2. Consideration.

(a) Audeo shall pay SSP a fixed fee amount each month, on the first of the month, for as long as this Agreement is in effect, which shall cover a use fee for the shared use of the Premises that covers a percentage of direct and indirect costs such as repairs, insurance,

maintenance, operations, and utilities. This use fee shall calculated by April 1 each year and shall be fully reconciled at the end of each school year. The use fee shall be adjusted annually based upon usage of the Premises by the two Audeo and SSP.

3. Default. A "**Default**" is defined as a failure by any Party ("Defaulting Party") to comply with or perform any of the terms, covenants or conditions under this Agreement. A "**Breach**" is defined as the occurrence of one or more of the following Defaults, and the failure of the Defaulting Party to cure such Default within any applicable grace period:

(a) The failure of Audeo to make any payment required to be made hereunder when due.

(b) The failure to provide reasonable evidence of insurance, or to fulfill any obligation under this Agreement which endangers or threatens life or property, where such failure continues for a period of five (5) business days following receipt of written notice to Defaulting Party.

(c) A Default by Defaulting Party as to the terms, covenants, conditions or provisions of this Agreement where such Default continues for a period of fifteen (15) days after receipt of written notice.

4. Remedies. If Audeo fails to cure a Default within any applicable grace period, SSP may terminate their use of the facilities under this Agreement and remove the Defaulting Party's personal property from the Premises immediately, as well as exercise all other rights at law or equity. If SSP fails to cure a Default within any applicable grace period, Audeo may terminate their use of the Premises under this Agreement immediately.

5. Indemnity.

(a) By Audeo. Audeo will indemnify and hold harmless SSP from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) imposed upon or incurred by or asserted against SSP by reason of (i) any accident, injury to or death of persons caused by Audeo or its employees, agents, directors or officers ("Audeo Parties"), (ii) any failure on the part of Audeo Parties to perform or comply with any of the terms of this Agreement, or (iii) any liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) due to Audeo Parties' use and occupancy of the Premises.

(b) By SSP. SSP will indemnify and hold harmless Audeo from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) imposed upon or incurred by or asserted against Audeo by reason of (i) any accident, injury to or death of persons caused by SSP or its employees, agents, directors or officers ("SSP Parties") or (ii) any failure on the part of SSP Parties to perform or comply with any of the terms of this Agreement.

6. Insurance. At all times during the term of this Agreement, Audeo shall maintain, at levels that are commercially reasonable for their respective uses of the Premises, commercial general liability insurance, worker's compensation insurance, and any other form of insurance required under applicable law. Audeo shall name SSP as an additional insured on any insurance policy maintained in connection with use of the Premises and shall provide SSP with proof of insurance upon SSP's demand.

7. Condition of Premises. SSP makes no representations or warranties of any kind or nature, express or implied, with respect to the condition or fitness for use of the Premises and, except as expressly provided elsewhere in this Agreement, Audeo accepts and agrees to use the Premises "as is."

8. Repairs. Audeo shall not make any alterations, repairs, replacements or modifications ("Alterations") to the Premises without the advance written consent of SSP. SSP shall perform all necessary repairs to the Premises, and Audeo shall immediately reimburse SSP for all reasonable costs incurred by SSP in performing repairs attributable to that party's use of the Premises.

9. Dispute Resolution. The Parties agree that this section shall govern any dispute between the Parties arising out of this Agreement. The Parties agrees that an authorized representative designated by SSP or Audeo shall meet with a designated representative for SSP or Audeo, as applicable, within five (5) days of receiving, as applicable, a written notice of dispute from the other Party; the Parties agree to attempt to first resolve the dispute through informal negotiations.

10. End of Term. Audeo does not have any right to continued use of the Premises, or any part thereof, beyond the termination of this Agreement. Audeo each respectively hereby covenant and agree to indemnify and hold SSP harmless from and against all liabilities, obligations, claims, damages, penalties, causes of action, costs and expenses (including, without limitation, reasonable attorneys' fees and expenses) imposed upon or incurred by or asserted against SSP by reason of Audeo continuing to use or to store personal property at the Premises beyond the termination of this Agreement.

Service of such notices shall be deemed complete (a) if hand delivered, on the date of delivery, (b) if by mail, on the fourth business day following the day of deposit in the United States mail, by certified or registered mail, first-class postage prepaid, or (c) if sent by FedEx or equivalent courier service via overnight delivery, on the next business day. **EXHIBIT B**
**INTELLECTUAL PROPERTY AGREEMENT**

This Intellectual Property Agreement (the "Agreement") is made as of July 1, 2022 by Student Success Programs, a California nonprofit public benefit corporation ("SSP" or the "Licensor") and Audeo Charter Schools, a California nonprofit public benefit corporation ("Audeo" or the "Licensee"). SSP and Audeo may be referred to herein individually as a "Party" and collectively as the "Parties."

**WHEREAS**, SSP and Audeo share a common specific purpose "to support and benefit, and carry out the purposes of … public charter schools … to provide public education based on the educational and teaching concepts, methods, models, techniques" common to both schools, called the "Altus Model."

**WHEREAS**, SSP is the owner of the service mark "Altus Schools" and other intellectual property and proprietary materials that together constitute the brand image by which SSP is known to the public. SSP's intellectual property and proprietary materials include, but are not limited to: SSP's corporate names, product names, service marks, tag lines and descriptors, domain names, designs, typography, color palettes, and copyrightable works, including but not limited to content of its internet sites, stationery, signage, promotional items, advertising and marketing materials, events, press releases, photographs, forms, and electronic media as it relates to SSP. The name and mark "Altus Schools" and the other intellectual property and proprietary materials which together constitute the brand image and language by which SSP is known to the public are herein collectively referred to as the "IP Rights"; and

**WHEREAS,** Audeo wishes to obtain a non-exclusive license to use the IP Rights, including, without limitation, the service mark "Altus Schools," in connection with the promotion of its relationship with SSP and its provision of Audeo's products and services; and SSP is willing to grant to Audeo a non-exclusive license to use the IP Rights, including, without limitation, the service mark "Altus Schools" for such purpose, provided that Audeo agrees to comply with the terms and conditions of this Agreement.

**NOW THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the parties, the parties agree as follows:

1. **Licensor's Grant to Licensee.** To the extent SSP owns or controls such rights, SSP grants to Audeo during the Term of this Agreement a non-exclusive license to use the IP Rights, including, without limitation, the service mark "Altus Schools" and certain copyrighted works, each only in connection with the promotion of their relationship with SSP and in connection with advertising or promoting their products and services. Except as set forth in this Agreement, such license as may be granted in this Agreement may not be assigned, pledged, encumbered or otherwise transferred by Audeo, voluntarily or involuntarily, by operation of law or otherwise, without SSP's prior written consent, which consent may be withheld in SSP's sole discretion, and any attempt to do so in violation of this Agreement will be without legal effect and void under this Agreement. SSP may terminate this License and any time and for any reason with thirty (30) days written notice to Audeo.

2. **Consideration for Licenses.** For the promises received and given and other good and valuable consideration, the sufficiency of which is hereby acknowledged, SSP grants to Audeo the licenses and rights to the IP Rights as provided in this Section I. Audeo shall be considered fully-paid and there shall be no royalty or other fee due for the license granted to Audeo herein during the period this Agreement.

3. **Modifications to IP Rights**. Audeo shall not make or use any modification to any of the IP Rights without the prior express written approval of SSP, which may not be unreasonably delayed or withheld.

4. **Ownership.** Audeo hereby acknowledges and agrees that the IP Rights including, without limitation, the service mark "Altus Schools" and the goodwill associated with the IP Rights, are owned by SSP and are the exclusive property of SSP and may be used only with SSP's prior written consent as granted through this Agreement. Audeo shall retain the goodwill in its business apart from the goodwill associated with the use of the service mark and IP Rights. Audeo further acknowledges and agrees that, upon the termination of this Agreement, all of Audeo's rights in the IP Rights shall cease, and Audeo shall have no interest in or right to use any of the IP Rights which may have come into the possession of Audeo. Audeo will not in any manner represent that it owns the IP Rights or any part or component of the IP Rights, and Audeo hereby acknowledges that its use of the IP Rights shall not create any right, title, or interest in or to the IP Rights in favor of Audeo, but that all use by Audeo of the IP Rights shall inure to the sole benefit of and be on behalf of SSP. Audeo further acknowledges and agrees that it will not at any time do, or cause to be done, any act or thing to contest, oppose, seek to invalidate or in any way impair or intend to impair the validity or enforceability of any applications, registrations, or rights in or for the IP Rights or any of SSP's exclusive right, title and interest in the IP Rights.

5. **Infringement.** During the Term of the License, Audeo shall promptly notify SSP in writing of any suspected or actual infringement of the service mark as may come to their attention. In the event of any suspected or actual infringement, SSP has the right, but not the duty, to take any legal action or other measures to protect the service mark against such infringement. Audeo shall cooperate with SSP in any such actions or measures at SSP's request and sole expense. In any action brought by SSP: (a) SSP shall retain full control thereof, including the settlement or other disposition of the action; and (b) any recovery shall be solely for the account of SSP.

6. **General Provisions**.

   a. Disputes: This Agreement and any dispute arising from the performance or breach thereof shall be governed by and enforced in accordance with the laws of the State of California, without reference to any conflict of laws provisions.

   b. Severability: In the event that any provision of this Agreement is found to be invalid, illegal, or unenforceable in any jurisdiction, all other provisions herein shall remain in full force and effect, and such invalidity, illegality, or unenforceability shall not affect the validity, legality, and enforceability of all other provisions herein.

   c. No Modification or Waiver: The Parties shall not amend, modify, or waive any provision of this Agreement unless made, in writing, by and between the Parties. No provision of this Agreement shall be varied, contradicted, or explained by any oral agreement, course of dealing, or performance. No failure on the part of either Party to exercise any right under this Agreement, or any right provided by state law or equity or otherwise, shall impair, prejudice, or constitute a waiver of any such right.

   d. No Assignment: This Agreement shall not be assigned or transferred, directly or indirectly, by Licensee to any third party, whether by operation of law or otherwise, without the prior written consent of Licensor. Nothing in this Agreement shall be construed to limit the right of Licensor

to assign the IP Rights or this Agreement, provided that the transferee or assignee agrees, in writing, to be bound by the terms and conditions of this Agreement.

e. Independent Contractors: Nothing in this Agreement is intended, or is to be construed, to constitute a partnership or any other relationship between the Parties. The Parties shall not have any express or implied right or authority to assume or create any obligation on behalf of any other party, or to bind any other party to any contract, undertaking or agreement with any third party.

f. Entire Agreement: This Agreement embodies the entire understanding between the Parties with respect to the Intellectual Property, and supersedes any prior communications, representations, or understandings with respect thereto, whether written or oral.

IN WITNESS WHEREOF, the Parties hereto have executed this Intellectual Property Agreement as of the date first above written.

Moreover, Audeo employees should not use personal email accounts for Audeo-related communications. Audeo-related communications may only take place using the employee's Audeo-authorized email account.

# Audeo Charter School

## IMMUNIZATION POLICY

The Board of Directors of Audeo Charter School, a nonprofit public benefit corporation hereby adopts this Immunization Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, and Sweetwater Secondary School, all hereafter collectively referred to as ("Charter School"). The Charter School will adhere to all laws related to legally required immunizations for entering students pursuant to Health and Safety Code Sections 120325-120380, and Title 17, California Code of Regulations Sections 6000-6075.

### Required Immunizations, Records and Reports

California law requires that an immunization record be presented to Charter School staff before a child can be unconditionally enrolled in school. Charter School requires written verification from a doctor or immunization clinic of the following immunizations:

Entering students who are not exempt will need the following immunization requirements:

| Child's Grade | Immunization | Dosage |
|---|---|---|
| Entering Kindergarten[1] | Diphtheria, Pertussis, and Tetanus (DTaP) | Five (5) doses |
| | Polio | Four (4) doses |
| | Measles, Mumps, and Rubella (MMR) | Two (2) doses |
| | Hepatitis B (Hep B) | Three (3) doses |
| | Varicella (chickenpox) | Two (2) doses |
| Entering 7th Grade[2] | Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap) | One (1) dose |

[1] **NOTE:** Four doses of DTaP are allowed if one was given on or after the fourth birthday. Three doses meet the requirement if at least one dose of Tdap, DTaP, or DTP vaccine was given on or after the seventh birthday (also meets the 7th-12th grade Tdap requirement.) One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement. Three doses of Polio are allowed if one was given on or after fourth birthday. MMR doses must be given on or after first birthday. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines.

[2] **NOTE:** In order to begin seventh grade, students who had a valid personal belief exemption on file with a public or private elementary or secondary school in California before January 1, 2016 must meet all requirements for children

| | | |
|---|---|---|
| | Varicella | Two (2) Doses |

Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. Immunization records shall be part of the mandatory permanent pupil record and shall be kept in accordance with Charter School's Educational Records and Student Information Policy. Charter School will file a written report on the immunization status of all new entrants to Charter School with the California Department of Public Health, on at least an annual basis, as required by law.

Any child leaving the United States for a short vacation to or long stay in any country considered by the Center of Disease Control and Prevention ("CDC") to have increased risk of TB exposure MUST contact the County Tuberculosis Clinic for a TB Screening upon return.

Charter School shall immediately admit a foster child, as defined in Education Code § 48853.5(a), and a homeless child, as defined in Section 11434a(2) of Title 42 of the United States Code, even if the foster or homeless child's immunization records are not available or are missing. However, this does not alter Charter School's obligation to obtain immunization records for foster and homeless students or to ensure the full immunization of foster and homeless students as required by law.

If Charter School discovers that an admitted student who was previously believed to be in compliance with the immunization requirements is subsequently discovered to not be in compliance with either the unconditional admission requirements or the conditional admission requirements, Charter School will notify the student's parent/guardian of: 1) the time period within which the doses must be received, which may be no more than ten (10) school days after notification; and 2) that the student shall continue in attendance only if the parent/guardian provides documentation that the immunization requirements have been met within the time period designated by the School. If the student does not provide documentation of having received all required immunizations within the time period designated by the School, Charter School shall exclude this student from attendance. The student shall remain excluded from Charter School until the student is fully immunized as required by law. The student shall also be reported to the School Services Coordinator.

The Executive Director, or designee, may arrange for a licensed physician or a qualified registered nurse to administer immunizations at a Charter School resource center to any student whose parent/guardian has consented in writing.

**Conditional Admittance**

7-17 years old (i.e., polio, MMR, chickenpox/varicella and primary series for diphtheria, tetanus, and pertussis), **in addition to** the seventh grade requirements for Tdap (at least one dose of pertussis-containing vaccine on or after the seventh birthday) and two (2) doses of Varicella (varicella requirement for seventh grade advancement expires after June 30, 2025).

Students may be conditionally admitted in accordance with Health and Safety Code Section 120340 and Title 17, California Code of Regulations Section 6035. The Executive Director or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses. The Executive Director or designee shall review the immunization record of each student admitted conditionally at least every thirty (30) days from the date of admission until that student has received all the required immunizations or submitted an exemption. If a student conditionally admitted fails to fulfill the conditions of admission, Charter School will prohibit the student from further attendance until that student has been fully immunized as required by law.

**Documentary Proof**

The Executive Director shall maintain the student's immunization information in the student's mandatory permanent record and shall file annual immunization status reports as required by the California Department of Public Health.

**Exemptions from Immunization Requirements**

All students must be fully immunized in accordance with the California Health and Safety Code, the California Code of Regulations, and this Policy with the following exceptions:

1. Students who show proof of a medical exemption by a physician licensed to practice medicine in California pursuant to Health and Safety Code Section 120370.
    a. Commencing January 1, 2021, the California Department of Public Health standardized medical exemption form shall be the only documentation of a medical exemption that the School shall accept.
    b. On and after July 1, 2021, the School shall not unconditionally admit or readmit, or admit or advance any student to 7th grade, unless the student has been fully immunized or files a California Department of Public Health standardized medical exemption form as required by law.
    c. Medical exemptions issued before January 1, 2020, will continue to remain valid until the child enrolls in the next grade span, defined below.

2. Independent study students who do not attend ANY resource center classes or activities.

    a. A student who has not received all of the required immunizations will not be eligible to attend classes at a Charter School resource center unless the student is otherwise exempt under #1 or #3.

3. Students who, prior to January 1, 2016, submitted a letter or affidavit on file at a private or public elementary or secondary school in California stating beliefs opposed to immunization, and who provides said letter or affidavit to the Charter School, shall be allowed to enroll at the Charter School without being fully immunized until the student enrolls in the next grade span pursuant to Health and Safety Code Section 120335(g).

    a. "Grade span" means each of the following:

i. Birth to Preschool.
ii. Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten.
iii. Grades 7 to 12, inclusive.

If there is good cause to believe that a child has been exposed to a disease listed in subdivision (b) of Section 120335 and his or her documentary proof of immunization status does not show proof of immunization against that disease, that child may be temporarily excluded from a resource center site until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

This Policy does not prohibit a student who qualifies for an individualized education program ("IEP"), pursuant to federal law and Education Code Section 56026, from accessing any special education and related services required by the student's IEP.

~~SSP~~AUDEO is committed to providing a workplace free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action, up to, and including dismissal, of the offending employee.

Sexual harassment consists of sexual advances, request for sexual favors and other verbal or physical conduct of a sexual nature, regardless of whether or not the conduct is motivated by sexual desire, when:

(1) submission to the conduct is either made explicitly or implicitly a term or condition of an individual's employment;
(2) an employment decision is based upon an individual's acceptance or rejection of that conduct; (3) that conduct interferes with an individual's work performance or creates an intimidating, hostile or offensive working environment.

It is also unlawful to retaliate in any way against an employee who has articulated a good faith concern about sexual harassment against him or her or against another individual.

All supervisors of staff will receive two (2) hours of sexual harassment prevention training within six (6) months of their hire or their assumption of a supervisory position and every two (2) years thereafter. All other employees will receive one (1) hour of sexual harassment prevention

Abusive conduct includes but is not limited to repeated infliction of verbal abuse, such as the use of derogatory remarks, insults, and epithets, verbal or physical conduct that a reasonable person would find threatening, intimidating, or humiliating, or the gratuitous sabotage or undermining of a person's work performance. Supervisors shall also be trained on how to appropriately respond when the supervisor becomes aware that an employee is the target of unlawful harassment. Other staff will receive sexual harassment prevention training as required by law.

Each employee has the responsibility to maintain a workplace free from any form of sexual harassment. Consequently, should any individual, in particular those with supervisory responsibilities, become aware of any conduct that may constitute sexual harassment or other prohibited behavior, immediate action should be taken to address such conduct. Any employee who believes they have been sexually harassed or has witnessed sexual harassment is encouraged to immediately report such harassment to the Executive Director. The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this policy. Moreover, please note that while in most situations a personal relationship is a private matter, these relationships are not appropriate in a professional setting, particularly where one of the parties has management or supervisory responsibilities. As such, consensual relationships in the workplace may violate ~~SSP~~AUDEO policy.

## At-Will Employment Relationship

While ~~SSP~~AUDEO expects the employment relationship to be mutually beneficial, employment is entered into voluntarily and the employment relationship is considered at-will. Given the at-will employment relationship, either ~~SSP~~AUDEO or the employee may terminate the employment relationship at any time with or without cause, with or without notice, at the party's sole and unreviewable discretion.

Without impacting the at-will nature of the employment relationship, ~~SSP~~AUDEO may attempt to remedy and address issues of unsatisfactory performance with the employee.

No employee has the authority to enter into any agreement for employment or employment for a specified period of time, or to make an agreement or contract contrary to the at-will employment relationship stated above. The only exception to this would be an employment relationship stated in a written contract signed by both the employee and the Executive Director or Board of Director's Chairperson.

All employees required to receive mandated reporter training must provide proof of completing the training within the first six (6) weeks of each school year or within the first six (6) weeks of that employee's employment.

By acknowledging receipt of this Manual, employees acknowledge they are child care custodians and are certifying that they have knowledge of California Penal Code section 11166 and will comply with its provisions.

