

The College, Career and Military Readiness Annual Report summarizes Dallas ISD accomplishments to ensure that all students graduate from high school prepared to transition into college or a career. Postsecondary Success programs are designed to provide students with a strong academic foundation and college readiness while providing support systems. P-TECH and Early College Programs offer students an opportunity to earn an associate degree or up to 60 hours of tuition-free college credit by the time of high school graduation. In addition, the P-TECH and CTE programs are designed to support career education through workforce development and industry partnerships.

2024 Projection

Although all **College Readiness indicators** are **projected** to increase in 2024, the majority of the projected increase stems from the completion of **TSI criteria**.

*Data on Associate Degrees are based on District data

Three of four **Career and Military Readiness indicators** are **projected** to increase year over year. Industry-Based Certifications are projected to decrease by 19 percentage points.

TEA reported that the percentage of 2023 graduates who were **College, Career or Military Ready, College, or Career & Military Ready** exceeded their prior year levels.

National Student Clearinghouse Enrollment statistics show that the **percentage of graduates who enrolled in college within one year of graduation remained stable.**
