

Support Staff Assignments and Transfers

The superintendent or designee shall make assignments and transfers of support staff members as the best interests of the school district indicate. Such transfers and assignments may be either permanent or temporary.

The preference of employees shall be taken into consideration in making assignments and transfers. Employees may request a transfer of assignment from job to job, or one unit or division to another unit or division which will be granted when this is to the advantage of the district and individual.

Within an individual school, a principal may assign classified employees to tasks appropriate to their positions and qualifications.

Care shall be exercised by the superintendent to see that all district facilities are equitably staffed with well-qualified classified personnel.

Adopted May 24, 1988
