

Student Conduct on Buses

The privilege of riding a school bus is contingent upon a student's good behavior and observance of the student code of conduct and established regulations for student conduct both at designated school vehicle stops and on board school vehicles.

The operator of a school bus shall be responsible for the safety of the students in the vehicle, both during the ride and while students are entering or leaving the vehicle. Students shall be required to conform to all regulation concerning discipline, safety, and behavior while riding in the school vehicle. It is the vehicle operator's duty to notify the supervisor of transportation and the principal of the school involved if any student persists in violating the established rules of conduct.

After due warning has been given to the student and to the student's parents/guardians, the administration may withhold from the student the privilege of riding the school vehicle. Violation of district policies and regulations while in a school vehicle may also result in the student's suspension or expulsion from school, in accordance with district policy.
