2023-2024 School Accountability Report Card

(Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement
<p>Mountain View School Description</p> <p>Mountain View Elementary School is nestled close to the majestic Sierra mountains in the heart of California's San Joaquin Valley. The school is committed to providing students with the tools and skills necessary to succeed in life. We serve approximately 630 students in grades TK-6 for the 2024-2025 school year. Our teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. The school holds high expectations for the academic and social development of all students. Curriculum planning, staff development, and assessment</p>

2024-25 School Description and Mission Statement

activities are focused on assisting students in mastering the state academic content standards as well as increasing the overall achievement of all our students.

Mountain View School is one of two elementary sites in Visalia Unified that offer a Dual Language Immersion Program. This program exists to teach students to be proficient/advanced readers, writers, and speakers in both English and in Spanish by the end of their 6th grade year. Student progress is monitored carefully at each grade level to ensure that students are progressing at a rate that will ensure bilingual and biliterate success. This program is an advanced learning opportunity for elementary school students in Visalia Unified.

Vision Statement:
To establish a school environment that cultivates, develops, and sustains a rich learning community that ensures a strong foundation for students to be College and Career ready.

Mission Statement:
We exist to guide each student to elevated levels of achievement in becoming successful, productive citizens.

Collective Commitments:
We are committed to . . .
*upholding behavioral expectations for all in our Mountain View community.
*teaching with research-based instructional practices.
*cultivating a learning community that is results-oriented to grow each student.

Our Mountain View teachers, students, staff, and parent community hold the following P.R.I.D.E. values as paramount in our school community:

- Positivity
- Respect
- Integrity
- Discipline
- Excellence

Mountain View Mustangs show their P.R.I.D.E. in and out of the classroom.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements

Mountain View Elementary School takes great efforts to ensure a safe, clean, and functional physical environment for students, staff, and volunteers. Sufficient space is provided for students and staff to support teaching and learning. This includes space provided by classrooms, playgrounds, and staff work rooms. To assist our school in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at

School Facility Conditions and Planned Improvements

the district office. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Maintenance and Repair
District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule
In addition to custodial staff on duty during the school day, a team of maintenance specialists come in after hours for daily cleaning. District and school maintenance staff work cooperatively with administrators to develop cleaning schedules to ensure a clean and safe school. Summer deep-cleaning and further maintenance is also performed on site.

Deferred Maintenance Program
The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. The deferred maintenance program ensures that all classrooms and facilities are maintained to a degree of adequacy that allows for a good learning environment.

The overall Facility Rating for the school is good.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
- 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
- 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement
<p>Parent & Community Engagement</p> <p>Mountain View School continues to work to build connections from home, school, and community. We encourage collaboration to build a positive relationship between all partners and foster these relationships by acknowledging our partners' assets/contributions. We connect family engagement to learning and development to engage families of our Mountain View community culture. Families will be able to engage in diverse roles as co-creators, supporters, encouragers, monitors, advocates, and models.</p> <p>There are numerous and varied opportunities for parent involvement, including but not limited to: attending school functions such as Back to School Night, Open House, Literacy Night, the Mountain View Carnival; monthly assemblies, and special events planned by the Parent Teacher Organization (PTO). Parents may also participate in parent-teacher conferences; volunteering in classrooms; and chaperoning field trips. Parents may also serve on advisory committees and leadership teams, including, but not limited to, the English Learners Advisory Committee (ELAC) and School Site Council (SSC). Additional opportunities for parental involvement also exist at the district level. Parents may also get involved in the Mountain View PTO to help support activities and programs for students.</p> <p>We create a welcoming environment that honors our families' funds of knowledge. Mountain View Elementary School continually strives to involve parents by sharing information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities. Spanish translation is provided for parents who have that need. We believe parent involvement and communication are essential to our school success.</p> <p>Parents who would like more information on how to become involved may contact Principal Stephanie Gendron at (559) 730-7783.</p>

2024-25 School Safety Plan

The Visalia Unified School District Board of Education has stated that a primary goal of the school district is to ensure positive and safe learning environments. A safe school environment provides the basic atmosphere where learning is maximized. All Visalia Unified School District staff participate in maintaining this safe and positive environment. Each school site has

2024-25 School Safety Plan

developed a comprehensive safe school plan with the input from parents, staff, students and community agencies such as law enforcement and fire departments. These plans address key safety improvement needs and are evaluated on a regular basis. They address all aspects of school safety such as the physical facilities and grounds, conduct codes, staffing needs, positive learning approaches and character education. The safety plans are reviewed and approved by the sites' School Site Council and are fully compliant with federal and state regulations.

