Maintaining a safe school environment takes support from our students and families. Below are a few expectations to help ensure our students and staff on campus are safe.

- **School Grounds:** Students are expected to promptly leave school grounds after normal school hours or after a reasonable length of time following a school activity. The district is not responsible for persons who are on school grounds without permission or supervision.
- **Dismissal:** If a student leaves the school during school hours, the parent/guardian is expected to sign him/her out in the office. If a student leaves school without permission, the first offense may result in a four-hour detention. The second, and subsequent offenses, may result in suspension.

3 TECHNOLOGY RESOURCES

Maize USD 266 provides technology resources to its students for educational and administrative purposes. The use of technology resources is intended to be an educational tool. All users are expected to use the devices and networks in a responsible and ethical manner. This document is intended to clarify those expectations as they apply to device and network usage in accordance with Board of Education policy.

Students are given access to the District's electronic communications system to allow communication with other schools, colleges, organizations and people around the world through the Internet, Network, and other electronic information systems. Because students will have access to educational databases, libraries and computer services from all over the world, it is possible that students may run across some material that may not be appropriate. While the District uses filtering technology to restrict access to such material, it is not possible to absolutely prevent such access. It is the responsibility of the student, as guided by his/her teacher, to follow the rules for acceptable use.

Students who do not adhere to the acceptable use expectations may have the technological educational tools and/or access to the internet and network removed.

3.1 Acceptable Use Expectations

The District's technology resources will be used for learning, teaching and administrative purposes consistent with the District's mission and goals. Areas associated with acceptable use include:

- **Student Generated Work:** All student work created on district equipment or posted to online platforms or courses is the property of USD 266.

- **Network Access:** A student's assigned network access and use of the district-provided Google account is to be used only for identified educational purposes, both at home and at school.
- **Cyber bullying/Social Networking:** The District, as part of its age appropriate Internet safety curriculum, educates staff and students about appropriate online behavior, including rules of interaction with other individuals on social networking websites, cyber bullying awareness and response.
- **Copyright:** All users are expected to follow existing copyright laws, copies of which may be found in each school's media center and in Board of Education policy.
- **User Security Responsibilities:** Usernames and passwords should be protected from unauthorized use at all times and should not be posted where others can view it.
- **Equipment Use:** Students will not store files on hard drives or network drives unless for the purpose of educational use. Student owned devices will not be used to download files or material for personal use.
- **Google Accounts:** To access the district's G Suite for Education, a USD 266 Google account is created for each student. These accounts are required to access district curriculum. If you would like further information, please contact the Educational Support Center.
- **District-Issued Student Chromebooks:** It is the responsibility of the student to have their district- issued Chromebook present and charged each school day. Repeatedly not having the Chromebook at school and ready for use may result in disciplinary action.

These general rules will apply in the use of the media center:

There are no monetary fines for late materials; however, when books become overdue, students may be issued an after school and/or lunch detention to be served until obligations are cleared. Those failing to serve the detention will be disciplined according to the school discipline policy. Lost material costs may be added to students' Skyward account for repayment.

The high school webpages have many links to curriculum related resources, in addition to a guide for works cited pages, local library links, a list of available search engines and answers to how the media center works. This is an excellent resource when beginning to search the Internet.

 - **2nd offense:** 2 hour detention
 - **3rd offense:** 3 hour detention

Additional consequences will be provided for students who deceive teachers by submitting a non-working cell phone.

3.6 Computers and Other Devices

At no time may a student use school computers or equipment to download music onto their personal device without prior authorization by administration. That practice affects the district's bandwidth and disrupts the learning process. Personal laptops are not allowed to be brought to school without prior administrative approval. Flash drive and other storage device contents are subject to search. Please remember schools are not responsible for lost or stolen items.

3.7 Video Recordings

3.7.1 Concealed Observations

Unless otherwise provided in other district policy, individuals are prohibited from recording students, employees, and/or board members surreptitiously or through the use of concealed audio and/or visual recording devices. This prohibition is in effect at school, on or in district

property, and at meetings and conferences held for educational or disciplinary purposes.

Exceptions to this prohibition include the use of video surveillance throughout district facilities and in district vehicles; the recording of meetings subject to the Kansas Open Meetings Act; the recording of due process hearings or student disciplinary hearings for evidentiary purposes; recording of students for use during the student's evaluation or provision of special education services with the principal's prior permission; and the recording of a school sponsored activity, program, or event which is open to the general public.

Individuals wishing to record students, employees, or board members at school, on or in district property, or at meetings and conferences as previously described shall first notify the superintendent or principal in advance. If such recording is not prohibited by law or policy, the principal may allow the recording and may make arrangements to record on behalf of the district.

3.7.2 Video Cameras

Video cameras may be used in any school building, school bus, or on any property of the school district to ensure the health, welfare and safety of all staff, students and visitors, and to safeguard school facilities and equipment. Video cameras may be used in locations as deemed appropriate by the Executive Director of Health, Safety, and Prevention Services.

The district will take steps to notify staff and students and employees that video surveillance may occur on school property.

Any information obtained from video cameras may only be used to support the orderly operation of the Maize USD 266 facilities, and for law enforcement, and may not be used for any other purpose. Video surveillance records may be used as evidence in any disciplinary action, administrative proceeding or criminal proceeding, and may become a part of a student's educational record or a staff member's personnel record.

Video recordings may be disclosed to law enforcement personnel and to school officials with legitimate educational interests. Subject to and in compliance with applicable law, parents or guardians of students charged with disciplinary violations may view the relevant portions of any video relating to the charge upon written request to the school principal.

School personnel may also view the relevant portions of any video relating to any disciplinary charge against them upon written request to the school principal. Parents, guardians, or school personnel should be aware that the district maintains security camera video recordings for a limited period, so any request under this policy must be made within 10 calendar days of the event.

Because the schools are bound by FERPA (The Family Educational Rights & Privacy Act), copies of video recordings containing other identifiable students shall not be released by school officials without legitimate educational interests or to students or parents without the written permission of the parent or guardian of all such identifiable students, or through subpoena or

court order.

For Username, use the username part of Email Address (example: 17joestudent) type in the nine-digit student ID number that ends with a zero. For password, type in the nine-digit student ID number type maizestudent (all one word, all lowercase). Click on the Login button.

3.9 Audio Visual Presentations

Teachers may show videos, movies, or other presentations during class if the lesson plans clearly state the objective and the objective is aligned with state standards or the curriculum guide.

Important information regarding the content of videos and movies:

- Parent permission must be obtained for any movies rated PG or PG13 for grades K-8.
- "R" rated or more restrictive subject matter is not acceptable for showing at any grade level.

Please report concerns about audio visual presentations or information shared in class to the teacher or principal.

4 ATTENDANCE

We believe regular attendance is essential for academic success. Any student who accumulates 3 consecutive unexcused absences or 5 unexcused absences in a semester or 7 unexcused absences in a school year will be identified as truant in accordance with Kansas law. If the student is under the age of 18, he/she will be referred to the Compulsory Attendance Law ([K.S.A. 72-3120](#)). **Students with excessive absences, (7 or more in a school year) will be required to provide professional documentation for the absences to be excused.**

4.1 Parent Notification

Please notify the school of your student's absence by 9:00 a.m. in the event the student will be absent on that day. If we have not been notified, you will receive notification on the day of the absence. This process is to ensure the safety of our students. Please remember that notifying the school of a student's absence does not guarantee that the absence will be excused. **For an absence to be considered "excused" and/or "exempt" (if the student exceeds 7 days), documentation must be provided to the office within 3 school days of when the absence occurred.**

4.2 Attendance Information for Schools

4.2.1 *Excused Absences*

The definition of "excused absence" includes any of the following:

- Personal illness;
- Health-related treatment, examination, or recuperation;
- Serious illness or death of a member of the family;
- Obligatory religious observances;
- Participation in a district-approved or school sponsored activity or course;
- Absences prearranged by parents and approved by the principal; please fill out the district absence approval form and submit to principal for approval.
- Students of active duty military personnel may have additional excused absences at the discretion of the principal for visitations relative to leave or deployment.

The principal has the right to make the final decision as to whether a tardy or absence is excused or unexcused.

All absences which do not fit into one of the above categories would be considered an unexcused absence. Please note: a student serving a period of suspension or expulsion from the district shall

not be considered inexcusably absent.

4.2.2 Unexcused Absences

An unexcused absence is defined as an absence in which the student is absent from school all or a part of a school day in one of the following scenarios:

- An excuse other than what is defined in 5.2.1.
- A student who leaves school when school is in session without obtaining permission and/or signing out.
- The office does not receive notification/verification from parent or guardian regarding the absence.
- Absence that is considered excessive(7 or more in a school year) without professional documentation.

A significant part of the school day is defined as:

- **High school:** 2-3 blocks absent will be counted as a half day. 4 or more will be counted as a full day.
- **Intermediate and Middle school:** Arrival after 3rd period will be counted as ½ day absent.
- **Elementary school:** A student will be considered tardy an hour after school begins. After that time, a student will be considered absent ½ or one full day. If a student leaves an hour before school is out, the student will be considered absent for a ½ day in the afternoon.

4.3 Additional Attendance Information for High Schools

Please see below for additional information applicable to grades 9 - 12.

