## 2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

### Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

## 2024-25 School Description and Mission Statement

Pinnacles Community School is operated by the San Benito County Office of Education. The staff believes all students can learn, given high expectations. Education is a shared responsibility which includes parents, students, staff, and the community. The mission of Pinnacles Community is to provide students with a safe and positive learning environment with modern resources and accommodations necessary to learn. The goal is to educate all students to their highest potential, so they will have the greatest range of personal options upon graduation. It is the 21st century vision of the San Benito Alternative Education sites to deliver meaningful, accessible curriculum through multiple avenues in a safe, supportive, and positive learning environment. With the help of our entire school community we will empower our students by developing the necessary

skills needed to join our complex world as an engaged citizen.

Pinnacles Community School serves youths in grades 7-12. Students with probationary status who attend are admitted based upon the following criteria: referral by San Benito County Juvenile Court School; referral by another school district when the student has been unsuccessful; expulsion from a school district; recommendation from the San Benito County Student Attendance Review Board (SARB) for habitual truancy; when a student moves to San Benito County and had been attending a community day school in their previous county of residence.

The school population is highly mobile. Average daily enrollment for Pinnacles Community School is approximately 15-20 students.

Teachers at Pinnacles Community School consistently align their curriculum maps, lessons, and formative assessments to the Common Core State Standards to achieve positive classroom results. Pinnacles Community teaching staff provide core academic courses in English Language Arts (ELA), Algebra, Geometry, History/Social Science, and Science. In addition, migrant education and special education services are available. Each student in class has the use of a Chromebook to access online coursework. Each student is assessed in English and Math using the STAR 360 program.

Personal and/or crisis counseling is provided by the school counselor, Mental Health Therapist and San Benito County Behavioral Health. The principal, school counselor, teacher, and other staff members provide additional mentoring and coaching in the areas of communication, grades, and social development. Pinnacles utilizes Restorative Justice (RJ) practices and is in the process of fully developing this program, as well as Positive Behavioral Interventions and Supports (PBIS).

Pinnacles Community School provides a safe, organized, and supportive environment that offers challenging appropriate opportunities for each student, thereby promoting equity and diversity. It fosters the academic achievement of all students, while developing the vocational and interpersonal skills required for success in a rapidly changing and technological world. The staff of the Community School instills a strong work ethic and respect for the community effort, while preparing students for active and productive roles in society as adults.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

## 2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

This program serves at-risk students who change schools frequently. The curriculum is coordinated and coherent across the sites and classrooms. The goal is to maintain educational consistency for students when they move from one site to another.

## School Facility Conditions and Planned Improvements

The Pinnacles Community School Facility Inspection Tool (FIT) reports an overall rating of 100%, or EXEMPLARY. This score indicates that the school is maintained in good repair with zero non-critical deficiencies noted. Systems, Cleanliness, Electrical, Restrooms/Fountains, Safety, Structural, and Exterior categories all received a rating of GOOD.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	--	--	0	0	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2024-25 Opportunities for Parental Involvement

The school leadership encourages parental and community involvement initially through the student enrollment orientation process, in which the principal or counselor meets with each family prior to the student attending school. Several members of the Pinnacles Community School staff are bilingual in English and Spanish and can communicate in the home language of many of the students. School communications that are developed and mailed home in both English and Spanish. Community resources that support students' physical, emotional and social well being are available to both students and parents. The school also has developed a resource database of parent and community supporters to assist students in their academic achievement and career aspirations.

Through the student information system, Aeries.net, parents are able to access student information online through a "Parent Portal". Instructions on how to set up an account are provided to the parents. Students also use the Edgenuity platform for credit recovery and initial instruction for electives and specific core content that is not offered in Pinnacles' master schedule, ie: Chemistry or Calculus. In addition, parents are encouraged to be part of the School Site Council and attend Open Houses and Parent Teacher Conferences.

## 2024-25 School Safety Plan

Pinnacles Community School staff provide a safe, orderly and supportive environment for students. The school is now adjacent to (but separated from) the campus that houses other San Benito County Office of Education educational programs. This location allows for greater supervision of, and support to, students and teaching staff. Teaching staff are aware of and

## 2024-25 School Safety Plan

abide by school safety procedures as outlined in the School Safety Plan. Daily safety procedures have been put in place based on student needs. These include escorted restroom visits, counting of supplies, visual contact of minors at all times, student movement standards, and protocols for speaking with staff, etc.

The School Safety Plan is reviewed and updated annually. Each year, an in-house inspection and reporting process is conducted. Every year a Workman's Compensation Inspection is conducted, as well as a Fire Safety Inspection. Various drills are held throughout the year, including fire drills, earthquake drills, and lock-down drills. Moreover, staff participate in a monthly Five-Minute Safety Lesson. All staff must complete online safety training modules from Keenan Safe Schools.

## Professional Development

The Administrator of San Benito County Alternative Education programs, and staff determine the professional development plan based upon a variety of information, including student achievement data, curricular needs, and teacher input via a San Benito Countywide Professional Development Survey, as well as input from weekly staff meetings, professional development meetings and individual evaluations.

Instructional staff are provided professional development every Thursday. A variety of professional development workshops for teachers and staff, sponsored by site administration or the San Benito County Office of Education, are offered free of cost, in San Benito County Office of Education's monthly professional development events, which include Math 2.0 summer institute, Arts in the Classroom, and Social Emotional Learning and English Learner professional development and supports.

2023-2024 Professional development activities included Social Emotional Learning, Trauma-Informed Practices, English Learner Supports/Integrated and Designated ELD, Reclassification supports, ELPAC Lesson Design, Culturally Designated Pedagogy, Professional Learning Communities, and student data analysis. Lockdown training was also provided during the 23-24 school year.