Even casual remarks can be misinterpreted and repeated, so develop the personal discipline necessary to maintain confidentiality. If someone outside ~~SSP~~AUDEO questions you, and you are concerned about the appropriateness of giving them certain information, remember that you are not required to answer and that we do not wish you to do so. Instead, as politely as possible, refer the request to your supervisor or one of the leadership team members.

No one is permitted to remove or make copies of any ~~SSP~~AUDEO or school records, reports, or documents without prior approval by the President/CEO or designee.

Because of its seriousness, disclosure of confidential information as described above could lead to discipline, up to and including immediate termination.

## Professional Boundaries: Staff/Student Interaction Policy

~~SSP~~AUDEO recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning- conducive environment possible.

***Corporal Punishment***

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of ~~SSP~~AUDEO personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

***Acceptable and Unacceptable Staff/Student Behavior***

This policy is intended to guide all ~~SSP~~AUDEO faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff.

Although this policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?"

For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust. Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct.

Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although sincere, competent interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

***Duty to Report Suspected Misconduct***

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to Human Resources Administrator. a school administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse.

## Process for Support and Remediation of Instructional Staff Performance Indicators

The objective of this process is to assist the instructional staff in improving productivity indicators. Success for students and staff is ~~SSP~~AUDEO's primary goal. Data distributed to all instructional employees that reflects the status of individual and group performance indicators, i.e., participation, academic credit indicators (ratio and averages), records audit, test participation, pre- and post-test results, etc.

The following is a range of opportunities designed to assist staff in improving performance indicators. ~~SSP~~AUDEO has no obligation to go through each step, and reserves the right to determine the appropriate steps for each employee given the nature of the situation. Further, neither this policy nor any action taken pursuant thereto alters the "at-will" nature of employment with ~~SSP~~AUDEO.

Notice of Concern. The supervisor will send a

written notice of concern to an employee whose performance indicator(s) are below expectations.

Deployed Assistance. If there is no significant improvement within a specified period as determined by members of the Leadership Team, the team may deploy staff (which may include learning leads, mentor teachers, auditors, peer coaches, or designee) to assist the employee in remediating the indicator(s) that requires improvement.

Consultation/Criteria for Improvement. If there is no significant improvement within the specified period as determined by the Leadership Team, the supervisor consults with the employee. The employee will submit an action plan with timeline to the supervisor for review and approval by the Leadership Team.

Consultant/Criteria for Continued Employment. If there is no significant improvement within the specified timeline, the employee meets with the supervisor and/or designated school administrator to set criteria for continued employment.

Non-Renewal/Dismissal. If the criteria for continued employment are not met, the Executive Director may send a written notice of non-renewal of contract or dismissal to the employee.

This process focuses on support for the remediation of performance indicators that do not meet standards. In the event that the employee engages in activities that breach the Standards of Conduct, immediate dismissal without prior notice may result.

## Disciplinary Actions

Unacceptable behavior, which does not lead to immediate dismissal, may be dealt with in the following manner: Verbal Warning, Written Warning, Dismissal. Written warnings will include the reasons for the supervisor's dissatisfaction and any supporting evidence. You will have an opportunity to defend your actions and rebut the opinion of your supervisor at the time the warning is issued. Disciplinary actions may also include suspensions or other measures deemed appropriate to the circumstances. All pertinent facts will be carefully reviewed, and the employee will be given a full opportunity to explain his or her conduct before any decision is reached. The President/CEO or another member of the Leadership Team will give a second opinion concerning the unacceptable behavior before dismissal occurs.

Notwithstanding the above process, employment remains "at-will." Accordingly, either the employee or ~~SSP~~AUDEO may terminate the employment relationship at any time with or without advance notice, or with or without cause. Further, ~~SSP~~AUDEO shall retain the discretion to deviate from the applicable level of disciplinary action in its sole discretion.

For this reason, employees are expected to conduct their personal affairs in a manner that does not adversely affect ~~SSP~~AUDEO or its own integrity, reputation, or credibility. Illegal or immoral off-duty conduct by an employee that adversely affects ~~SSP~~AUDEO's legitimate business interests or the employee's ability to perform his or her work will not be tolerated.

While employed by ~~SSP~~AUDEO, employees are expected to devote their energies to their jobs with ~~SSP~~AUDEO. For this reason, second jobs are strongly discouraged. The following types of additional employment elsewhere are strictly prohibited:

- Additional employment that conflicts with an employee's work schedule, duties, and responsibilities at ~~SSP~~AUDEO.
- Additional employment that creates a conflict of interest or is incompatible with the employee's position with ~~SSP~~AUDEO.
- Additional employment that impairs or has a detrimental effect on the employee's work performance with ~~SSP~~AUDEO.
- Additional employment that requires the employee to conduct work or related activities on ~~SSP~~AUDEO's property during the

employer's working hours or using ~~SSP~~AUDEO's facilities and/or equipment; and
- Additional employment that directly or indirectly competes with the business or the interests of ~~SSP~~AUDEO.

Employees who wish to engage in additional employment that may create a real or apparent conflict of interest must submit a written request to ~~SSP~~AUDEO explaining the details of the additional employment. If the additional employment is authorized, ~~SSP~~AUDEO assumes no responsibility for it. ~~SSP~~AUDEO shall not provide workers' compensation coverage or any other benefit for injuries occurring from or arising out of additional employment. Authorization to engage in additional employment can be revoked at any time.

## Resignation

While we hope both you and ~~SSP~~AUDEO will mutually benefit from your continued employment, we realize that it may become necessary for you to leave your job. If you anticipate having to resign your position, we ask that you please submit written notification to your supervisor as early as possible and at least two (2) weeks in advance of your final workday. Your supervisor will forward the notice to the Human Resources Department. You will be given direction from the Human Resources Department on the required checkout procedure.

## Return of School Property

Any school property or materials issued to you, such as orientation manuals, equipment, and books, must be returned to ~~SSP~~AUDEO at the time of your separation from employment, or whenever it is requested by your supervisor or a member of the Leadership Team. You are responsible for paying for any lost or damaged items.

In instances where an employee voluntarily leaves our employ, ~~SSP~~AUDEO would like to discuss your reasons for leaving and any other impressions that you may have about ~~SSP~~AUDEO. If you decide to leave, you will be asked to grant us the opportunity to conduct an exit interview. During the exit interview, you can express yourself freely and provide insights into possible improvements we can make. All information will in no way affect any reference information that ~~SSP~~AUDEO provides to prospective employers about you.

## References

~~SSP~~AUDEO does not respond to oral requests for references. All requests must be in writing, on the prospective employer's official letterhead, and must include signed authorization from the employee allowing ~~SSP~~AUDEO to release employment information.

As ~~SSP~~AUDEO employees, you may not respond to any information requests for information regarding another employee unless it is part of your assigned job responsibilities. Forward the request to the Human Resources Department.

## Reemployment~~instatement~~ of Former Employees

Former employees who wish to be considered for re-employment must submit an application. The former employee may be required to participate in an interview and workplace survey. If hired as a new employee, fingerprint and TB evaluation requirements must be met. Employees who were involuntarily separated from ~~SSP~~AUDEO are not eligible for reemployment. Reemployment is solely within the discretion of ~~SSP~~AUDEO.

# Personnel Administration

The Human Resources Administrator ~~Executive Director~~ is responsible for handling personnel records and related personnel administration functions at ~~SSP~~AUDEO. Questions regarding insurance, wages, and interpretation of policies may be directed to the Human Resources Department.

## Personnel File

Keeping your personnel file up-to-date can be important to you with regard to pay, deductions, benefits and other matters. If you have a change in any of the following items, please be sure to notify the Human Resources Department as soon as possible:

1. Legal name;
2. Home address;
3. Home telephone number;
4. Person to call in case of emergency;
5. Number of dependents;
6. Change of beneficiary;
7. Driving record or status of driver's license and auto insurance, if you operate any vehicle in the course of work for ~~SSP~~AUDEO;
8. Military or draft status; and
9. Exemptions on your W-4 tax form.

Coverage or benefits that you and your family may receive under your school's benefits package could be negatively affected if the information in your personnel file is incorrect.

Since ~~SSP~~AUDEO refers to your personnel file when we need to make decisions in connection with promotions, transfers, and dismissals, it is to your benefit to be sure your personnel file includes information about completion of educational or training courses, outside civic activities, and areas of interest and skills that may not be part of your current position here.

You have the right to inspect documents in your personnel file, as provided by law, in the presence of an ~~SSP~~AUDEO ~~School~~ representative, at a mutually convenient time. You also have the right to obtain a copy of your personnel file as provided by law. Please make arrangements with the Human Resources Department when you wish to review your file.

Credible complaints of substantiated investigations into or discipline for egregious misconduct will not be expunged from an employee's personnel file unless the complaint is heard by an arbitrator, administrative law judge, or the Board and the complaint is deemed to be false, not credible, unsubstantiated or a determination was made that discipline was not warranted.

## Performance Feedback

Performance feedback is a vital part of each individual's professional development. Honest and open dialog is valued as an integral part of its success. ~~SSP~~AUDEO leadership is continuously evaluating your job performance. Day- to- day interaction between you and your supervisor/ school leadership should give you a sense of how your performance is perceived. In addition, data are distributed for instructional employees on a regular basis that reflect individual and staff performance indicators, i.e., student attendance participation, credit indicators, growth targets, records compliance audit of records, etc. Additional performance indicators may be created and current ones may be adjusted based on programmatic needs.

~~SSP~~AUDEO will conduct a formal review of its employees at regular intervals. New employees may be reviewed more frequently. A review may also be conducted in the event of a promotion or change in duties and responsibilities.

## Employee Reviews and Evaluations

Each employee will receive periodic performance reviews conducted by their supervisor or designee. Performance evaluations will be conducted annually. The frequency of performance evaluations may vary depending upon length of service, job position, past performance, changes in job duties, or recurring performance problems.

Performance evaluations may review factors such as the quality and quantity of the work performed, knowledge of the job, initiative, work attitude, and attitude toward others. The performance evaluations are intended to make employees aware of their progress, areas for improvement, and objectives or goals for future work performance. Favorable performance evaluations do not guarantee increases in salary or promotions. Salary increases and promotions are solely within the discretion of ~~SSP~~AUDEO and depend upon many factors in addition to performance. After the review, an employee will be required to sign the evaluation report simply to acknowledge that it has been presented to them, that they have discussed it with their supervisor or designee, and that they are aware of its contents.

Newly hired employees may have their performance goals reviewed by their supervisor or designee within the first one hundred twentieth (120) work days of employment.

Salary and potential for advancement will be based largely upon job performance. On a periodic basis, the supervisor will review employee job performance with an employee in order to establish goals for future performance and to discuss your current performance. ~~SSP~~AUDEO's evaluation system, or any failure to evaluate, will in no way alter the at-will employment relationship.

# Employment Classifications

At the time of your hire, your position is listed as certificated or classified. Your position may be full-time, part- time, or temporary. You will be paid on an hourly rate, contract-based days, or monthly salary.

## Certificated Employees

An employee that is working in a position that requires a professional credential or certificate issued by the California Commission on Teacher Credentialing ("CTC"). Positions include: Teacher, Counselor, Education Specialist, selected administrators, and Certificated Teacher Resource ("CTR").

## Classified Employees

An employee working in the school that does not require a professional credential or certificate issued by the CTC. Employees in these positions are generally administrative, and non-instructional. Positions include: administrative assistants, clerical staff, and selected managers.

## Full-Time Employees

Except for purposes of benefits eligibility, aAn employee who is regularly scheduled to work at least forty (40) hours per week is considered a full--time employee.

## Part-Time Employees

An employee who is regularly scheduled to work less than a regular forty (40) hour workweek for an SSPAUDEO school(s) is considered a part-time employee. Part-time employees are not eligible for benefits described in this manual, except to the extent required by applicable law.

## Monthly Salaried Employees

Monthly salaried employees are primarily full-time. There are selected positions that may be less than full-time to serve the needs of SSPAUDEO. Employees in these positions are paid monthly based on their placement on SSPAUDEO's salary scale related to the position.

## Hourly Employees

Hourly employees are paid twice a month based on the time worked, as reported on the employee timesheet at the hourly rate designated for the position.

## Temporary Employees

From time to time, SSPAUDEO may hire employees for specific periods of time or for the completion of a specific project. An employee hired under these conditions will be considered a temporary employee. The job assignment, work schedule and duration of the position will be determined on a case-by-case basis.

Normally, a temporary position will not exceed six (6) months in duration, unless specifically extended by a written agreement. An extension of a temporary position will be evidenced by a written agreement executed by both the temporary employee and the Executive Director or designee.

If you are a temporary employee, you are not eligible for benefits described in this manual, except to the extent required by provision of applicable law. Those temporary employees classified as "nonexempt" (see the definition that follows) who work more than eight (8) hours in one day or more than forty (40) hours during any workweek are not eligible for overtime pay.

## "Nonexempt" and "Exempt" Employees

At the time you are hired, all employees are classified as either "exempt" or "nonexempt." By law, employees in certain types of jobs are entitled to overtime pay for hours worked in excess of eight (8) hours per day or forty hours (40) per workweek. These employees are referred to as "nonexempt" in this manual. This

means that they are not exempt from (and therefore should receive) overtime pay.

Exempt employees include directors, managers, professional staff (teachers), and others whose duties and responsibilities allow them to be “exempt” from overtime pay provisions as provided by applicable laws. If you are an exempt employee, you will be advised that you are in this classification at the time you are hired, transferred or promoted.

# Wage & Salary Policies

## Overtime Pay

From time to time, it may be necessary for you to perform overtime work (hours in excess of your regular, full-time assignment) in order to complete a job on time. **The appropriate Administrator must approve all overtime IN ADVANCE**. Failure to obtain approval in advance may result in disciplinary action. When it is necessary to work overtime, you are expected to cooperate as a condition of your employment.

If you are a "nonexempt" employee and you perform overtime work, you will be compensated one and one- half (1 1/2) times your regular hourly pay rate for time worked over eight (8) hours per day or forty (40) hours per week that you work. Employees are entitled to double time compensation for those hours worked in excess of twelve (12) hours in any one day or for any hours worked beyond the eighth (8th) hour on the seventh consecutive workday in a workweek. If, during that week, you were away from the job because of a job- related injury, paid holiday, jury duty, vacation taken in single-day increments, or paid sick time, those hours not worked will not be counted as hours worked for the purpose of computing eligibility for overtime compensation.

## Pay Period and Hours

The payroll workweek begins on Sunday at 12:01 a.m. and ends on Saturday at 12:00 midnight. The monthly employees' pay period for the month begins at 12:01 on the first day of the month and ends on the last workday (as noted in ~~SSP~~AUDEO's official calendar) of the month. The hourly employees' have bi-monthly pay periods wherein period one is between the 1st and the 15th of the month and period two is between the 16th and last working day of the month.

## Pay Cycle/Paycheck Distribution

For monthly employees, payday is the last workday of the month. Employees are strongly encouraged to set up direct deposit for their paycheck to their preferred banking institution.

For hourly employees, payroll checks, if not direct deposit, will be sent to the mailing address indicated on the payroll system on the 10th and 26th of each month, or the last business day preceding those dates when they fall on a weekend or holiday. It is critical that employees report address changes at least thirty (30) day prior to the payday to the Human Resources Department.

Payday date changes will be made and announced in advance whenever holidays or closings interfere with the normal payday.

## Salary Overpayment and Correction

Overpayment can result from early termination of employee contracts, delays or inaccuracies in pay-related information, system failures, and human error. Regardless of the origin of the error, there is a shared responsibility between employee and the school to correct errors and recover the funds in a timely manner.

"*Overpayment*" is defined as compensation paid to an employee in excess of the amount owed to them and to which the employee is not entitled.

"*Repayment*" is the process by which an employee or former employee returns the overpayment to ~~SSP~~AUDEO.

*Employees* are expected to review their salary payments each pay period for accuracy and promptly report any discrepancies to their supervisor and/or the Human Resources Department. When overpayments have been identified, employees ~~will~~ must work with Finance- Payroll to promptly repay the debt to ~~SSP~~AUDEO. Failure to do so may result in disciplinary action, up to and including dismissal from employment, and/or legal action against the employee to recover the debt owed and costs incurred in doing so.

*The Human Resources Department* ("HR") is responsible for maintaining accurate employee records. HR is responsible for the timely reporting when employee separates employment or takes leave of absence. HR will fully cooperate with and assist Finance-Payroll in the effort to recover funds in a timely manner.

*The Finance-Payroll Department* is responsible for timely and accurate salary payments to employees. When an overpayment is identified, Payroll will review records to determine the source of error and calculate net overpayment amount, accounting for taxes and withholdings. Finance-Payroll will manage the recovery process, including: correspondence, repayment arrangements, receipt of funds, etc.

*Notification and Repayment*
Finance-Payroll will notify active and terminated employees of the overpayment as soon as it is discovered and confirmed. This notification will be in writing through email and/or letter (may be certified mail). Notification will include: amount of overpayment, dates of overpayment, reasons, and employee options for repayment.

Options for repayment may include:

- Personal check payable to ~~SSP~~AUDEO either one-time payment, or multiple payment plans established with Payroll.
- Payment plan, as agreed upon with Finance-Payroll, through a series of payroll deductions for a period not to exceed six (6) months.

Other options may be submitted in writing to Chief Financial/Business Officer for consideration.

## Salary Placement for Teachers

Placement on the salary schedule is based on review of the employee's transcripts and employment history documents.

It is the employee's responsibility to ensure that education and experience documents are submitted to HR **within fifteen (15) days** from the date of signing the initial employment contract. The documents include teaching experience verification from previous school employers and original sealed coursework transcripts.

Failure to submit documents within fifteen (15) days of employment could result in the employee remaining on the initial placement (Column A, Step 1) until complete documentation is submitted, even after the employee has satisfactorily completed the Introductory Period. Note that this also delays the effective date of benefits eligibility.

If, after initial placement on the salary scale, the employee submits additional education or experience documents, adjustments will be made during the next open period described below.

*Academic Credits Earned*
We encourage our teachers' efforts in continuing education that supports student learning and builds subject matter expertise.

Eligible employees may advance to a higher column provided that the minimum number of *qualifying units* or the advanced degree are earned and verified by official sealed transcripts submitted to HR within the designated open periods as defined below.

There are two periods open to submit salary advancement application forms and transcripts: June 1 through July 30 and January 1 through February 28.

The effective date of the advancement will be the first workday of the next month following submission and approval of education documentation. (July 1, August 1, February 1, or March 1 effective dates only)

*Example*: for documents submitted/approved in June, the effective date of the advancement will be July 1; for documents submitted/approved in July, effective date will be August 1.

Employees are encouraged to submit their application and transcripts for salary advancement as early in the open period as possible. If the documentation submitted is incomplete, eligibility for salary advancement may be delayed to the next month or the next

open period.

Employees may submit form and transcripts for evaluation only ONCE during this period.

*Qualifying Credits*

Allowable academic units or credits must come from an accredited college or university. Only coursework that was taken post-bachelor's degree (i.e., graduate level) date will be accepted. Courses are reviewed for content and posted based on support of professional growth and/or advanced degree that aligns with the professional field of education. Units for salary placement refer to semester units. Quarter units are valued at two-thirds (2/3) of semester units.

## Payroll Withholdings

As required by law, ~~SSP~~AUDEO shall withhold Federal Income Tax, State Income Tax, and Social Security/Medicare (FICA), as well as the employee's contributions to STRS or PERS, as follows:

1. Federal Income Tax Withholding: The amount varies with the number of exemptions the employee claims and the gross pay amount.

2. State Income Tax Withholding: The same factors which apply to federal withholdings apply to state withholdings.

3. FICA: The Federal Insurance Contribution Act requires that a certain percentage of employee earnings be deducted and forwarded to the federal government, together with an equal amount contributed by ~~SSP~~AUDEO.

4. STRS/PERS: All eligible employees shall be enrolled in the appropriate retirement system, and ~~SSP~~AUDEO shall withhold the legally required percentage of the employee's wages representing the employee's contribution to the retirement system.

In addition to the deduction described above, ~~SSP~~AUDEO shall also withhold any voluntary deductions (e.g., deferred compensation, disability insurance, etc.).

Every deduction from an employee's paycheck is explained on the check voucher. If an employee does not understand the deductions, he or she should ask the Human Resources Department to explain them.

