2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Ocean Knoll Elementary is an award-winning public school in Encinitas, California that has served multiple generations of kindergarten through sixth grade children since 1959. Ocean Knoll's International Baccalaureate Primary Years Program, authorized in 2013, provides our students an engaging education in which students master twenty-first century knowledge and skills through an academically challenging curriculum, requiring students to take initiative, research, organize and complete action projects, and present their findings, preparing our children for critical thinking, community service, and college-level coursework.

2024-25 School Description and Mission Statement

The mission of Ocean Knoll Elementary School is to develop lifelong learners who are empowered to make a difference in their local and global communities through action founded in knowledge, reflection, and intercultural understanding.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Ocean Knoll Elementary School provides a safe and clean environment for students, staff, and the community. School facilities are all up-to-date and provide adequate space for students and staff. The school was built in 1957 and currently includes a library, multi-purpose room, staff lounge, 29 permanent classrooms and two playgrounds. The auditorium remodel was completed in January 2007. In August 2010, the blacktop was repaired and resurfaced and the drainage was corrected on the campus lawn. For 2010-2011, the carpet was replaced in most of the classrooms. In 2011-2012 the four student restrooms were equipped with hand air dryers as part of the district's Green Initiative. In 2016, all classrooms received new windows and furniture. Solatubes were also installed in all classrooms that year. Additionally, in 2016 the portable classrooms were removed and replaced with 8 permanent classrooms. A new black top play area and ball wall was also installed.

In 2023, our school underwent a renovation project, involving the removal of carpeting in several classrooms and the installation of new flooring to create a more modern and functional learning environment. This was continued in the summer of 2024 and all classrooms, the MPR, and media center had the carpet removed and vinyl flooring installed.

District maintenance supervisors are proactive and conduct inspections at school sites on a continual basis. Repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. District maintenance has indicated that 100% of all toilets on school grounds are in working order.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents and the community are very supportive of the educational programs at Ocean Knoll Elementary School. Ocean Knoll's Parent Involvement Policy is reviewed annually during volunteer training, Principal Chats and by the School Site Council. Numerous programs and activities are made possible by the generous contributions made by organizations and the fund-raising activities sponsored by the PTA.

Ocean Knoll Elementary School offers a variety of events, programs, and activities throughout the school year for parents to become actively involved in their child's school and education. The following are typical activities, events or programs in which parents can become involved: Open House, Back-to-School Night, Parent Education Nights; PTA, SSC, and ELAC meetings, Arts Ed, school garden, Holiday Sharing, Dol-Fun Days, classroom speaking or volunteering, as well as district committees. In addition, the community liaison plays a pivotal role in creating a bridge between the school, families, and community organizations, contributing to a more cohesive and supportive educational environment.

2024-25 School Safety Plan

Maintaining a safe, clean, and orderly environment is a top priority and essential to teaching and learning. The Comprehensive School Safety Plan (CSSP) is developed by Ocean Knoll Elementary in consultation with local law enforcement/emergency preparedness staff, School Site Council (SSC) and Administrative Services in order to comply with Senate Bill 187. The CSSP

2024-25 School Safety Plan

includes: Annual Schools Safety Data, School Safety Policies and Procedures, Emergency Preparedness Procedures, and Emergency Plans and Protocols. It was most recently updated and reviewed in October 2024 and accepted by the Board of Trustees in November 2024.

We conduct regularly scheduled safety drills including fire, shelter-in-place, lockdown and earthquake. We practice evacuation procedures for fire, procedures for disaster preparedness, and to be ready to respond to the possibility of strangers or dangers on campus. Our district maintenance and site custodial personnel routinely check all play equipment for safety and make recommendations for proactive maintenance. To ensure safety during instructional hours, the perimeter gates of the site are locked immediately after entry each morning and reopened only at dismissal. During school hours, all visitors are required to present an ID for processing via our Raptor Visitor System. Additionally, our site is alarmed during non-school hours. To monitor all school sites, each school is equipped with surveillance cameras. We have a strong partnership with the San Diego County Sheriff's Department North Coastal Station in Encinitas, the Carlsbad Police Department and our Carlsbad School Resource Officers. All staff takes pride in our school and work together to maintain a well-kept and safe facility.

Professional Development

In Encinitas teachers participate in professional development at least once per month. Four days are dedicated to district-wide training, while six days are dedicated to school specific training. The district-wide trainings during the 23-24 school year focused on student learning and empowerment, student-led conferences and student behavior. Teachers also participate in choice and extended learning opportunities, weekly collaboration and planning, as well as individual professional development around personalized learning topics. In 2023-24 all staff completed two sessions of Grade Level Collaboration focused on the EUSD Learner Profile and grade level standards. Our teachers have also had opportunities to attend district workshops CGI, Multilingual Learners, Behaviors and more.

This table displays the number of school days dedicated to staff development and continuous improvement.
