2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Frank S. Greene (previously David Starr Jordan) Middle School opened in 1937. The school was closed for six years, from 1985 to 1991, due to a decline in District enrollment. In the Spring of 2018, the name of the school was changed to honor Dr. Frank S. Greene, Jr., local scientist, educator, entrepreneur and role model.

Most Greene students come from the following elementary schools: Addison, Duveneck, Escondido, Walter Hays, Hoover, and Ohlone.

2024-25 School Description and Mission Statement

Greene Middle School provides a personalized, engaging, and academically rigorous education. There is a modified block schedule, with one seven period day and four block days. Students also meet weekly with a faculty advisor on Wednesday in Advisory.

Students in sixth, seventh, and eight grades are grouped together in interdisciplinary teams, but have a single teacher for each subject area. Students in 7th and 8th grades take four core classes, PE, and choose from a rich array of elective courses for their remaining two periods. Greene's elective course offerings include: multi-media art, band, choir, orchestra, foods/nutrition, leadership, drama, webpage design, video production, broadcast media, biotechnology, Spanish, French, Mandarin/Chinese, and Japanese. Greene also boasts a diversity of extracurricular activities, performing arts, and student clubs. Sixth-grade students have one period that is shared between music and physical education, and one period of the exploratory wheel.

Vision Statement:

Greene Middle School is a collaborative community of students, families and staff dedicated to a supportive and safe learning environment, which fosters a sense of belonging, academic growth, personal enrichment, resilience, and independence.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Description of the school's program towards meeting William's Settlement Requirements: The PAUSD Board of Education has resolved that for the 2024-25 school year, the Palo Alto Unified School District has provided each pupil with sufficient textbooks and instructional materials consistent with the cycles and content of the curriculum frameworks. PASSED AND ADOPTED by the Board of Education of Palo Alto Unified School District on this 8th day of October 2024.

For 6th and 7th grade PAUSD board approved supplemental literature lists, visit http://go.boarddocs.com/ca/pausd/Board.nsf/goto?open&id=C2KTHE77709A . Two books adopted by the PAUSD board, The Hero Next Door (2019) and Flying Lessons & Other Stories (2017), are not on the state's recommended literature list. Rationale for adopting these two core books was developed during PAUSD's middle school literature adoption process. The PAUSD board adopted these materials on May 11, 2021. Both books were published in partnership with We Need Diverse Books, a non-profit whose mission is to put "more books featuring diverse characters into the hands of all children." These anthologies offer students a wide range of lived experiences and perspectives, and the topics and themes in the two books build nicely on each other. Furthermore, the addition of an anthology in both grades also allows for increased vertical alignment of skills, as seventh grade teachers can easily build on the reading standards introduced in sixth grade, while keeping the genre (short texts) consistent. The Hero Next Door and Flying Lessons were requested to be added to the SBE's Recommended Literature List.	Yes	0

School Facility Conditions and Planned Improvements

Safety, cleanliness, and adequacy of school facilities. EC Sec. 33126 (b)(9) Safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district. The District has established a Preventive Maintenance Team that visits each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair. The MOT Department monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning. Each school has a Safety Plan and clearly stated expectations for student behavior. Safety Plans are updated and reviewed annually. The District has a strictly enforced anti-discrimination policy that prohibits harassment of students or staff based upon race, gender, disability, religion or sexual orientation. The School Board maintains a zero tolerance policy for violent or threatening behaviors, and is committed to prevention of harmful behaviors. Students are provided with opportunities to build positive relationships to help create a more supportive school community.

The Greene Middle School campus was originally constructed in 1937. Music rooms were added in 1960. Science, social studies and a remodel of the gym and administration wing occurred in 1965. The site was closed in 1985 due to declining enrollment. In 1990 the school district started the process of reopening Greene Middle School which occurred in 1991. A campus-wide modernization took place between 2001 and 2004 which renovated all the classrooms. In 2014, a new classroom wing was construction with six new classrooms. This project also renovated Science and Music classrooms and included a new Cafetorium. Additionally, fifteen (25) Electric Vehicle (EV) charging stations were installed during summer 2023

The fire alarm system on campus was replaced with a new Gamewell system in 2024. A project completed during summer of 2023 replaced the HVAC units in Bldg's A, B and F, which also included a new electrical service for the campus. A future project is being bid to replace two classroom wings with a new wing with eight classrooms and a new library and food service facility. The old library will be converted into classrooms and special education space. The old E and H classroom wings were demolished during summer 2024.

As of October 2024, Greene has none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Maintenance Office for review. The Greene Middle School campus is safe, well maintained and clean, with multiple custodial staff assigned for 46.5 hours daily.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

2024-25 School Safety Plan

Greene Middle School is concerned about the safety of all students and realizes the benefits of safety. The CSSP is reviewed and approved annually by the principal and the School Site Council. Greene teachers and staff train regularly for disaster and emergency drills.

2024-25 School Safety Plan

The key elements of Greene Middle School's CSSP address emergency/disaster procedures, discipline, vaping and the social-emotional health of students, as well as related Palo Alto Unified School District policies, and applicable Education Codes. Greene's CSSP was last updated on March 2024 and will be reviewed, discussed, and updated during School Site Council Meetings in the 2024-25 school year. The revised CSSP will be completed by March 2025. Until that time, staff will follow the safety plan that is currently in place and approved. Greene's CSSP is available for review at 750 N. California Avenue, Palo Alto, CA. Parents may contact Principal Courtney Carlomagno for additional information.

Greene's CSSP is available on the following website: <https://greene.pausd.org/about-us/school-reports>

Fiscal Year 2023-24 Types of Services Funded

The District relies on federal categorical funding under Title I, Title II, Title III, and Title IV of the Every Student Succeeds Act (ESSA). The way Palo Alto Unified uses categorical funds is to assist our school sites in closing the educational gap of special populations and providing resources, professional development, and materials to improve instruction. One way these funds are used is to employ reading specialists, instructional aides, primary language tutors, and English learner (EL) specialists. Funds are also used to support district wide professional learning in curriculum and EL support. Supplementary services, such as after-school tutoring for students, a summer bridge course for rising ninth-graders, and engagement opportunities for parents, also draw from these funds. For a more detailed analysis of services funded, refer to the Local Control and Accountability Plan (LCAP) webpage, <https://www.pausd.org/about-us/lcap>. In addition, each School Site Council (SSC) annually reviews and updates their site's School Improvement Plan (SIP). The SIP is a plan of action to improve student academic performance by coordinating all educational services and resources. With input from the staff and community, the SSC is the decision-making body responsible for establishing SIP goals through the review of site-specific student achievement and other data. For school sites with 21 or more English learners, a site level English Language Advisory Committee (ELAC) will advise the principal and staff in the development of a site plan for English learners and submitting the plan to the SSC for consideration of inclusion in the SIP. The SIP includes a budget for proposed expenditures to support the SIP goals. SIPs are presented to the PAUSD Board annually and are available on each school site's webpage (<https://www.pausd.org/schools>) under the "About Us/School Reports" section.
