SUPERINTENDENT UPDATE Dr. Lexi Cunningham

- The board has two goals – literacy and social and emotional learning. They want to strengthen literacy at all grade levels, and they want all of the elementary schools to have a full-time counselor. Also, the district will be hiring six social workers to serve all the schools and will be hiring four-and-a-half assistant principals for the elementary schools. Meadowlark Elementary and Edison Elementary had a new building built. Then the administration building will be worked on later. The Salt Lake City School District for the first time made it to the advanced placement honor roll. That means the district has increased the number of students taking the AP test and passing the AP test as well as increasing the diversity of students taking it.

FINANCIAL UPDATE Danny Payne

- The foundation had a decline in the 1st quarter, but it was made up. The tax cuts will benefit the economy, and it is believed the trade war with China will work out. SLEF was sitting on too much cash at 33% and moved around \$600,000 of it into the long-term endowment. Bills were paid which brought it down to 20% and the portfolio should do 3-4% better than the GDP.

DISCUSSION TO APPROVE SLEF BUDGET James Yapias

- The expenditures are up to date and are under what was projected to spend. There still are bills to pay by June 30, but the foundation will be okay. It is projected the expenditures will be \$212,824.

*(2) A motion was made to approve the budget. ** (Davis, Hawes)