The Visalia Unified School District Board of Education reviews and approves all site plans by March 1st as per the state's deadline. {School} SSC reviewed the CSSP on 10/4/24 and approved on 10/4/24. It was also reviewed with staff on 1/13/25.

This year's updates include a complete reformatting of the comprehensive school safety plans for each site in addition to adding in all the new safety changes that were implemented within the last school year. That includes:

- -Language with ALICE active shooter training
- -Language with Raptor, our emergency response system
- -Safety procedural changes
- -Reunification location changes
- -Evacuation map changes (now called Four Corners)
- -Updated Incident Command System for each site and district
- -As well as other, smaller changes

Students have the right to a safe campus and learning environment. Prevention of school safety problems is a priority of all school staff, parents, and students. These plans are in place, but hopefully never needed. Each day students come to school to learn, be safe and enjoy the learning environment. Keeping safety in mind- in all we do- makes this possible.

Fiscal Year 2023-24 Types of Services Funded

Supplemental and Concentration Funds Child Development Programs

The students at Mountain View Elementary benefit from many other research-based interventions that are designed to address the individual needs of all our students and they include:

- We have one part-time Intervention Teacher, one full-time Instructional Coach, and two Educations Specialists who support the work of our teachers to address the needs of under-performing students.
- Our library is open before school, after school, and throughout the day and oversees the technology, SORA, and EPIC programs.
- Student Study Team (SST) Meetings are held to determine best practices and strategies for students who need assistance academically, behaviorally, socially, or emotionally.
- We have one Behavior Intervention Technician to support PBIS (PRIDE) with a focus on equitable practices.
- We have a full-time school psychologist, oe full-time counselor, and a part-time social worker in addition to outside agencies to provide counseling and social-emotional support for students.
- District Teachers on Special Assignment (TOSAs) provide teachers with support in the areas of instruction, classroom management, curriculum, and assessment.
- Site administrative leadership provides after-school professional development as well as staff training on minimum days.
- Mountain View Elementary is one of two VUSD elementary schools that offer a Dual Language Immersion program (English & Spanish). Currently, the program consists of classes in TK, kindergarten, first grade, second grade, and third grade.

Professional Development

The following areas of professional development have been provided to staff: Professional Learning Communities, PBIS, effective math and literacy instruction, and other areas of need as indicated by school data. Our district provides professional development based on data from both the district and school level to ensure that areas of need are being addressed. Professional development occurs at the district, school, and classroom level dependent on teacher goals. The district provides

Professional Development

Teachers on Special Assignment at all grade levels to provide on-site coaching and support after professional development has occurred.

Support for Novice Teachers: Due to a shortage of highly qualified teachers in our area, twenty percent of VUSD’s certificated educators do not yet hold a clear credential and are considered “novice” educators. In response to this challenge and in compliance with the California Commission on Teacher Credentialing, Visalia Unified offers a robust support and training system for these novice educators including differentiated professional development and continuous professional growth opportunities. The professional learning system begins with the New Certificated Staff Summer Institute which is a five-day interactive training offered in August one week before school begins. This training covers classroom management, classroom culture, curriculum frameworks, and lesson design. In addition, a four-day workshop on student engagement and cooperative learning is offered during winter break so that teachers may implement new structures and strategies during the spring semester. All novice teachers receive ongoing support and individualized training throughout the year via weekly meetings with their assigned mentors at their respective school sites. Mentors and district teachers-on-assignment support the implementation of new knowledge by providing in-class coaching, collaborating on lesson design, accompanying novice teachers on classroom tours, and assisting with student data analysis to drive instructional decisions. In addition, novice teachers and their mentors attend monthly after-school training in action research and are provided time to reflect on their instructional practice. Mentors and teachers on assignment are carefully selected experienced educators trained in how to facilitate the individualized professional growth of novice teachers. Novice teachers who have preliminary credentials participate in the VUSD Teacher Induction Clear Credential Program which is accredited by the Commission and is offered at no cost to the candidate.

Support for Veteran Teachers: Veteran teachers in need of classroom management assistance also have access to one-on-one mentor support as may be needed in the case of a new grade level assignment or challenging class. Visalia Unified also offers a Peer Assistance and Review (PAR) program which is a formal system of mentoring and accountability.

An Instructional Coach is onsite and provides professional development for ELA, math, and classroom management.
