

# EXCITING MEDI-CAL NEWS FOR ADULTS AGES 26-49!

Beginning January 1, 2024, a new law in California will allow adults aged 26-49, regardless of immigration status, to qualify for full-scope **Medi-Cal**, that includes:

• Doctor Visits

• Hospitalization

• Prescriptions

• Preventive Care

*Also, if you are at risk of out-of-home placement and have full-scope Medi-Cal, you may qualify for In-Home Supportive Services (IHSS) to remain safely in your home.*
