Lathrop High School
2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.
	- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
	- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
	- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.
	A hard copy of the School Accountability Report Card is available at your School Office, upon request.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

Welcome to Lathrop High School – Home of Spartan Nation!

Lathrop High School (LHS) is proud to provide a positive, welcoming environment with a strong focus on college and career readiness for every student. Since opening in 2008 with just 481 students, our Spartan family has grown to over 1,490 students in 2024.

Our 54-acre campus offers state-of-the-art facilities, including two gyms, a dance room, a conditioning room, a swimming pool,

a stadium, two shop buildings, a greenhouse, and 65 classrooms. In the 2022-2023 school year, the District's Career and Technical Education (CTE) programs were incorporated into LHS, giving students access to hands-on pathways like agricultural mechanics, game design, education and family services, health science, and manufacturing and product design. Students can work toward becoming a CTE Pathway Completer or even a Supercompleter.

At LHS, students can also take advantage of UC a-g approved courses, Advanced Placement (AP) classes, and a 4x4 block schedule that allows for more flexibility and opportunities to explore areas of interest. From band, choir, and Academic Decathlon to agriculture, FFA, culinary arts, JROTC, and woodshop, LHS offers a wide range of electives and extracurricular programs. Students can study art, piano, dance, sewing, world languages, and business, ensuring there's something for everyone.

For those who need extra support, LHS provides tutoring through programs like GECAC, Sproxte tutoring, and teacher office hours. All freshmen participate in the Success 101 program, which helps them create a ten-year plan for their future. We also use the Coordination of Services Team (COST) to address student intervention needs and ensure every student is supported.

Building Strong Connections and Community Engagement

At LHS, school connectedness is key to student success. We encourage all Spartans to get involved in athletics, community service, and extracurricular activities. With over 25 active student clubs and more than 600 students participating in after-school sports annually, there are countless ways for students to feel engaged and supported. Our leadership students help create a positive school culture under the motto "We Are Spartan Nation," organizing activities and events that bring our community together.

Student participation is celebrated through the Five-Star app, with 83% of students checking in at events. Students can also earn "Savage Spartan" points to redeem for Spartan gear at Agora, our student-run store.

Parents and community members are encouraged to share their input and get involved through various opportunities such as the Athletics Boosters, School Site Council, English Language Advisory Council (ELAC), or the Spartan Parent Advisory Council.

A Growing Community with Strong Values

As one of the fastest-growing cities in California, Lathrop continues to attract new families, including long-time residents and Bay Area commuters. The staff at LHS is dedicated to maintaining a safe, inviting campus where students can thrive academically and socially.

We ask all Spartans to "Respect the SHIELD," which stands for **Spartans Honor Integrity, Engagement, Leadership, and Determination.** These values guide behavior and citizenship on campus. Individual students are regularly recognized through our Student-of-the-Month program and annual Golden Shield awards at SHIELD rallies.

Together with families and the community, LHS prepares students to succeed in their future careers and become valuable contributors to their communities. We look forward to continuing to grow alongside our Spartan families and fostering a rich, vibrant school culture for years to come.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses the Facility Inspection Tool (FIT) instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings
Lathrop High School was completed in 2008, including the administration building, library, two gymnasiums, theater arts building, and 59 classrooms. In 2021, 7 portable classrooms were placed on campus.

Maintenance and Repair
District maintenance staff ensures that repairs necessary to keep schools in good working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

Cleaning Process and Schedule
The District's governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office and at the District Office. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance Program
The District allocates funding for maintenance. The Maintenance Program includes funding for replacement of existing school building components so that the educational process may safely continue. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, wall systems, floor systems, etc.

Modernization Projects
The District is currently planning to renovate and modernize its schools based upon the District's 2014 Facility Master plan and 2019 Needs Assessment. As part of that activity there are projects planned at the campus which will be completed through the use of local funds. State funding will also be sought for those projects which may be eligible for modernization funding. An additional 7 portables have been placed as of 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Lathrop High School has focused on integrating and focusing on elements of a 21st Century student, adhering to the motto of the "Spartan Way." Ninth graders participate in Success 101, a class designed to help them select a career path and develop a 10-year plan as they move through high school. Next Step is an elective course, open to eleventh and twelfth graders, that focuses on general life skills. A career path is developed for each student to prepare for the transition from school to post-secondary options. Lathrop students may enroll in CTE classes on campus in a variety of career pathways. Students also may enroll in districtwide CTE capstone courses in a variety of areas. CTE classes incorporate Standards for Career Ready Practice (a series of twelve standards that encompass fundamental knowledge and skills students need in order to be prepared for postsecondary education, career development, or the workforce) as well as standards-specific to their industry sector that are technical skills.

