## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

Wilcox opened in September of 1961 with freshmen and sophomores, graduating its first class in June 1964. The school is located on a 33-acre campus two blocks east of Lawrence Expressway and is surrounded by private homes and apartments. Wilcox serves students from Santa Clara, Sunnyvale, and North San Jose. Wilcox High School has a student-centered culture where student needs are put first when planning programs and allocating resources. We offer a robust educational program with a variety of options for students including unique CTE pathways, a strong computer science program, an exceptional AP program and a MakerSpace facility. We offer a competitive athletic program where both female and male athletes have the opportunity to compete in 26 different sports. Wilcox also offers 2 unique spirit/performance team programs, over 60 cultural,

academic, or interest-based clubs, theater programs, music, and art.

Progress toward school SPSA Goals is monitored regularly at School Site Council meetings, annually through the Wilcox School Site Council survey to staff, students, parents, and community, as well as through the WASC Accreditation process. These goals are:

1. Investigate, implement, and increase access to specific resources to support English Learners and Students with Special Needs for the purpose of improving academic performance for career and college readiness.
2. Strengthen campus engagement (in and out of the classroom) for students, community, and staff.
3. Explore and provide equitable access and promotion of all curriculum and courses (CTE/AP/Electives) to the student population.
4. Identify instructional practices that will support achievement for students paying close attention to the achievement of EL, Latinx, SED, and SpED students.
5. Identify protocols to support effective collaboration to improve professional development outcomes, develop common assessments school-wide, and promote equitable grading practices.

### Wilcox Mission Statement

The purpose of Wilcox High School is to educate, empower, and enable all students to become caring, contributing citizens who can succeed in an ever-changing world. Wilcox High School is committed to focusing on high expectations and individual academic success and to creating a community of respect and responsibility.

### Wilcox Vision Statement

Wilcox High School will be a nurturing, safe, and professional environment that supports the educational success and social, emotional, and physical development of all students. Courses will be academic, engaging, and standards-based, with a focus on the learner. All school staff will be highly qualified and caring instructors who are attentive to the educational, cultural, and physical needs of students and the Wilcox community. Parents will be positive, supporting members of the school community. Students will be respectful, self-disciplined, productive citizens who think critically, make informed decisions, and act ethically.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

# School Facility Conditions and Planned Improvements

## General

Santa Clara Unified School District (SCUSD) takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, SCUSD uses a facility survey instrument developed by the State of California OPSC. The results of this survey are available by request made to the SCUSD's Facilities department at (408) 423-2061.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

## Maintenance and Repair

SCUSD maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

## Cleaning Process and Schedule

The governing board has adopted cleaning standards for all schools in SCUSD, Board Policy 3514. The policy can be found online at [www.santaclarausd.org/BoardPolicies](http://www.santaclarausd.org/BoardPolicies). The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

## Deferred Maintenance

SCUSD participates in the State School Deferred Maintenance Program to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

## Modernization Projects

SCUSD strives to be a model of financial responsibility, making every effort to spend taxpayer dollars wisely. At the same time, ongoing bond programs are necessary in a district this large, with so many students, teachers, and facilities needs. Bond funds allow the District to maintain safe, modern school facilities and bring in updated technology essential to student achievement. Measure B 1997 improvements included new elementary school play structures, new high school science classrooms and outdoor athletic facilities, the major renovation of eleven elementary schools, an ambitious roof replacement program, and two high school performing arts buildings. Measure J 2004 generated funds to modernize buildings and classrooms for middle schools, high schools, and the adult education campus. Measure H 2010 upgraded fire, safety and security systems, renovated and reopened a closed elementary school, installed solar panels to decrease energy costs, purchased the Agnews campus property, and expanded overcrowded schools. Measure H 2014 funds construction of three new schools on the Agnews campus, expands overcrowded schools, and addresses critical facility needs such as replacing roofs and adding air conditioning to elementary school classrooms. Measure BB 2018 funds the construction of three new schools, reconstructs fields, replaces aging play structures and playground paving, adds shade structures, and upgrades fencing and gates, among many other crucial projects. More: [www.santaclarausd.org/bond](http://www.santaclarausd.org/bond)