Employees may change the number of withholding allowances claimed for Federal Income Tax purposes at any time by filling out a new W-4 form and submitting it to the HR Department. The office maintains a supply of these forms.

All Federal, State, and Social Security taxes will be automatically deducted from paychecks. Federal Withholding Tax deduction is determined by the employee's W-4 form. The W-4 form should be completed upon hire and it is the employee's responsibility to report any changes in filing status to the HR Department and to fill out a new W-4 form. From time to time tax law, and tax rates, change which may affect your tax returns. ~~SSP~~AUDEO recommends that all employees review their tax withholdings annually and complete a new W-4 form.

At the end of the calendar year, a "withholding statement" (W-2) will be prepared and forwarded to each employee for use in connection with preparation of income tax returns. The W-2 shows Social Security information, taxes withheld and total wages.

## Wage Attachments and Garnishments

Under normal circumstances, ~~SSP~~AUDEO will not assist creditors in the collection of personal debts from its employees. However, creditors may resort to certain legal procedures such as garnishments, levies, or judgments that require the School, by law, to withhold part of an employee's earnings in their favor.

Employees are strongly encouraged to avoid such wage attachments and garnishments. If the School is presented a second garnishment request concerning an employee, the Executive Director will discuss the situation with the employee.

## Work Year

When hired, employees are assigned a work year. The number of days/hours in a work year is prorated for part- time employees based on their full-time equivalency (FTE). Work years for the following employees are:

- Teachers, Education Specialist, Certificated Teacher Resource: 12-month/228 days from July 1 to June 30.
- Certificated and Classified Management: July 1 to June 30 inclusive; 12 months
- Classified, non-management: July 1 to June 30 inclusive; 12 months

The work year for several specialized positions will be determined by the needs and requirements of the program, particularly those funded by grants and outside funding sources. ~~SSP~~AUDEO reserves the right to adjust position work year, full or part-time hours, based on the needs of the school.

Employees may be required to submit a work year calendar to designate workdays, non-workdays, vacations, floating holidays, and professional/ personal improvement days, if applicable. Changes to this calendar are subject to the approval of your supervisor and the Executive Director.

## Workday and Workweek

The operating hours of the administrative offices are generally 7:30 a.m. to 4:00 p.m. Monday through Friday, but may vary based on the needs of the school and community. The hours of Resource Centers may vary according to the needs of the students as developed by the assigned teacher in consultation with the School Administrator. Some Resource Centers have been designated as extended-day sites.

Your particular hours of work and the scheduling of your lunch period will be determined by your location and the school's program needs. Full-time and hourly teachers are required to conduct business (instruction, visits to home, agencies, office, etc.) within the assigned hours, not to exceed eight (8) hours in one (1) day or forty (40) hours in a week.

## Expense Reimbursement

Prior to incurring an expense on behalf of your school and/or Resource Center, you must have written authorization (requisition/purchase order, etc.) from your supervisor or School Administrator.

To be reimbursed for all authorized expenses, you must submit an expense report/voucher in the proper form accompanied by signed original receipts and approved by your manager. Please submit your expense report/ voucher as you incur authorized reimbursable expenses. Failure to meet prescribed due dates and deadlines may result in rejection of your request for reimbursement.

## Mileage Reimbursement

Employees in elected administrative positions or persons involved in designated activities that are required to conduct school business using their personal vehicle may be reimbursed at the current Internal Revenue Service (IRS) rate per mile. Use school form Mileage Claim Form and Mileage Information Report. Claims must be submitted by the first Friday of the month for the previous month's mileage. Each claim report should terminate at the end of a month to avoid duplication in succeeding claims. Claims received after the due date will not be reimbursed.

In computing school business mileage, the starting and finishing points will be your regular workplace. For employees' mileage reimbursement claims, their first school business location for the day and their "last" is their "regular workplace".

Claims involving weekends or other non-workdays shall include a statement explaining the need to work on that day. For travel in excess of one hundred (100) miles per day, which has been pre-approved, a brief explanatory note shall be included on the mileage form.

*Submission of Claims*

Claims should be submitted monthly. Your report

is due each month on the first Friday of the month. (Example your September mileage report must be completed and submitted on the first Friday of October) If you do not submit the forms by the due date, you will not be reimbursed. Each claim report should terminate at end of a month to avoid duplication in succeeding claims. Since ~~SSP~~AUDEO's fiscal year ends on June 30, claims for June mileage shall be submitted no later than employee's last workday in June. Employees should expect a reimbursement check on the 26th of each month.

*Auditable Records*

School and department internal records must be kept indicating: employee name, date of travel, and actual mileage traveled. Record of destination and/ or purpose of trip are required. Include total dollar amount of requests for reimbursement. Attach this record to your claim for review by the School Administrator or designee. For claiming mileage to and from the office/s, signing in and out at the front desk is required; failure to do so may result in rejection of claim. Such records shall be subject to audit, and will be retained for a period of one (1) year after close of the fiscal year during which a claim is submitted.

# Work Schedule

## Meal and Rest Periods

Nonexempt employees working at least five (5) hours are provided with a thirty (30) minute meal period, to be taken approximately in the middle of the workday, but by no later than the end of the 5th hour of work. An employee may waive this meal period if the day's work will be completed in no more than six (6) hours, provided the employee and ~~SSP~~AUDEO mutually consent to the waiver.

Nonexempt employees are also provided with a fifteen (15) minute rest period for every four (4) hours worked which should be scheduled towards the middle of the four (4) hour work period as practicable. An employee's supervisor must be aware of and approve scheduled meal and rest periods.

Employees are expected to observe assigned working hours and the time allowed for meal and rest periods. Employees are prohibited from combining meal and rest period time. Employees must immediately inform their supervisor if they are prevented from taking their meal and/or rest periods.

## Attendance

You are expected to be at your work site and ready to work at the beginning of your assigned daily work hours, and you are expected to remain at your work site until the end of your assigned work hours, except for approved breaks and lunch.

Be aware that excessive time off could lead to disciplinary action.

## Absences

From time to time, it may be necessary for you to be absent from work. We are aware that emergencies, illnesses, or pressing personal business that cannot be scheduled outside your work hours may arise. Report all absences to your supervisor and email attendance at attendance@altusschools.net.

*Planned Absences*

If you know in advance that you will be absent, you are required to request this time off from your supervisor and the School Administrator *in advance and in writing* and copy your supervisor and the Human Resources Department. Email is an appropriate means of doing so. Include in your request the dates of absence and type of leave to be used (basic reason for request). If you are a Resource Center employee, include a recommendation or plan for student coverage.

Your supervisor will work with you to determine the feasibility and timing for the planned absence, and also the need for a substitute. Upon approval, the employee submits "Leave of Request/Absence Request" to the Human Resources attendance email.

Employees who plan to attend a professional development or continuing education event must request authorization from their supervisor and the School Administrator *in advance and in writing*.

*Unexpected Absences*

If you are unable to report to work as scheduled, call your supervisor and the Human Resource Office at (858) 678- 20384~~0~~ by 8 a.m. Leave a voice mail message if staff is unavailable to receive your call.

Report the absence due to illness or personal emergency and estimate when you expect to return. Update the Human Resources Department daily. If you are unable to make the call yourself for an absence or late arrival, for whatever reason, be sure to have someone call on your behalf.

If you expect to report to your worksite later than your scheduled time, notify your Resource Center personnel, your lead or school coordinator; all others must notify the Human Resources Department. Notifying a fellow-

employee does not fulfill this requirement.

**Absence from work for three (3) consecutive days without notifying your manager or the personnel administrator may be considered a voluntary resignation effective the close of business on the third day of absence.**

## Record of Absence or Lateness

Your supervisor and/or the School Administrator may require you to submit written documentation from your physician for *any absence*. If you are absent three (3) or more days because of illness, you may be required to provide written documentation from a doctor that you are able to resume normal work duties before you will be allowed to return to work.

~~SSP~~AUDEO documents absence or lateness, and the reason, in personnel files. Your attendance record will be considered when evaluating requests for leaves of absence and approved time off.

## Excessive Absenteeism or Lateness

In general, a consistent pattern of absence will be considered excessive, and the reasons for the absences may come under question. Tardiness or leaving early is as detrimental to ~~SSP~~AUDEO as an absence. Be aware that excessive absenteeism, lateness or leaving early may lead to disciplinary action, including possible dismissal.

## Timesheets/Records

By law, we are obligated to keep accurate records of the time worked by "nonexempt" hourly employees.

Your timesheet is the only way the Payroll Department knows how many hours you worked and how much to pay you.

You are responsible for your timesheet, which contains your hours worked, meal periods taken, vacation or sick pay used, and other information needed by Payroll. Remember to record your time daily. The employee submits their timesheet to their direct supervisor or designee for approval. Employees and supervisors are expected to verify that all information entered on the timesheet is correct.

Signed or electronically signed timesheets are due to your supervisor by the last day of that reporting period. Late or incomplete timesheets can have an impact on the amount you are paid and require subsequent corrections.

No one may record hours work on another employee's timesheet except for the immediate supervisor or designee of the employee and only with the employee's consent. For example, if an employee has an emergency and cannot be at work to submit their timesheet when it is due, then they can contact their immediate supervisor and request that this be done on their behalf.

Tampering with another employee's timesheet is cause for disciplinary action, including possible dismissal, of both employees. Do not falsify another person's record, or influence anyone else to alter your record for you. In the event of an error in recording your time, please report the matter to your supervisor immediately.

# Workplace Policies

In accordance with California law, we will provide employees who wish to express breast milk for nursing infants with a reasonable opportunity to take breaks for the purpose of expressing breast milk, which can be timed with the employee's regular break schedule; and reasonable access to a private location to express breast milk, other than public restrooms if possible, that is in close proximity to the employee's regular work area. Such room/location shall have electricity. Employee shall also be given access to a sink with running water and a refrigerator. Employees with private offices will be required to use their offices to express breast milk. Contact your supervisor if you have any questions or need assistance in making these arrangements.

## Board Meetings

Although some ~~SSP~~AUDEO Board meetings are held during working hours of the Schools, employees are welcome to attend such meetings. School facilities are one of the host locations for Board meetings and can accommodate the attendance of employees, parents, students, other stakeholders, and members of the public. Should an employee wish to attend a Board meeting, they must notify their supervisor at least [four~~INSERT~~] hours in advance of the meeting, including for the purpose of ensuring appropriate student supervision is secured as applicable.

## Bulletin Boards

Bulletins and bulletin board(s) are an "official" way of keeping everyone informed about new policies, changes in procedures and special events. Information of general interest is posted regularly on the bulletin board(s). Please make it a habit of reading the bulletin board(s) regularly so that you will be familiar with the information posted on it.

Only authorized personnel are permitted to post, remove or alter any notice on the bulletin board(s). If you want to have notices posted on bulletin board(s), see the Human Resources Department for instructions.

## Communications

Successful working conditions and relationships depend upon successful communication. Not only do you need to stay aware of changes in procedures, policies and general information, you also need to communicate your ideas, suggestions, personal goals or problems as they affect your work.

In addition to the exchanges of information and expressions of ideas and attitudes which occur daily, make certain you are aware of and utilize all school methods of communication, including this Employee Manual, bulletin boards, discussions with your supervisor and members of the Leadership Team, memoranda, meetings (faculty, department, teams), newsletters, training sessions, etc.

In addition, you may receive correspondence from ~~SSP~~AUDEO. There is no regular schedule for distribution of information. The function of each correspondence is to pro~~-~~vide you and your family with interesting news and helpful information that will keep you up-to-date on the events here at ~~SSP~~AUDEO.

## Communications with the Press; Other Outside Agencies

From time to time, there may be events at ~~SSP~~AUDEO that invite interest from the media or other outside agencies. To maintain a coherent, centrally organized public relations policy which is consistent with the philosophy and vision for ~~SSP~~AUDEO, all requests to faculty, staff, general or advisory board members made by the media, electronic or print, must be referred to the Chief of Staff for approval and coordination.

## Computer Software (Unauthorized

## Copying)

~~SSP~~AUDEO does not condone the illegal duplication of software.

The law protects the exclusive rights of the copyright holder and generally does not give users the right to copy software. Unauthorized duplication of software is a Federal crime. Penalties include fines and imprisonment. Further, employees who make, acquire or use unauthorized copies of computer software shall be disciplined as appropriate under the circumstances. Such discipline may include dismissal from employment.

Even the users of unlawful copies suffer from their own illegal actions. They receive no documentation, no customer support and no information about product up- dates.

~~SSP~~AUDEO licenses the use of computer software from a variety of outside companies. ~~SSP~~AUDEO does not own this software or its related documentation and, unless authorized by the software manufacturer, does not have the right to reproduce it.

With regard to use on local area networks or on multiple machines, employees shall use the software only in accordance with the license agreement.

Employees learning of any misuse of software or related documentation within the company shall notify the department manager.

## Dress Code/Personal Appearance

You are expected to dress and groom yourself in accordance with accepted social and business standards. Your job involves dealing with students, parents, and the com- munity. In many cases, you serve as a role model. You must use good judgment in determining what is a reasonable dress code appropriate to the job you perform. Clothing that exposes bare backs, midriffs, and/or shoulders, T-shirts, undershirts, jeans, shorts, thongs and beach sandals are not appropriate.

A neat, tasteful appearance contributes to the positive impression you make on our community. You are expected to be suitably attired and groomed during working hours or when representing ~~SSP~~AUDEO. A good clean appearance bolsters your own poise and self-confidence and greatly enhances our school image.

Personal appearance should be a matter of concern for each employee. If your supervisor feels your attire is inappropriate, you may be asked to leave your workplace until you are properly attired. You will not be paid for the time you are off the job for this purpose. The support team has the sole authorization to determine an appropriate dress code, and anyone who violates this standard will be subject to appropriate disciplinary action.

## First Aid

If you hurt yourself or become ill, please contact your manager for assistance. If you fail to report an injury, you may jeopardize your right to collect workers' compensation payments as well as health benefits. Should you have any questions or concerns, contact the Human Re-sources Department or your supervisor for more information.

## First Aid and CPR Certification

To ensure the safety of its students and employees, it is highly recommended that staff maintain a current cardio-pulmonary resuscitation ("CPR") and First Aid certification. All candidates applying for a preliminary teaching credential are required to obtain certification in CPR. The Commission on Teacher Credentialing states that CPR certification shall meet the criteria of the American Heart Association or the American Red Cross. Submit a copy of your certification to the Human Resources Department for inclusion into your personnel file.

## Intellectual Property

~~SSP~~AUDEO shall own any employee-created intellectual property under the following

circumstances:

1. The intellectual property was created within the scope of employment;
2. The intellectual property was created on SSPAUDEO time with substantial use of SSPAUDEO equipment, services or resources; or
3. The intellectual property was commissioned by SSPAUDEO
   - Pursuant to a signed contract; or
   - Within a specific category of works considered works-for-hire under copyright law.

A copyright work is "created within the scope of employment" if it is the kind of work the employee is employed to do and the employee creates it, at least in part, for the employee's use at work, or for use by co-workers, SSPAUDEO, and/or the students and families SSPAUDEO serves. Such works related to an individual's job responsibilities, even if he or she is not specifically requested to create them, will be- long to SSPAUDEO as "works-for-hire."

The use of personal time or other facilities to create the work will not change its basic nature if it is related to job duties as described above. Works that have nothing to do with job duties will remain the property of the employee, so long as he or she does not make substantial use of SSPAUDEO facilities to do so. "Substantial use" is the use of resources other than those "ordinarily available" to most or all staff and/or students. Such ordinarily available resources include office space and personal office equipment, office computer, general use information re- sources, and the means of network access to such re- sources.

If an employee creates intellectual property other than a scholarly work and which may lead to commercial development, then he or she is expected to immediately notify the Leadership Team in order to provide SSPAUDEO with sufficient information to permit it to evaluate the work, both its ownership and its commercial potential, and, if appropriate, to take steps to protect SSPAUDEO's intellectual property rights. If ownership rests with SSPAUDEO, but SSPAUDEO elects not to exercise its ownership rights, then ownership rights and responsibilities related to patenting, copyrighting and licensing shall revert to the author(s). In such case, SSPAUDEO shall retain a nonexclusive, royalty-free right to use the work for non-commercial purposes.

## Research Activities

SSPAUDEO is committed to supporting a strong, active research component for the School. As a critical part of the ADLI (Approach, Deploy, Learn, Integrate) approach to strategic growth, professional development and innovation, SSPAUDEO holds as an expectation that every employee's scope of work shall include observation and exploration and sharing of instructional, educational, operational and related activity at the national, state, and local levels

The activities surrounding ADLI may include, but are not limited to attending local, state, and national conferences on a unique variety of subject areas including the charter movement, charter law, charter school development and management, personal interviews, meetings, the preparation of white papers, technical manuals, other major publications, working with consultants, and producing or coordinating projects that include the sharing of information (data, operational, or process) with other entities interested in the work relating to the Altus Model. Consistent with the organization's charitable purpose, it is the intent of SSPAUDEO that its involvement in active research and study not only benefits and promotes the Schools directly, but inspires and engages employees at every level in the promise of working for an entity which is oriented to process improvement, innovative non-traditional approaches, and futuristic development of programs that benefit students everywhere.

## Personal Phone Calls

School telephones are a vital tool in communicating with parents, community resources, and to conduct official school business. Please keep personal phone calls, using school phones or your personal cell phones, to a

minimum; they must not interfere with your work.

If calls are made from a school phone to areas that incur toll or long-distance charges, the employee responsible for initiating the calls must complete the appropriate school form to report the call. Employees are responsible for payment of any fees incurred for toll or long-distance personal phone calls.

## Personal Use of School Property

If you want to use school equipment or tools during or after work hours for personal benefit, you must have written authorization from the School Administrator. ~~SSP~~AUDEO is not liable for personal injury incurred during the use of school property for personal projects. As an employee of ~~SSP~~AUDEO, you accept full responsibility for any and all liabilities for injuries or losses that occur, and for the malfunction of equipment. You are responsible for returning the equipment or tools in good condition, and you agree that you are required to pay for any damage that occurs while using the equipment or tools for personal projects.

## Property and Equipment Care

It is your responsibility to understand the equipment/ machines you need to use to perform your duties. Good care of any machine that you use during the course of your employment, as well as the conservative use of supplies, will benefit you and ~~SSP~~AUDEO. If you find that a machine and/or piece of equipment is not working properly or in any way appears unsafe, please notify your supervisor immediately so that repairs or adjustments may be made. Under no circumstances should you start or operate a machine you deem unsafe, nor should you adjust or modify the safeguards provided.

## Responsibility for School Property

All school equipment assigned to RC/locations is purchased and consigned to staff with the express intent that it be used in the delivery of instruction and/or services offered to students enrolled in the school.

Equipment owned by ~~SSP~~AUDEO is considered an asset and under the protection of workforce members. Equipment such as computers, telephones, radios, laptops/ computers, televisions, etc. are to be used expressly for the purpose for which they were intended, that is, to enhance the teaching and learning that occurs in the RC and support to job functions.

Equipment, other than employee's assigned laptop, should never be removed from the site without prior written notification, twenty-four (24) hours in advance, directed to the School Administrator/Site Coordinator or designee. School property that the employee is allowed to remove from school premises becomes the liability of that employee until the employee returns it to ~~SSP~~AUDEO in good working condition.

It is the responsibility of the employee to exercise reasonable care and appropriate precautions to prevent damage to or loss/theft of school property in their care. The terms "reasonable care and appropriate precautions" may mean, at minimum:

- The property is not left unattended.
- The property is secured in a locked facility.
- When being transported the property is locked in a vehicle out-of-sight, preferably in the trunk.
- Transporting of the property is limited primarily to between school sites, on school business, and to and from work.

The employee is liable for the payment of damages whenever his/her wrongful or negligent act or omission causes loss, theft, disappearance, damage to or destruction of school property for which he/she is responsible.

In the event that school property under the employee's care is lost or stolen, it must be reported to the local police AND the School Administrator/ School Coordinator or designee immediately. A copy of police report must be sent to the School Administrator/School Coordinator or designee within *two (2) working days*

of the loss. Failure to secure and submit a police report automatically results in the employee's liability for the replacement cost.