Districtwide CTE Capstone Courses:
Accounting (Automated)
Advanced Ag Welding
Advanced Ag Wood
Advanced Business: Entrepreneurship
Advanced Careers with Children
Advanced Child Development

2023-24 Career Technical Education Programs

Advanced Fashion Merchandising
Advanced Health Careers
Advanced Interior Design
Advanced Public Safety
Advanced Emergency Medical Response

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The support of parents and the school community strongly influences Lathrop High School's success. Lathrop High has experienced increased parent involvement as it has become a fixture in the city. All parents are invited to attend Back-to-School Night in the fall, along with various events and activities throughout the year, such as sporting events, performances, and celebrations. Parents with incoming ninth graders are invited to attend the Parent Orientation as well as the annual eighth-

2024-25 Opportunities for Parental Involvement

grade parent night to learn more about our school community and culture. Parents of student-athletes participate in Parent/Student-Athlete nights held in fall, winter, and spring along with sports banquets at the end of each season.

Parents support Lathrop students through the Athletic Boosters, School Site Council, Parent Advisory Council, and the English Learner Advisory Committee. Parents assist with our music, agriculture, academic decathlon, and other student programs. Parents who serve on the School Site Council, Parent Advisory Council, and the English Learner Advisory Committee help with school-wide planning and analysis through the WASC self-study and strategic planning input. Parents regularly attend parent conferences and various parent committees for fundraisers and field trips. Additionally, our Interact and Black Student Union clubs work with the Lathrop Sunrise Rotary to hold an annual food drive that serves more than 100 families during the holidays. We proudly host the Manteca Area Community (MAC) band, which includes students, community members, and staff. The MAC band also puts on concerts with our school music program.

During the 2022-23 school year, we had our inaugural Spartan Coffee Social hour. Sessions are held monthly in English and Spanish and serve to engage parents in an informal setting in dialogue to improve student/family experience at Lathrop High with the goal of improving student scores and promoting safety. Spartan Coffee Social continues in the 2024-2025 school year along with the addition of the opportunity for parents to serve on WASC committees alongside staff.

Additional information about Lathrop High School and our programs is available on the school website. Parents and the community are also kept updated on school events and accomplishments through the Lathrop Lowdown, the marquee, and various social media sites: LHS Facebook page, Twitter account, Remind app, and PeachJar.

2024-25 School Safety Plan

All school sites in the Manteca Unified School District annually update their Comprehensive School Safety Plan in accordance with California Education Code and State legislation. Plans are revised by Site Administration per the required adoption process with appropriate School Site Council public meetings and School Site Safety Team input. At the March 2024 Board of

2024-25 School Safety Plan

Education meeting, current school safety plans were unanimously approved by the MUSD Board of Education.

The safety of students and staff as well as the security of school campuses are high priorities in MUSD. Safety plans in place are thorough and inclusive of various forms of threats and the protocols aligned for each situation. Staff and students receive ongoing training throughout the school year on emergency response and participate in regular disaster preparedness drills including but not limited to specific procedures for fire, earthquake, flood, civil disturbance, and hazardous chemical situations as aligned with state guidance. Safety plans evolve as necessary to adapt to current local, state, and national conditions.

Each school in Manteca Unified has a dedicated site safety team made up of key personnel who represent differing areas of expertise and perspective relating to campus logistics. The team meets regularly to review, adjust, and implement the best safety procedures for their school communities. Plans outline the many components necessary for a comprehensive safety plan such as steps for preparedness, proactive measures for prevention, emergency response, and a thoughtful blueprint for recovery.

As Manteca Unified School District attendance boundaries expand beyond city limits, MUSD partners and works closely with six law enforcement agencies, three fire departments, and many local first responders. MUSD's master emergency plan as well as school safety plans are reviewed by these agencies.

Site safety team members are requested to earn their ICS 100 certification upon joining the team. Several members of District senior leadership, site principals, and MUSD's Coordinator of Emergency Preparedness and Safety maintain an ICS 402 certification.

2021-22 Secondary Average Class Size and Class Size Distribution

This table displays the 2021-22 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Fiscal Year 2023-24 Types of Services Funded

All Manteca schools receive allocations of General Fund support for staffing, instructional materials and supplies, custodian needs, and other uses. Funding for the support services such as maintenance of buildings and grounds, utilities, and student transportation is budgeted on a district-wide, centralized basis and provided to each school site-based on the unique needs of the individual school.

In addition to its support from the local General Fund, each school in the Manteca Unified School District receives yearly allocations from various state and federal categorical programs. The purposes of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students such as limited-English proficient, academically deficient, socio-disadvantaged, and students at risk of dropping out of school.

Professional Development

Manteca Unified School District continuously analyzes student data, utilizes staff surveys, and student surveys to determine professional development needs to improve student learning. As a district, we then prioritize our major focus areas for staff development for each school year. The Educational Services Team then plans out our district professional learning calendar as a collective to ensure it aligns with our district and site strategic plans. The 2024-25 school year focus is to continue to refine our Tier 1 Inclusive Classroom Instruction to engage and meet the individual needs of every student, as well as address social emotional learning and the academic learning loss of your student population. Manteca Unified provides a variety of professional development in-person and virtually for our Preschool-12th certificated and classified staff. This includes live/independent training courses, live/archived webinars, virtual and in-person training/coaching, administrator academies, and dedicated district-wide training on UTK-8th Early Release Minimum Days, 9th-12th Late Start Professional Development Wednesdays, UTK-12th District Pull-out Days, and Preschool- 12th District-wide Staff Development Days.

This table displays the number of school days dedicated to staff development and continuous improvement.
