Rights & Responsibilities

Shelter Island Union Free School District

The Board of Education of the Shelter Island Union Free School District recognizes that learning environments that are safe and supportive can increase student attendance and improve academic achievement. A student's ability to learn and achieve high academic standards, and a school's ability to educate students, is compromised by incidents of discrimination or harassment, including but not limited to bullying, cyberbullying, taunting and intimidation. Therefore, in accordance with the Dignity for All Students Act, Education Law, Article 2, the District will strive to create an environment free of discrimination, harassment and bullying and will foster civility in the schools to prevent and prohibit conduct which is inconsistent with District's educational mission.

The district condemns and prohibits all forms of discrimination, bullying and harassment of students (including cyberbullying), including, but not limited to, those acts based on actual or perceived age, color, weight, national origin, ethnic group, religion, religious practice, disability, sexual orientation, gender, or sex by school employees or students on school property and at school-sponsored activities and events, including those that take place at locations off school property. In addition, any act of discrimination, bullying or harassment, outside of school sponsored events, which creates or would foreseeably create a risk of substantial disruption within the school environment, where it is foreseeable the acts might reach school property, may be subject to discipline.

Introduction

The Board of Education has created a list of rules that will help keep everyone in the school safe and comfortable so that they can get the best education possible every day that they are in school. These are rules for students, teachers, employees, parents, visitors, or anyone at school. The board expects everyone at all times to show good character - you must be honest, tolerant, helpful, caring, kind, and respectful of everyone, even if they are different from you. You must follow these rules before school, during school, after school, and at all school functions.

The school district will make sure that you are safe and healthy in your school and that everyone will be able to participate in all school activities. No one can be left out based on his/her actual or perceived race, color, weight, national origin, ethnic group, religion, religious practice, gender, sex, sexual orientation, or disability. The school district will allow you to tell what happened if you are accused of breaking of the rules. If you need a reminder about the school rules, an adult at school will explain them to you again.