Within *two (2) working days* after notification that school property has been lost or damaged, the employee's supervisor will interview the employee, prepare a written report, and submit it to the School Administrator for review.

The Executive Director will determine if the employee is deemed negligent, and whether or not financial liability and/or other sanctions are justified. This determination will be based on the facts established in each case. The School Administrator will inform the employee in writing as to the findings and any consequences. The employee has the option to request an appeal of the decision. The appeal must be submitted in writing, addressed to the Executive Director, within *five (5) working days* after the receipt of the findings.

After review, the Executive Director will convey the decision, in writing, to all concerned.

If the finding of liability is upheld, the School Administrator will be responsible for instituting the sanctions/ consequences other than financial. If there is a financial liability, the Finance Department will submit a bill to the employee requesting payment due as soon as possible *AND* prior to the end of the employee's contract term.

## Safety/Fire/Earthquake Drills

The safety of our students and employees is a priority. Drills are scheduled throughout the year. The Safety Coordinator and/or School Administrator will advise you about the requirements and expectations.

## Safety Rules (General)

Safety is everybody's business. Safety must be given primary importance in every aspect of planning and performing of all school activities. We want to protect you and our students from injury and illness.

Please report all injuries (no matter how slight) to your supervisor immediately, as well as anything that needs repair or is a safety hazard. Below are some general safety rules:

- Avoid overloading electrical outlets with too many appliances or machines.
- Use flammable items, such as cleaning fluids, with caution.
- Use stairs one at a time.
- Ask for assistance when lifting heavy objects or moving heavy furniture.
- Smoke only in designated smoking areas, but not on school property.
- Keep cabinet doors and file and desk drawers closed when not in use.
- Sit firmly and squarely in chairs that roll or tilt.
- Avoid "horseplay" or practical jokes.
- Keep your work area clean and orderly; keep aisles clear of obstructions.
- Stack materials only to safe heights.
- Watch out for the safety of fellow employees and students.
- Use the right tool for the job, and use it correctly.

Remember, failure to adhere to these rules will be considered a serious infraction of safety rules and will result in disciplinary actions, up to and including immediate termination.

## Security

Maintaining the security of school assets and buildings is every employee's responsibility. Develop habits that ensure security as a matter of course. For example:

- Always keep cash properly secured. If you are

aware that cash is insecurely stored, immediately inform the person responsible and/or your supervisor. Do not keep cash in the resource center. Turn in any school cash at the end of the school day to the Finance Department; issue receipts.
- Know the location of all alarms and fire extinguishers, and familiarize yourself with the proper procedure for using them should the need arise.
- When you leave school's premises make sure that all entrances are properly locked and secured and that, where applicable, security alarms are set.

## Pandemic Response Procedures

~~The School~~ ~~SSP~~AUDEO has developed pandemic response procedures in order to be prepared in such emergency circumstances. Viruses such as influenza are a group of highly contagious diseases that can be fatal. A pandemic differs from both seasonal influenza (flu) and other known influenza viruses in the following aspects:

- It is a rare global outbreak which can affect populations around the world.
- It is caused by a new virus of which little is known and to which people do not have immunity.
- Depending upon the specific virus, it can cause more severe illness than regular flu, with a higher death rate, and can affect and be spread by young, healthy people as well as older, sick people.

The Department of Health and Human Services will take the lead in mobilizing a local response to pandemic influenza. Public health alerts will be reported to schools and the community. Individual schools may be closed temporarily by region or state to contain spread of the virus.

***Executive Director Actions:***

- Activate heightened surveillance of illness within school site. Gather data on symptoms of students and staff who are sick at home.
- Ensure that students and staff members who are ill stay home.
- Send sick students and staff home from school immediately.
- Provide fact sheets and guidelines for school families to make them aware of symptoms and remind them of respiratory hygiene etiquette.
- Monitor bulletins and alerts from the Department of Health and Human Services.
- Keep staff informed of developing issues.
- Assist the Department of Health and Human Services in monitoring outbreaks.
- Respond to media inquiries regarding school attendance status.
- Implement online education, if necessary, so that students can stay home.
- Maintain surveillance after the initial epidemic in the event a second wave passes through the community.

***Staff and Student Actions:***

- Stay home when ill with cough or other flu-like symptoms (chills, fever, aches, cough, sore throat).
- Practice "respiratory hygiene etiquette," including but not limited to covering your cough and sneezing with a tissue, washing hands with soap and water or a waterless hand hygiene product, and placing used tissues into a sealed bag.
- Disinfect surfaces contaminated with infected respiratory secretions with a diluted bleach solution (1 part bleach to 100 parts water).
- Implement distance learning and online homework assignments so that students can maintain academic progress during shelter in place orders.

***Additional Steps for the School:***

- Identify Essential Employees (Teachers, Administrators, etc.).
- Provide modified distance learning for periods of school closure.
- Direct custodial staff to thoroughly clean and sanitize school facilities.

***Emergency Preparedness***

Every school must have emergency preparedness procedures readily on hand, including a list of up to date emergency contact numbers. This

information should be discussed and disseminated before school starts, ideally at an all school staff meeting just when the teachers return to duty. Administrators will conduct regular trainings with staff and students to ensure that disaster procedures will be followed in the event of an emergency.

***Essential Employees***

Functioning critical infrastructure is imperative during the response to a public health or other emergency for the health and safety of staff and students as well as community well-being. Certain critical infrastructure industries have a special responsibility in such times to continue operations.

The Department of Homeland Security's (DHS) Cybersecurity & Infrastructure Security Agency (CISA) has prepared a list of 14 critical industry sectors. Employees that fall under these categories are referred to as "Essential Critical Infrastructure Workers" and are generally required to deliver services during an emergency. Included among these sectors are community-based government operations and essential functions. This category refers to critical government workers, as defined by the employer, and includes most staff members of ~~SSP~~AUDEO, as follows:

- Educators supporting public and private K-12 schools for purposes of facilitating distance learning or performing other essential functions, if operating under rules for social distancing.
- Administrators of public and private K-12 schools for purposes of supporting the work of educators to deliver distance learning and to perform other essential functions, if operating under rules for social distancing.

~~SSP~~AUDEO shall designate essential employees who are required to work and provide services during any pandemic, emergency, or natural disaster.

## Temporary Telework Policy to Address COVID-19 Remote Working Conditions

***Purpose***

~~The Board of Student Success Programs~~Audeo Charter School corporation ~~(the "School")~~ ~~SSP~~AUDEO recognizes approved teleworking as a necessary work arrangement while the School~~s~~ ~~is~~are closed during the ongoing coronavirus ("COVID-19") pandemic. This policy details conditions and requirements which apply to all temporary telework assignments during the School's closure due to COVID-19.

***Definition***

Teleworking allows employees to work at home or in an approved remote location for all or part of their regular workweek. Teleworking is not an entitlement, nor is it a school-wide benefit. This temporary arrangement in no way alters or changes the terms and conditions of employment with the School, and the promulgation of this Policy creates no employee rights in relation to teleworking. Furthermore, the School has the right to refuse to make telework available to an employee and to terminate a telework assignment without cause at any time in its sole and unreviewable discretion.

***General Requirements***

Employees shall not telework unless they receive advance written approval from the School. Employees shall make arrangements with their supervisor and co-workers to address on-site job demands that arise, including returning to the work site to perform certain job duties as needed or as directed by their supervisor. Employees shall be responsible for following all School policies and procedures when teleworking. Employees shall also be solely responsible for the performance of their telework duties; assistance from third parties is strictly prohibited.

Nonexempt employees will be required to (1) record all hours worked as assigned by the School and (2) take and document applicable meal/rest periods. Nonexempt employees must also receive written approval from a supervisor prior to working additional hours or overtime. Failure to comply with timekeeping and work hours

requirements may result in disciplinary action, up to and including termination from employment.

***Eligibility Considerations***

Consideration will be given to employees who work in positions adaptable for telework assignments, particularly those who have demonstrated work habits and performance well-suited to successful teleworking. In the sole discretion of ~~the School SSP~~AUDEO and its management, the following eligibility factors will be considered:

- The employee has a position where effective communication can be accommodated electronically;
- The employee's telework assignment will not be detrimental to the productivity or work quality of other employees or the effective operation of the School;
- The employee must be able to perform work from home or an approved remote location without distractions or unnecessary risk to the security of School data, records, networks, or confidentiality generally;
- The employee's equipment and software must meet the School's guidelines/standards, and the employee's needs for Information Technology ("IT") support must be minimal;
- Telework sites must be in California;
- The employee must be effective at working independently for extended periods of time;
- The employee has demonstrated or can demonstrate effective time-management skills by completing tasks efficiently and within any required deadlines;
- The employee must maintain connections with work groups or teams from their remote work location; and
- The employee has no recent or pending corrective or disciplinary actions.

***Supervisor Responsibilities***

Supervisors managing employees who have been permitted to telework must effectively:

- Implement the telework policy/guidelines;
- Conduct remote supervision;
- Understand the technology and tools necessary for successful remote supervision; and
- Establish communication protocols with telework employees, including making continued efforts to involve teleworking employees in office/ department events, messages, etc. as applicable to preserve teamwork.

Supervisors will assess each employee's progress on a telework assignment periodically to ensure the employee's compliance with telework requirements, and address any work-related issues, including completing evaluations and other performance management as appropriate.

***Communication and Accessibility***

Employees and supervisors must determine how communication between the teleworking employee, the worksite, and/or other employees also teleworking will be handled. Employees shall keep their supervisor and as needed, their co-workers or other School stakeholders (e.g., students and/or parents), informed of their availability so these individuals know how and when to reach the employee during the employee's telework assignment. Employees must be accessible by phone and email at all times to their supervisor, co-workers, School stakeholders, and the School generally during assigned work hours. Employees must notify their supervisors if they leave their telework site during agreed upon hours, aside from applicable meal and rest periods. Employees must post their telework schedule on their calendar, including applicable meal and rest periods. Employees must also remain flexible in their scheduling, and shall be available to attend staff meetings and other meetings as required by their supervisor.

***Safety***

Employees are responsible for establishing and maintaining a designated, adequate workspace at their telework location. When the telework location is the employee's home, the employee is responsible for ensuring the location is safe

(free from hazards and other dangers to the employee or equipment), clean, professional, and free of distractions (e.g., children, pets, electronic devices, etc.).

***Supplies, Equipment, and Furniture***

The Schools will determine, with information supplied by the employee and the supervisor, the appropriate equipment needs for each telework assignment on a case-by-case basis.

All necessary technology equipment will be supplied and maintained by the Schools, subject to availability. Equipment supplied by the Schools is to be used for work purposes only. Employees must sign an inventory of School property and agree to protect the items from damage or theft. Employees shall not be entitled to reimbursement for their use of School property. Employees shall be held liable to the School whenever their wrongful or negligent act or omission causes loss, theft, disappearance, damage to, or destruction of School property. Upon cessation of a telework assignment, School property must be returned to the School.

***Information Security and Confidentiality***

Employees must never provide any third parties access to the ~~School~~ ~~SSP~~AUDEO network or share network access passwords, and must comply with all policies and procedures related to information security and network access.

Consistent with ~~the School~~~~SSP~~AUDEO's expectations of information security for employees working at the office, teleworking employees must ensure that their telework location is secure and communications provided or sensitive work performed from the telework location remain confidential, away from the presence of family members or guests. Any School materials taken home, such as confidential personnel or pupil records, must be kept in a secure space within the telework location and not be made accessible to any third parties, including the employee's family members or guests. Steps which employees may take to increase security of School materials/information include use of locked file cabinets and desks, regular password maintenance, shielding computer monitors, and any other actions appropriate for the position and the telework location.

***Performance Standards***

Employees must maintain the same or an improved level of productivity and work quality while teleworking. If productivity and/or work quality begin to decline, the telework assignment will be reevaluated to determine if changes can be made or termination of the telework assignment is warranted. Telework allows a high amount of flexibility for an employee to complete their work in a timely and proper manner, and it is expected that employees will not abuse this opportunity by allowing their productivity or work quality to decline.

***Professional Boundaries***

Employees must maintain appropriate levels of professionalism when interacting remotely with students and/or student's family members in full compliance with the ~~School's SSP~~AUDEO's "Professional Boundaries: Staff/Student Interaction" policy and as summarized below:

- Limit communications with students to issues involving School activities or classes only;
- Ensure professional communications with students by avoiding conversations of an overly personal, inappropriate, sexual, offensive, or indecent nature;
- Respect the privacy rights of students by ensuring communications and/or documents involving confidential pupil information are safeguarded appropriately;
- Maintain the same degree of formality as would be appropriate when working on-site, including in manner of speech, tone, method of communication, and appearance and dress, particularly when the employee may be communicating with students via video chat; and
- Continue to comply with any and all ~~School~~ ~~SSP~~AUDEO policies, including enforcing appropriate student behavior and student

discipline, child abuse and neglect reporting protocols, and prohibitions on harassment or other inappropriate conduct.

Employees who fail to demonstrate acceptable professional boundaries during a telework assignment may be subject to disciplinary action, up to and including termination from employment.

***Return to Work***

Telework assignments are temporary in nature and will only continue subject to ~~School~~ ~~SSP~~AUDEO approval. As such, employees must return to on-site work at their assigned work location when directed to do so by their supervisor. However, in limited circumstances and only upon a showing of hardship to ~~the School~~~~SSP~~AUDEO, employees may be permitted to continue in their telework assignment for up to an additional thirty (30) days beyond the planned termination of their telework assignment.

Any employee requesting an extension of their telework assignment must submit such request in writing to the Executive Director immediately upon being notified of the requirement to return to on-site work. The written request must explain in detail the basis for the hardship.

Upon completion of any approved extension of a telework assignment, ~~the School~~ ~~SSP~~AUDEO may allow the extension to continue, subject to demonstrable ongoing hardship experienced by the employee and the overall needs of the School. The decision as to whether to grant any initial or continuing request to extend the telework assignment remains within the sole and unreviewable discretion of ~~the School~~~~SSP~~AUDEO.

***Evaluation & Duration***

Evaluation of employee performance during the teleworking assignment may include daily interaction by video, phone and/or email between the employee and the supervisor, and weekly face-to-face and/or video meetings whenever possible to discuss work progress and problems, as needed.

~~The School~~ ~~SSP~~AUDEO may modify or terminate telework assignments at any time, with or without cause or advance notice. Although not required, ~~the School~~ ~~SSP~~AUDEO shall endeavor to provide seven (7) days' notice of the modification or termination of any telework assignment whenever possible. All telework assignments shall be subject to termination upon resumption of regular onsite duties at the Schools following the COVID-19 pandemic.

Holidays and vacation breaks are incorporated by the school calendar, i.e., Thanksgiving observance, winter and spring breaks, etc.)

*Purpose*

The purpose of vacation is to provide essential rest and recreation away from work-related pressure in order that an employee may return to the job better able to carry out responsibilities of the assignment.

*Vacation Accumulation*

The total vacation entitlement will be advanced on July 1 of each year. **It is strongly encouraged that all vacation is taken in a fiscal year it is earned**. If an employee is unable to utilize their vacation in the fiscal year it is earned due to extenuating circumstances, the carry-over of vacation leave is capped at one and one-half (1 ½) times the amount of vacation leave the employee would accrue.

If any employee separates before the year ends, all earned and unused vacation for the year will be paid in one lump sum.

*Vacation Entitlement*

*Managers (classified and certificated) and Resource Center management employees* with a 228-day work year accrue 1.75 days (14 hours) of vacation for each month of service. Entitlement for full year of service is 21 days.

| 1-4 | 8.0 | 12.0 | 11.0 | 10.0 |
| 5-9 | 11.0 | 16.5 | 15.1 | 13.8 |
| 10-12 | 13.0 | 19.5 | 17.9 | 16.3 |
| 13+ | 14.0 | 21.0 | 19.3 | 17.5 |

*Vacation Scheduling*

Employees complete a calendar at contract signing *to request vacation days* for the school year. Preliminary approval is given by the immediate supervisor, and then submitted to the School Administrator for review and final approval. The Executive Director (or designee) approves vacation/non-workday requests for managers and directors. Vacations will be authorized with due consideration given to maintaining adequate administrative coverage.

## Maternity Leave for Birth Mothers

Employees (birth mothers) who have been employed with ~~SSP~~AUDEO for at least twelve (12) months shall be granted three (3) consecutive work weeks of leave with pay immediately following the birth of her child.

Changes in vacation dates must be submitted in writing, and approved in the same manner as the original schedule. ~~SSP~~AUDEO reserves the right to cancel/ change vacation days based on critical and unforeseen needs of ~~SSP~~AUDEO. ~~SSP~~AUDEO will make every effort to give the employee as much advanced notice as possible.

## Professional/Personal Improvement Days

Every fiscal year, managers (both classified and certificated) accrue four (4) Professional/Personal Improvement days. You may carry over no more than four (4) days per year. Your balance cannot exceed eight (8) days. Request for use of these days must be submitted in advance, and is subject to the approval of the Executive Director.

## Sick Leave

To help prevent loss of earnings that may be caused by accident or illness, or by other emergencies, ~~SSP~~AUDEO offers paid sick leave to its employees. Sick leave may be taken to receive preventive care (including annual physicals or flu shots) or to diagnose, treat, or care for an existing health condition. Employees may also use sick leave to assist a family member (i.e. children, parents, spouses/ domestic partners, grandparents, grandchildren, or siblings) who must receive preventative care or a diagnosis, treatment, or care for an existing health condition. Employees may also take paid sick leave to receive medical care or other assistance to address instances of domestic violence, sexual assault, or stalking. Additionally, employees may also take paid sick leave when ~~SSP~~AUDEO is closed due to a public health emergency or to care for a child who's childcare or school is closed due to a public health emergency.

Paid sick leave is available to all ~~SSP~~AUDEO employees (including employees who are still on their Introductory Period) who work at least two (2) hours in a calendar week.

Eligible full-time, salaried monthly employees shall receive forty (40) hours of paid sick leave by the time he/she begins work for the fiscal year, and will accrue additional hours per month worked until that employee accrues his/her full

allocation of paid sick leave for the fiscal year. Salaried monthly employees shall earn no more than eight (8) hours of sick leave per month worked for each fiscal year as follows:

| Months Worked | Maximum Sick Leave Per Fiscal Year |
|---|---|
| 10 | 80 hours |
| 11 | 88 hours |
| 12 | 96 hours |

Eligible full-time, salaried monthly employees should speak to the HR Department if there are any questions regarding sick leave. All other employees shall accrue sick leave at the rate of one (1) hour for every thirty (30) hours worked.

Employees cannot use paid sick leave until the ninetieth (90th) calendar day following the employee's start date. Sick leave must be taken by eligible employees in increments of two (2) hours. Accrued sick leave shall carry over from year to year. Unused, accrued sick leave shall not be paid out upon separation from employment.

Employees are required to notify ~~SSP~~AUDEO as soon as possible when using sick leave. A request to use sick leave and/or confirm the absence must be submitted to the Human Resources Department within ten (10) days upon return to duty.

If an employee is absent longer than three (3) days due to illness, medical evidence of illness and/or medical certification of fitness to return to work satisfactory to ~~SSP~~AUDEO may be required. ~~SSP~~AUDEO will not tolerate abuse or misuse of sick leave privileges. If ~~SSP~~AUDEO suspects abuse of sick leave, ~~SSP~~AUDEO may require a medical certification from an employee verifying the employee's absence.

Once an employee has exhausted sick leave, the employee may continue on an unpaid medical leave depending upon the facts and circumstances of the employee's basis for leave beyond accrued sick leave. Employee requests for unpaid medical leave must be approved in advance by ~~SSP~~AUDEO.

***Personal Necessity Leave***

You may use not more than seven (7) days of accumulated full-salary sick leave in any school year for personal necessity leave. Absence in excess of these limits, or in excess of full-time sick leave, must be taken as unpaid personal leave upon approval of the Executive Director or designee. Approved use of this leave includes:

- Death of a member of immediate family. Full-salary sick leave may be used after bereavement leave benefits are exhausted (see *Bereavement*). Additionally, you may use one (1) day per year of full pay sick leave for the purpose of attending the funeral of a close friend or relative not included in the definition of immediate family.
- Serious or critical illness of a member of the immediate family. You may be required to furnish a physician's statement and any other proof requested by the Executive Director.
- Accident involving you, your immediate family, your property or property of your immediate family.
- Appearance in court, not part of school business, as a litigant or as a witness under an official order. You must furnish proof of court appearance.
- Observance of a religious holiday of your faith, limited to three (3) days per year. A request must be filed in advance.
- Unpredictable and verifiable acts of nature.
- Parental leave due to the birth, adoption or foster placement of a child.
- Family School Partnership leave for your participation as a parent, guardian or custodial parent in school activities. Up to forty (40) hours each school year and not more than eight (8) hours in any calendar month may be used. Reasonable advance notice and approval of supervisor is required.