- Failure to check in or out of the front office may result in a four-hour detention.
- An absence is considered unexcused without parent contact. If the absence is not excused within the allotted time, a student may receive a four-hour detention. The attendance office is open at 7:00 a.m. for calls. Any student who checks into school after the first block's bell must report to the front office and receive an **ADMIT** to class.
- Senior Skip Day is not an approved school activity. Normal attendance procedures and policies will be in effect for absences.
- Any class period missed, except for reasons cited above, will be considered an absence. An automated telephone call will be made for every unexcused absence. When a student has accumulated four absences, he/she will be notified. Parents/guardians will

be notified when the student has accumulated five and six absences. Five absences will result in notification by mail or email; and six absences will result in notification by mail or email and the student may be required to meet with a principal.

- The accumulation of six absences in a block, per term/9 weeks, may result in no credit being granted. If a student's grade is an "F" when he/she accumulates the sixth absence, and the student does lose credit, the "F" will override the "no credit." Credit may be granted pending a decision by a review panel.
- A review panel is available upon request by the student or parent. The review panel will consist of three teachers who do not have direct contact with the student. If a student or parent requests a hearing with the review panel to determine whether credit will be granted for a class in which absences are excessive, please request a review panel to the student's assistant principal before the end of the term/9 weeks and provide an account for ALL absences in the review panel meeting.
- It is the responsibility of the student to initiate make-up work immediately upon return to each class. The individual classroom teacher will determine the make-up work. For grades 9-12, teachers will post each day's homework assignments on Blackboard or in Google Classroom. Students who miss school are encouraged to access their missed work through these platforms. Blackboard can be accessed by logging on to the district website, www.usd266.com and clicking on the Blackboard button located at the bottom of the page.

4.3.1 High School Tardies

All high school tardies start over each term.

Any student coming into class after the bell without a teacher/counselor/principal excuse will be marked tardy on the daily computer attendance. (Passes must clearly state "excused.")

Parents may excuse their student for being late to school three times without any disciplinary consequence. After the three parent excuses are used, all tardies to school will count toward the total number of tardies.

Any student missing more than 20 minutes of class without an excused pass from a teacher/counselor/principal will be marked absent. (Passes must clearly state "excused.") These absences will be handled by the administration.

Consequences for tardies to any class:

- The teacher may assign a disciplinary consequence for the first two tardies.
- The third tardy of a term will result in a one-hour detention assigned by the student's

principal.

- The fourth tardy of a term will result in a two-hour detention.
- The fifth tardy of a term results in a three-hour detention. The student will be required to call home.
- The sixth tardy of a term will result in a four-hour detention.
- A one-day suspension will be given for the seventh tardy of a term.
- The eighth tardy of a term will result in a two-day suspension.
- Should a student be tardy nine times during a term, he/she will receive a short-term suspension of a minimum of three days, and an informal hearing with the principal will take place before the student may return to school.

4.4 Additional Attendance Information for Middle Schools

- A letter will be mailed to parents when a student is absent five or more days each semester. The intent of the letter is to remind the parents of the number of absences that have occurred. On the sixth absence during the semester parents and students may be asked to attend a meeting with a principal. During this meeting the student's academic progress and eligibility will be discussed.
- A principal may assign a student to ISS, SD or OSS because of attendance, tardies, performance or behavior at school or school activities. Students will eat lunch in the ISS room.
- Students will not be allowed to participate in a practice or contest if the student has been assigned to ISS for any part of the day.
- If a student leaves the building for lunch, the parent must pick up and return him/her in the allotted lunch time. If students are going to lunch with someone other than their parents, they must have a signed note of approval from their parents. Students returning late will be counted tardy.

4.4.1 Middle School Tardies

Being in class, prepared and ready to learn when the bell rings is a necessity. A tardy is not being in your assigned classroom when the bell finishes ringing. Students will have four-minute passing periods. Individual teachers will handle consequences for the first two classroom tardies. Teachers may request administrative assistance for three or more tardies per class. Three or more tardies per class will be handled by the administration. Any student coming into class without a teacher, counselor, or principal excuse will be marked tardy on the daily computer attendance. (Passes must clearly state "excused.") These absences will be handled by the administration. Any student over 10 minutes late without an excused pass from a

teacher/counselor/principal will be marked absent. (Passes must clearly state “excused.”)

A tardy to any class will result in the following:

- Three or more tardies will result in a one-hour detention assigned by the student’s principal.
- Start of the day tardies: Any student arriving at school or class tardy at the beginning of the day will be sent to the office. Parents may excuse their student for being late to school three times with no consequence. After that, the following applies:
 - Warning by administration
 - Lunch detention
 - 1-hour after-school detention
 - 2-hour after-school detention
 - 2-hour Saturday detention
 - 4-hour Saturday detention
 - In-School Suspension
 - Conference with parents and possible suspension.
- Unexcused Tardies: Students who are late to school without a parent call will be considered unexcused and SD will be assigned. At administrative discretion, the student may be assigned to In School Suspension (ISS), SD or OSS if the student is persistent in being late to school, regardless of the reasons for the tardiness.

4.5 Additional Attendance Information for Elementary and Intermediate Schools

Students not in their assigned classrooms within ten minutes of the start of the school day will be counted as tardy if they report to class without a school-related excuse (i.e. late bus, school breakfast, etc.). A student will be considered tardy an hour after school begins. After that time, a student will be considered absent $\frac{1}{2}$ or one full day. Teachers will take attendance when class begins. If a student leaves an hour before school is out, the student will be considered absent for a $\frac{1}{2}$ day in the afternoon.

An attendance letter, regardless of excused or unexcused absences, will be sent to parents after five accumulated absences in a semester. Subsequent letters will be sent if absenteeism continues to be a concern.

4.6 Truancy

According to K.S.A. 72-3121 Sect. C: The principal shall report students who are inexcusably absent from school to the appropriate authority (students 13 and under shall be reported to the local office of Department of Children and Families and students over 13 shall be reported to the county or district attorney.). A student is truant when unexcused absences reach the one of the following thresholds:

- Three consecutive school days; or
- Five days in any semester; or
- Seven days in a school year.

Whenever a law enforcement officer delivers a student found away from home or school when school is in session to the school in which the student is enrolled, the designated employee of the board of education shall serve notice thereof upon a parent or person acting as parent of the child. The notice may be oral or written and shall inform the parent or person acting as parent of the child that the child was absent from school without a valid excuse and was delivered to school by a law enforcement officer.

4.7 Homework/Make-Up Assignments

Students are allowed one school day per absence to make up assignments. Students with consecutive absences are responsible for contacting their teacher to set up an individual contract for make-up assignments. Long-term assignments are those that have a due date more than five days beyond the assigned date; these long-term assignments are due on the scheduled date and are not subject to extensions unless prior arrangements have been made.

Assignments missed because of ISS and/or OSS are due when the student returns to class.

Parents/guardians may request homework on the second consecutive day of an absence. Requests must be made to the school office no later than 10:00 a.m. of the second day of absence. Homework will be ready for parents to pick up between 2:00 p.m.-3:30 p.m. on school days.

4.8 Passes

4.8.1 Grades 7-12

Any student moving through the halls during class periods must have written or electronic permission from the instructor of the class or room to which he/she is assigned. In order for a student to go to another instructor, the instructor has to request the student be sent to his/her room by issuing a pass prior to that time. Students found in unassigned areas without written or electronic passes may receive a four-hour detention.

5 LOCKERS AND PERSONAL ITEMS

5.1 Lockers

The principals have the right to open lockers at any time for inspection. A locker may be assigned to each student and a lock is provided. Students are to keep books and personal effects in the assigned locker. It should be locked at all times.

Students on athletic squads and in PE classes should check their valuables with the instructors or coaches. PE lockers are checked on the day following the last class and hallway lockers are checked on the day following the last day of school. Items left in lockers are donated to the proper agencies.

USD 266 is not responsible for lost or stolen items.

5.2 Backpacks/Purses

5.2.1 *Middle Schools*

Backpacks will be kept in students' lockers during the school day. Purses will not be carried during the school day.

5.2.2 *High Schools*

Due to the size of the building and location of lockers in relation to some classrooms, small book bags and backpacks are allowed in classrooms. Large backpacks may be allowed in individual classrooms with teacher approval. Principals may randomly check student backpacks as they enter the building to help ensure school safety.

5.3 Valuables

When considering bringing items to school such as cameras, cell phones, air pods, smart watches, or other electronic devices of value to the student and/or parent, please remember that the school is not responsible for these items if lost or damaged. Therefore, we discourage this practice.

Please put the student's name on each item he/she brings or wears to school. A lost and found box is kept at school.

6 BEHAVIOR/CONDUCT

The Board of Education, administration and staff believe in sound disciplinary policies that are in accordance with good educational practice, due process and those policies specifically set forth in the board policy document BOE 1002 Students are expected to follow policies not only during the school day, but also while traveling to and from school events, between different school buildings, and while in attendance at school activities. Administrative discretion is allowed in dealing with all behavior/conduct matters.

6.1 Possible consequences for inappropriate behaviors may include:

6.1.1 Administrative Conference

This is a meeting with the student to develop positive behaviors. The conference may include parents/guardians and/or faculty.

