Re: Summer Enrichment Program & Extended School Year

Dear Tenaflly Community,

With referendum planning well underway, the district is scheduled to begin construction at our buildings this summer, limiting space for our summer programs. The Extended School Year (ESY) Program will take place at Maugham Elementary School, while the Summer Enrichment Program will operate at about 50% capacity at Tenaflly High School.

As you plan for summer, please be mindful that the Summer Enrichment Program will not be able to accommodate as many students as in previous years. The district will continue to communicate any changes to the plans, including the possibility of adding more classes if construction schedules allow for increased capacity.

On or about April 1, more information about the registration process and available courses will be posted on the district Summer Enrichment website.

We appreciate your understanding and flexibility as we work to improve our facilities while maintaining essential summer programs.

Sincerely,

Brenda Yoo
Assistant Superintendent of Curriculum & Instruction