For purposes of this section, immediate family includes relatives of the employee or employee's spouse: parents and step-parents, son, daughter, brother, sister, spouse, grandparents, grandchildren, son- and daughter-in-law, aunt, uncle, niece, nephew, domestic partner, or any relative living in your immediate household.

~~SSP~~AUDEO may request a signed statement or

additional proof to substantiate the absence or personal necessity.

Employees must request personal necessity leave at least one (1) week in advance unless an emergency situation occurs. Approval shall be at the discretion of the Executive Director and shall not serve as precedent for any other request. Personal necessity leave is not vacation, does not carry over from year to year, and is not paid out upon separation from employment.

## Transfer of Accumulated Sick Leave

Teachers who previously worked for another California school that participated in CalALSTRS, or Classified staff who previously worked for another California school that participated in CalALPERS, may transfer their accumulated sick leave to the school provided that the following conditions are met:

(1) Employment in the previous district was for one (1) calendar year or more.
(2) Employment with SSPAUDEO began within one (1) year of termination from the previous school.

# Leaves of Absence

## Bereavement

Absence without the loss of salary may be granted to a monthly-salaried employee upon death of a member of his/her immediate family (or that of the spouse), as defined above, for a period not to exceed five (5) days. If additional time is required, the employee may request Personal Necessity Leave as described above.

For purposes of this section, immediate family includes relatives of the employee or employee's spouse: parents and step-parents, son, daughter, brother, sister, spouse, grandparents, grandchildren, son- and daughter-in-law, parents-in-law, aunt, uncle, niece, nephew, domestic partner, or any relative living in your immediate household.

## Jury Duty

If you receive a summons or other notice requiring you to report for Jury Duty, inform your supervisor immediately, and provide Human Resources with a copy of your notice to report for Jury Duty.

Monthly employees called for Jury Duty are granted paid leave of absence for the days actually served and are permitted to keep any jury stipend received. Employees are expected to return to work when they only serve a partial day. Employees who are placed on "telephone standby" must report to work during those days.

At the end of each day of Jury Duty, notify your Supervisor of your status. At the end of jury service submit your jury attendance documents to Human Resources.

Hourly employees called for Jury Duty may receive postponement of service or cancellation due to financial hardship. Contact the Human Resources Department if documentation of your employment status is needed.

## Family Care and Medical Leave

This policy explains how ~~SSP~~AUDEO complies with the federal Family and Medical Leave Act ("FMLA") and the California Family Rights Act ("CFRA"), both of which require ~~SSP~~AUDEO to permit each eligible employee to take up to twelve (12) workweeks (or twenty-six (26) workweeks where indicated) of FMLA/CFRA leave in any twelve (12) month period for the purposes enumerated below.

***Employee Eligibility Criteria***

To be eligible for FMLA/CFRA leave, the employee must have been employed by ~~SSP~~AUDEO for a total of at least twelve (12) months, worked at least 1,250 hours during the twelve (12) month period immediately preceding commencement of the leave, and work at a location where the School has at least fifty (50) employees within seventy-five (75) miles, (except for purposes of CFRA where the School must only have at least five (5) employees).

***Events That May Entitle an Employee To FMLA/CFRA Leave***

The twelve (12) week (or twenty-six (26) workweeks where indicated) FMLA/CFRA allowance includes any time taken (with or without pay) for any of the following reasons:

1. To care for the employee's newborn child or a child placed with the employee for adoption or foster care. Leaves for this purpose must conclude twelve (12) months after the birth, adoption, or placement. If both parents are employed by ~~SSP~~AUDEO, they each will be entitled to a separate twelve (12) weeks of leave for this purpose, which cannot be loaned or otherwise assigned from one employee to the other.

2. Because of the employee's own serious health condition (including a serious health condition resulting from an on-the-job illness or injury) that makes the employee unable to perform any one or more of the essential functions of his or her job (other than a disability caused by pregnancy, childbirth, or

related medical conditions, which is covered by ~~SSP~~AUDEO's separate pregnancy disability policy).

a. A "serious health condition" is an illness, injury (including, but not limited to, on-the-job injuries), impairment, or physical or mental condition of the employee or a child, parent, or spouse of the employee that involves either inpatient care or continuing treatment, including, but not limited to, treatment for substance abuse.

b. "Inpatient care" means a stay in a hospital, hospice, or residential health care facility, any subsequent treatment in connection with such inpatient care, or any period of incapacity. A person is considered an "inpatient" when a health care facility formally admits him/her to the facility with the expectation that he/she will remain at least overnight and occupy a bed, even if it later develops that such person can be discharged or transferred to another facility and does not actually remain overnight.

c. "Incapacity" means the inability to work, attend school, or perform other regular daily activities due to a serious health condition, its treatment, or the recovery that it requires.

d. "Continuing treatment" means ongoing medical treatment or supervision by a health care provider.

3. To care for a spouse, domestic partner, child, or parent with a serious health condition. A qualifying family member may also include a parent-in-law, grandparent, grandchild, or sibling for CFRA purposes.

4. When an employee is providing care to a spouse, son, daughter, parent, or next of kin who is a covered Armed Forces service member with a serious injury or illness, the employee may take a maximum of twenty-six (26) weeks of additional FMLA leave in a single twelve (12) month period to provide said care. CFRA does not provide leave specific to caring for a service member.

5. For any "qualifying exigency" because the employee is the spouse, son, daughter, or parent of an individual on active military duty, or an individual notified of an impending call or order to active duty, in the Armed Forces. For CFRA purposes, this may also include a domestic partner.

***Amount of FMLA/CFRA Leave Which May Be Taken***

1. FMLA/CFRA leave can be taken in one (1) or more periods, but may not exceed twelve (12) workweeks total for any purpose in any twelve (12) month period, as described below, for any one, or combination of the above-described situations. "Twelve workweeks" means the equivalent of twelve (12) of the employee's normally scheduled workweeks. For a full-time employee who works five (5) eight-hour days per week, "twelve workweeks" means sixty (60) working and/or paid eight (8) hour days.

2. In addition to the twelve (12) workweeks of FMLA/CFRA leave that may be taken, an employee who is the spouse, son, daughter, parent, or next of kin of a covered Armed Forces service member may also be entitled to a total of twenty-six (26) workweeks of FMLA leave during a twelve (12) month period to care for the service member.

3. The "twelve month period" in which twelve (12) weeks of FMLA and CFRA leave may be taken is the twelve (12) month period immediately preceding the commencement of any FMLA/ CFRA leave.

4. If a holiday falls within a week taken as FMLA/ CFRA leave, the week is nevertheless counted as a week of FMLA/CFRA leave. If, however, ~~SSP~~AUDEO's business activity has temporarily ceased for some reason and employees are generally not expected to report for work for one or more weeks, such as the Winter Break, Spring Break, or Summer Vacation, the days ~~SSP~~AUDEO's activities have ceased do not count against the employee's FMLA or CFRA leave entitlement. Similarly, if an employee uses FMLA/CFRA leave in increments of less than one (1) week,

the fact that a holiday may occur within a week in which an employee partially takes leave does not count against the employee's leave entitlement unless the employee was otherwise scheduled and expected to work during the holiday.

***Pay during FMLA/CFRA Leave***

1. An employee on FMLA/CFRA leave because of his/her own serious health condition must use all accrued paid sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave period. If an employee is receiving a partial wage replacement benefit during the FMLA/CFRA leave, ~~SSP~~AUDEO and the employee may agree to have School-provided paid leave, such as vacation or sick time, supplement the partial wage replacement benefit unless otherwise prohibited by law.

2. An employee on FMLA/CFRA leave for baby-bonding or to care for a qualifying family member with a serious health condition may use any or all accrued sick leave at the beginning of any otherwise unpaid FMLA/CFRA leave.

3. If an employee has exhausted his/her sick leave, leave taken under FMLA/CFRA shall be unpaid leave.

4. The receipt of sick leave pay or State Disability Insurance benefits will not extend the length of the FMLA or CFRA leave. Sick pay accrues during any period of unpaid FMLA or CFRA leave only until the end of the month in which unpaid leave began.

***Health Benefits***

The provisions of ~~SSP~~AUDEO's various employee benefit plans govern continuing eligibility during FMLA/CFRA leave, and these provisions may change from time to time. The health benefits of employees on FMLA/CFRA leave will be paid by ~~SSP~~AUDEO during the leave at the same level and under the same conditions as coverage would have been provided if the employee had been continuously employed during the leave period. When a request for FMLA/CFRA leave is granted, ~~SSP~~AUDEO will give the employee written confirmation of the arrangements made for the payment of insurance premiums during the leave period.

If an employee is required to pay premiums for any part of his/her group health coverage, ~~SSP~~AUDEO will provide the employee with advance written notice of the terms and conditions under which premium payments must be made.

~~SSP~~AUDEO may recover the health benefit costs paid on behalf of an employee during his/her FMLA/CFRA leave if:

1. The employee fails to return from leave after the period of leave to which the employee is entitled has expired. An employee is deemed to have "failed to return from leave" if he/she works less than thirty (30) days after returning from FMLA/ CFRA leave; and

2. The employee's failure to return from leave is for a reason other than the continuation, recurrence, or onset of a serious health condition that entitles the employee to FMLA/CFRA leave, or other circumstances beyond the control of the employee.

***Seniority***

An employee on FMLA/CFRA leave remains an employee and the leave will not constitute a break in service. An employee who returns from FMLA/CFRA leave will return with the same seniority he/she had when the leave commenced.

***Medical Certifications***

1. An employee requesting FMLA/CFRA leave because of his/ her own or a relative's serious health condition must provide medical certification from the appropriate health care provider on a form supplied by ~~SSP~~AUDEO. Absent extenuating circumstances, failure to provide the required certification in a timely manner (within fifteen (15) days of ~~SSP~~AUDEO's request for certification) may result in denial of the leave request until such certification is provided.

2. ~~SSP~~AUDEO will notify the employee in writing if the certification is incomplete or insufficient, and will advise the employee what additional information is necessary in order to make the certification complete and sufficient. ~~SSP~~AUDEO may contact the employee's health care provider to authenticate a certification as needed.

3. If ~~SSP~~AUDEO has reason to doubt the medical certification supporting a leave because of the employee's own serious health condition, ~~SSP~~AUDEO may request a second opinion by a health care provider of its choice (paid for by ~~SSP~~AUDEO). If the second opinion differs from the first one, ~~SSP~~AUDEO will pay for a third, mutually agreeable, health care provider to provide a final and binding opinion.

4. Recertifications are required if leave is sought after expiration of the time estimated by the health care provider. Failure to submit required recertifications can result in termination of the leave.

***Procedures for Requesting and Scheduling FMLA/ CFRA Leave***

1. An employee should request FMLA/CFRA leave by completing a Request for Leave form and submitting it to the Executive Director. An employee asking for a Request for Leave form will be given a copy of ~~SSP~~AUDEO's then-current FMLA/CFRA leave policy.

2. Employees should provide not less than thirty (30) days' notice for foreseeable childbirth, placement, or any planned medical treatment for the employee or his/her qualifying family member. Failure to provide such notice is grounds for denial of a leave request, except if the need for FMLA/CFRA leave was an emergency or was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt ~~SSP~~AUDEO's operations.

4. If FMLA/CFRA leave is taken because of the employee's own serious health condition or the serious health condition of the employee's qualifying family member, the leave may be taken intermittently or on a reduced leave schedule when medically necessary, as determined by the health care provider of the person with the serious health condition.

5. If FMLA/CFRA leave is taken because of the birth of the employee's child or the placement of a child with the employee for adoption or foster care, the minimum duration of leave is two (2) weeks, except that ~~SSP~~AUDEO will grant a request for FMLA/CFRA leave for this purpose of at least one day but less than two (2) weeks' duration on any two (2) occasions.

6. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment for the employee or a family member, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits and that better accommodates recurring periods of leave than the employee's regular position.

7. ~~SSP~~AUDEO will respond to an FMLA/CFRA leave request no later than five (5) business days of receiving the request. If an FMLA/CFRA leave request is granted, ~~SSP~~AUDEO will notify the employee in writing that the leave will be counted against the employee's FMLA/CFRA leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

***Return to Work***

1. Upon timely return at the expiration of the FMLA/ CFRA leave period, an employee is entitled to the same or a comparable position with the same or similar duties and virtually identical pay, benefits, and other terms and conditions of employment unless the same position and any comparable position(s) have ceased to exist because of legitimate business reasons unrelated to the employee's FMLA/CFRA leave.

2. When a request for FMLA/CFRA leave is granted to an employee, ~~SSP~~AUDEO will give the employee a written guarantee of reinstatement at the termination of the leave (with the limitations explained above).

3. Before an employee will be permitted to return from FMLA/CFRA leave taken because of his/ her own serious health condition, the employee must obtain a certification from his/her health care provider that he/ she is able to resume work.

4. If an employee can return to work with limitations, ~~SSP~~AUDEO will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from ~~SSP~~AUDEO.

***Employment during Leave***

No employee, including employees on FMLA/CFRA leave, may accept employment with any other employer without ~~SSP~~AUDEO's written permission. An employee who accepts such employment without ~~SSP~~AUDEO's written permission will be deemed to have resigned from employment at ~~SSP~~AUDEO.

## Pregnancy Disability Leave

This policy explains how ~~SSP~~AUDEO complies with the California Pregnancy Disability Act, which requires ~~SSP~~AUDEO to give each female employee an unpaid leave of absence of up to four (4) months per pregnancy, as needed, for the period(s) of time a woman is actually disabled by pregnancy, childbirth, or related medical conditions.

***Employee Eligibility Criteria***

To be eligible for pregnancy disability leave, the employee must be disabled by pregnancy, childbirth, or a related medical condition and must provide appropriate medical certification concerning the disability.

***Events That May Entitle an Employee to Pregnancy Disability Leave***

The four (4) month pregnancy disability leave allowance includes any time taken (with or without pay) for any of the following reasons:

1. The employee is unable to work at all or is unable to perform any one or more of the essential functions of her job without undue risk to herself, the successful completion of her pregnancy, or to other persons because of pregnancy or childbirth, or because of any medically recognized physical or mental condition that is related to pregnancy or childbirth (including severe morning sickness); or

2. The employee needs to take time off for prenatal care.

***Duration of Pregnancy Disability Leave***

Pregnancy disability leave may be taken in one or more periods, but not to exceed four months total. "Four months" means the number of days the employee would normally work within four months. For a full-time employee who works five (5) eight (8) hour days per week, four (4) months means 693 hours of leave (40 hours per week times 17 1/3 weeks).

For employees who work more or less than forty (40) hours per week, or who work on variable work schedules, the number of working days that constitutes four (4) months is calculated on a pro rata or proportional basis. For example, for an employee who works twenty (20) hours per week, "four months" means 346.5 hours of leave entitlement (20 hours per week times 17 1/3 weeks). For an employee who normally works forty-eight (48) hours per week, "four months" means 832 hours of leave entitlement (48 hours per week times 17 1/3 weeks).

At the end or depletion of an employee's pregnancy disability leave, an employee who has a physical or mental disability (which may or may not be due to pregnancy, childbirth, or related medical conditions) may be entitled to reasonable accommodation. Entitlement to additional leave must be determined on a case-by case basis, taking into account a number of considerations such as whether an extended leave is likely to be effective in allowing the employee to return to work at the end of the

leave, with or without further reasonable accommodation, and whether or not additional leave would create an undue hardship for ~~SSP~~AUDEO. ~~SSP~~AUDEO is not required to provide an indefinite leave of absence as a reasonable accommodation.

***Pay during Pregnancy Disability Leave***

1. An employee on pregnancy disability leave must use all accrued paid sick leave and may use any or all accrued vacation time at the beginning of any otherwise unpaid leave period.

2. The receipt of vacation pay, sick leave pay, or state disability insurance benefits, will not extend the length of pregnancy disability leave.

3. Vacation and sick pay accrues during any period of unpaid pregnancy disability leave only until the end of the month in which the unpaid leave began.

***Health Benefits***

~~SSP~~AUDEO shall provide continued health insurance coverage while an employee is on pregnancy disability leave consistent with applicable law. The continuation of health benefits is for a maximum of four (4) months in a twelve (12) -month period. ~~SSP~~AUDEO can recover premiums that it already paid on behalf of an employee if both of the following conditions are met:

1. The employee fails to return from leave after the designated leave period expires.
2. The employee's failure to return from leave is for a reason other than the following:
   - The employee is taking leave under the California Family Rights Act.
   - There is a continuation, recurrence or onset of a health condition that entitles the employee to pregnancy disability leave.
   - There is a non-pregnancy related medical condition requiring further leave.
   - Any other circumstance beyond the control of the employee.

***Seniority***

An employee on pregnancy disability leave remains an employee of ~~SSP~~AUDEO and a leave will not constitute a break in service. When an employee returns from pregnancy disability leave, she will return with the same seniority she had when the leave commenced.

***Medical Certifications***

1. An employee requesting a pregnancy disability leave must provide medical certification from her healthcare provider on a form supplied by ~~SSP~~AUDEO.

2. Failure to provide the required certification in a timely manner (within fifteen (15) days of the leave request) may result in a denial of the leave request until such certification is provided.

3. Recertifications are required if leave is sought after expiration of the time estimated by the healthcare provider. Failure to submit required recertifications can result in termination of the leave.

***Requesting and Scheduling Pregnancy Disability Leave***

1. An employee should request pregnancy disability leave by completing a Request for Leave form and submitting it to the Executive Director. An employee asking for a Request for Leave form will be referred to ~~SSP~~AUDEO's then current pregnancy disability leave policy.

2. Employee should provide not less than thirty (30) days' notice or as soon as is practicable, if the need for the leave is foreseeable. Failure to provide such notice is grounds for denial of the leave request, except if the need for pregnancy disability leave was an emergency and was otherwise unforeseeable.

3. Where possible, employees must make a reasonable effort to schedule foreseeable planned medical treatments so as not to unduly disrupt ~~SSP~~AUDEO's operations.

4. Pregnancy disability leave may be taken intermittently or on a reduced leave schedule when medically advisable, as determined by

the employee's healthcare provider.

5. If an employee needs intermittent leave or leave on a reduced leave schedule that is foreseeable based on planned medical treatment, the employee may be transferred temporarily to an available alternative position for which he or she is qualified that has equivalent pay and benefits that better accommodates recurring periods of leave than the employee's regular position.

6. ~~SSP~~AUDEO will respond to a pregnancy disability leave request within ten (10) days of receiving the request. If a pregnancy disability leave request is granted, ~~SSP~~AUDEO will notify the employee in writing and leave will be counted against the employee's pregnancy disability leave entitlement. This notice will explain the employee's obligations and the consequences of failing to satisfy them.

***Return to Work***

1. Upon timely return at the expiration of the pregnancy disability leave period, an employee is entitled to the same position unless the employee would not otherwise have been employed in the same position at the time reinstatement is requested. If the employee is not reinstated to the same position, she must be reinstated to a comparable position unless one of the following is applicable:

   The employer would not have offered a comparable position to the employee if she would have been continuously at work during the pregnancy disability leave.

   There is no comparable position available, to which the employee is either qualified or entitled, on the employee's scheduled date of reinstatement or within sixty (60) calendar days thereafter. ~~SSP~~AUDEO will take reasonable steps to provide notice to the employee if and when comparable positions become available during the sixty (60) day period.

   A "comparable" position is a position that involves the same or similar duties and responsibilities and is virtually identical to the employee's original position in terms of pay, benefits, and working conditions.

2. When a request for pregnancy disability leave is granted to an employee, ~~SSP~~AUDEO will give the employee a written guarantee of reinstatement at the end of the leave (with the limitations explained above).