6.1.2 Detention

- Grades K-6, detention may be served during lunch or recess.
- Grades 7-8, detention is served on Tuesday and Thursday from 2:40 p.m. to 4:40 p.m. and on Saturday from 8:00 a.m. to noon.
- High School Detention times at MHS are: Monday-Tuesday-Thursday from 3:00 p.m. to 5:00 p.m., Saturdays from 8:00 a.m. to 12:00 p.m. Detention times at MSHS are: Tuesday and Thursday from 3:00 p.m. to 5:00 p.m., and Saturdays from 8:00 a.m. to 12:00 p.m. If a student is late, he/she will not be admitted. There will be no detention on Wednesdays. Any changes to the detention schedule will be announced to students during the school day.

Detention Rules are as follows:

- Should a student be removed from detention by the supervisor, the time served will not be credited.
- No food, sleeping, or visiting is allowed. If this happens, the student will be asked to leave detention and no time will be credited.
- If a student is late, he/she will not be permitted to enter.
- A student is expected to bring homework or something to do during detention times.

Students receiving detentions will be given approximately one week to serve their time. Failure to serve the time by the specified deadline will result in disciplinary action. Note: if a student does not serve detention for a teacher, a referral will be made to that student's assistant principal.

Detentions not served may result in the following out-of-school suspensions:

- Two hours or less will equal a one-day suspension.
- More than two hours will equal a two-day suspension.

6.1.3 In-School Suspension (ISS)

ISS may last all, part of, or multiple school days, depending on the severity of the violation. Students will not be allowed to maintain their personal electronic devices as defined by board policy in the ISS room without approval of administration.

6.1.4 Short Term Suspension (OSS)

OSS is a period of time the student is removed from school, not to exceed 10 school days. During the suspension, students may not be on school grounds or at any USD 266 sponsored activities.

Students have the opportunity to receive credit for all work missed. Homework can be accessed through Blackboard or Google Classroom. If a student does not have internet access, or if a student needs copies of worksheets or other materials, they may request those through the office. Please allow time for staff to gather the materials.

All homework is due on the day the student returns to school. Any long-term assignments are due on the original due date. It is the student's responsibility to get assignments to their teacher if the due date is during the time of suspension. It is the student's responsibility to visit with teachers on the day of his/her return to make up tests, quizzes, labs, or participation points.

6.1.5 Long Term Suspension

Long-term suspension is a period of time a student is removed from school for more than 10 school days but not to exceed a total of 90 school days. Please see below for more information.

6.1.6 Expulsion

Expulsion is a period of time a student is removed from school for more than 90 days and no more than 186 days for major misconduct violations other than those noted in 6.13.2. Please see below for more information.

6.1.7 School-Based Student Probation

This is an agreement issued by the principal that defines the terms upon which a student is allowed to return to school.

6.1.8 Other Consequences that may be administered

Written notification to parents; parent conference; police involvement; alternative education placement; or other consequences deemed appropriate by the administration.

6.2 Counseling Services

Counselors and Behavioral Health Liaisons are employed to support the total welfare, educational progress and future goals of all students. They can support students with self-awareness, personal relationships, problem solving, decision making, educational planning, coping skills and understanding individual strengths and needs.

Students or parents interested in meeting with a counselor should contact the school's office to make an appointment. Counselors are available in all schools. Behavioral Health Liaisons are available in schools, grades 5-12..

6.3 Long-Term Suspensions/Expulsions

In Kansas, a school district is vested with the authority to suspend or expel a student by statute. The law (K.S.A. 72-6114) authorizes suspension or expulsion for one or more of the following reasons:

6.3.1 Long Term Suspension/Expulsion Hearing Procedures

A student and their parent(s)/guardian(s) will receive written notice of the hearing either through personal service or the US Mail at the address on file in the Skyward system. The written notice will contain:

- The date, time and location of the hearing

Failure of the student and the student's parent or guardian to attend the hearing will result in a waiver of the student's opportunity for the hearing. Students, age 18 or older, who has been suspended for an extended term or expelled, or one of the student's parent(s) or guardian(s) of a student under age 18, may appeal the suspension or expulsion to the board of education by filing a written notice of appeal with the clerk of the board not later than 10 calendar days after receiving the written notice. The notice of appeal should be addressed to:

Clerk of the Board

Maize, Kansas 67101

6.4 Academic Integrity Policy

True learning requires integrity, responsibility, determination, and respect. USD 266 aims to promote clear expectations, support student learning, and develop lifelong integrity within our students. Academic integrity is critical to maintain high academic standards in USD 266.

Plagiarism and/or cheating on tests or assignments will not be tolerated.

Some examples of plagiarism and cheating include: using unauthorized materials and methods, including electronic devices, social media, or other means; having unauthorized prior knowledge of examinations, including sharing or receiving test information; submitting the same work to multiple teachers without prior approval; using another's written work without appropriate citation;

using another student's work; purchasing or using a pre-written work; borrowing or paraphrasing an idea or material without proper documentation; downloading materials from the internet and submitting them as one's own work; and sharing completed work with others.

6.4.1 Academic Integrity Consequences

Consequences outlined below may be used for academic integrity concerns. Please note that principals may use other consequences or skip the outlined order below if the severity of the offense warrants. K-8 principals will utilize age-appropriate consequences at their discretion.

6.4.1.1 1st Offense of High School Career

- Contact administration
- Teacher-led conference with student & parent communication
- Grade reduction on student work: Per Department as stated in each syllabus or per classroom teacher recommendation.
 - A zero will be recorded in the grade book until the Academic Integrity Form is completed. After the Academic Integrity Form is completed, the student can redo the assignment/test for partial credit. The amount of credit will be determined by each department and outlined in the course syllabus.
 - Academic Integrity Form - The student's principal sends a form to a student who violated the policy.
 - The due date of the Academic Integrity Form is at teacher's discretion.

6.4.2 Students Enrolled in Dual Credit Courses

Students will be subject to the USD 266 academic integrity policy for the high school credit, while the governing post-secondary institution will determine disciplinary action for the college credit.

6.5 Support to Stop Bullying

The board prohibits acts of bullying in any form, including cyberbullying, on or with district property, in district vehicles or at district-sponsored activities or events. The board believes that a safe, healthy and supportive environment during all school-related functions is necessary for students to learn and achieve high academic standards. Bullying, like other disruptive or violent behaviors, is conduct that interferes with both a student's ability to learn and the district's ability to educate students. All district staff members, students, parents and volunteers are expected to treat others with dignity, civility and respect and to refuse to tolerate bullying in order to provide positive examples for acceptable student behavior.

6.5.1 Definition of Bullying:

Bullying is defined as any intentional gesture or any intentional written, verbal or physical act or threat by any student, staff member, or parent towards a student or towards a staff member which is sufficiently severe, persistent, or pervasive to create an intimidating, threatening, or abusive educational environment that a reasonable person, under the circumstances, knows or should know will have the effect of

- harming a student or staff member, whether physically or mentally,
- damaging a student's or staff member's property,
- placing a student or staff member in reasonable fear of harm to the student or staff member,
- placing a student or staff member in reasonable fear of damage to the student's or staff member's property.

"Cyberbullying" is defined as bullying by use of any electronic communication device through means, including, but not limited to, email, instant messaging, text messages, blogs, mobile phones, pagers, online games and websites.

"District vehicle" means any school bus, school van, other school vehicle and private vehicle used to transport students or staff members to and from school or any school-sponsored activity or event.

The board expects students to conduct themselves in a manner in keeping with their levels of development, maturity, and demonstrated capabilities with a proper regard for the rights and welfare of other students, school staff and volunteers.

The board believes the standards for appropriate student behavior must be established cooperatively with input from students, parents/guardians, staff and the community. These

standards must encourage the development of student self-discipline in an atmosphere of respect for self and others and respect for district and community property.

The board believes that the best discipline is acceptance of personal responsibility and is self-imposed. It is the responsibility of staff to use disciplinary situations as opportunities for helping students learn to assume responsibility and to learn from the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent discipline problems and encourage students' abilities to develop self-discipline.

The district prohibits both active and passive bystander support for acts of bullying. The staff should encourage students to support students who walk away from these acts when this would diffuse the situation, constructively attempt to stop them, or report them to the designated authority.

6.5.2 Reporting Bullying Behaviors

It is the responsibility of all students, staff members and volunteers to report acts of bullying. All reports of bullying will be taken seriously. Staff members receiving the reports will record the details as reported. The school staff or principal will support students, coworkers and volunteers making such reports and protect against any potential retaliation.

Anyone who believes they have suffered bullying shall report the incident in one of the following ways:

- To their principal, counselor or teacher
- Online via the Bullying Incident Report Form or Speak Up application on the district's Web site.
- To their immediate supervisor
- To the Educational Support Center located at 905 Academy Ave in Maize, KS

6.5.3 Professional Development and Educational Lessons

Supervisory staff will be trained in strategies to support victims of bullying, and the importance of intervening and taking action to support a healthy school environment annually. School counselors and teachers support student development through social emotional lessons presented during school hours.

6.5.4 Investigating Bullying

An investigation to determine the facts will take place immediately or as soon as practicable in order to verify the validity and seriousness of the report. The investigation will be conducted in accordance with board policy section 10.1.1 through 10.1.3, and is outlined below.

