Golden Oak Elementary School
2023-2024 School Accountability Report Card
(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview	By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC. - For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/. - For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/. - For additional information about the school, parents/guardians and community members should contact the school principal or the district office. A hard copy of the School Accountability Report Card is available at your School Office, upon request.
DataQuest	DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).
California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/.
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/.

2024-25 School Description and Mission Statement

Golden Oak Elementary School serves approximately 635 students in grades TK-6. Our teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school holds high expectations for the academic and social development of all students. Curriculum planning, staff development, and assessment activities are focused on assisting students in mastering the state academic content standards, as well as increasing the overall student achievement of all subgroups.

The Vision at Golden Oak is as follows: Golden Oak staff will be relentlessly intentional in preparing students for their next level

2024-25 School Description and Mission Statement

of learning. Our mission is that We believe that ALL students can and will learn at high levels.

Golden Oak staff is results-oriented and committed to using data-informed instructional practices in order to ensure students experience high-quality learning. To do this, we commit to the following:
Professional collaboration - Common use of priority standards outlined by learning intentions and success criteria that are posted and referred to.
Focus on learning - Schedule, SEL competency, learning intentions and success criteria posted and followed; attention signals and quick transitions to maximize instructional time; use of guaranteed viable curriculum as outlined by VUSD pacing and grade level unit maps; emphasis on student talk with the use of conversation moves and cooperative learning structures; intentional consideration of collaboration in order to enhance students' comprehension and connection to the content.
Results-driven mindset - Frequent checks for understanding in order to respond quickly to learning needs; common grade level assessments to identify learning gaps; data analysis in ELA, Writing, and Math.

Our school will focus on instruction that is aligned with the CCSS in all content areas. All instruction is linked to content standards and intentionally broken down into learning progressions and daily learning intentions for students. Instruction will integrate English Language Development strategies, as well as universal design for learning and differentiation of instruction. Our team will continue to work with students on developing social-emotional skills through morning meetings, class- and school-wide incentive systems, SEL and behavioral interventions, and weekly assemblies to support academic progress, social-emotional development progress, decrease chronic absenteeism, and to decrease suspension rates.

School Facility Conditions and Planned Improvements

Golden Oak Elementary School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff workrooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at

School Facility Conditions and Planned Improvements

the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Maintenance and Repair
District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule
In addition to a custodian on duty during the school day, a team of maintenance specialists comes in after-hours for daily cleaning. District and school maintenance staff work cooperatively with administrators to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Program
The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The deferred maintenance program ensures that all classrooms and facilities are maintained to a degree of adequacy that allows for a good learning environment.

Facilities Improvements
The playground blacktop was resurfaced during the summer of 2018-2019 School Year.

B. Pupil Outcomes	State Priority: Pupil Achievement

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results.   The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

Parent Involvement and communication are essential to our school success. Golden Oak Elementary continually strives to involve parents by sharing information that helps parents understand and support school programs by providing opportunities for parent participation in school activities.

There are numerous and varied opportunities for parent involvement, including but not limited to: attending school functions, participating in parent-teacher conferences, volunteering in classrooms, Parent Teacher Association (PTA), Back to School Night and Open House, Parents and Pastries as well as other events. Parents may also serve on advisory committees and leadership teams, including, but not limited to: the English Learners Advisory Committee (ELAC), School Safety Committee, PBIS Tier 1 team, and School Site Council (SSC). Additional opportunities for parental involvement through the Parent Universities are offered each year through the district.

All parent volunteers will complete a volunteer application and orientation process as outlined on the VUSD website.

Parents who would like more information on how to become involved may contact Principal Brooke Schilling at (559) 730-7851.

2024-25 School Safety Plan

The Visalia Unified School District Board of Education has stated that a primary goal of the school district is to ensure positive and safe learning environments. A safe school environment provides the basic atmosphere where learning is maximized. All Visalia Unified School District staff participate in maintaining this safe and positive environment. Each school site has

2024-25 School Safety Plan

developed a comprehensive safe school plan with the input from parents, staff, students and community agencies such as law enforcement and fire departments. These plans address key safety improvement needs and are evaluated on a regular basis. They address all aspects of school safety such as the physical facilities and grounds, conduct codes, staffing needs, positive learning approaches and character education. The safety plans are reviewed and approved by the sites' School Site Council and are fully compliant with federal and state regulations.

