2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Walter Woodward Elementary School is the heart of the community! Woodward, in partnership with parents, teachers, students, and staff, is a place where academics and character are emphasized. Everyone is encouraged and expected to attain their fullest potential. Woodward celebrates students' academic achievements, student growth, and citizenship. Our three school rules are to be safe, be responsible, and be respectful this encourages a positive school climate and culture. In order to support student learning our school has created a strategic plan in the areas of grade level standards, safety, and emerging students.

2024-25 School Description and Mission Statement

Woodward School opened its doors to the public on July 7, 2004. We are a K-8 elementary that is on a traditional school calendar. In our 20th year we have an enrollment of 1055 students. We have 28 self-contained K-6 classrooms with 8 cored, junior-high (grades 7-8) classes. We also support 4 Special Day Classes on our campus (K-3 Structured Autism SDC, 4-6 Mild Moderate SDC, 7-8 Mild Moderate SDC, and a K/1 Transition Autism Class), 2 full RSP classes, 1 speech therapist and one full-time psychologist who also provides mental health services to identified children.

Woodward's School Vision:

All Woodward students will be empowered and encouraged to achieve grade level standards in a safe & positive learning environment.

Woodward Mission:

Through smart actions and decisions, Woodward will work together using meaningful, measurable and aligned data for all students to achieve mastery of grade level standards in all subjects based on their unique educational pathway in a safe environment inclusive of design, security and climate.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses the Facility Inspection Tool (FIT) instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School Buildings

Built in 2004, Walter Woodward School is one of the newest MUSD schools which includes the administration building, library, multi-purpose room/gymnasium, and 43 classrooms. In 2023 (3) portable classrooms were added.

Maintenance and Repair

District maintenance staff ensures that repairs necessary to keep schools in good working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

Cleaning Process and Schedule

The District's governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office and at the District Office. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Maintenance Program

The District allocates funding for maintenance. The Maintenance Program includes funding for replacement of existing school building components so that the educational process may safely continue. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, wall systems, floor systems, etc.

Modernization Projects

The District is currently planning to renovate and modernize its schools based upon the District's 2014 Facility Master plan and 2019 Needs Assessment. As part of that activity there are projects planned at Walter Woodward which will be completed through the use of local funds. State funding will also be sought for those projects which may be eligible for modernization funding. In 2023, three portable classrooms were added.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The success of a school is strongly influenced by the support of parents and the school community as a whole. Walter Woodward School enjoys great parent involvement and utilizes the services of the Parent Teacher Community Club as well as the School Site Advisory Committee to support students and school programs. Call our school at (209) 858-7430 to contact Heather Thomson to find out how you can get more involved with your child's education. A commitment has been made to provide information via the school website, Facebook page and frequent NTI phone calls, Peach Jar flyers and emails to the community about upcoming events or volunteer opportunities. Parents in grades K-8th are now able to access attendance, and parents in grades 4-8 have grade information online through the district Parent Connect System.

Manteca Unified School District strives to coordinate and communicate with the community, including police, fire and other governmental agencies, news media, medical agencies and other community organizations. A few examples of such coordination and communication with community agencies include programs such as fire prevention, water safety, parks and recreation activities, the community gymnasium, bike safety, and our Police School Resource Officers.

Parents regularly volunteer in the classroom and are actively involved in the School Site Council, school-wide planning, parent conferences, bilingual parent support groups, Parenting Partners Workshop and various parent committees for fundraisers and field trips. The school publishes an electronic monthly newsletter that is placed on the school website and sent home with families without Internet access. Parents and members of the community serve on the School Site Council, the English Learners Advisory Committee, the District English Learners Advisory Committee, and the District Committee for State and Federal Programs, PTC (Parent Teacher Committee) and ad hoc committees as needed for special projects.

2024-25 School Safety Plan

All school sites in the Manteca Unified School District annually update their Comprehensive School Safety Plan in accordance with California Education Code and State legislation. Plans are revised by Site Administration per the required adoption process with appropriate School Site Council public meetings and School Site Safety Team input. At the March 2024 Board of

2024-25 School Safety Plan

Education meeting, current school safety plans were unanimously approved by the MUSD Board of Education.

The safety of students and staff as well as the security of school campuses are high priorities in MUSD. Safety plans in place are thorough and inclusive of various forms of threats and the protocols aligned for each situation. Staff and students receive ongoing training throughout the school year on emergency response and participate in regular disaster preparedness drills including but not limited to specific procedures for fire, earthquake, flood, civil disturbance, and hazardous chemical situations as aligned with state guidance. Safety plans evolve as necessary to adapt to current local, state, and national conditions.

Each school in Manteca Unified has a dedicated site safety team made up of key personnel who represent differing areas of expertise and perspective relating to campus logistics. The team meets regularly to review, adjust, and implement the best safety procedures for their school communities. Plans outline the many components necessary for a comprehensive safety plan such as steps for preparedness, proactive measures for prevention, emergency response, and a thoughtful blueprint for recovery.

As Manteca Unified School District attendance boundaries expand beyond city limits, MUSD partners and works closely with six law enforcement agencies, three fire departments, and many local first responders. MUSD's master emergency plan as well as school safety plans are reviewed by these agencies.

Site safety team members are requested to earn their ICS 100 certification upon joining the team. Several members of District senior leadership, site principals, and MUSD's Coordinator of Emergency Preparedness and Safety maintain an ICS 402 certification.

Fiscal Year 2023-24 Types of Services Funded

All Manteca schools receive allocations of General Fund support for staffing, instructional materials and supplies, custodian needs, and other uses. Funding for the support services such as maintenance of buildings and grounds, utilities, and student transportation is budgeted on a district-wide, centralized basis and provided to each school site-based on the unique needs of the individual school.

In addition to its support from the local General Fund, each school in the Manteca Unified School District receives yearly allocations from various state and federal categorical programs. The purposes of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students such as limited-English proficient, academically deficient, socio-disadvantaged, and students at risk of dropping out of school.

Professional Development

Manteca Unified School District continuously analyzes student data, utilizes staff surveys, and student surveys to determine professional development needs to improve student learning. As a district, we then prioritize our major focus areas for staff development for each school year. The Educational Services Team then plans out our district professional learning calendar as a collective to ensure it aligns with our district and site strategic plans. The 2024-25 school year focus is to continue to refine our Tier 1 Inclusive Classroom Instruction to engage and meet the individual needs of every student, as well as address social emotional learning and the academic learning loss of your student population. Manteca Unified provides a variety of professional development in-person and virtually for our Preschool-12th certificated and classified staff. This includes live/independent training courses, live/archived webinars, virtual and in-person training/coaching, administrator academies, and dedicated district-wide training on UTK-8th Early Release Minimum Days, 9th-12th Late Start Professional Development Wednesdays, UTK-12th District Pull-out Days, and Preschool- 12th District-wide Staff Development Days.

This table displays the number of school days dedicated to staff development and continuous improvement.
