2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

robust writing in every classroom, from Transitional Kindergarten through fifth grade.

The epitome of a model school, our warm and caring atmosphere is balanced with the highest professionalism and commitment to student success. Star View Elementary teachers pride themselves on maintaining a high level of expertise based on current practices, often sharing their knowledge throughout the school and district. Various instructional strategies are implemented to meet diverse student needs, promote student achievement, foster independence, build character, and encourage life-long learning. Star View Elementary School's commitment to the success of all students results from an open partnership among parents, students, the community, and our staff. Together, we work to meet the needs of each individual in an atmosphere of caring and respect.

The mission of Star View Elementary School and the Ocean View School District is to provide all students with a high-quality educational program that meets their individual, social, emotional, and physical health needs and creates a school environment that will best promote the learning necessary for each student. Our goal is to ensure that each child receives maximum knowledge and experience, foster in each student a feeling of personal worth and philosophy that encompasses honorable moral and ethical values, and sustain a growing awareness of our interdependence with society and the environment. Our vision is to nurture our students in a safe and challenging environment where they can create and collaborate with academic exploration and problem-solving skills.

District & School Profile

Star View Elementary School is located in Westminster and serves students in grades transitional kindergarten through fifth, following a traditional calendar. The Ocean View School District is located in western Orange County and serves over 7,000 prekindergarten through eighth-grade students. Ocean View School District is dedicated to educational excellence and the continuous academic growth of all students, which supports its mission that Ocean View School District ensures that all students achieve academic success and are prepared to live and learn in a rapidly changing world by providing rigorous and relevant learning experiences and empowering families and staff to work together.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum are aligned with the California Content Standards and Frameworks per the adoption process outlined by the state. Once the State Board of Education adopts standards-based instructional materials, the District field tests materials and then adopts according to Board Policy. There are sufficient materials at each school that are used to support core instruction. The adoption cycle has been adhered to and newly adopted materials are readily accessible to all students. All schools use adopted materials and site-specific supplemental resources.

School Facility Conditions and Planned Improvements

In November of 2016, the Ocean View School District (OVSD) passed Measure R, a general obligation bond, in the amount of 169 million dollars. This is the first bond ever passed in the 143-year history of OVSD. The bond program is designed to transform the aging fleet of 1960/1970-era schools into modern, contemporary learning environments. Construction started in June 2018 and anticipate completion in the 2024 school year. Star View completed its construction and transformation in 2023-2024. A new office building was added, a new outdoor amphitheater/lunch area was added, as well as a new playground. All

School Facility Conditions and Planned Improvements

other buildings received a complete overhaul. The school is now completely surrounded by iron fencing and many new gates for added safety.

The District uses a systematic approach to maintaining the current facilities to ensure that all schools are clean and safe and provide an inspirational educational environment for our students to learn, grow, and be challenged. District maintenance and site custodial staff work in a coordinated manner to ensure that the repairs and operational items necessary to keep the schools in good condition are completed in a timely manner. A comprehensive work order system is used by the school and District staff to communicate both routine and non-routine maintenance requests. Emergency repairs are given the highest priority.

From an operational perspective, the custodian inspects the facilities for safety hazards or other conditions that need attention prior to students and staff entering school grounds. One full-time day custodian and two part-time evening custodian(s) are assigned to our school site. The day custodian is responsible for:

- Lunch area
- General grounds maintenance
- Grounds keeping
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and subsequently cleaned as needed. The evening custodian is responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principals are in continual communication with the Maintenance and Operations Supervisors and custodial staff concerning maintenance and school safety issues.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	68	67	51	51	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parents are encouraged to be involved in their child's learning experience, working as a team with students and staff in teaching and learning. There are several avenues for involvement, including volunteering in the classroom, chaperoning a field trip, working in our library, or attending one of the many school events. We feel parents are necessary partners in decision-making as part of our School Site Council, Parent Teacher Organization, Principal's Coffee, or our English Learner Advisory Council.

Parents stay informed of upcoming events and school activities through Parent Square notifications, including text and email. Our school Instagram account also provides regularly updated information and photos of our daily activities. Star View also utilizes phone calls, newsletters, parent conferences, progress reports, the school marquee, school and district websites, the automated telephone messaging system, and personal notes and celebrations. Please get in touch with any school office staff member at (714) 897-1009 for more information on how to become involved.

2024-25 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Star View Elementary School in collaboration with the School Site Council, local agencies, staff, and the District office to fulfill the requirements of Senate Bill 187. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response, procedures for

2024-25 School Safety Plan

safe arrival and departure from school, sexual harassment, bullying, and dress code policies. The school's most recent safety plan was reviewed, updated, and approved in October 2024.

All staff members are knowledgeable of the Comprehensive School Safety Plan and are aware of their individual responsibilities. All staff members have been divided into emergency teams, including Search and Rescue, First Aid, Student Supervision, Student Release, Security/Damage Assessment, and Control Center. We hold monthly drills in compliance with the CA Ed Code and enter drill information into our emergency Management System in Raptor. Lockdown and shelter-in-place drills are conducted according to staff and student Run, Hide, and Fight training. Earthquake drills are held throughout the school year and in October as part of the Great Shake Out. Star View's School Emergency Plan encompasses a wide range of possible emergency situations and is aligned with the SEMS procedures.

Professional Development

Elementary sites have modified Wednesdays. Students are released early to allow teachers to focus on professional learning, collaboration, and planning. Two Wednesdays a month are devoted to professional learning and collaboration, and the other two Wednesdays are for collaboration and teacher planning. Other professional learning opportunities are made available for teachers who represent their school and bring back information and professional learning is provided for school site administrators to bring back and share with staff.

Non-student days are utilized to build teacher capacity in Multi-Tiered Systems of Support, focusing on academics, school climate, attendance, and behavior.

This school year, staff members have focused their staff development in Universal Design for Learning (USL), writing across the curriculum, family engagement, English Language Development (ELD), and more. Star View staff have participated in the following professional staff development activities:

- Foundational Skills Toolkit Training
- Smarter Balance Assessment Training
- Math Talks TK-5
- Depth and Complexity
- Differentiated Instruction: Optimizing Gifted Student Learning
- Next Generation Science Standards
- Technology Teacher Training TK-8
- Thinking Maps Training
- Write From the Beginning K-5
- Spatial-Temporal Math Staff Development
- Cognitively Guided Instruction Training for TK-3 Grade Staff
- Social and Emotional training
- i-Ready Math and Reading/Language Arts assessment and instruction
- Universal Design Learning

Star View Elementary School supports new and veteran teachers through peer coaching and mentoring. Instructional aides receive targeted training focused on teaching strategies and curriculum content. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and District representatives.
