## 2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

<b>Admission Requirements for the University of California (UC)</b>	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <a href="https://admission.universityofcalifornia.edu/">https://admission.universityofcalifornia.edu/</a> .
<b>Admission Requirements for the California State University (CSU)</b>	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <a href="https://www2.calstate.edu/">https://www2.calstate.edu/</a> .

### 2024-25 School Description and Mission Statement

San Andreas Continuation High School is operated by the San Benito County Office of Education (SBCOE) on behalf of the San Benito High School District through a Memorandum of Understanding (MOU). The staff believes all students can learn, given high expectations and the appropriate supports. Education is a shared responsibility which includes parents, students, staff, and the community. The mission of San Andreas Continuation High School is to provide students with a safe and positive learning environment with modern resources and accommodations necessary to learn. The goal is to educate all students to their highest potential, so they will have the greatest range of personal options upon graduation. It is the 21st century vision of SBCOE Alternative Education sites to deliver meaningful, accessible curriculum through multiple avenues. With the help of our

entire community, we will empower our students by developing the necessary skills needed to join our complex world as an engaged citizen.

San Andreas Continuation High School serves youths 16 years of age and older, in grades 9-12. Students with probationary status who attend are admitted based upon of the following criteria: referral by San Benito County Juvenile Court School; referral by another school district when the student has been unsuccessful; recommendation from the San Benito County Student Attendance Review Board (SARB) for habitual truancy, or when a student moves to San Benito County and had been attending a community school in their previous county of residence.

Average daily enrollment for San Andreas Continuation High School is approximately 80 students. However, over the course of a school year this site can serve approximately 120 students.

Teachers at San Andreas Continuation High School consistently align their curriculum maps, lessons and formative assessments to the Common Core State Standards to achieve positive classroom results. San Andreas teaching staff provides core academic courses in English Language Arts (ELA), Algebra, Algebra II, Geometry, History/Social Science and Science. In addition, migrant education, special education services, as well as support for Foster Youth and Homeless students are available. Computers are available to students within the classroom as San Andreas Continuation High School embraces technology and has a Google Chrome Book for every student. Each student is assessed in English and Math. Personal and/or crisis counseling is provided by the school counselor, School Social Worker and/or Mental Health Therapist as part of the school's Wellness Center. The principal and other staff members provide additional mentoring and coaching in the areas of communication, grades, and social development. San Andreas also uses Restorative Practices and is in the process of fully developing this program.

San Andreas Continuation High School provides a safe, organized and supportive environment that offers challenging and equitable opportunities for all students, thereby promoting equity and diversity. It fosters academic achievement of all students, while developing career aligned and interpersonal skills required for success in a rapidly changing and technological world. The staff instills a strong work ethic and respect for the community effort, while preparing students for active and productive roles in society as adults.

### School Facility Conditions and Planned Improvements

The Santa Andreas Continuation High School Facility Inspection Tool (FIT) reports a rating of 98.53%, or GOOD. This score indicates that the school is maintained in good repair with a very small number of non-critical deficiencies noted. These deficiencies are isolated and/or resulting from minor wear and tear, and/or in the process of being mitigated. Systems, Cleanliness, Electrical, Restrooms/Fountains, Safety, and Structural And Exterior categories all received a rating of GOOD.

**Year and month of the most recent FIT report** January 2, 2025

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

<b>Mathematics</b> (grades 3-8 and 11)	0	0	19	20	34	35

## 2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

## 2024-25 Opportunities for Parental Involvement

Opportunities for involving parents as partners begin with the enrollment/orientation process. The school provides information to the parents and school community regarding student achievement, and academic standards. Parents learn they are welcome on campus and can consider the school as a source of support for themselves as well. The principal maintains an open-door policy and is available when parents need to talk or need assistance in making connections with other service agencies.

Teachers involve parents by providing ongoing communication about the progress of their student(s). For example, teachers call to share student successes and/or to seek parent support in changing inappropriate student behavior. In addition to making phone calls, teachers also send home "good news" reports, grade progress reports, and other forms of written communication, including postcards. An automated, electronic messaging system notifies parents when students are absent and about upcoming events.

San Andreas Continuation High School has a School Site Council, which meets on a regular basis. The School Site Council

## 2024-25 Opportunities for Parental Involvement

provides input on goals and budgets for the school. An Open House and Parent Teacher conferences are also provided to allow for parent involvement in the school.

Any communications such as newsletters and bulletins are developed and mailed home in both English and Spanish. Community resources that support students' physical, emotional and social well-being are made available to both students and parents.

For more information on how to become more involved with the school please contact Principal Garret Quindimil at [gquindimil@sbcoe.org](mailto:gquindimil@sbcoe.org) or at 831-637-9269 ext.303.

## 2024-25 School Safety Plan

San Andreas staff provides a safe, orderly and supportive environment for all students. The school shares a campus that houses other San Benito County Office of Education educational programs. This location allows for greater supervision of, and support to, students and teaching staff. Teaching staff are aware of and abide by school safety procedures as outlined in the

## 2024-25 School Safety Plan

School Safety Plan. Daily safety procedures have been put in place based on student needs. These include escorted restroom visits, visual contact of minors at all times, student movement standards, and protocols for speaking with staff, etc.

The School Safety Plan is reviewed and updated annually, this year this occurred on January of 2025. Each year, an in-house inspection and reporting process is conducted. Every year a Workman's Compensation Inspection is conducted, as well as a Fire Safety Inspection. Various drills are held throughout the year, including fire drills, earthquake drills, and lock-down drills. Moreover, staff participate in a monthly Five-Minute Safety Lesson. All staff must complete online safety training modules from Keenan Safe Schools.