3. In accordance with ~~SSP~~AUDEO policy, before an employee will be permitted to return from a pregnancy disability leave of three (3) days or more, the employee must obtain a certification from her healthcare provider that she is able to resume work.

4. If the employee can return to work with limitations, ~~SSP~~AUDEO will evaluate those limitations and, if possible, will accommodate the employee as required by law. If accommodation cannot be made, the employee will be medically separated from ~~SSP~~AUDEO.

***Employment during Leave***

No employee, including employees on pregnancy disability leave, may accept employment with any other employer without ~~SSP~~AUDEO's written permission. An employee who accepts such employment without written permission will be deemed to have resigned from employment.

## Unpaid Leave of Absence

~~SSP~~AUDEO recognizes that special situations may arise where an employee must leave his or her job temporarily. At its discretion, ~~SSP~~AUDEO may grant employees leaves of absence. Any unpaid leave of absence must be approved in advance by ~~SSP~~AUDEO.

The granting of a leave of absence always presumes the employee will return to active work by a designated date or within a specific period.

If you are currently covered, medical, and dental coverage will remain in force during a medical or worker's compensation leave of absence, provided you pay the appropriate premiums. Whether you are required to pay your own premiums will depend upon the length of your

leave of absence. During a family/ medical leave, your medical and dental benefits will remain in force provided you pay the appropriate premiums. Benefits are terminated the day any other type of leave begins. If an employee fails to return from a leave and is subsequently terminated, the employee is entitled to all earned but unused vacation pay, provided that the vacation pay was earned prior to the commencement of leave. No vacation time is accrued during any type of unpaid leave of absence.

## Industrial Injury Leave (Workers' Compensation)

~~SSP~~AUDEO, in accordance with State law, provides insurance coverage for employees in case of work-related injuries. The workers' compensation benefits provided to injured employees may include:

- Medical care;
- Cash benefits, tax-free to replace lost wages; and
- Vocational rehabilitation to help qualified injured employees return to suitable employment.

To ensure you receive any worker's compensation benefits to which you may be entitled, you will need to:

- Immediately report any work-related injury to the Executive Director;
- Seek medical treatment and follow-up care if required;
- Complete a written Employee's Claim Form (DWC Form 1) and return it to the Executive Director; and
- Provide ~~SSP~~AUDEO with a certification from your health care provider regarding the need for workers' compensation disability leave as well as your eventual ability to return to work from the leave.

It is ~~SSP~~AUDEO's policy that when there is a job-related injury, the first priority is to ensure that the injured employee receives appropriate medical attention. ~~SSP~~AUDEO, with the help of its insurance carrier has selected medical centers to meet this need. Each medical center was selected for its ability to meet anticipated needs with high quality medical service and a location that is convenient to ~~SSP~~AUDEO's operation.

- If an employee is injured on the job, he/she is to go or be taken to the approved medical center for treatment. If injuries are such that they require the use of emergency medical systems ("EMS") such as an ambulance, the choice by the EMS personnel for the most appropriate medical center or hospital for treatment will be recognized as an approved center.
- All accidents and injuries must be reported to the Executive Director and to the individual responsible for reporting to ~~SSP~~AUDEO's insurance carrier. Failure by an employee to report a work-related injury by the end of his/her shift could result in loss of insurance coverage for the employee. An employee may choose to be treated by his/her personal physician at his/her own expense, but he/she is still required to go to ~~SSP~~AUDEO's approved medical center for evaluation. All job-related injuries must be reported to the appropriate State Workers' Compensation Bureau and the insurance carrier.
    - When there is a job-related injury that results in lost time, the employee must have a medical release from ~~SSP~~AUDEO's approved medical facility before returning to work.
    - Any time there is a job-related injury, ~~SSP~~AUDEO's policy requires drug/alcohol testing along with any medical treatment provided to the employee.

## Military and Military Spousal Leave of Absence

~~SSP~~AUDEO shall grant a military leave of absence to any employee who must be absent from work due to service in the uniformed services in accordance with the Uniformed Services Employment and Re- Employment Rights Act of 1994 ("USERRA"). All employees requesting military leave must provide advance written notice of the need for such leave, unless prevented from doing so by military necessity or if providing notice would be impossible or unreasonable.

If military leave is for thirty (30) or fewer days, ~~SSP~~AUDEO shall continue the employee's health benefits. For service of more than thirty (30) days, employee shall be permitted to continue their health benefits at their option through COBRA. Employees are entitled to use accrued vacation or paid time off as wage replacement during time served, provided such vacation/paid time off accrued prior to the leave.

Except for employees serving in the National Guard, ~~SSP~~AUDEO will reinstate those employees returning from military leave to their same position or one of comparable seniority, status, and pay if they have a certificate of satisfactory completion of service and apply within ninety (90) days after release from active duty or within such extended period, if any, as required by law. For those employees serving in the National Guard, if he or she left a full-time position, the employee must apply for reemployment within forty (40) days of being released from active duty, and if he or she left part-time employment, the employee must apply for reemployment within five (5) days of being released from active duty.

An employee who was absent from work while fulfilling his or her covered service obligation under the USERRA or California law shall be credited, upon his or her return to ~~SSP~~AUDEO, with the hours of service that would have been performed but for the period of absence from work due to or necessitated by USERRA- covered service. Exceptions to this policy will occur wherever necessary to comply with applicable laws.

~~SSP~~AUDEO shall grant up to ten (10) days of unpaid leave to employees who work more than twenty (20) hours per week and who are spouses of deployed military servicemen and servicewomen. The leave may be taken when the military spouse is on leave from deployment during a time of military conflict. To be eligible for leave, an employee must provide ~~SSP~~AUDEO with (1) notice of intention to take military spousal leave within two (2) business days of receiving official notice that the employee's military spouse will be on leave from deployment, and (2) documentation certifying that the employee's military spouse will be on leave from deployment during the time that the employee requests leave.

## Voting Time Off

If an employee does not have sufficient time outside of working hours to vote in an official state-sanctioned election, the employee may take off enough working time to vote. Such time off shall be taken at the beginning or the end of the regular working shift, whichever allows for more free time and the time taken off shall be combined with the voting time available outside of working hours to a maximum of two (2) hours combined. Under these circumstances, an employee will be allowed a maximum of two (2) hours of time off during an election day without loss of pay. When possible, an employee requesting time off to vote shall give the Executive Director at least two (2) days' notice.

## School Appearance and Activities Leave

As required by law, ~~SSP~~AUDEO will permit an employee who is a parent or guardian (including a stepparent, foster parent, or grandparent) of school children, from kindergarten through grade twelve (12), or a child enrolled with a licensed child care provider, up to forty (40) hours of unpaid time off per school year (up to eight (8) hours in any calendar month of the school year) to participate in activities of a child's school or child care. If more than one (1) parent or guardian is an employee of ~~SSP~~AUDEO, the employee that first provides the leave request will be given the requested time off. Where necessary, additional time off will also be permitted where the school requires the employee(s) appearance.

The employee requesting school leave must provide reasonable advanced notice of the planned absence. The employee must use accrued but unused paid leave (e.g., vacation or sick leave) to be paid during the absence.

When requesting time off for school activities, the employee must provide verification of participation in an activity as soon as practicable. When requesting time off for a

required appearance, the employee(s) must provide a copy of the notice from the child's school requesting the presence of the employee.

## Bone Marrow and Organ Donor Leave

As required by law, eligible employees who require time off to donate bone marrow to another person may receive up to five (5) workdays off in a 12-month period. Eligible employees who require time off to donate an organ to another person may receive up to sixty (60) workdays off in a twelve (12) month period.

To be eligible for bone marrow or organ donation leave ("Donor Leave"), the employee must have been employed by ~~SSP~~AUDEO for at least ninety (90) days immediately preceding the Donor Leave.

An employee requesting Donor Leave must provide written verification to ~~SSP~~AUDEO that he or she is a donor and that there is a medical necessity for the donation of the organ or bone marrow.

Up to five (5) days of leave for bone marrow donation, and up to thirty (30) days of leave for organ donation, may be paid provided the employee uses five (5) days of accrued paid leave for bone marrow donation and two (2) weeks of accrued paid leave for organ donation. If the employee has an insufficient number of paid leave days available, the leave will otherwise be paid.

Employees returning from Donor Leave will be reinstated to the position held before the leave began, or to a position with equivalent status, benefits, pay and other terms and conditions of employment. ~~SSP~~AUDEO may refuse to reinstate an employee if the reason is unrelated to taking a Donor Leave. A Donor Leave is not permitted to be taken concurrently with an FMLA/ CFRA Leave.

## Victims of Abuse Leave

~~SSP~~AUDEO provides reasonable and necessary unpaid leave and other reasonable accommodations to employees who are victims of domestic violence, sexual assault, ~~or~~ stalking or other crimes. Such leave may be taken to attend legal proceedings or to obtain or attempt to obtain any relief necessary, including a restraining order, to ensure the employee's own health, safety or welfare, or that of the employee's child or children or when a person whose immediate family member is deceased as the direct result of a crime. A crime includes a crime or public offense that would constitute a misdemeanor or felony if the crime has been committed in California by a competent adult, an act of terrorism against a resident of California 9whether or not such act occurs within the state), and regardless of whether any person is arrested for, prosecuted for, or convicted of, committing the crime. Employees may also request unpaid leave for the following purposes:

- Seek medical attention for injuries caused by domestic violence, sexual assault, or stalking.
- Obtain services from a domestic violence shelter, program, or rape crisis center.
- Obtain psychological counseling for the domestic violence, sexual assault, or stalking.
- Participate in safety planning, such as relocation, to protect against future domestic violence, sexual assault, or stalking.

To request leave under this policy, an employee should provide ~~SSP~~AUDEO with as much advance notice as practicable under the circumstances. If advance notice is not possible, the employee requesting leave under this policy should provide ~~SSP~~AUDEO one (1) of the following certifications upon returning back to work:

1. A police report indicating that the employee was a victim of domestic violence, sexual assault, or stalking.
2. A court order protecting the employee from the perpetrator or other evidence from the court or prosecuting attorney that the employee appeared in court.
3. Documentation from a licensed medical professional, domestic violence or sexual assault counselor, licensed health care provider, or counselor showing that the employee's absence was due to treatment for injuries or abuse from domestic violence,

sexual assault, or stalking.

4. Any other form of documentation that reasonably verifies that the crime or abuse occurred, including by not limited to, a written statement signed by the employee, or an individual acting on the employee's behalf, certifying that the absence is for a purpose authorized under the law.

Employees requesting leave under this policy may choose to use accrued paid leave. In addition, ~~SSP~~AUDEO will provide reasonable accommodations to employees who are victims of domestic violence, sexual assault or stalking for the employees' safety while at work. To request an accommodation under this policy, an employee should contact the Human Resources Department.

## Returning From Leave of Absence

Employees cannot return from a medical leave of absence without first providing a sufficient doctor's return to work authorization.

When business considerations require, the job of an employee on leave may be filled by a temporary or regular replacement. An employee should give the Executive Director thirty (30) days' notice before returning from leave. Whenever ~~SSP~~AUDEO is notified of an employee's intent to return from a leave, ~~SSP~~AUDEO will attempt to place the employee in his former position or in a comparable position with regard to salary and other terms and conditions for which the employee is qualified. However, re-employment cannot always be guaranteed. If you need further information regarding Leaves of Absence, be sure to consult the Executive Director.

# Internal Complaint Review Policy

The purpose of the "Internal Complaint Review Policy" is to afford all employees of ~~the School~~ ~~SSP~~AUDEO the opportunity to seek internal resolution of their work-related concerns. All employees have free access to the Executive Director or Board ~~Chair Person~~Chairperson to express their work-related concerns.

Specific complaints of unlawful harassment, discrimination, and retaliation are addressed under the ~~School's~~ ~~SSP~~AUDEO's "Policy Prohibiting Unlawful Harassment, Discrimination, and Retaliation."

## We Need Your Ideas

Ask any of our employees who have worked with us for a long time and they will probably tell you of the many changes and improvements that have come about since they first joined us. We believe the person doing the job is in the best position to think of ways of doing it more easily, more efficiently, and more effectively. If you think of a better way of doing your job or the job of a fellow employee, discuss it with your supervisor, who will welcome your suggestions and ideas.

Remember, there may be areas in ~~SSP~~AUDEO's operations that can be improved. These could be in service, programs, equipment, communications, safety, ways to reduce costs, losses, and/or waste, or other improvements you may see a need for. Please give us the benefit of your unique experience and thoughts.

## Concerns

Our goal is to maintain a comfortable working environment for everyone. We do this in several ways:

- By treating each of you as an individual and encouraging your maximum development;
- By recognizing that each of you is essential to the success and growth of the school; and
- By maintaining direct communications with all of our employees and ensuring that each and every one of you can speak directly and openly with the Leadership Team.

If something about your job is bothering you or if you feel that you have not been treated fairly or in accordance with school policy, you should discuss your concerns with your immediate supervisor. If you still have questions after this discussion, request a meeting with the President/CEO~~.~~, Executive Director, or Human Resources Administator. ~~or other Leadership Team member~~. The Leadership will listen to your concerns and will attempt to provide a response as soon as possible. It may not always be possible to achieve the results you want, but if it is not, ~~SSP~~AUDEO will attempt in each case to explain why. No employee will be disciplined or otherwise penalized for raising a good faith concern.

## Employee Relations

One of ~~SSP~~AUDEO's primary goals is to successfully meet its responsibilities to you, our employees, both as individuals, and as contributing members of ~~SSP~~AUDEO. This is accomplished by managing in such a way that you will always be treated with respect and dignity. We believe every person deserves to be treated in this manner, in any situation. We also believe this principle helps make ~~SSP~~AUDEO successful. And, in this environment, we can work together to solve any problems that may arise.

## Suggestions

We encourage all employees to bring forward their suggestions and good ideas about how the school can be made a better place to work, our programs and services improved, and our service to students, parents, and community enhanced. When you see an opportunity for improvement, please talk it over with your immediate supervisor. He or she can help you bring your idea to the attention of the people in the school who will be responsible for possibly implementing it.

All suggestions are valued and listened to. When a suggestion from an employee has particular merit, we provide for special recognition of the individual(s) who had the idea.

## Internal Complaints

(Complaints by Employees Against Employees)

This section of the policy is for use when an ~~SSP~~AUDEO employee raises a complaint or concern about a co- worker.

If reasonably possible, internal complaints should be resolved at the lowest possible level, including attempts to discuss/resolve concerns with the immediate supervisor. However, in the event an informal resolution may not be achieved or is not appropriate, the following steps will be followed by the Executive Director or designee:

- The complainant will bring the matter to the attention of the Executive Director as soon as possible after attempts to resolve the complaint with the immediate supervisor have failed or if not appropriate; and
- The complainant will reduce his or her complaint to writing, indicating all known and relevant facts. The Executive Director or designee will then investigate the facts and provide a solution or explanation;
- If the complaint is about the Executive Director, the complainant may file his or her complaint in a signed writing to the President of ~~SSP~~AUDEO's Board of Directors, who will then confer with the Board and may conduct a fact-finding or authorize a third party investigator on behalf of the Board. The Board Chairperson or investigator will report his or her findings to the Board for review and action, if necessary.

This policy cannot guarantee that every problem will be resolved to the employee's satisfaction. However, ~~SSP~~AUDEO values each employee's ability to express concerns and the need for resolution without fear of adverse consequence to employment.

## Policy for Complaints Against Employees

(Complaints by Third Parties Against Employees)

This section of the policy is for use when a non-employee raises a complaint or concern about an ~~SSP~~AUDEO employee.

If complaints cannot be resolved informally, complainants may file a written complaint with the office of the Executive Director or Board ~~Chair Person~~Chairperson (if the complaint concerns the Executive Director) as soon as possible after the events that give rise to the complainant's concerns. The written complaint should set forth in detail the factual basis for the complaint.

In processing the complaint, the Executive Director (or designee) shall abide by the following process:

- The Executive Director or designee shall use his or her best efforts to talk with the parties identified in the complaint and to ascertain the facts relating to the complaint.
- In the event that the Executive Director (or designee) finds that a complaint against an employee is valid, the Executive Director (or designee) may take appropriate disciplinary action against the employee. As appropriate, the Executive Director (or designee) may also simply counsel/reprimand employees as to their conduct without initiating formal disciplinary measures.
- The Executive Director's (or designee's) decision relating to the complaint shall be final unless it is appealed to the Board of Directors. The decision of the Board shall be final.

***General Requirements***

- Confidentiality: All complainants will be notified that information obtained from the complainants and thereafter gathered will be maintained in a manner as confidential as possible, but in some circumstances absolute confidentiality cannot be assured.
- Non-Retaliation: All complainants will be advised that they will be protected against retaliation as a result of the filing of any complaints or participation in any complaint process.
- Resolution: The Board (if a complaint is about

the Executive Director) or the Executive Director or designee will investigate complaints appropriately under the circumstances and pursuant to the applicable procedures, and if necessary, take appropriate remedial measures to ensure effective resolution of any complaint.

# About Our School

Audeo Charter School II is a public school designed for students who seek an alternative option to the traditional approach to education. Students receive a personalized and rigorous academic experience from a high-quality staff in a safe and supportive environment. As a charter school, Audeo II is a school of choice, with open enrollment policies that serve a diverse student community. The flexible scheduling and around-the-year calendar better serves many students who seek a non-traditional environment in which to learn. Audeo II was founded in 2016 and serves students in grades K-12.

### *Core Competency: Transforming Lives*

### *Mission - Why We Exist*

- To implement personalized educational programs to facilitate student achievement.
- To provide a prototype for changing the way teachers teach and students learn in the future.

### *Vision - What We Strive to Be*

- An educational option that offers a personalized instructional program that demonstrates positive outcomes for each student.
- A prototype for educational reform that creates instructional, service, organizational, and governance role models.
- A collaboration of efforts that improve the quality of life for students, their families, our employees, and the Southern California community-at-large.

### *Values - How We Do Our Work*

- Kids come first.
- Education is personalized, individualized and high quality.
- Highly professional individuals are accountable for their work, and are independent, self-motivated, high-energy people who speak for themselves.
- We create a positive, challenging environment that is centered on teaching and learning.
- People-centered teams focus on supporting quality teaching and learning.
- Manage the school with proven business principles focusing on continuous improvement.
- Performance is measured on a variety of indicators that include productivity, credit ratio, auditability, quality, performance, and commitment to the vision of Audeo Charter School II.

# Instructional Program

Our school is accredited by the Western Association of Schools and Colleges ("WASC"). At Audeo II, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California ("UC") approved courses for those students planning to attend a UC or California State University ("CSU") school after the completion of high school. Additionally, we offer National Collegiate Athletics Association ("NCAA") - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our "university model" is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation at one of our Resource Centers. Each Audeo II Resource Center location provides a professional, quiet environment for one-on-one learning with a credentialed teacher who is available on-demand. Resource Centers are located at major retail centers or office buildings throughout San Diego and several include work-study employment opportunities. Guest speaker events, tutoring, and field trips are also available. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed "On-Demand" teacher is assigned to each student who, in collaboration with the student and parents, assesses the student's current needs and goals and creates a plan for rapid advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their assigned Resource Center, via email or telephone within 24 hours.

Audeo II recently added a blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan ("PPEP") is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student's short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student's enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

Audeo II students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, Audeo II has many partnerships and alliances to provide community resources for students and their families.

### *Home/School Partnership*

The most important relationship we build is the one between the teacher, student, and the student's family. Audeo II encourages parent/guardian involvement through the monitoring of his/her student's regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and attendance on testing days and field trips. With parents actively involved in their student's lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights, master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

### *Parent Involvement Policy*

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

#### *Title I Parent Involvement Policy*

Audeo Charter School II ("Charter School") recognizes the parents/guardians are their children's first and most influential teachers and the sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Executive Director or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in school activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

Each year the Executive Director or designee shall identify objectives of the school's parent involvement. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program .

The President or designee shall ensure that the parent involvement strategies are established and implemented.

