes are collected from vendors by the City of Monroe who remits vendor tax collection payments to the School Board on a monthly basis. The School Board deposits these tax payments into the 1995 Sales Tax Fund (1%) for salary and benefit supplements; the 1968 Sales Tax Fund (1/2%) for employee salary supplements; the West Ouachita Sales Tax Fund (1%) for construction, maintenance and operations; and the District No. 1 Maintenance & Operating Sales Tax Fund (1/2%) for parish-wide maintenance and operations.

Property Tax Collections

Revenues from property tax collections account for approximately 12% of all operating revenues. Taxes are billed to taxpayers by the Ouachita Parish Tax Assessor and collected by the Ouachita Parish Sheriff's Office. The Constitutional Tax is a perpetual 5.18-mill parish-wide tax authorized by the state constitution for general operations of the school board. A renewable 24.15 mill parish wide 10 year tax is levied for general operations and maintenance. Collections from these two taxes are recorded as General Fund revenue. The third is a 36.0 mill tax approved by the voters in the East Ouachita Parish School District to repay bonds issued to construct and maintain facilities in that district. Collections of this tax are deposited in the East Ouachita School District Debt Service Fund to pay the annual principal and interest payments on outstanding bonded debt for the district.

Property Tax Assessments

The Ouachita Parish Assessor's Office reassesses property values once every four years. The last full reassessment of parish property was conducted in 2020. Property values have steadily risen over the last ten year period. The taxable assessed value of property in Ouachita Parish As of January 1, 2022 was $1,195,007,289.

Changes in Debt

The low interest rates prevailing in current bond markets have been advantageous for government debt issuers with high bond ratings. Ouachita Parish School Board has maintained it bond rating of AA- from Standard & Poors for all taxing districts – the East Ouachita School District, West Ouachita School District, and its' School District No. 1 – on its outstanding debt.

The School Board continues to manage current and future debt by complying with all bond covenants and authorizing new policies to guide the debt management process. In August 2017, the School Board adopted a policy for Debt Management to provide guidance for the issuance of debt, compliance, and purposes and limitations for incurring debt.

Proposed Plan and Spending Policies for the Current Year

Management will continue to be conservative with the resources provided us by the residents of Ouachita Parish. Although student counts are projected to decline, management strongly feels that with thorough planning and review of current practices we will meet the challenge before us and in turn grow to become an even stronger and more cohesive entity. Management will continue to closely monitor the District's financial position and provide regular reports to the Board.

Conclusion

We would like to take this opportunity to express our appreciation to the taxpayers who support the Ouachita Parish School System with its financial support through taxes received and by working directly with schools to provide for specific needs. Additionally we express gratitude to the members of the Ouachita Parish School Board and this current administration for the prudent fiscal practices they exercise day in and day out to implement their programs and activities to meet the various needs and achieve the goals of the School System. As we embrace changes in education standards, student demographics, and limited fiscal resources, this administration will continue to be creative and selective in implementing the best practices to achieve greater successes.

The Ouachita Parish School System has been blessed with resources in years past that have provided great facilities, educational programs and technology resources. However, this School System is great because of the great people working in it, and it takes all of us to be successful in working towards the goal of developing future lifelong learners and valuable contributors to the workforce and in our communities. People working together in the Ouachita Parish School System to "*build bridges to the future*" is what makes this School System the best education choice for the students and families in the communities we serve.

Although the proposition approved by voters in 1992 does not restrict the spending of tax proceeds for other than parishwide maintenance and operations, this fund balance is committed in that the School Board took formal action to restrict spending of proceeds for specific categorical purposes and designated a certain percentage of collections be allocated to each spending category established by the School Board.

Special Revenue Funds

Special Revenue funds consist of all other School Board funds, except debt service, capital projects, and internal service funds. According to the Louisiana Local Government Budget Act, the School Board is not required to adopt an annual budget for capital projects and internal service funds.

Fund Balances are restricted by West Ouachita Sales Tax Bond covenants which require debt service payments to be made from sales tax proceeds first before spending funds for other purposes. The School Board has committed funds to be used for West Ouachita capital outlay projects during the year. Remaining balance of funds are assigned by management for maintenance and operations in the West Ouachita taxing district as prescribed by the sales tax proposition approved by voters originally in 1998, and made permanent in May 2015.

The non-spendable portion of fund balance represents the food inventory projected to be held at year-end. The remaining fund balance is restricted in that the regulations for participating in the federal meal reimbursement program provide that all funds received by the child nutrition program shall remain with the school food service program and be used for such purpose. A separate reserve was established by the school board in 2014-15 to set aside funds for future replacement of large kitchen equipment.

Debt Service Funds

Debt Service Funds are used to accumulate monies to pay outstanding bond issues. Bonds were issued by individual school districts created by the School Board. Monies collected and deposited into the Debt Service Fund can only be used to pay expenditures of general obligation bonds, sales tax bonds and certificates of indebtedness.

Although the Louisiana Local Government Budget Act does not require the School Board to adopt an annual budget for debt service funds, this budget is presented due the dependence on local tax revenues for funding.

The Ouachita Parish School Board has the following established taxing districts:

- School District No. 1
- East Ouachita School District
- West Ouachita School District

School District No. 1 debt is secured by local property tax revenues in the General Fund. However, the annual debt service payments are made with transfers of sales tax proceeds from the West Ouachita Sales Tax Fund, as the capital projects funded by the debt benefits all west-side schools.

In this section, a combined budget summary of all debt service funds is presented by function and by object classifications.

Following the summary schedules are the following individual budgets are presented in a more detailed format for the individual debt service funds:

- East Ouachita School District
- Parish of Ouachita School Board - QSCB Sinking Fund (West)
- West Ouachita School District