## Age of School Buildings

There are 74 classrooms, a multipurpose room, a library, locker rooms, two gymnasiums, a swimming pool, an administration building, and a performing arts theater. The main Wilcox campus was built in 1960-1962. Additions were made in 1970, 1974, 1977, 1982, and 2011. Portables were added and a new Science wing was built in 1998. The Mission City Center for the Performing Arts (MCCPA) was completed in February 2006. The MCCPA is a joint project between the Santa Clara Unified School District and the City of Santa Clara which includes a 360 seat theater, set construction workshop, dressing rooms, and a black box theater for rehearsals and smaller performances. The three-story classroom building was completed in 2011 with twenty-four new classrooms complete with LCD projectors, digital cameras, and an audio-visual teaching wall. Our main office and two-story classroom building renovation were completed in 2013. The quad and the multi-purpose building remodels were completed in 2014. The new multi-purpose building includes a student cafeteria, a student physical fitness center, and a staff lounge. The new quad area includes a raised stage area, lights, landscaping, and seating areas for students to eat lunch outdoors. Our parking lot also had solar panels installed in 2014.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2023-24 Career Technical Education Programs

Career Technical Education (CTE) prepares students to continue on to postsecondary education with expertise in specific areas. CTE supports high academic standards, includes career exploration, and is designed to offer students exposure to a broad range of career opportunities, access to relevant and rigorous educational programs that help them achieve their career aspirations, and opportunities to benefit from workplace learning experiences. Visit the school's website to view its course catalog for a full and current list of available career technical programs offered at the school.

Students at Santa Clara Unified School District have a variety of CTE programs to choose from. The high schools offer pathways in automotive technology, biotechnology, business technology, culinary arts, hospitality and management preparation, fashion design, marketing sales, and service and information technologies. Each CTE Pathway has a sequence of two or more courses that build knowledge, skill, and proficiency in a specific industry sector and can lead to industry certification and higher education programs. Articulation agreements with Mission and West Valley Community Colleges are in place for a number of our CTE Pathways, waiving the introductory course requirements once students begin their postsecondary education. Courses with articulation agreements include business, culinary arts, hospitality and management preparation, fashion design, digital media and information technology. Automotive, construction and biotech have dual enrollment opportunities for students. Most of our CTE classes offer University of California A-G approved course credit, making it attractive to students wanting both college preparation and the CTE experience. Junior and senior students at all high schools also have full access to work experience and a comprehensive selection of courses available at the Silicon Valley

## 2023-24 Career Technical Education Programs

Career Technical Education Center through MetroEd's joint powers agency.

Students in CTE courses are counseled by their program teacher and the full-time career center technician. All high schools have college and career resources that offer college and career planning. Career center technicians arrange college fairs; college visits and presentations with traditional colleges and universities, as well as technical and trade schools; job fairs; Armed Services Vocational Aptitude Battery (ASVAB) and other career assessment testing; scholarship and financial aid advising for all postsecondary schools.

All CTE teachers have received high-quality professional development around recruitment and supporting non-traditional and special population students as well as topics within their industry field. All CTE classes are aligned with the CTE model curriculum standards for California public schools. The CTE staff works closely with counselors, special education, and ELL facilitators to ensure full access and support for these special population students. All programs conduct an end-of-year review, which includes student surveys, grade analysis, enrollment data evaluation, and detailed descriptive narratives.

The district has Carl Perkins programs that follow the quality indicators and criteria for program approval. The district has developed professional partnerships with community organizations to help students prepare for the workforce and obtain work placements. The SCUSD CTE Advisory Board is composed of over 75 local industry representatives from our industry sectors with programs in our schools and is led by the Coordinator of Career Technical Education.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2024-25 Opportunities for Parental Involvement

Wilcox High School involves parents in their student's education by informing them of their student's progress and of upcoming events and opportunities. The school maintains a web page, regularly shares timely and pertinent information via Parent Square, holds parent-teacher conferences, and sends out frequent progress reports and grade updates via Aeries.