The Principal will conduct a thorough and impartial investigation of all reports of bullying using a bullying incident investigation form within three days after the report. Any individuals who were bullied, individuals who bullied and bystanders will be separated and asked to provide information about the incident. The investigation will also include a review of any previous complaints involving either the individual(s) who was (were) bullied or the individual(s) who bullied. The Principal should review available information from security apparatus, such as surveillance cameras, for relevant evidence. The investigation procedure will vary depending on the nature of the reported incidence. The findings from the investigation will be used by principals to determine the appropriate response procedure.

During the investigation process, the school will take measures to ensure that no further bullying occurs between the individual(s) who was (were) bullied and the individual(s) who bullied. Any changes should not inconvenience the individual(s) who was (were) bullied.

Responding schools will take prompt and effective steps to end bullying and harassment, eliminate any hostile environment, and prevent the bullying from happening again. After the school receives a report of staff bullying, and it is confirmed, the school principal will determine the appropriate disciplinary response. Staff who have violated this policy may be subject to disciplinary action, up to and including termination. Once the principal determines the complaint is valid and bullying occurred, the principal will determine the appropriate disciplinary action, and contact the parent/guardian(s) of all students involved. The principal will share the results of the investigation, whether there was a violation of policy, and the process for appealing the findings of the investigation. Students who have violated this policy may be subject to disciplinary action, up to and including suspension or expulsion. Students who violate this policy may be reported to law enforcement.

6.6 Driver's License

Pursuant to Kansas law (KSA 72-6136), Principals shall notify law enforcement of any situation involving a student who: possesses a weapon at school, upon school property or at a school supervised activity; found in possession of an illegal drug or controlled substance at school, upon school property, or at a school supervised activity; or behavior at school, upon school property, or at a school supervised activity which resulted in, or was substantially likely to result in, serious bodily injury to others. Law enforcement should report the incident to the Kansas Department of Motor Vehicles (DMV). The Kansas DMV should suspend the student's driver's license for one year.

6.7 Drugs and Alcohol

All students shall be made aware of the legal, social and health consequences of drug and alcohol use. Students shall be instructed on effective techniques for resisting peer pressure to use illicit drugs or alcohol. Students shall be informed that the use of illicit drugs and the unlawful possession and use of alcohol is both wrong and harmful.

A student who voluntarily seeks assistance, advice or counseling from school personnel regarding drugs or drug abuse shall not be disciplined by school authorities because the student sought assistance.

While on school property or during school-sponsored activities, the possession or use of alcohol, drugs or other controlled substance by a student, or a student who admits the same, shall be in violation of school policy 9.20.

Also, conduct which appears to be altered by the use of alcohol, drugs or a controlled substance is a violation of school policy. A drug or alcohol test may be administered by the principals, or their designee(s) at their discretion for students suspected of being under the influence. If the student refuses to take the test, tampers with the test, or if the test results are positive, the student will be subjected to the sanctions specified below. Medication specifically prescribed for a student by an authorized health care professional will be exempt from this policy. For additional information, please reference the "Search & Seizure" section 7.5 of this handbook.

- Any student who is selling, transferring, or trading drugs, drug paraphernalia and/or other controlled substances at school, on school property, or at a school supervised activity shall receive a mandatory expulsion for up to 186 school days.
- Any student who is in possession of or uses alcoholic beverages, drugs (except as medically prescribed), drug paraphernalia and/or other controlled substances at school, on school property, or at a school supervised activity will receive one of the following disciplinary actions:

6.7.1 Use or Possession

First Offense: Law enforcement and parents will be contacted immediately upon verification of the violation. The student will receive, at a minimum, a short-term suspension not to exceed 10 school days. The administration will determine whether a long-term suspension or expulsion shall be recommended and notify the student of a due process hearing.

NOTE: At the time of the hearing, administration may recommend that the student, and/or legal guardian, be afforded the option to have the suspended student meet with a community resource (which may include mental health agency counseling program, an alcohol and drug counseling service agency, or a physician) to discuss the student's problem with drugs/alcohol. Upon receipt of written documentation that the student is complying with the recommendation of a licensed mental health and/or substance abuse treatment provider's recommended action, the suspension shall be deferred and the student will be allowed back in school; however, should the student violate the terms of the agreement upon which the student was allowed to return to school, the balance of suspension shall be re-imposed.

Subsequent Offenses During the Student's Middle School or High School Career: Parents and law enforcement will be contacted immediately upon verification of the violation. The student will be recommended for expulsion from school for up to 186 school days.

- Prescription medication or over the counter medication can and will be given in Health Rooms by the school RN or designated person after the Request to Administer Medication at School form has been completed. Prescription medication and over the counter medication not following medication policy will be subject to the same restriction as illegal drugs.
- When a student exhibits behaviors that may indicate the use of any illegal drug, alcohol or other controlled substance, the school will document such behaviors, and will conduct appropriate drug testing as needed; confront the student and his/her lawful custodian(s) with the documented evidence; and recommend:
 - The student and lawful custodians enter into a contract with the school to modify the inappropriate behaviors;
 - The student be considered for enrollment in a diversion program in lieu of consideration for formal treatment; or
 - The student is taken for an intake evaluation for assessment by a qualified alcohol and drug treatment agency.
- Should any student seek the guidance or assistance of any staff member for the purpose of improving his/her behavior or responses to the involvement with controlled substances, confidentiality will be respected unless staff personnel believe it is in the student's best interest to notify his/her parent or legal guardian.
- Any teacher, officer, or employee who has reasonable cause to suspect that a student may be under the influence of, or that said student has in his or her possession, alcoholic beverages or a controlled substance as defined by law, shall immediately notify the principal. Neither the Board, the District nor any employee of the District shall be responsible for any treatment costs incurred by a student as a result of any such assistance or referral to any medical treatment, social service agency or facility, or substance abuse prevention and treatment program.

Students who are suspended or expelled under the terms of this policy shall be afforded the due process rights contained in board policies. Nothing in this policy is intended to diminish the ability of the district to take other disciplinary action against the student in accordance with other policies governing student discipline.

6.7.2 Tobacco/Smokeless Tobacco/Electronic Cigarettes/Vaporizers/Any Electronic Nicotine Delivery System

Possession and/or use of any tobacco product, smokeless tobacco, electronic cigarettes, juuling, vaporizers or similar electronic smoking device, or paraphernalia used by students is prohibited in any attendance center, in any school-owned vehicle, at school-sponsored events or on the school grounds. Any form of smoking, including the use of cigarettes, cigars, pipes, juuling, hookahs or devices such as an electronic cigarette or a vaporizer is prohibited and the student may be subject to a urinalysis test. Disciplinary consequences can be determined based on the results of the urinalysis test. Law enforcement will be notified and a ticket may be issued (up to a \$40 fine). Violation of the tobacco/vape policy may result in the student being suspended.

6.8 False Emergency Alarm

Those persons responsible for a false alarm will be subject to expulsion from school and prosecution to the fullest extent of the law.

6.9 Hazing/Initiations

Incidents involving initiations, hazing, intimidation and/ or related activities which are likely to cause bodily danger, physical harm, and personal degradation or disgrace resulting in physical or mental harm, or which affect the attendance of another student, are prohibited.

6.10 Posters

Posters, drawings or other material must be approved for posting in the school by the administration. All unauthorized postings will be removed immediately and become the property of the school. Administration will review materials prior to posting to ensure that materials will not substantially interfere with the work of the school, materially disrupt the school, or cause substantial disorder, invasion or infringement upon the rights of other students.

6.11 Interrogations and Investigations

Principals and others designated by the superintendent may conduct investigations and question students about infractions of school rules or the student behavior code. If there is reason to believe a violation of a criminal law has been committed, the principal shall notify the appropriate law enforcement agency and may request further investigation of the alleged violations. When law enforcement officers conduct a formal investigation and/or formally question a student(s), the principal shall make reasonable attempts to contact parents, guardians, or a representative of the student(s) prior to questioning. Requests by law enforcement officers to question students during regular school hours will be honored if an investigation involves child abuse or neglect, the identity of a student, a student being taken into custody, or the law enforcement officer can show the need for expediency. It is expected that all other questioning be handled outside the school day and off school property. Students shall not voluntarily be released by school officials to law enforcement authorities unless the student has been placed under arrest

or taken into custody by law enforcement or DCF. If a child is arrested at school, principals should make a reasonable attempt to contact parents if law enforcement officials do not do so.

6.11.1 DCF / Law Enforcement Personnel:

The principal shall allow a student to be interviewed by DCF or law enforcement representatives on school premises to investigate suspected child abuse and shall act as appropriate to facilitate the agency's access to the child and to protect the student's interests during the process. State law grants the investigating agency the authority to determine whether a school employee may be present while the interview is being conducted, taking into account the child's best interests. If asked to sit in on the interview by the agency representative conducting it, the principal or designee thereof shall oblige such request in order to provide comfort to the child throughout the process and to facilitate the investigation.

6.12 Vandalism

The Board shall seek restitution according to the law for loss and damage sustained by the district. When a juvenile is involved in vandalism to district property, the superintendent or designee shall contact the parent(s) and explain their legal responsibility. The parent(s) shall be notified in writing of the dollar amount of loss or damage. Juveniles or their parent(s) shall make restitution payments to the business office, and accounts shall be kept. Persons of legal age shall be held responsible for their own payments. If necessary, provisions may be made for installment payments. Accounts not paid in full within the specified time may be processed for legal action.