The Visalia Unified School District Board of Education reviews and approves all site plans by March 1st as per the state's deadline. Golden Oak Elementary School SSC reviewed and approved the CSSP on 11/14/2024. It was also reviewed with staff.

This year's updates include a complete reformatting of the comprehensive school safety plans for each site in addition to adding in all the new safety changes that were implemented within the last school year. That includes:

- -Language with ALICE active shooter training
- -Language with Raptor, our emergency response system
- -Safety procedural changes
- -Reunification location changes
- -Evacuation map changes now called Four Corners
- -Updated Incident Command System for each site and district
- -And many more smaller changes

Students have the right to a safe campus and learning environment. Prevention of school safety problems is a priority of all school staff, parents and students. These plans are in place, but hopefully never needed. Each day students come to school to learn, be safe and enjoy the learning environment. Keeping safety in mind, in all we do, makes this possible.

State Programs

Fiscal Year 2023-24 Types of Services Funded

Supplemental and Concentration Funds
Child Development Programs

The students at Golden Oak Elementary School benefit from many other researched-based interventions that are designed to address the individual needs of all students, and they are:
Two onsite reading intervention teachers and one math intervention teacher who organize and provide interventions in both content areas for students performing below grade level.
Two Education Specialists who organize and provide Special Education interventions for students with disabilities.
Student Study Team meetings using the SST Online program are held to gather data and monitor interventions for students requiring this level of collaboration and support in academics, behavior, and/or social skills.
A Behavior Intervention Technician to organize and carry out behavioral and social-emotional interventions for students struggling in these areas.
A School Counselor to assist with students demonstrating poor attendance and also for provision of behavioral and social-emotional interventions.
Teachers on Special Assignment (TOSA's) provide teachers with support in the areas of: curriculum, instruction, classroom management, and assessment.
VUSD professional development offerings after school and on minimum days.

Professional Development

The following areas of professional development have been provided to staff: professional learning communities, PBIS, effective math and literacy instruction, Teacher Clarity (breaking down content standards) and other areas as indicated by school data. Our district provides professional development based on data from both the district and school levels to ensure that areas of need are being addressed. Professional Development occurs at the district, school, and classroom level dependent on teacher goals. The district provides Teachers on Special Assignment at all grade levels to provide on-site coaching and support after professional development has occurred.

Support for Novice Teachers: Due to a shortage of highly qualified teachers in our area, twenty percent of VUSD's certificated educators do not yet hold a clear credential and are considered "novice" educators. In response to this challenge and in compliance with the California Commission on Teacher Credentialing, Visalia Unified offers a robust support and training

Professional Development

system for these novice educators including differentiated professional development and continuous professional growth opportunities. The professional learning system begins with the New Certificated Staff Summer Institute which is a five-day interactive training offered in August, one week before school begins. This training covers classroom management, classroom culture, curriculum frameworks, and lesson design. In addition, a four-day workshop on student engagement and cooperative learning is offered during winter break so that teachers may implement new structures and strategies during the spring semester. All novice teachers receive ongoing support and individualized training throughout the year via weekly meetings with their assigned mentors at their respective school sites. Mentors and district teachers-on-assignment support implementation of new knowledge by providing in-class coaching, collaborating on lesson design, accompanying novice teachers on classroom tours, and assisting with student data analysis to drive instructional decisions. In addition, novice teachers and their mentors attend monthly after-school training in action research and are provided time to reflect on their instructional practice.   Mentors and teachers on assignment are carefully selected experienced educators trained in how to facilitate the individualized professional growth of novice teachers. Novice teachers who have preliminary credentials participate in the VUSD Teacher Induction Clear Credential Program which is accredited by the Commission and is offered at no cost to the candidate.

Support for Veteran Teachers: Veteran teachers in need of classroom management assistance also have access to one-on-one mentor support as may be needed in the case of a new grade level assignment or challenging class. Visalia Unified also offers a Peer Assistance and Review (PAR) program which is a formal system of mentoring and accountability.
