2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Greendell School is home to a variety of pre-kindergarten programs in the Palo Alto Unified School District.

The Young Fives program is designed to support students who are age eligible for Kindergarten/Transitional Kindergarten but demonstrate youngness or immaturity which indicates that another year of development may be needed before entering kindergarten. Young Fives is a parent participation and education program in which parental involvement and monthly parent education evening meetings support the program's mission of social-emotional development and kindergarten readiness.

2024-25 School Description and Mission Statement

Springboard to Kindergarten is a pre-kindergarten program for students who have not had a quality preschool experience and whose families demonstrate financial need. Springboard to Kindergarten is offered from late January to the end of the school year for students who are registered for kindergarten the following fall and meet the criteria for the program.

The PAUSD Special Education Preschool Program at Greendell was established to meet the needs of children ages 3 to 5 years old who have Individualized Educational Plans (IEPs). The preschool program focuses on the whole child and preparing children for the next learning environment based on their individual needs.

The programs at Greendell prepare students for kindergarten through developmentally appropriate curriculum, play, and social-emotional development. The Kimochis social-emotional curriculum is used throughout all programs at Greendell to support students' communication, connection, and confidence.

PreSchool Family is a parent participation and parent education program offered through the Palo Alto Adult School. The program is designed to support parents in their understanding of child development while building a community of caring and supportive adults. PreSchool Family uses a "lab/lecture" approach to learning, as parents are with their child in the classroom one day per week (lab) and attend bi-monthly parent education meetings (lecture). The curriculum for adult students addresses topics of importance given the child's developmental level. A play-based approach is used in the classroom where children are encouraged to explore and discover through their play and interactions with peers and adults. PreSchool Family has classes for families with young children from birth to age 4 years.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Safety, cleanliness, and adequacy of school facilities. EC Sec. 33126 (b)(9) safe, orderly schools are the highest priority of the Palo Alto Unified School District. Schools maintain and enforce a policy of required registration and identification at the main office. All visitors must register and receive approval before visiting any classroom or activity during the school day. District personnel, contractors and maintenance crews are required to wear identification badges while working on any campus throughout the district. The District has established a Preventive Maintenance Team that visits each campus on an assigned schedule repairing and maintaining facilities in readiness conducive to teaching and learning. In addition, the District provides a work order system for ongoing maintenance that tracks requests, supplies and assigned time spent on any routine repair. The MOT Department monitors the cleaning of all sites visits both during the day as well as the evening, providing custodians with support and emphasizing the importance of providing and maintaining a clean facility for learning.

The Greendell campus was constructed in 1956. In 1959 a new Multipurpose building was added to the campus. The site was closed as a school for several years, and housed special programs over the years including Young Fives and Adult School. In 2022 seven portables were added in the parking lot to provide temporary housing for the Hoover construction project. The fire alarm system on campus is scheduled to be replaced with a new Gamewell system during the summer of 2026. There are no current plans for new construction at this campus.

As of October 2024, Greendell has none of the emergency facility needs specified in Education Code Section 17592.72 (1. Gas leaks; 2. Non-functioning heating, ventilation, fire sprinklers, or air-conditioning systems; 3. Electrical power failure; 4. Major sewer stoppage; 5. Major pest or vermin infestation; 6. Broken windows or exterior doors or gates that will not lock and pose a security risk; 7. Abatement of hazardous materials previously undiscovered that poses an immediate threat to pupil or staff; and 8. Structural damage creating a hazardous or uninhabitable condition) are required at this school site. A copy of the Interim Evaluation Instrument used to verify Education Code Section 17592.72 deficiencies is on file in the Maintenance Office for review. The Greendell School campus is safe, well maintained and clean, with multiple custodial staff assigned for 16 hours daily.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parental involvement is part of the fabric at Greendell School. Family engagement is an important component of our programs at Greendell. Families are involved in the classroom through reading with small groups, leading centers, and outdoor activities, planning classroom and community events, and helping from home. Families facilitate their children's learning and play and all children are supported by the caring adult community at Greendell. Families have opportunities to participate in school-based activities such as the School Site Council and the Young Athletes - Special Olympics program. PreSchool Family parents hold an annual Fun Day where all families participate in organizing developmentally appropriate games and activities for preschool-age children. The event is open to all and is a wonderful community builder and so much fun for families.

Families play an integral role in providing their children with the support they need to actively participate in school. Greendell School's collaboration with families is furthered through the school newsletter, frequent check-ins with families, and responsive, open communication between home and school.

Inquiries about opportunities for parental involvement can be addressed to Principal Nikole Manou at: nmanou@pausd.org - (650) 856-0833.

2024-25 School Safety Plan

The Greendell School Safety Plan was last updated on March 3, 2024, and will be reviewed, discussed, and updated during School Site Council Meetings in the 2024-25 school year. The revised Safety Plan will be completed by March 2025. Until that time, we will follow the safety plan that is currently in place and approved, which is described below. Greendell School focuses

2024-25 School Safety Plan

on emergency preparedness through training and practice with the goal that everyone is fully prepared for an emergency. Each year, Greendell staff receives emergency team training which includes training on the roles and responsibilities in the event of an emergency. This school year, we had a combined emergency team training with the Hoover's Elementary staff, which is temporarily sharing the campus for the school year.

The annual emergency multi-team training was held on August 16, 2023, this school year. The next one is schedule for February 2025. Greendell holds an annual lockdown training with support from the PAUSD Risk Manager and conducts an annual school-wide lockdown drill in March/April. Our last Greendell lockdown training including the Hoover Elementary staff was conducted on September 6, 2023. The next lockdown training/drill will be held on November 20, 2024. In addition to a lockdown drill, emergency preparedness drills such as fire drills and earthquake drills are conducted monthly throughout the school year. Emergency routes are reviewed with staff and posted in each room, fire extinguishers are routinely inspected by the fire department, and emergency backpacks in each room are inspected and replenished with missing supplies at the start of each school year.

Fiscal Year 2023-24 Types of Services Funded

The District relies on federal categorical funding under Title I, Title II, Title III, and Title IV of the Every Student Succeeds Act (ESSA). The way Palo Alto Unified uses categorical funds is to assist our school sites in closing the educational gap of special populations and providing resources, professional development, and materials to improve instruction. One way these funds are used is to employ reading specialists, instructional aides, primary language tutors, and English learner (EL) specialists. Funds are also used to support district wide professional learning in curriculum and EL support. Supplementary services, such as after-school tutoring for students, a summer bridge course for rising ninth-graders, and engagement opportunities for parents, also draw from these funds. For a more detailed analysis of services funded, refer to the Local Control and Accountability Plan (LCAP) webpage, <https://www.pausd.org/about-us/lcap>. In addition, each School Site Council (SSC) annually reviews and updates their site's School Improvement Plan (SIP). The SIP is a plan of action to improve student academic performance by coordinating all educational services and resources. With input from the staff and community, the SSC is the decision-making body responsible for establishing SIP goals through the review of site-specific student achievement and other data. For school sites with 21 or more English learners, a site level English Language Advisory Committee (ELAC) will advise the principal and staff in the development of a site plan for English learners and submitting the plan to the SSC for consideration of inclusion in the SIP. The SIP includes a budget for proposed expenditures to support the SIP goals. SIPs are presented to the PAUSD Board annually and are available on each school site's webpage (<https://www.pausd.org/schools>) under the "About Us/School Reports" section.