6.13 Weapons

A student shall not knowingly possess, handle, or transmit any object that can reasonably be considered a weapon at school, on school property, or at a school-sponsored event. This shall include any weapon, any item being used as a weapon or destructive device, or any facsimile of a weapon.

- any electronic device designed to discharge immobilizing levels of electricity, commonly known as a stun gun.

6.13.2 Penalties for possession of a weapon

Possession of a weapon and/or destructive device listed under the “Weapons and Destructive Devices” heading of this policy shall result in expulsion from school for a period of one calendar year, except the superintendent may recommend this expulsion be modified on a case-by-case basis.

Possession of, handling of, and/or transmitting a weapon of a type other than described under the “Weapons and Destructive Devices” heading above, an item being used as a weapon or destructive device, or a facsimile of a weapon may result in disciplinary action up to and including suspension and/or expulsion. Expulsion hearings for weapons violations shall be conducted by the superintendent or the superintendent’s designee.

Students violating this policy shall be reported to the appropriate law enforcement agency(ies) and, if a juvenile, to the Secretary for DCF or the Secretary of KDOC as appropriate.

7 TRANSPORTATION

7.1 Bus Conduct Policy

Students who attend Maize schools are fortunate to have transportation provided for them. This privilege contains certain responsibilities that include abiding by the State of Kansas and the Maize USD 266 school bus regulations. These regulations are posted and will be enforced on each bus. The driver is given the authority to ask for and expect discipline and courtesy from each student.

Procedure for disciplining a student using improper bus behavior:

- 1) **Verbal Correction** given to student(s) by the Bus Driver.
- 2) **First Warning** emailed to Parents/Guardians and principal. A principal will issue discipline measures.
- 3) **First Bus Conduct Report** emailed to Parents/Guardians and principal. A principal will issue discipline measures
- 4) **Second Bus Conduct Report** and beyond emailed to Parents/Guardians and principals. The Discipline Coordinator will issue discipline measures.
 - a. Second Bus Conduct may result in a bus suspension up to 5 days.
 - b. Third Bus Conduct may result in a bus suspension up to 10 days.
 - c. Fourth Bus Conduct may result in a bus suspension up to one semester.
 - d. Fifth or beyond may result in a bus suspension for the rest of the school year.

Disciplinary action can result in loss of riding privileges. Multiple reports will result in loss of riding privileges up to and including the school year. Suspension lengths can be longer if the offense is of a severe nature.

Once a month a Bus Safety class will be held at the Transportation Office on the second Saturday morning of each month. This class can be taken in lieu of the first Bus Suspension. The class will be approximately an hour long, the student and at least one Parent/Guardian will be required to attend. If the student fails to attend class, bus suspension will have to be served. Class is scheduled through the Discipline Coordinator in the Transportation Office.

Surveillance systems are used on the buses. The surveillance systems are intended to discourage student misconduct while students are being transported. Recordings will be reviewed, as necessary, by an administrative team with appropriate action toward misbehavior

implemented. Video recordings capturing misbehavior may be used at conferences with parents and as evidence for disciplinary action.

These rules are comprised of State Laws and Maize USD 226 regulations. The rules apply anytime the student is riding a school bus. Any act which may endanger the safety of others may be cause for temporary or permanent suspension of bus riding privileges.

7.1.1 Prior to Loading Buses

- Students must be at their assigned stop five minutes prior to scheduled pick up time. Be outside at the stop. In extreme weather students may wait inside, but must be on the way to the bus as it approaches. The bus cannot wait beyond its regular schedule for those who are tardy.
- Bus riders shall conduct themselves in a safe manner while walking to the bus stop, waiting for the bus and boarding the bus. Walk on the far left-hand side of the road facing traffic when going to the bus stop. Never stand in the roadway. Stand single file in an orderly manner while waiting for the bus. If you must cross the street to board the bus, do so only after directed to do so by the bus driver and after you have looked both ways before you enter or cross the street. Wait until the bus comes to a complete stop and red safety lights are flashing before attempting to enter the bus. The bus will stop at least six (6) feet away from the closest student.
- The district will directly notify parents regarding no-school snow days or inclement weather that will affect district-provided transportation. In the event of a school cancellation, the district will send that information to parents via phone call, email, and text message for those who receive it. A post also will be added to the district's website and official social media accounts.

7.1.2 Loading and Unloading Buses

Pick-up and delivery locations for students being transported by school vehicle will be determined at the beginning of the school year. Only one pick-up and drop-off location will be allowed at residential addresses or day care provider addresses within school district boundaries. When USD 266 students or their parents waive district provided transportation to off-campus service, the district will not be responsible for providing transportation cost reimbursement. A change of locations during the school year will be approved for the following reasons:

- Change of residence within the district.
- Change of day care provider within the district.
- Court Order involving visitation rights during the week.

Please note: if a student is going home on a bus other than their regular route, it is the

responsibility of the student to have a principal's signature on the note sent by the parent before he/she gets on the bus. If a student is going home with another student, both students must have notes to that effect, signed by their parents/guardians and signed by a principal. This option is not available to use to create a secondary drop-off location that is part of a regular routine (such as every other Friday or riding home with the same student every Monday).

Pre K, Kindergarten, and any other student requiring an adult appointed representative, must have a Parent/Guardian or appointed representative wait with him/her to load the bus. Also, a Parent/Guardian or an appointed representative must meet the bus at the scheduled drop off time. If someone is not there to meet the Pre K/Kindergarten student, or any other student requiring adult supervision, the student will be taken back to their school. If the Pre K/Kindergartener, or any other student requiring adult supervision, has an older sibling, they may act as a representative with a note signed by the parent/guardian stating this. If a student continues to be in a position where they are left unsupervised, authorities such as local police or Department of Children and Families may be contacted.

Student(s) are not allowed to load or unload at unassigned stops without Transportation approval. i.e. If a student is late, they are not allowed to get on the next stop or any after.

7.1.3 State of Kansas Laws and Regulations for Drivers

- The driver is in charge of all passengers while they are riding, loading, and unloading from the bus.
- Each school transportation provider shall ensure that openings for the service door, emergency exits, and aisles are kept clear of any obstructions.
- Each school bus driver shall direct students who cross the roadway when loading or unloading from a school bus to cross only in front of the bus. The driver shall ensure all traffic has stopped and shall instruct students to wait for a signal before crossing the roadway.
- Each driver shall ensure that all students who have unloaded from the bus have moved a safe distance away from the bus before the driver moves the bus.

7.1.4 Student Expectations

- Obey the driver promptly and courteously.
- In the interest of safety, only low conversational volume levels are acceptable. Unnecessary conversation with the driver is prohibited while the bus is moving.
- When boarding the bus, go quickly and quietly to assigned seat; face forward in the seat, with feet on the floor at all times.

- Keep arms, head and all parts of the body inside the bus at all times.
- Assist to keep the bus clean and free from trash.
- Treat bus equipment with respect. Damage to seats, etc., must be paid for by the offender(s). Any damage to the bus is to be reported at once to the driver.
- Students shall not tamper with the controls or the equipment on the bus.
- Do not throw anything out of the bus windows. This is littering and could result in a fine from Law Enforcement.
- Keep books, packages, coats, feet and all other objects out of the aisle.
- All musical instruments and other personal items must be taken by the student to his/her seat. If these items are too large for the student to hold without depriving another student of his/her seat, then the student must make other arrangements for their transportation.
- Students are to remain seated while the bus is in operation.
- Absolute quiet is necessary at railroad crossings. Drivers may ask for silence from passengers when they are faced with adverse driving conditions such as snow and ice.
- School projects are allowed on the bus, if they are in a sealable container. Students are responsible for any mess a project causes on the bus.

- Drivers have the right to ban items deemed a safety issue or causing disturbances from their respective bus.
- Students should inform the driver, when possible, of their intention not to ride the bus

7.1.5 Student Expectations when exiting the bus/district vehicle

- Never cross behind the bus. If you have to cross the street after debarking, walk along the side of the road in front of the bus until you can see the driver's face. Wait until the bus driver signals you to cross. Then walk checking traffic in both directions before crossing the other lane of traffic.
- Remain off the roadway until the bus pulls away. If your child checks the mailbox, teach him/her to wait in the drive until the bus pulls away before checking the box.
- Never return to the bus for any reason after unloading. It is recommended that students have a book bag or sport bag in which to carry all papers, books, shoes, etc. – all loose items. This is especially important for younger riders who might forget the danger of chasing a paper or other dropped item under the bus.
- Any person(s) who waits for student(s), should stay far away from the street and never go near the bus at any time. Driver will stop the bus in a safe location away from anyone waiting at the bus stop.

Please check the district website each year for the next year's availability.

 - the student has been given a long-term suspension or expulsion by the district in the current school year.

9.1.3 Part-time Students

- requests to enroll part-time in the school district; and

- meets the age of eligibility requirements for school attendance.

District administrators shall make a good faith attempt to accommodate scheduling requests of students enrolling in the school district in these situations but shall not be required to make adjustments to accommodate every such request.

Part-time students, other than those specified previously in this policy, may enroll with the administration's permission if they complete all paperwork in a timely fashion and are in attendance no later than September 20. Such part-time students may be admitted only to the extent that staff, facilities, equipment, and supplies are available, and the students follow the district's student conduct policies and rules.