The Title I Parent Involvement Policy was updated and developed in collaboration with parents of Title I students. Parents participated in the development process through surveys and meetings at the Resource Centers. The data collected from parents yielded important feedback on ways to successfully engage parents and improve the parent involvement practices. Parents expressed the following themes:

- Parents can provide input and receive communication from staff through various programs and activities.
- Parents feel involved in their child's education through various programs and activities.
- Parents report having frequent communication with instructional staff.
- Parents want to continue to access resources and trainings on how they can better support their children's achievement and performance at school and at home.
- Parents want to continue to have safe, supportive, and innovative Resource Centers.

These recommendations above are integrated throughout this Title I Parent Involvement Policy and reinforce the core belief that parents are our equal partners in ensuring the success of all students.

The Title I Parent Involvement Policy will be annually distributed to parents by including the policy in the handbook, making the policy available on the website and at the Resource Centers. This Policy describes the means for carrying out the following Title I parental involvement requirements.

    - Staff is in constant communication with parents to review all involvement opportunity and strategies. Teachers are specially trained to involve parents in a variety of ways. The school reviews monthly data on outreach efforts and compares it with academic outcomes to ensure the success of every student. Any modifications in parent outreach and involvement strategies are quickly adopted as appropriate.

8. Charter School uses the findings of the annual evaluation to design evidence-based strategies for more effective parental and family engagement, and to revise, if necessary, the Parent and Family Engagement Policy.
    - Monthly and annual reviews of student results allow the school to incorporate improvement and/or new parent and family engagement strategies as needed. Monthly intervention reports are published, disseminated, and reviewed to ensure the success of every student. - All parents have the opportunity to participate as a member of the School Site Council. They also have the opportunity to provide feedback directly to school staff in the resource center meetings or through the annual LCAP development process.

**Involvement of Parents in the Title I Program**
To involve parents in the Title I program, the following practices have been established:

1. Conduct an annual meeting to inform parents of Title I students about Title I requirements and about the right of parents to be involved in the Title I program.

**Home-School Compact**
The Home-School Compact will be distributed to parents of Title I annually. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

### *Attendance, Lessons, and Course Credits*

Unlike traditional schools where attendance is measured by being physically present in a classroom, Audeo II measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at Audeo II, students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of Audeo II's Independent Study Policy is available on the school website.

### *Year-round School Year*

Audeo II has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on the School's website.)

### *Student Assessments*

Students at Audeo II are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our Audeo II program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

Audeo II staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.

If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at http://www.cde.ca.gov/ta/tg.

However, this does not alter Charter School's obligation to obtain immunization records for foster and homeless students or to ensure the full immunization of foster and homeless students as required by law.

If Charter School discovers that an admitted student who was previously believed to be in compliance with the immunization requirements is subsequently discovered to not be in compliance with either the unconditional admission requirements or the conditional admission requirements, Charter School will notify the student's parent/guardian of: 1) the time period within which the doses must be received, which may be no more than ten (10) school days after notification; and 2) that the student shall continue in attendance only if the parent/guardian provides documentation that the immunization requirements have been met within the time period designated by the School. ## *Free and Reduced-Price Meals*

Pursuant to California Law, the Charter School will provide each student who meets federal eligibility criteria for free and reduced-price meals with at least one free or reduced-price, nutritionally adequate meal per each school day on which the eligible student is scheduled for two or more hours of educational activities at a school site/Resource Center, meeting space or other satellite facility operated by the Charter School.

## *Student Wellness Policy*

Audeo Charter School II ("Charter School") adopts this policy to ensure its commitment to the optimal development of every student. Charter School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year. This policy may be updated from time to time as required to be in compliance with state law, regulation, or administrative directive.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers —in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.
- Charter School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school.
- The community is engaged in supporting the work of the Charter School in creating continuity between Charter School and other settings for students and staff to practice lifelong healthy habits.
- The Charter School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of this Policy and its established goals and objectives.

This Policy applies to all students, faculty, and staff in the Charter School. Specific measurable goals and outcomes are identified within each section below.

### *Suspension and Expulsion Policy*

**Policy**

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at Audeo Charter School II ("AUDEO II" or "Charter School"). In creating this policy, AUDEO II has reviewed Education Code Section 48900 *et seq.* which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* AUDEO II is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as AUDEO II's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. AUDEO II staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed as part of the student handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The AUDEO II administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and procedures are available upon request at the Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom AUDEO II has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. AUDEO II will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom AUDEO II has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according to due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

**C. Suspension Procedure**

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or AUDEO II employee who referred the student to the Executive Director or designee.

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or AUDEO II personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against

him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with AUDEO II officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If AUDEO II officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

**D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members

who are certificated and neither a teacher of the pupil or a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

**E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the pupil has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of AUDEO II's disciplinary rules which relate to the alleged violation;

4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at AUDEO II to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

**F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

AUDEO II may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by AUDEO II or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. AUDEO II must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, AUDEO II must present evidence that the witness' presence is both desired by the witness and will be helpful to AUDEO II. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

**G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

**H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

**I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to his/her educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

**J. Written Notice to Expel**

The Executive Director or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with AUDEO II.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

**K. Disciplinary Records**

AUDEO II shall maintain records of all student suspensions and expulsions at AUDEO II. Such records shall be made available to the authorizer upon request.

**L. No Right to Appeal**

The pupil shall have no right of appeal from expulsion from AUDEO II as the Board of Directors' decision to expel shall be final.

**M. Expelled Pupils/Alternative Education**

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. AUDEO II shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

**N. Rehabilitation Plans**

Students who are expelled from AUDEO II shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to AUDEO II for readmission.

**O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a pupil after the end of the student's expulsion term or to admit a previously expelled pupil from another school district or AUDEO II who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board of Directors following the meeting regarding the Executive Director's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon AUDEO II's capacity at the time the student seeks readmission or admission to the Charter School.

**P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

**R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

1. Notification of SELPA

AUDEO II shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that AUDEO II or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another

setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, AUDEO II, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If AUDEO II, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If AUDEO II, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the AUDEO II had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent/guardian and AUDEO II agree to a change of placement as part of the modification of the behavioral intervention plan.

If AUDEO II, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then AUDEO II may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or AUDEO II believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or AUDEO II, the student shall remain in the interim alternative

educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and AUDEO II agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

AUDEO II personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated AUDEO II's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if AUDEO II had knowledge that the student was disabled before the behavior occurred.

AUDEO II shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to AUDEO II supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other AUDEO II personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other AUDEO II supervisory personnel.

If AUDEO II knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If AUDEO II had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. AUDEO II shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by AUDEO II pending the results of the evaluation.

AUDEO II shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### *Dress Code*

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to Resource Centers and to field trips/school-sponsored events. Parents/guardians will be notified and students will be asked to change or sent home if they are found to be in violation of the dress code.

Dress code violations include the following:

- Pants sagging below the waist
- Swimsuits or sleepwear, including bedroom slippers
- Shorts/skirts/dresses that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses suggestive/vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags (note: headwear worn for religious purposes is permitted)

### *Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy*

The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of Audeo Charter School II ("Charter School"), and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

A complete copy of the Cell Phone/Electronics Policy is available for review on the school website.

### *Lost or Damaged School Property*

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

### *Parents' Responsibilities*

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

**Parents' Role in Discipline and Behavior**

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

### *Emergency Procedures and School Safety Plan*

Audeo II Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

Audeo II defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the Audeo II Comprehensive School Safety Plan is available on the school website and at each Resource Center.

### *School Bus and Passenger Safety*

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan.

### Transportation Safety Plan

Because Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School ("CHARTER SCHOOL" or the "Charter School") provides transportation to CHARTER SCHOOL activity, the Board of Directors ("Board") approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

**Definitions**

- "*School bus*" is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. "School bus" does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

  "*School activity bus*" is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

- *"Private passenger vehicle"* is any other privately owned or leased vehicle not included in the definitions above, designed for and when not carrying more than 10 persons, and operated by a parent/guardian or staff driver to transport student to and from a Charter School activity.

**Determining Whether a Student Requires an Escort**

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers' direction and supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

**Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Charter School is not required to use the services of an onboard school bus monitor in addition to the driver to ensure these procedures are followed.

Boarding:

1. Students shall board or exit the school bus ONLY at their assigned bus stop or school activity destination.
2. Students shall board in an orderly manner and utilize the handrails for their safety while loading and unloading.
3. Students are to find their seat as quickly as possible and sit down facing the front of the bus.
4. Students are to remain seated at all times while the bus is in motion.
5. Students are to maintain a noise level which will allow the bus driver to hear approaching traffic.
6. Students are to follow the directions of the bus driver while they are aboard the bus.
7. Students are responsible to follow all rules and regulations.

Exiting:

1. Students shall stay seated until the bus comes to a complete stop.
2. Once the driver has stopped the bus completely and opened the door, students are to unload seat by seat starting with the front of the bus and continuing seat by seat until the bus is empty.
3. Students remaining on the bus are to remain seated until the bus stops at their assigned bus stop or school activity destination.
4. Students will unload in an orderly manner using the handrails.
5. Students shall exit the bus only at their assigned bus stop or school activity destination. Exceptions will only be allowed when the student presents the bus driver with a note signed by the student's parent and endorsed by the Executive Director.
6. Students are to move away from the bus as they unload. Students shall not get underneath the bus to retrieve a book, paper or some other article. The student should always tell the bus driver and have the bus driver get the article for them.
7. Students should always use crosswalks and controlled intersections when available and should not cross in the middle of the block.
8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

**Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.
4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kids, fire extinguishers, etc.

5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
    a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
    b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
    c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

**Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus**

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.
2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.
4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

**Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus**

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

**Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety**

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

**Instruction for Students who were not Previously Transported in a School Bus**

Upon registration, the parents/guardians of students who were not previously transported in a school bus or school activity bus and who are in kindergarten through grade 6, inclusive, shall be provided with written information on school bus safety. This information shall include, but not be limited to, the following:

1. A list of school bus stops near the student's home.
2. General rules of conduct at school bus loading zones, such as:
    a. While waiting for the school bus to arrive, students must stand single file in an orderly and well-behaved line.
    b. Students are not to play in or be in the street or private property.
    c. Students shall be on the proper side of the street before the bus arrives at the bus stop.
    d. Students should arrive at their bus stop five minutes prior to the scheduled leaving time.
    e. If the student is late and needs to cross the street that the bus is stopped on, the student must wait for the bus driver to escort the student across the street.
    f. Students should not approach the bus until it comes to a complete stop at the stop;
    g. Students should board and exit the bus in an orderly fashion, with no pushing or shoving.

**School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)**

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Executive Director or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of

California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

CHARTER SCHOOL shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Executive Director or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

### *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy*

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, AUDEO II (or "Charter School") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school administrative offices, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twist), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, the Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. The Charter School faculty and staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, the Charter School will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with whom the Charter School does business, or any other individual, student, or volunteer. This Policy applies to all employees, students, or volunteer actions and relationships, regardless of position or gender. The Charter School will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

**Bullying and Cyberbullying Prevention Procedures**

AUDEO II has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. **Cyberbullying Prevention Procedures**

    AUDEO II advises students:
    a. To never share passwords, personal data, or private photos online.
    b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
    c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
    d. To consider how it would feel receiving such comments before making comments about others online.

AUDEO II informs Charter School employees, students, and parents/guardians of AUDEO II's policies regarding the use of technology in and out of the classroom. AUDEO II encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

**2. Education**

AUDEO II employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. AUDEO II advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at AUDEO II and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

AUDEO II's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

AUDEO II informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

**3. Professional Development**

AUDEO II annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other AUDEO II employees who have regular interaction with students.

Charter School also informs certificated employees about the groups of students determined by AUDEO II, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

AUDEO II encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for AUDEO II's students.

**Grievance Procedures**

**1. Scope of Grievance Procedures**

AUDEO II will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

a. Are written and signed;
b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
c. Submitted to the AUDEO II UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, AUDEO II will utilize the following grievance procedures in addition to its UCP when applicable.

**2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter
Executive Director
858-678-2042
ttuter@altusschools.net

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. AUDEO II will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor,

the Executive Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

**3. Supportive Measures**
Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to AUDEO II's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or AUDEO II's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. AUDEO II will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of AUDEO II to provide the supportive measures.

**4. Investigation and Response**
Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of AUDEO II, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about

the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
    - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
        - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
        - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
        - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
        - A statement that AUDEO II prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
    - AUDEO II may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with AUDEO II's policies.
    - AUDEO II may remove a respondent from AUDEO II education program or activity on an emergency basis, in accordance with AUDEO II's policies, provided that AUDEO II undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
    - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
    - If a formal complaint of sexual harassment is filed, AUDEO II may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If AUDEO II offers such a process, it will do the following:
        - Provide the parties with advance written notice of:
            - The allegations;
            - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
            - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
            - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
        - Obtain the parties' advance voluntary, written consent to the informal resolution process.
    - AUDEO II will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
    - The decision-maker will not be the same person(s) as the Coordinator or the investigator. AUDEO II shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
    - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and

needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
    - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
    - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.

    - AUDEO II may dismiss a formal complaint of sexual harassment if:
        - The complainant provides a written withdrawal of the complaint to the Coordinator;

Should the reporting individual find AUDEO II's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of AUDEO II's decision or resolution, submit a written appeal to the Chairperson of the Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes.

## *Teacher Qualifications*

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:

   - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;

   - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and

- Is teaching in the field of discipline of the certification of the teacher.

**Procedures**

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**
  Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CBO or designee, upon written request by the complainant setting forth the reasons for

the extension. Such extension by the CBO or designee shall be made in writing. The period for filing may be extended by the CBO or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The School Coordinator shall respond immediately upon a receipt of a request for extension.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**
  Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

  Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

  If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

  The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**
  The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

  The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.
  A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

  The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

Audeo shall issue an investigation report (the "Decision) based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.
3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

**Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.
4. The legal conclusion in Audeo's Decision is inconsistent with the law.
5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.
2. A copy of the Decision.
3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.
4. A report of any action taken to resolve the complaint.

5. A copy of the Charter School's complaint procedures.

6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

**Civil Law Remedies**

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

A copy of the UCP shall be available upon request free of charge on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.

## *Student Fees Policy*

This Policy applies to Audeo Charter School II ("Audeo" or "Charter School").

## *Suicide Prevention Policy*

The Governing Board of Audeo Charter School II ("Charter School") recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Governing Board has developed prevention strategies and intervention procedures.

The policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and shall, at a minimum, address procedures relating to suicide prevention, intervention, and post-vention.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, the Charter School shall appoint an individual (or team) to serve as the suicide prevention point of contact.

**Prevention and Instruction**
Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the Charter School and is characterized by caring staff and harmonious interrelationships among students.

The Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience.

The Executive Director or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the Charter School's suicide prevention efforts, risk factors and warning signs of suicide, basic steps for helping suicidal youth, reducing the stigma of mental illness, and/or school and community resources that can help youth in crisis. California Department of Education youth suicide prevention information can be found at: http://www.cde.ca.gov/ls/cg/mh/suicideprevres.asp

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page.

The Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed, taking into consideration the grade level and age of the students. If offered or included in the Charter School's instructional curriculum, suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide.

2. Identify alternatives to suicide and develop coping and resiliency skills.

3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent.

4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma

associated with seeking mental health, substance abuse, gender identity, or other support services.

**Staff Development**
Suicide prevention training for staff may be designed to help staff identify and find help for students at risk of suicide. Materials approved by the Charter School for training shall include how to identify appropriate mental health services, at school facilities and within the larger community, and when and how to refer youth and their families to those services. The training may be offered under the discretion of the Executive Director and/or Governing Board and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance abuse problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors.

2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior.

3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health.

4. School and community resources and services for students and families in crisis and ways to access them.

5. Charter School procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide.

**Intervention and Emergency Procedures**
Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Executive Director or designee. The Executive Director or designee shall then notify the student's parent/guardian as soon as possible and may also refer the student to mental health resources at the Charter School or in the community.

When a suicide attempt or threat is reported, the Executive Director or designee shall, at a minimum:

1. Ensure the student's physical safety by one of the following, as appropriate:

a. Securing immediate medical treatment if a suicide attempt has occurred;

b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened;

c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.

2. Designate specific individuals to be promptly contacted, for example the school counselor, psychologist, nurse, Executive Director, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies.

3. Document the incident in writing as soon as feasible.

4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed.

5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at the school.

6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the Executive Director or designee shall follow the crisis intervention procedures contained in the Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Students shall be encouraged through the education program and in school activities to notify a teacher, Executive Director, another school administrator, psychologist, school counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

**Employee Qualifications and Scope of Services**
Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

A complete copy of the Suicide Prevention Policy is available on the school website.

## *Education for Homeless Children and Youth Policy*

The Governing Board of Audeo Charter School ("Charter School") desires to ensure that homeless children and youth are provided with equal access to its educational program, have an opportunity to meet the same challenging State academic standards, are provided a free and appropriate public education, are not stigmatized, or segregated on the basis of their status as homeless, and to establish safeguards that protect homeless students from discrimination on the basis of their homelessness.

**Definition of Homeless Children and Youth**

The term "*homeless children and youth*" means individuals who lack a fixed, regular and adequate nighttime residence and includes children and youth who (42 U.S.C. § 11434a):

1. 2. Have a primary nighttime residence that is a public or private place not designed for or ordinarily used as regular sleeping accommodations for human beings;

3. Are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and/or

4. Migratory children and unaccompanied youth (youth not in the physical custody of a parent or guardian) may be considered homeless if they meet the above definition of "homeless."

Homeless status is determined in cooperation with the parent or guardian. In the case of unaccompanied youth, status is determined by the Charter School Liaison.

**Charter School Liaison**

The Executive Director designates the following staff person as the Charter School Liaison for homeless students (42 U.S.C. § 11432(g)(1)(J)(ii)):

~~Rachel Thomas~~Ana Maria Rojas, Equity and Inclusion ~~Officer~~Administrator

The Charter School Liaison shall ensure that the following requirements are fulfilled by the Charter School (42 U.S.C. § 11432(g)(6)):

1. Homeless students are identified by school personnel and through outreach and coordination activities with other entities and agencies.

2. Homeless students enroll in and have a full and equal opportunity to succeed at Charter School.

3. Homeless students and families receive educational services for which they are eligible, including: services through Head Start programs (including Early Head Start programs) under the Head Start Act; early intervention services under part C of the Individuals with Disabilities Education Act ("IDEA"); any other preschool programs administered by Charter School , if any; and referrals to health care services, dental services, mental health services, substance abuse services, housing services, and other appropriate services.

4. Parents/guardians are informed of the educational and related opportunities available to their children and are provided with meaningful opportunities to participate in the education of their children.

5. Public notice of the educational rights of homeless children is disseminated at places frequented by parents or guardians of such youths, and unaccompanied youths, including schools, shelters, public libraries, and soup kitchens, and in a manner and form understandable to the parents and guardians of homeless youth and unaccompanied youth.

6. Enrollment/admissions disputes are mediated in accordance with law, Charter School charter, and Board policy.

9. The Charter School Liaison collaborates with State coordinators and community and school personnel responsible for the provision of education and related services to homeless children and youths.

10. Unaccompanied youth are enrolled in school; have opportunities to meet the same challenging State academic standards as the State establishes for other children and youth; and are informed of their status as independent students and that the youths may obtain assistance from the Charter School Liaison to receive verification of such status for the purposes of the Free Application for Federal Student Aid.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

**Enrollment**

Charter School shall immediately admit/enroll the student for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Executive Director or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. If a youth obtains permanent housing during an academic year, the youth will be permitted to remain in the school of origin through the end of the academic year.

**Enrollment Disputes**

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals. (42 U.S.C. § 11432(g)(3)(E).)

The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to the Charter School Liaison. (42 U.S.C. § 11432(g)(3)(E).)

The Charter School Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

**Comparable Services**

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in career and technical education
- Programs for gifted and talented students
- Charter School nutrition programs

**Transportation**

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School , as noted above. (42 U.S.C. § 11432(g)(4).)

If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School , at the request of the parent or guardian (or Charter School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

**Professional Development**

All administrators, teachers and employees of Charter School will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. (42 U.S.C. § 11433(d)(3).) All identified or suspected homeless children and youth will be referred to the Charter School Liaison.

**High School Graduation Requirements**

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes

the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.

