# Opening of Schools Report
# 2024-2025

**Research, Assessment, Accountability and Data**
**January 2025**

## Executive Summary

Each year District 65 administration provides an Opening of Schools Report to the School Board and community that reflects the enrollment data as well as related program participation and demographic information as of Sept. 30, 2024. The information presented within this report provides a basis for planning during the current year and for developing projections for future years. For the purpose of this report, students must be enrolled on Sept. 30 of the reporting year and enrolled in courses.

The 2024-25 number of students served is 6,241:

- 3,260 students at elementary schools,
- 2,500 students at middle/magnet schools
- 73 students are outplaced (SEES)
- 60 services only or evaluation (SEES)
- 58 students at Park School
- 20 students at the Rice Education Center
- 236 students in the JEH Education Center programs for children ages three to five
- 34 children are served in the JEH Education Center programs for children birth to three years old (Family Center)

The overall ethnic distribution of students served for 2024-25 is 39% White, 23% Black, 22% Hispanic, 10% Multi-Racial, 5% Asian. The remaining 1% of students are American Indian or Alaska Native, Middle Eastern or North African, or Native Hawaiian / Other Pacific Islander.

Forty percent of the District 65 students are designated as low income. This designation includes any student from a family receiving public aid, living in an institution for neglected or delinquent children, supported in a foster home with public funds, or eligible to receive free or reduced lunches.

The average class size for general education core classrooms (i.e., language arts, math, science and social studies) in:

- K-2 is approximately 17, which is 26% below the maximum class size goal of 23
- 3-5 is approximately 18, which is 28% below the maximum class size goal of 25
- 6-8 is approximately 22, which is 21% below the maximum class size goal of 28

## Student Counts

Each year, District 65 submits student enrollment data to the Illinois State Board of Education (ISBE). ISBE's Fall Enrollment report focuses on the number of students served (physically attending a D65 school), but also includes the total number of students for which District 65 is the home district but not the serving district (i.e., students not receiving services in D65). For this report, students who are dually enrolled in more than one school are counted only at their primary enrollment site (e.g., elementary students taking middle school mathematics are in the elementary school numbers), students must be enrolled on Sept. 30 of the reporting year and in courses. Special Education Evaluation / Services (SEES) includes students that are outplaced, services only or evaluation.

The 2024-25 number of students served is 6,241 students; 3,260 students are served in the elementary schools, 2,500 students in the middle/magnet schools, 58 students at Park School, 20 students at the Rice Education Center, 236 students in the JEH Education Center programs for children ages three to five, and 34 students are served in the JEH Education Center programs for children birth to three years old (Family Center).

Table A shows the number of students served by location. There are 73 students placed in private or public schools outside District 65 and 60 students are evaluation or services only. The total number of students enrolled (served, outplaced, etc.) in District 65 and Park is 6,241, a decrease of 126 students from 2023-24 (6,367).

Table 1 shows the number of students served by demographic group (i.e., race/ethnicity, school and grade). The overall ethnic distribution of

Table 2 shows student enrollment by school and grade.

Table 3A shows the kindergarten enrollment by school and race/ethnicity. The kindergarten enrollment (not including Park, Rice and SEES) decreased by 54 students from 2023-24 to 2024-25. Table 3B and Table 3C shows all the kindergarten students (including Park, Rice and SEES) by Pre-K experience, ethnicity and school. This information was self-reported by parents on the registration form. The questions on the registration form were changed in FY 2016-17, with input from our Evanston Cradle to Career partners, in order to collect more accurate and useful information. Of the 540 kindergarteners included, 512 (95%) had previous pre-kindergarten experience. The kindergarteners' prior experience varied as follows: preschool or daycare center (86%), more than one pre-k experience (8%), home day care (<1%), and no preschool experience (5%).

**Low Income Students**

Table 4 shows the number of students classified as low income. As of Sept. 30, 2024, there were 2,483 students identified as low income. The low income classification includes families receiving public aid, students living in institutions for neglected or delinquent children, students supported in foster homes with public funds, or students who are eligible to receive free or reduced lunch. Forty percent of the served students are designated as low income, a decrease in 1% from 2023-24.

**Students Eligible Under the McKinney-Vento Act**

Students who do not have a fixed, adequate, or regular nighttime residence are eligible for services under the federal McKinney-Vento Act. Of the served students included in the fall enrollment counts, 215 students are considered homeless. There was a 18% percent decrease (-48 students) in the number of students identified as homeless when compared to 2023-24 (263).