9.1.4 Students Experiencing Homelessness

Children who are "homeless" as defined by Kansas law and who are located in the district will be admitted as resident students. Homeless students are individuals who lack a fixed, regular, and adequate nighttime residence.

Any child who is experiencing homelessness shall be permitted to enroll in and attend the school district of origin or the school district of residence. The district, in accordance with state and federal law and the Kansas state plan, will ensure that homeless children in the school district have access to a free and appropriate public education.

9.1.5 Students in Foster Care

The district, in accordance with state and federal law and the Kansas state plan, will ensure students placed in foster care within the school district have access to a public education in a stable educational environment. For the purposes of this policy, "foster care" means 24-hour substitute care for children placed away from their parents and for whom a child welfare agency has placement and care duties.

9.2 Records for Enrollment

9.2.1 Health Assessment Documents

All students under the age of nine shall submit evidence they have undergone a health assessment prior to entering kindergarten or before enrolling in the district for the first time. The assessment may be completed by a physician or by a nurse licensed by the Kansas Department of Health and Environment. Failure to comply with this policy will result in a student being excluded from school until compliance is achieved. Exemption under this policy may be obtained by a written statement sent to the school nurse that is signed by one parent/guardian and states that the student is adherent of a religious denomination whose teachings are opposed to such assessments.

The above requirement is not to serve as a barrier to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary documentation of health assessments.

All students engaged in athletic activities covered by KSHSAA rules shall provide the building principal with proof of a physical examination and clearance to participate. Principals shall work cooperatively with local, county, and state health agencies to disseminate materials related to the availability of health assessments.

Please Note: A child enrolling in grades 2-12 for the first time must present a certified copy of his/her birth certificate within 30 days of the enrollment date.

The above requirements are not to serve as barriers to immediate enrollment of students designated as homeless or foster children as required by the Every Student Succeeds Act (ESSA) and the McKinney-Vento Act as amended by ESSA. The district shall work with the Department for Children and Families, the school last attended, or other relevant agencies to obtain necessary enrollment documentation.

If proper proof of identity is not provided within 30 days of enrolling, the superintendent or designee shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child. If informed the student may be "missing," district officials shall cooperate with law enforcement and/or DCF officials in the investigation without notifying any person claiming custody of the child. The school will not contact parents or guardians during this time; the school will not inform those individuals involved of the investigation.

is a resident of this district or is enrolled in a member district of the cooperative. Special education services are provided for such children, including individual educational programs, in the least restrictive environment.

Placement in special education programs offered by the Maize cooperative is accomplished through a screening process. Please contact the counselor or principal for further information regarding special education programs.

9.4 Section 504 Accommodations for Students

In accordance with the provisions of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act, the district is committed to providing students with disabilities the opportunity to participate in and benefit from its programs and activities. Accordingly, the district will make reasonable modifications to its programs and activities to accommodate otherwise qualified students with disabilities, unless such modifications would impose an undue burden on the operation of the particular program or activity or would fundamentally alter the nature or purpose of the program or activity. No district board member, employee, or contractor shall retaliate against any person because of his or her exercise of rights under Section 504.

504 plan eligibility is evaluated through a screening process. Please contact the counselor or principal for further information regarding 504 accommodations.

- When a student transfers from an accredited school to USD 266 high schools, a total of one credit will be accepted from religion-based coursework. The credit will be an elective credit, unless the term “history” is included in the title of the coursework. If the title includes “history,” a social studies elective credit will be granted for the transferring course.
- Graduation from the high schools requires 28 credits for grades 9-12. The specific requirements are outlined in the student enrollment booklet and in this district student handbook. Adult students whose four- and five- year cohort groups have graduated may graduate based on the minimum number of required units of credit as provided by the Kansas State Department of Education.

- Grade classification at high school is based on the number of credits earned: Four (4) credits are required for sophomore status, twelve (12) for junior status and eighteen (18) for senior status. Students are reclassified each August or January.
- Two credits can be earned from a district other than Maize USD 266 for the purpose of remediation and must have prior approval. The following policies apply in all circumstances and can only be waived at the discretion of the principal.

This will require counselor recommendation and principal approval. Credits may be earned on university campuses, online, via distance learning, or by correspondence. The student is responsible for financial obligations when credits are approved through these avenues. Prior approval must be granted by the principal to allow the student to receive

high school credit for such offerings. See additional information above regarding college and career opportunities.

By attending a game/event as a spectator or participant, you agree to:

- Be a supportive and positive fan - not a disruption to the game/event. Students are not permitted to leave the building during dances or any other school function and return later, unless prior permission is granted. As a preventive measure, the sponsors and/or supervisors of any student dance may use a breathalyzer at any time before, during or after the dance. Testing may be done on a random basis or when a sponsor and/or supervisor of the dance suspects a student of alcohol use. If the student refuses to take the test or if the test results are positive, the student will receive the disciplinary actions outlined in the Drugs/Alcohol section [7.3.4](#) of this handbook.

10.9.1 High Schools

Students in grades K-8 are not permitted to attend high school dances. Doors may be closed at an established and advertised time. Once a student leaves the dance, he/she will not be permitted to return. If a student brings an out-of-school guest, they must fill out an outside guest request form. Guests may range in age from freshman in high school to 20 years old. Student ID cards must be presented for admission. Students who do not have their current permanent ID cards will not be allowed to attend high school dances. School-appropriate dancing will be required.

10.9.2 Middle Schools

Middle school students will have the opportunity to attend socials and dances throughout the year. Students may not bring guests. No attendance is allowed if the student has been in ISS or OSS that day or absent a half day (three periods) because of illness. Students who do not have their current permanent school ID cards will not be allowed to attend middle school events. If a student leaves the building during the dance, he/she will not be allowed to return.

11 FEES

11.1 General Fee Information

Maize USD 266 requests payment of school year fees during the enrollment period, when a fee is posted to the student's Skyward Family Access Fee Management account, or when the parent/guardian is notified by the student's school that a specific fee is due.

Full payment of all student fees is expected during the school year the fee is incurred. Partial payments may be made throughout the school year as long as the student's Skyward Family Access Fee Management account balance is paid in full by the end of the school year. The school district may withhold student diplomas for outstanding fees. Maize USD 266 will refer outstanding fees from prior school years to a collections agency.

11.2 Curriculum Fees (Grades Pre-K -12)

A district-wide annual curriculum fee is collected at the time of enrollment. Curriculum fees are rental fees that help cover the cost of textbooks, workbooks, and student software. The curriculum fee does not pay for yearbooks, use of district-owned musical instruments, replacement ID cards, paper, pencils, erasers, crayons, and ordinary supplies the student needs during the school term. Curriculum fees for new or returning students who enroll after school begins are pro-rated in quarterly increments. Students are reminded that any damage done to a textbook will result in the student replacing the books at their expense.

11.3 Athletic Fees (Grades 7-12)

An annual athletic fee will be charged to any student participating in extracurricular athletic programs (including cheerleading and dance).

11.4 High School Fees (Grades 9-12)

Materials and fees not included in the district-wide annual curriculum fee will be collected separately and include: Driver's Education (an online course with the fee paid before a student can log on and begin the course), Ingenuity courses, yearbooks, rental of district-owned musical instruments, and replacement ID cards. Some high school courses provide students the opportunity to complete projects (i.e. Art, Family & Consumer Science, Industrial Technology). If a student chooses to take these classes, the student may be required to pay for the project supplies.

11.5 Pre-K Fees

The Maize School District offers a fee-based pre-kindergarten program at the Maize Early Childhood Center. Enrollment is open to all families who live in the Maize school district as long as space is available. Tuition for this program is \$260 per month for the 4-day classes and \$130 per month for 2-day classes. A nonrefundable deposit of \$260 and \$130 respectively is due at

the time of enrollment, with monthly tuition due the first of each month, September through April. The fees for this program may be waived for families who qualify under state at-risk criteria through the grant-funded Kansas Preschool-aged Program. Students enrolling in Pre-K after school begins will pay full month tuition if they enter the program between the 1st and the 15th day of the month. Students entering Pre-K from the 16th through the last day of the month will pay ½ month tuition. If the school is closed for reasons beyond the district's control for 3 or more consecutive school days, tuition will be half the rate for that period of time. If parents choose to withdraw their child they must give a two-week written notice, payment is expected during this time.

11.6 Waived Fees (Grades Pre-K -12)

A student's curriculum fee and/or athletic fee (if applicable) may be waived if the Application for Free and Reduced Price School Meals form and the Consent for Disclosure form are completed and benefits are approved by the Director of Food Service. An online Free and Reduced Meal application and Consent for Disclosure can be found in Skyward Family Access under the Food Service tab by clicking "Application" in the top right-hand corner. A paper application can be found at any district building or on the district web page, www.usd266.com. Submit the application to the Educational Support Center, 905 W. Academy Ave, Maize, KS 67101, Attn: Food Service. Contact the Food Service office at (316) 722-0900 if you have questions. Parents must reapply each school year for this benefit.

