We are excited to announce a new partnership with Right At School, a nationally recognized school enrichment provider, for before- and after-school care at Pattonville elementary schools and the Academy of Innovation at Remington. Our partnership with Right At School will begin at the start of the 2025-2026 school year.

Transitioning before- and after-care programming to Right At School allows Pattonville to work with one organization at each school, which will provide consistent service among all participants.

Highlights of this new partnership include:

- Program availability from 6:30 a.m. until 6:00 p.m. every day school is in session.
- Flexible weekly schedules that fit families' busy schedules from only one day a week to a full week.
- Drop-in care is available, as well as a 10-day drop-in punch card.
- Discounts are available for siblings, military families, district employees, and families who qualify for Free & Reduced Lunch. State subsidies are also accepted.
- Availability during winter and spring break, non-school days, and more to come regarding Right at School Summer Camp 2026 programming.

Right At School provides a comprehensive enrichment curriculum to keep students engaged while they participate. Students will receive a healthy snack, engage in dynamic fitness activities, participate in student-driven projects, team building, and leadership development, and have the opportunity to complete homework. The program also features an enriched curriculum in the form of two-week units.

Right At School is hosting two Family Information Nights to provide an overview of their programs and answer questions. We encourage families to attend one of the two in-person meetings offered so parents can meet staff and staff can interact with students. A virtual option is also available. See the meeting details below.
