

For Children Entering Kindergarten in Fall 2025

Hudson Kiwanis Safety Town helps incoming Kindergarteners learn essential safety skills through hands-on experiences. Guided by Hudson Police and Fire Department officers, children engage in real-life scenarios to prepare for unexpected situations and build confidence in staying safe.

Goals

Through games, songs, and hands-on activities, children learn essential safety skills in a fun, age-appropriate environment. By the end of the course, they will understand how to cross the street safely, recognize pedestrian and motorist laws, identify safety signs, choose safe play areas, use playground equipment properly, follow bus procedures, and be aware of stranger safety. Each day, local safety professionals visit to reinforce these important lessons!

Registration

Children will be registered on a first come-first served basis. Sessions fill quickly.

 **Registration begins 10am, March 14th.** 

Please register early, online www.hudson.k12.oh.us/hcer or in person.