11.7 Fee Refunds

11.7.1 Curriculum Fee Refunds (Withdrawn Students)

If the annual curriculum fee has been paid and the student withdraws, a full refund will be given if the student withdraws by/on Sept. 20. After Sept. 20, the refund will be prorated in quarterly increments. Refunds for fees paid by check will be issued after the check has cleared the bank. Students who are removed from school for a term/nine weeks, semester, or year due to attendance or disciplinary problems forfeit a refund on all fees.

11.7.2 Curriculum Fee Refunds (Waived Fees)

If the annual curriculum fee has been paid and the student becomes approved for a waived curriculum fee, a full refund will be given if the student is approved by/on Sept. 20. After Sept. 20, the waived curriculum fee refund will be prorated in quarterly increments.

11.7.3 Athletic Fee Refunds

The annual athletic fee may be requested and fully refunded prior to, but not after, the first team contest/game. If the annual athletic fee was paid and the student becomes approved for a waived athletic fee, a full refund will be given if the student is approved by/on Sept. 20. If the student becomes approved for a waived athletic fee after Sept. 20, no refund will be given.

11.7.4 Pre-K Fee-Based Tuition Refunds

The initial deposit for Pre-K is not refundable or transferable. If the student is withdrawn between the 1st and the 15th of any month from September through April, and the parent has provided two-weeks written notice, the building may reimburse half of that month's tuition fee. If the student withdraws after the 15th of the month, tuition will not be reimbursed for that month.

12 FOOD SERVICE

12.1 Food Service Program

The Maize USD 266 Food Service department offers breakfast and lunch programs in all K-12 buildings. Menus and nutritional information can be found at usd266.nutrislice.com or on the NutriSlice app. All food served meets or exceeds requirements by the National School Lunch Program and Smart Snacks guidelines.

USD 266 uses the Skyward Food Service and RevTrak fee payment systems. Breakfasts, lunches and milk may be debited from their accounts with their meal cards. Parents keep as large a balance as they wish in a child’s account (for example: \$5, \$10, \$15 or more). A damaged or lost meal card should be reported to the lunch clerk.

Free and Reduced meal benefits are available for families that apply and qualify. Families must apply each year for meal benefits using the online application in the Food Service tab in Skyward Family Access or by using the application form available in any school building or on the district website. Please allow 10 days for applications to be processed and provide your student with meal money until the application is processed. Any negative balances acquired before an application is approved are still the responsibility of the family.

Families who qualify for free or reduced benefits may also complete a Consent for Disclosure form to grant Food Service permission to share that status with other district programs.

12.1.1 Meal Prices

Maize USD 266 Meal Prices 2024-25				
	Breakfast		Lunch	
	Reduced	Paid	Reduced	Paid
K-8	\$0.30	\$1.90	\$0.40	\$2.55
9-12	\$0.30	\$1.95	\$0.40	\$2.85

12.1.2 Meal Payment Policy

Households are encouraged to deposit money into meal accounts in advance of meal service via the online payment system in Skyward Family Access, or payments can also be made in person at the building via cash, check or credit card. Automatic phone calls, text messages and emails notify the families daily when account balances are low. Payment to cover the cost of an a la carte purchase or adult meal must be in the patron's account or provided at the time of purchase.

12.1.3 Unpaid Meal Balance Policy

USD 266 wants children to be nourished and prepared to learn while still ensuring financial responsibility to patrons. Please see BOE-1002 5.19.5 for unpaid meal balance policy.

After a negative balance occurs:

- Food Service staff will notify families of unpaid charges.
- Students with a negative balance will be allowed to charge alternate lunches (Peanut butter or Deli meat sandwich, fruit, vegetable, and milk) and alternate breakfasts (graham cracker & milk) at a rate of \$0.45. Care will be taken by staff members requesting and distributing any alternate meals per this policy to do so discreetly, while protecting the privacy of the student and the student's parent or guardian regarding negative account balances. When providing an alternate meal, district staff will provide reasonable accommodations to students with disabilities with special dietary needs.
- Following service of the third alternate meal, the student's charge account will be suspended and the Director of Food Service will be notified by the Lunch Clerk.

At least one written warning (in conjunction with an automated email, text for phone call, followed up by email or call from the clerk) will be provided to a student and his/her parent or guardian prior to denying meals for exceeding the district's charge limit. Access to this policy will be provided to the student's parent or guardian with the written warning. Any delinquent debt that is not repaid by June 1 of each school year shall be considered bad debt for the purposes of federal law concerning unpaid meal charges.

Payments for school meals may be made by calling the school's kitchen or online through Skyward Family Access. Students, parents, and guardians of students are encouraged to prepay meal costs.

12.1.4 Closed Lunch

Maize Schools have a "CLOSED LUNCH" policy. Students will be expected to eat at school. Students who live within walking distance of the school may be excused to walk home for lunch provided a written request and permission is received from the parent. Permission must be renewed each year. Students will remain in the lunchroom until their designated lunch ends.

12.1.5 USDA Nondiscrimination Statement

 - Impetigo: May attend school once prescribed therapy is started.

- Pinkeye (bacterial conjunctivitis): May attend school once prescribed therapy is started.
- Ringworm of the skin and scalp: May attend school if receiving treatment.

* The principal of the school where these diseases and environmental concerns exist may discretely and appropriately communicate with the families of those students who may be affected.

A child may be excluded for an additional period of time if the principal or other school personnel believe it is necessary for the child's protection or for the protection of the other children. If a child is excluded because of a suspected communicable disease, certification by a licensed provider is required for readmittance. In the event of an outbreak of any of these or other communicable diseases, the health officer may issue restrictive requirements as needed.

15.2 Immunizations

Each school year, every student enrolling or enrolled in any school for the first time, and each child enrolling or enrolled for the first time in a preschool or day care program operated by a school, prior to admission to and attendance at school, shall present proof that the student has received such tests and inoculations as are deemed necessary. Students who have not completed the required inoculations may enroll or remain enrolled while completing the required inoculations if a physician or local health department certifies that the student has received the most recent appropriate inoculations in all required series. Failure to comply will result in exclusion from school on a date set forth by Maize Board of Education policy.

As an alternative to the certification required:

- 1) An **annual** written statement signed by a licensed physician stating the physical condition of the child to be such that inoculations would seriously endanger the life or health of the child.

OR

- 2) A written statement signed by one parent/guardian that the child is an adherent of a religious denomination whose religious teachings are opposed to inoculations.

If one of the above documentation of immunizations is not received, a student may be subject to exclusion from school attendance until such time as the student shall have complied with the requirements. A written notice will be sent to the parent/guardian stating the reason for exclusion.

15.3 Health Assessment Policy

As required by Kansas State law, all students up to the age of nine must have on file, at the appropriate school, a completed health assessment (physical) form. The assessment may be completed by a physician or by a nurse certified by the Kansas Department of Health and Environment. Failure to comply with this policy will result in a student being excluded from school until compliance is achieved. Exemption under this policy may be obtained by a written statement signed by one parent/guardian that the student is adherent of a religious denomination whose teachings are opposed to such assessments.

15.4 Medication Policy

15.4.1 Supervision of Medication

Any medications that can be taken at home, under the supervision of a parent/guardian, should be taken at home before or after school.

All medications to be taken at school during the school day, including over-the-counter (OTC) medications, must be administered through the health room under the supervision of the school nurse. All medications should be left in the nurse's office (see exceptions in section 9.46). Prescription medication brought to school must be in the original container with a current prescription label on the bottle including the student's name, date, medication name, dosage, and time to be given. Controlled medications must be submitted with the Medication Count section on the Authorization for Medication form completed.

Every health room is stocked with a limited supply of OTC medications – Acetaminophen, Ibuprofen, Tums, Diphenhydramine (generic for Benadryl), and Cetirizine (generic for Zyrtec) – available at no charge to students. A parent/guardian must sign the Authorization for Medication form before OTC medications can be administered. The school nurse will be the final authority on whether any OTC medication is administered.

Students must have a signed Authorization for Medication form on file at the school stating that he/she may take OTC medication, other than those dispensed from the health room, at school before the nurse can dispense the medication.

Only FDA approved prescription and OTC medications may be administered by school personnel. OTC medication will be given per package label dosing instructions, unless otherwise prescribed by a physician.

15.4.2 Administration of Emergency Opioid Antagonists

The school district will keep a supply of emergency opioid antagonists in schools and other buildings for use during a suspected opioid overdose. At least one dose will be kept with each automated external defibrillator (AED). If supplies permit, two doses may be kept with each AED. Additional doses may be available in the school health room, or front desk of district operations buildings.

The Executive Director of Health, Safety and Prevention will ensure that training for first aid for opioid overdoses shall be obtained by each school nurse and other staff members designated by the superintendent to respond to potential opioid overdose emergencies. Staff members personally acquiring an emergency opioid antagonist for use as a patient or bystander are encouraged to inform the school nurse or the Executive Director of Health, Safety and Prevention so that they may be trained in proper response to a potential opioid overdose emergency.

The Executive Director of Health, Safety and Prevention will be responsible for the procurement of the school district's supply of emergency opioid antagonists, ensuring the product is stored according to the manufacturer's instructions, ensuring quarterly inspections of the product, and documenting the expiration date of each dose.

Any staff member or bystander who observes a potential opioid overdose should immediately call 911. Following the administration of a dose(s) of emergency opioid antagonist, the person administering the medication will report to emergency services their actions. Any use of an emergency opioid antagonist at any school facility or school event shall be reported to the Executive Director of Health, Safety and Prevention as soon as practical.