## Special Services and Bilingual Education

Table 5 shows the IEP enrollment information by school and race. As of Sept. 30, 2024, there were 1,213 students with IEPs, which is an increase from 1,175 students in 2023-24.

Table 6 shows the enrollments of K-5 TWI students by program:

- Monitoring 2 yrs - English proficient and being monitored for two years
- TWE - Two-way Immersion (English)
- TWS - Two-way Immersion (Spanish)
- TWX - English proficient and was monitored for two years
- WVD - Waived services (not included in totals)

K-5 student enrollment in TWI programs (TWS, TWE, TWX, Monitoring 2 years) increased from 744 in FY24 to 775 in FY25.

Table C shows the most frequently spoken native languages among District 65 students. Native language is reported by parents on the state-mandated Home Language Survey that is contained within the registration form. There are 85 native languages spoken among all students served.

**Table C - Native Language**

| Native Language | Count | Pct |

## Limited School Choice

Permissive transfers, magnet schools, and magnet programs offer families and students a choice and the opportunity to attend a school outside their attendance area. There are two magnet schools (i.e., Dr Bessie Rhodes School of Global Studies and Dr Martin Luther King Jr Literary & Fine Arts School) and two magnet programs - i.e., African-Centered Curriculum (ACC) and Two-Way Immersion (TWI). Families may apply for their child to attend another school or program by completing an application. The application is made available to families via the district website beginning in December. Information is distributed during kindergarten information nights and kindergarten registration. Applications are accepted from all District 65 schools and each student is assigned a random number that is used in the selection process.

## Administrative/Permissive Transfers

Per Policy 7:30 (Student Assignment and Intra-District Transfers), guardians may request that their student be transferred to a district school other than the one to which they are currently assigned. **Table 7** shows the breakdown of the students currently attending a D65 school that is different from their attendance area school (excluding magnet schools, Park, Rice, JEH, SEES and homeless students). Last school year there were 574 students attending a D65 school other than their attendance area school while this year there are 477 students, which is a 17% decrease.

## Magnet School Selections

Per Policy 7:32 (Magnet Schools/Programs), 20 percent of new admissions for Dr. Bessie Rhodes School of Global Studies will be allocated to students that reside in the Kingsley, Lincolnwood and Willard attendance areas so long as the racial balance and overcrowding goals are not violated.

For Dr. Martin Luther King Jr Literary & Fine Arts School, 20 percent of new admissions will be allocated to students that reside within a safe walking distance of the school so long as the racial balance and overcrowding goals are not violated.

**Table 8A** and **Table 8B** show enrollment counts for Dr. Bessie Rhodes School of Global Studies and Dr. Martin Luther King Jr Literary & Fine Arts School by attendance area school.

**Table D** shows the number of students accepted into a magnet school (King Arts and Rhodes) for the 2024-25 school year by their attendance area school. 140 students currently attend a magnet school that did not attend one last year, including kindergarten students.

## Magnet Program Selections

Per Policy 7:32 (Magnet Schools/Programs), siblings of students enrolled in a magnet program and students residing in the attendance area of a school that offers a magnet program will be given preference. Applications for the African-Centered Curriculum (ACC) program at Oakton are accepted for kindergarten through fifth grade. Students are selected in the order of the applicant's assigned random number. Of the 77 students enrolled in the ACC program, 46 (60%) reside within the Oakton attendance boundary and 31 (40%) transferred from their attendance area school to attend the magnet program.

**Table 9,** shows enrollment numbers by attendance area school for the African-Center Curriculum (ACC) program. There are 77 students enrolled in the ACC magnet program.

## Retentions

For the 2024-25 school year, less than10 K-8 students enrolled at a District 65 school were retained in the same grade.

## School-Age Child Care Enrollment

**Table 10** shows the school-age child care enrollment as of Sept. 30, 2024. A total of 464 students are served in the district's School-Age Child Care program.

## Transportation

As of Sept 30, 2024 there were 1,574 students assigned a bus route.

## Health Services

Illinois School Code mandates 90% compliance with health exam and immunization requirements for students. As of Sept. 30, 2024 96.5% of District 65 students were in full compliance with the state immunization and exam requirements.