We have several parent organizations that help support programs for students through fundraising. Our Parent Teacher Student Association (PTSA) and our Dads, Grads, and Moms (DGM) booster club support athletics and curricular programs through volunteer hours and funding. The Music Booster club raises money for the music program. Parents also participate in student learning by serving on the School Site Council (SSC), and the English Learner Advisory Committee (ELAC), assisting librarians with textbook checkout, distributing registration and school packets, copy room volunteers, and fundraising.

The PIQE program is entering its 7th year on the Wilcox campus. This program invites Spanish-speaking parents to attend 9 weekly sessions, each focused on a different piece of the school system and how to understand and effectively navigate it.

## 2024-25 School Safety Plan

All California public schools kindergarten and grades one through twelve must develop a comprehensive school safety plan, per California Education Code sections 32280-32289. School safety plans assess school climate and safety, identifying goals and actions to improve safety and climate. The safety plan is written and developed with collaboration from students, parents,

community, and law enforcement. It is reviewed and updated annually with the School Site Council (SSC).

We are committed to providing a safe, responsible and respectful school environment for all students, staff, and community. We support and promote building a sense of community and belonging where every child feels included and valued, teaching children positive social skills and attitudes including resolving conflicts without violence, and preparing for and responding appropriately to emergencies and disasters to keep children safe.

The school safety plan is available for review in the school office and was approved by the School Site Council in 2024.

## 2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

## Fiscal Year 2023-24 Types of Services Funded

School Improvement Program (staff development and student enrichment), and other categorical funds (some examples are: college and career readiness, CTE pathways, math and English curriculum supports, and tutoring).

Wilcox High School has several specific programs designed to help students explore their academic and career options. Our efforts to help all students reach their academic and post-secondary goals include programs such as the national Advancement Via Individual Determination (AVID) program, Girls Achieving in Non-traditional Subjects (GAINS), Wilcox Business Experience (WBE) and more.

The AVID program prepares under-represented and first-generation college-bound students for four-year college eligibility by encouraging open access and enrollment in Advanced Placement and Honors courses, and by providing students with academic instruction, tutorial and counseling support, and motivational activities. AVID teachers work with other teachers to encourage writing as a tool of learning and inquiry, collaborative grouping and cooperative learning.

The GAINS program offers academic and post-secondary guidance and planning, career information, and mentorship to its student members and their families.

Wilcox also has the Culinary, Hospitality and Management Preparation (CHAMPs) Program, a three-year career pathway program in the area of Food Service and Hospitality. Additional educational options are provided through the Silicon Valley Career Technical Education program (SVCTE) which is serving approximately 40 Wilcox students this year in a variety of career technical education fields.

The Read 180 (Reading Intervention) program helps struggling readers become grade level readers.

After school tutorial is open every day after school and is staffed by 4 credentialed teachers (2 Science, 2 Math).

The PIQE program is entering its 7th year on the Wilcox campus. This program invites Spanish-speaking parents to attend 9 weekly sessions, each focused on a different piece of the school system and how to understand and effectively navigate it.

## Professional Development

Staff development activities and expenditures are tied to district and school goals including the SPSA, WASC, LCAP, and District Strategic Plan. Staff development time continues to support teachers in self-reflection, analysis of student achievement data, and collaboration activities designed to help reach achievement goals. We believe in modeling lifelong learning for our students by engaging in collaborative sessions and professional development opportunities that align with the school's Single Plan for Student Achievement (SPSA) goals and support student achievement in content standards and Expected Schoolwide Learning Results (ESLRs). District and school staff development programs support meeting the academic, social, and

## Professional Development

emotional needs of all students by providing opportunities for teachers to advance their skills, develop teaching strategies, and create curriculum. During staff in-service days, teachers share information about instructional practices, cognitive development and learning disabilities, and best practices for English Language Learners. These presentations and workshops help us understand who our students are so we can better support them with individual counseling, curriculum design, and instructional practices.

In addition to the number of school days dedicated to districtwide professional development, there is professional development happening on the school campus through professional learning communities, where teachers meet to discuss best practices while assessing student work.

This table displays the number of school days dedicated to staff development and continuous improvement.