Any patient, bystander, school nurse, or a first responder, scientist or technician operating under a first responder agency, who, in good faith and with reasonable care, receives and administers an emergency opioid antagonist to a person experiencing a suspected opioid overdose shall not, by act or omission, be subject to civil liability, or criminal prosecution, unless personal injury results from the gross negligence or willful or wanton misconduct in the administration of the emergency opioid antagonist.

15.4.3 Anaphylaxis Medication

The school district provides non-student specific epinephrine autoinjectors (epinephrine kit) in all schools. Epinephrine from an epinephrine kit shall be used only in emergency situations when the person administering the epinephrine kit reasonably believes that the signs and symptoms of anaphylactic reaction are occurring and if administered at school, on school property, or at a school-sponsored event.

The school district shall consult with a pharmacist licensed by the state board of pharmacy. The consulting pharmacist shall have supervisory responsibility for maintaining the epinephrine kit.

The consulting pharmacist shall be responsible for developing procedures, proper control and accountability for the epinephrine kit. Periodic inventory shall be required, and the epinephrine kit shall be maintained under the control of the consulting pharmacist.

Any use of an epinephrine kit at any school facility or school event shall be reported to the Executive Director of Health, Safety and Prevention as soon as practical.

15.4.4 Accommodating Students with Diabetes

As used in this policy, diabetes management and treatment plan means a plan prepared and implemented for a student with diabetes which is prescribed by a physician licensed to practice medicine and surgery; a certified, advanced registered nurse practitioner who has authority to prescribe drugs; or a licensed physician assistant who has authority to prescribe drugs pursuant to a written protocol with a responsible physician.

Self-care of diabetes may be allowed for students in grades K-12. To be eligible, a student shall meet all requirements of this policy.

Parents or guardians shall submit a written diabetes management and treatment plan from the student's health care provider. The student shall provide written authorization from the student's health care provider and parent or guardian stating the student has been instructed on managing and caring for their diabetes and is authorized to do so in school. An annual written renewal of parental authorization for the self-care of diabetes shall be required.

While at school, each student capable of managing and caring for the student's diabetes will be allowed to:

- Perform blood glucose level check;
- Administer insulin through the delivery system the student uses;
- Treat hypoglycemia and hyperglycemia;
- Possess the supplies or equipment necessary to monitor and care for their diabetes; and
- Otherwise attend to the management and care of the student's diabetes in the classroom, in any area of the school, on school grounds, or at any school-related activity.

Notwithstanding the above, the district reserves the right to put reasonable place and manner procedural safeguards in place for the safe and nondisruptive exercise of such rights by students with diabetes.

The board and its employees and agents, who authorize the self-administration of medication and treatment for diabetes in compliance with the provision of this policy, shall not be liable in any action for any injury resulting from the self-administration of medication. The district shall provide written notification to the parent or guardian of a student for whom this policy is applicable that the board and its employees and agents are not liable for any injury resulting from the self-administration of medication. The parent or guardian shall sign such notice and acknowledge that the district incurs no liability for any injury resulting from the self-administration of medication and agrees to indemnify and hold the board and its employees and agents harmless against any claims relating to the self-administration of medication pursuant to this policy.

15.4.5 Self-Administration of Medication

Students with asthma or allergies may carry and self-administer emergency medications (inhaler, epinephrine auto-injector) subject to the following provisions.

An Authorization for Medication form signed by the student's physician must be provided with the medication. The physician's statement must include a treatment plan for managing asthma or anaphylaxis episodes and for medication use by the student during school hours. The student must be able to demonstrate to the school nurse, or the school nurse's designee, that the student has the skill level necessary to use the medication and any device that is necessary to administer the medication. Parents must submit any additional documents required by the school. Parent authorization to self-administer medication for a student must be renewed annually.

All teachers responsible for the student's supervision shall be notified that permission to carry medications and self-medicate has been granted to the student. The school district, its officers, employees and agents are not liable for damage, injury or death resulting directly or indirectly from the self-administration of medication. The physician's written treatment plan and the parent authorization for self-medication shall be kept on file in the school office. Any back-up medication provided by the student's parent/guardian shall be kept in a location to which the student has immediate access in the event of an asthma or anaphylaxis emergency. Any authorization granted under this section shall allow a student to possess and use the student's medication at any place where a student is subject to the jurisdiction of the supervision of the school district.

Students may carry and self-administer cough drops at school unless the parent/guardian requests supervision. Prior to the student bringing cough drops to school, the parent/guardian must complete the Authorization for Medication form and have it on file with the school.

15.4.6 Student Misuse of Medication

Unless otherwise provided herein, students found to be self-administering their own medication at a dosage or rate exceeding product label instructions; distributing over-the-counter or prescription medications to other students; or using or possessing another person's over-the-counter or

prescription medication will be subject to disciplinary action, up to and including suspension and expulsion from school.

15.5 School Liability

USD 266 employees, including registered nurses (as an individual and as an employee) or designated person, who administer medication in accordance with physician instructions or parents/guardian instructions (not to exceed over-the-counter bottle directions) shall not be held liable for damage resulting from adverse reactions. In the event of an adverse reaction, the student will be treated according to standard emergency care guidelines.

15.5.1 Student Accident Insurance

The district does not provide any type of health or accident insurance for injuries incurred by students at school.

Families are encouraged to have insurance on their children prior to participation in any sport or school-sponsored activity. The Maize school district has insurance information available to students who wish to purchase insurance voluntarily. Forms are available in school offices.

16.2 Parties/Events

Our schools are fortunate to have an active Parent/Teacher Organization (PTO). Kindergarten through fourth grade room parents are in charge of three parties a year: fall, valentine and spring. The teacher/principal must approve other parties. Birthday treats may be sent with a student and supervised by the teacher. Individual invitations to personal events or parties may not be distributed at school. PTO volunteers are not responsible for providing parental/adult supervision at events (i.e. skating parties, fun nights, etc.).

16.3 Deliveries

Deliveries for students, including flower and balloon bouquets, will not be accepted at any of the schools. Deliveries made by outside restaurants or food delivery services will not be accepted. Parents may deliver items to their own student and only if approved by the principal.

16.4 Visitors

We encourage parents and other interested persons to visit school during the year. For the safety and welfare of everyone, all visitors/volunteers must report to the school office before going to the classrooms. Arrangements should be made with the teacher in advance to visit a classroom. Visitors/volunteers are required to present a valid photo I.D., wear school-issued identification, and should in no way interfere or impede normal school business.

Volunteers who work with individual students/staff are expected to respect the privacy and confidentiality outlined in the Family Education Rights and Privacy Act.

Professionals such as social workers, therapists, court service officers, etc. that request to visit with students during school hours will be required to show a photo and agency ID and/or other credentials. Appropriate consent to communicate forms may be sought by administration prior to student contact.

Children of preschool age are not permitted to visit a classroom unless accompanied by an adult. Students enrolled at other schools are not permitted to visit during school hours.

16.5 Teacher Qualifications

Parents of a student attending a school that receives federal funds, have the right to know the professional qualifications of each teacher. Parents have the right to ask for the following information about each teacher who works with their child:

- Whether the teacher is certified by the state of Kansas to teach the grades and subjects he or she teaches.
- Whether the teacher is teaching under an emergency or other provisional certificate.
- The teacher's college major.
- Whether the teacher has any advanced degrees and, if so, the subject of those degrees.
- Whether aides or paraprofessionals provide services to your child and, if so, qualifications of the aide or paraprofessional.

If you would like to receive any or all of this information, please contact the school principal.

16.6 Telephone Use

The office telephones are business phones and are not for the personal use of the students. Students may use them to contact parents or guardians in an emergency only.

16.7 Student Records

All student records shall be treated as confidential and primarily for local school use unless otherwise stipulated. Access to student records, excluding student data submitted to or maintained in a statewide longitudinal data system in accordance with board policy, shall be permitted as set forth in board policies pertaining to the confidentiality of student records.

When records include information on more than one student, the parents/guardians of any student shall have access to copies of that part of the record that pertains to their child. Each school shall establish procedures for the granting of a request by parents/guardians for access to their child's school records within a reasonable period of time, but in no case more than 45 days after the request has been made.

In situations where the parents of a student are divorced or separated, each parent, custodial and/or non-custodial, shall have equal rights to their child's records unless a court order specifies otherwise. Private agreements between the student's parents shall not be recognized by the district's personnel.

Parents/guardians shall have an opportunity for a hearing to challenge the content of their child's school records to ensure that the records are not inaccurate, misleading or otherwise in violation

of the privacy or other rights of students; to have an opportunity for the correction or deletion of any inaccurate, misleading or otherwise inappropriate data contained therein; and to insert into records the parent's/guardian's written explanation of the content of the records.

Any eligible parent/guardian or student may inspect the personal records of the student during regular school office hours. The district reserves the right to interpret selected records to students and/or parents/guardians at the time of the inspection.

When a student attains 18 years of age, the permission or consent required of and the rights accorded to the parents of the student shall thereafter only be required of and accorded to the student.

Individual student files are not available for public inspection. Except as provided in board policy with regard to student records which are student data submitted to or maintained in a statewide longitudinal data system, the custodian of student records shall disclose the student's educational records only as provided for in this policy.
