

Comments

- PBSWisconsin.org - Voters approve a record number of school referendums in 2024
- Priorities should be:
 - Keeping teacher talent
 - Maintaining buildings (HVAC, Heating, Roofs, etc)
 - Classroom space (reduce size)
- Top priorities:
 - Safety & security (elevators, evacuations, movement from classes, HVAC)
 - Space CTE
 - Staff/curriculum/operating costs
- With Princeton area being heavily manufacturing and CTE types of careers, a focus on improvement in those area will help with support on a “yes” vote
- Top Priorities:
 - Funding to retain and attract staff
 - Expand and improve CTE opportunities
 - Building expansions/improvements
 - Addressing deferred maintenance
- Our priorities align with data collected thus far
- Priorities:
 - Going from the end backwards. Start with what people do.
 - Capital was interesting with a broad base
 - HVAC/deferred maintenance/mechanical
 - CTE Department

Questions

- How to get community involved more (aware of issues)?
- How to get number of parental votes up (get them to the polls)?
- How to get top 5-6 items on bond?
- What is the future relationship between school and community government?
- Who is the “vote yes” committee comprised of?
 - Outreach/advertise for Rum River Festival
- What are the different options and wondering why not building from ground up?
- If you pay and start collecting could that save money in long run?
- Are athletic/community spaces a revenue opportunity?
