## Dyslexia Program Awareness for Educators and Parents

## What is Dyslexia?

The current definition from the International Dyslexia Association states:

Dyslexia is a specific learning disability that is neurological in origin. It is characterized by difficulties with accurate and/or

fluent word
recognition and by
poor spelling and
decoding abilities.
These difficulties
typically result from a
deficit in the

phonological component of language that is often unexpected in relation to other cognitive abilities and the provision of effective classroom instruction. Secondary consequences may include problems in reading comprehension and reduced

reading experience that can impede growth of vocabulary and background knowledge.

# Dyslexia and School District/Charter School Requirements

#### Texas Education Code §38.003:

- Students enrolling in public schools shall be tested for dyslexia at appropriate times.
- The board of trustees of each school district or charter school shall provide for the treatment (i.e., instruction) of any student determined to have dyslexia.

## Texas Administrative Code §74.28:

- The board of trustees of a school district or charter school must ensure that procedures for identifying a student with dyslexia and for providing appropriate instructional services to the student are implemented.
- A school district or charter school shall purchase or develop its own reading program for students with dyslexia, as long as the program is characterized by the descriptors found in *The State Dyslexia Handbook* ~ *Revised* 2007.

- Each school district or charter school must provide each identified student access at his or her campus to the services of a teacher trained in dyslexia and related disorders.
- Each school district or charter school shall provide a parent education program for parents/guardians of students with dyslexia.

## Teacher Training Requirements:

Teachers who provide instruction for students with dyslexia:

- Must have valid Texas teaching certificates for the particular grade level(s) that they teach
- Must be trained in dyslexia and related disorders
- Must be trained in the program