2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

**Acceptance of Course Work**

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

**Notice**

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and while the student is enrolled at the Charter School in alignment with the law. (42 U.S.C. § 11432(e)(3)(C).)

**Annual Policy Review**

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school.

## *Education for Foster and Mobile Youth Policy*

**Introduction**

The Board of Directors of Audeo Charter School hereby adopts this Educational for Foster and Mobile Youth Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School, hereafter collectively referred to as ("Charter School"). The Charter School recognizes that Foster and Mobile Youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, the Charter School shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in the Charter School's local control and accountability plan ("LCAP").

**Definitions**

- *"Foster youth"* means a child who has been removed from their home pursuant to California Welfare and Institutions Code section 309 and/or is the subject of a petition filed under Welfare and Institutions Code section 300 or 602. This includes children who are the subject of cases in dependency court and juvenile justice court.

- "*Former juvenile court school pupil*" means a pupil who, upon completion of the pupil's second year of high school, transfers from a juvenile court school to the Charter School.

- *"Child of a military family"* refers to a student who resides in the household of an active duty military member.

- *"Currently Migratory Child"* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. "Currently Migratory Child" includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an

agricultural or fishing activity.

- *"Pupil participating in a newcomer program"* means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

- *"Educational Rights Holder" ("ERH")* means a parent, guardian, responsible adult appointed by a court to make educational decisions for a minor pursuant to Welfare and Institutions Code sections 319, 361 or 726, or a person holding the right to make educational decisions for the pupil pursuant to Education Code section 56055.

- *"School of origin"* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin.

- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

Within this Policy, foster/juvenile court youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be referred to collectively as "Foster and Mobile Youth."

**Foster and Mobile Youth Liaison**

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to the Charter School, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the following position as the Charter School's liaison for Foster and Mobile Youth:

**~~Rachel Thomas~~Ana Maria Rojas**
**Equity and Inclusion Administrator ~~Officer~~**
~~rthomas@charterschool-sandiego.net~~arojas@altusschools.net

The Foster and Mobile Youth Liaison shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in the Charter School, and checkout from the Charter School of Foster and Mobile Youth.

2. Ensure proper transfer of credits, records, and grades when Foster and Mobile Youth transfer to or from the Charter School.

3. When a foster youth is enrolling in the Charter School, the Foster and Mobile Youth Liaison shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the Charter School.

4. When required by law, notify the foster youth's attorney and the appropriate representative of the county child welfare agency at least ten (10) calendar days preceding the date of the following:

    a. An expulsion hearing for a discretionary act under the Charter School's charter.

    b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under the Charter School's charter. The foster youth's attorney and the agency representative will be invited to participate.

    c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's attorney and the agency representative will be invited to participate.

5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.

6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.

7. Develop protocols and procedures for creating awareness for Charter School staff,

including but not limited to Administrator of Instructional Services, School Coordinator and Student Services Coordinator of the requirements for the proper enrollment, placement, and transfer of foster youth.

8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for the Charter School's foster youth.

9. Monitor the educational progress of foster youth and provide reports to the Equity and Inclusion ~~Officer~~ Administrator or designee and the Governing Board based on indicators identified in the Charter School's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to Welfare and Institutions Code sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

**School Stability and Enrollment**

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth

may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth have the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

**Transportation**

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not

prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

**Effect of Absences on Grades**

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.

b. A verified court appearance or related court-ordered activity.

**Transfer of Coursework and Credits**

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school[2], a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

[2] For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

**Applicability of Graduation Requirements**

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. For a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the foster youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion ~~Officer~~Administrator or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, how any requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution, and shall provide information about transfer opportunities available through the California Community Colleges.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the

student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If an eligible student is not exempted from additional graduation requirements or has previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student at any time if an exemption is requested by the youth and the youth qualifies for the exemption. Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's graduation requirements within the student's fifth year of high school, the Equity and Inclusion ~~Officer~~ Administrator or designee shall:

1. Inform the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Inform the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the

purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

**Eligibility for Extracurricular Activities**

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

**Waiver of Fees for Afterschool Programs**

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by the Charter School.

**Student Records**

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

**Complaints of Noncompliance**

Complaints of noncompliance with this Policy shall be governed by the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

****

**Availability of Complete Policy**

For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available on the school website.

## *Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education*

**A. SECTION 504 POLICY**

The Board of Directors of Audeo Charter School hereby adopts the Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, and Sweetwater Secondary School hereafter collectively referred to as ("Charter School"). The Governing Board of the Charter School recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education ("FAPE").

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA").

The Charter School's Executive Director or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable

about the Section 504 standards, the student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent's/guardian's procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student's progress and placement.

The Charter School does not discriminate on the basis of disability, or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

**B. SECTION 504 PROCEDURES**

A. Definitions

1. **Academic Setting** – the regular, educational environment operated by Charter School.

2. **Individual with a Disability under Section 504** – An individual who:

   a. has a physical or mental impairment that substantially limits one or more major life activities;

   b. has a record of such an impairment; or

   c. is regarded as having such an impairment.

3. **Evaluation –** procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or

procedures used with, all students in a school, grade, or class.

4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school–sponsored events.

5. **Free Appropriate Public Education ("FAPE")** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.

6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.

7. **Physical or Mental Impairment** –

   a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or

   b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

8. **504 Coordinator** – The Special Education Coordinator shall serve as the Charter School's Section 504 Coordinator. The parents or guardians may request a

Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator at (619) 393-2270.

9. **Has a record of such an impairment** - means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. **Is regarded as having an impairment** - means

    a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

    b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.

2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.

3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.

4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what

assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.

6. The 504 Team will consider the following information in its evaluation of the student:

   a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;

   b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

   c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the

effects of an impairment.

9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.

10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.

2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.

3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.

4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.

6. The referral, assessment, evaluation, and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.

7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.

8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.

9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.

10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.

2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:

- Examine relevant records
- Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
- Have the right to file a Uniform Complaint pursuant to Charter School policy

- Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

   Kirsten Ramirez Henderson
   10170 Huennekens Street, San Diego, CA 92121
   (619)-393-2270
   khenderson@altusschools.net

   Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Executive Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:

   - The specific decision or action with which the parent/guardian disagrees.
   - The changes to the 504 Plan the parent/guardian seeks.
   - Any other information the parent/guardian believes is pertinent.

5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:

   - Mediation by a neutral third party.

- Review of the 504 Plan by the Executive Director or designee.

6. Within ten (10) calendar days of receiving the parent/guardian's request, the Executive Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

8. The parent/guardian and the School shall be afforded the rights to:

   - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.

   - Present written and oral evidence.

   - Question and cross-examine witnesses.

   - Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.

11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

F. Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the

Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School , the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent has requested an evaluation of the child.

c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special

Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

**C. PARENT/STUDENT RIGHTS IN IDENTIFICATION, EVALUATION, ACCOMMODATION AND PLACEMENT**

At the beginning of each school year, Charter School shall provide parents and eligible students with a notice containing the following information: 1) The type of PII it designates as directory information; 2) The parent's or eligible student's right to require that Charter School not release "directory information" without obtaining prior written consent from the parent or eligible student; and 3) The period of time within which a parent or eligible student must notify Charter School in writing of the categories of "directory information" that it may not disclose without the parent's or eligible student's prior written consent. Charter School will continue to honor a valid request to opt out of the disclosure of a former student's directory information made while the former student was in attendance unless the student rescinds the opt out request.

**Annual Notification To Parents And Eligible Students**

At the beginning of each school year, in addition to the notice required for directory information, Charter School shall provide eligible students currently in attendance and parents of students currently in attendance with a notice of their rights under the FERPA. Within five (5) business days, Charter School shall comply with the request.

1. **Copies of Education Records**

   Charter School will provide copies of requested documents within five (5) business days of a written request for copies. Charter School may charge reasonable fees for copies it provides to parents or eligible students. However, no charge shall be made for furnishing (1) up to two transcripts of former students' records or (2) up to two verifications of various records of former students. The charge will not include a fee to search for or to retrieve the education records.

2. **Request for Amendment to Education Records**

   Following the inspection and review of a student's education record, a parent or eligible student may file a written request with the Executive Director to correct or remove any information in the student's education record that is any of the following:

   a. Inaccurate.
   b. Misleading.
   c. In violation of the privacy rights of the student.

   Charter School will respond within thirty (30) days of the receipt of the request to amend. Charter School 's response will be in writing and if the request for amendment is denied, Charter School will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

   If the Executive Director sustains any or all of the allegations, the Executive Director must order the correction or the removal and destruction of the information. The Executive Director or designee must then inform the parent or eligible student of the amendment in writing.

3. **Hearing to Challenge Education Record**

   If Charter School denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within thirty (30) days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student.

   The Board Chair may convene a hearing panel to assist in making determinations regarding educational record challenges provided that the parent has given written consent to release

information from the student's records to the members of the panel convened. The hearing panel shall consist of the following persons:

a. The Administrator of Instructional Services, School Coordinator, or designee of a public school other than the public school at which the record is on file;
b. A certificated Charter School employee; and
c. A parent appointed by the Executive Director or by the Board Chair, depending upon who convenes the panel.

The hearing to challenge the education record shall be held within thirty (30) days of the date of the request for a hearing. Notice of the date, time and place of the hearing will be sent by Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

The Administrator for Instructional Services or designee of a public school will serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record. The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or Executive Director or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, Charter School 's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.

If, as a result of the hearing, Charter School decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

**Disclosure Of Education Records And Directory Information**

## *Professional Boundaries: Staff/Student Interaction Policy*

Audeo Charter School II ("Charter School") recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

**I. PURPOSE AND SCOPE**

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to:

(1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.

(2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.

(3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)

(4) Clarify that improper action will have significant consequences.

(5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.

(6) Define the process that Charter School will use for addressing potential improper conduct.

(7) Preserve student and staff privacy rights during any pending investigation.

**II. BACKGROUND AND GENERAL POLICY PROVISIONS**

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members.

Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability

to recruit skilled professionals and maintain a credible operation in the eyes of the community. Itis critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

## III. BOUNDARIES

### A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

### B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

**Unacceptable Staff/Student Behaviors (Violations of this Policy)**

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

**Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

1. Giving students a ride to/from school or school activities without parent permission (only in "emergency" situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

**Cautionary Staff/Student Behaviors**

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

**IV. CORPORAL PUNISHMENT**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

**VI. Investigating**

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law The investigating supervisor shall promptly notify the Administrator of Instructional Services that an investigation is in progress; the Administrator of Instructional Services, in turn, shall notify the Executive Director of the existence and status of any investigations. ## About Our School

Students receive a personalized and rigorous academic experience from a high-quality staff in a safe and supportive environment. As a charter school, Audeo III is a school of choice, with open enrollment policies that serve a diverse student community. The flexible scheduling and around-the-year calendar better serves many students who seek a non-traditional environment in which to learn. Audeo III serves students in grades 6-12.

# Instructional Program

Our school is accredited by the Western Association of Schools and Colleges ("WASC"). At Audeo III, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California ("UC") approved courses for those students planning to attend a UC or California State University ("CSU") school after the completion of high school. Additionally, we offer National Collegiate Athletics Association ("NCAA") - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our "university model" is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation at one of our Resource Centers. The Audeo III Resource Center location provides a professional, quiet environment for one-on-one learning with a credentialed teacher who is available on-demand. Guest speaker events, tutoring, and field trips are also available. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed "On-Demand" teacher is assigned to each student who, in collaboration with the student and parents, assesses the student's current needs and goals and creates a plan for rapid advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their assigned Resource Center, via email or telephone within 24 hours.

Audeo III recently added a blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan ("PPEP") is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student's short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student's enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

Audeo III students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, Audeo III has many partnerships and alliances to provide community resources for students and their families.

### *Home/School Partnership*

The most important relationship we build is the one between the teacher, student, and the student's family. Audeo III encourages parent/guardian involvement through the monitoring of his/her student's regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and attendance on testing days and field trips. With parents actively involved in their student's lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights, master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

### *Parent Involvement Policy*

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

#### *Title I Parent Involvement Policy*

Audeo Charter School III ("Charter School") recognizes the parents/guardians are their children's first and most influential teachers and the sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Executive Director or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in school activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

Each year the Executive Director or designee shall identify objectives of the school's parent involvement. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program .

The President or designee shall ensure that the parent involvement strategies are established and implemented.

The Title I Parent Involvement Policy was updated and developed in collaboration with parents of Title I students. Parents participated in the development process through surveys and meetings at the Resource Centers. The data collected from parents yielded important feedback on ways to successfully engage parents and improve the parent involvement practices. Parents expressed the following themes:

- Parents can provide input and receive communication from staff through various programs and activities.
- Parents feel involved in their child's education through various programs and activities.
- Parents report having frequent communication with instructional staff.
- Parents want to continue to access resources and trainings on how they can better support their children's achievement and performance at school and at home.
- Parents want to continue to have safe, supportive, and innovative Resource Centers.

These recommendations above are integrated throughout this Title I Parent Involvement Policy and reinforce the core belief that parents are our equal partners in ensuring the success of all students.

The Title I Parent Involvement Policy will be annually distributed to parents by including the policy in the handbook, making the policy available on the website and at the Resource Centers. This Policy describes the means for carrying out the following Title I parental involvement requirements.

**Home-School Compact**
The Home-School Compact will be distributed to parents of Title I annually. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

### *Attendance, Lessons, and Course Credits*

Unlike traditional schools where attendance is measured by being physically present in a classroom, Audeo III measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at Audeo III, students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of Audeo III's Independent Study Policy is available on the school website.

### *Year-round School Year*

Audeo III has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on the School's website.)

### *Student Assessments*

Students at Audeo III are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our Audeo III program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

Audeo III staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.

If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at http://www.cde.ca.gov/ta/tg.

### *California Assessment of Student Performance and Progress ("CAASPP")*

The School shall annually administer required state testing to the applicable grades (e.g., the CAASPP).

### *NCAA Eligibility*

The NCAA Eligibility Center has launched a new website at ncaa.org/student-athletes/future to help high school student-athletes successfully transition to college. The enhanced online content gives student-athletes and counselors a broad look at the initial eligibility process and detailed information about common eligibility situations.

The new content is part of the NCAA Eligibility Center's continuing response to customer requests for key pieces of information student-athletes should know as they consider college. Student-athletes are guided through current and upcoming initial eligibility requirements, recruiting guidelines, and timelines for staying on track in high school. Additional webpages address initial eligibility situations unique to international, home-school and non-traditional students.

A wide range of frequently-asked questions addressing issues from academic and amateurism eligibility to high

school and core-course review are easily searchable and will be expanded in the future.

To ensure your student is taking the right courses for NCAA eligibility, please contact your student's teacher/counselor.

### *Grant Program Notice*

The Charter School is required by state law to submit the Grade Point Average ("GPA") of all high school seniors by Oct. 1 of each year, unless the student over age 18 years of age or parent/guardian for those under 18 years of age opt-out. ### *Grade Validation*

If a student earns an "F" grade for the first semester of a year-long course but earns a passing grade of "C" or better for the second semester of that same course, credit shall be assigned for both semesters and a passing grade of "D" shall be recorded for the first semester. This applies only to students designated as 11th or 12th graders by a school counselor or administrator from Audeo III.

~~Immunization records will be required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, the Charter School follows and abides by the health standards set forth by the state of California. Students will not attend school until all required records have been received. The immunization status of all students will be reviewed periodically. Those students who do not meet the State guidelines may be excluded from school until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the Charter School.~~

~~These required immunizations include:~~

Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. Immunization records shall be part of the mandatory permanent pupil record and shall be kept in accordance with Charter School's Educational Records and Student Information Policy. Charter School will file a written report on the immunization status of all new entrants to Charter School with the California Department of Public Health, on at least an annual basis, as required by law.

Any child leaving the United States for a short vacation to or long stay in any country considered by the Center of Disease Control and Prevention ("CDC") to have increased risk of TB exposure MUST contact the County Tuberculosis Clinic for a TB Screening upon return.

Charter School shall immediately admit a foster child, as defined in Education Code § 48853.5(a), and a homeless child, as defined in Section 11434a(2) of Title 42 of the United States Code, even if the foster or homeless child's immunization records are not available or are missing. However, this does not alter Charter School's obligation to obtain immunization records for foster and homeless students or to ensure the full immunization of foster and homeless students as required by law.

If Charter School discovers that an admitted student who was previously believed to be in compliance with the immunization requirements is subsequently discovered to not be in compliance with either the unconditional admission requirements or the conditional admission requirements, Charter School will notify the student's parent/guardian of: 1) the time period within which the doses must be received, which may be no more than ten (10) school days after notification; and 2) that the student shall continue in attendance only if the parent/guardian provides documentation that the immunization requirements have been met within the time period designated by the School. If the student does not provide documentation of having received all required immunizations within the time period designated by the School, Charter School shall exclude this student from attendance. **Conditional Admittance**

Students may be conditionally admitted in accordance with Health and Safety Code Section 120340 and Title 17, California Code of Regulations Section 6035. The Executive Director or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses. The Executive Director or designee shall review the immunization record of each student admitted conditionally at least every thirty (30) days from the date of admission until that student has received all the required immunizations or submitted an exemption. If a student conditionally admitted fails to fulfill the conditions of admission, Charter School will prohibit the student from further attendance until that student has been fully immunized as required by law.

**Documentary Proof**

The Executive Director shall maintain the student's immunization information in the student's mandatory permanent record and shall file annual immunization status reports as required by the California Department of Public Health.

**Exemptions from Immunization Requirements**

All students must be fully immunized in accordance with the California Health and Safety Code, the California Code of Regulations, and this Policy with the following exceptions:

1. Students who show proof of a medical exemption by a physician licensed to practice medicine in California pursuant to Health and Safety Code Section 120370.
    a. Commencing January 1, 2021, the California Department of Public Health standardized medical exemption form shall be the only documentation of a medical exemption that the School shall accept.
    b. On and after July 1, 2021, the School shall not unconditionally admit or readmit, or admit or advance any student to 7th grade, unless the student has been fully immunized or files a California Department of Public Health standardized medical exemption form as required by law.
    c. Medical exemptions issued before January 1, 2020, will continue to remain valid until the child enrolls in the next grade span, defined below.

2. Independent study students who do not attend ANY resource center classes or activities.

    a. A student who has not received all of the required immunizations will not be eligible to attend classes at a Charter School resource center unless the student is otherwise exempt under #1 or #3.

3. Students who, prior to January 1, 2016, submitted a letter or affidavit on file at a private or public elementary or secondary school in California stating beliefs opposed to immunization, and who provides said letter or affidavit to the Charter School, shall be allowed to enroll at the Charter School without being fully immunized until the student enrolls in the next grade span pursuant to Health and Safety Code Section 120335(g).

    a. "Grade span" means each of the following:
        i. Birth to Preschool.
        ii. Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten.
        iii. Grades 7 to 12, inclusive.

~~Effective January 2016, Senate Bill 277 eliminated the option of personal belief exemptions for students in public and private schools. Students enrolled in home-based private schools and independent study program who do not receive classroom-based instruction will still need to provide immunization records to their schools before entry. All schools will still need to report to the California Department of Public Health ("CDPH")/Division of Communicable Disease Control the immunization status of all students in kindergarten and 7th grade.~~

If there is good cause to believe that a child has been exposed to a disease listed in subdivision (b) of Section 120335 and his or her documentary proof of immunization status does not show proof of immunization against that disease, that child may be temporarily excluded from a resource center site until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

This Policy does not prohibit a student who qualifies for an individualized education program ("IEP"), pursuant to federal law and Education Code Section 56026, from accessing any special education and related services required by the student's IEP. ~~Audeo III shall cooperate with the CDPH to prevent and control communicable disease in students. Whenever there is good reason to believe a student has a contagious disease, the parent will be contacted and the student will be sent home. The student may return when well and/or released by a physician.~~

Pursuant to California Law, the Charter School will provide each student who meets federal eligibility criteria for free and reduced-price meals with at least one free or reduced-price, nutritionally adequate meal per each school day on which the eligible student is scheduled for two or more hours of educational activities at a school site/Resource Center, meeting space or other satellite facility operated by the Charter School.

## *Student Wellness Policy*

Audeo Charter School III ("Charter School") adopts this policy to ensure its commitment to the optimal development of every student. Charter School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year. This policy may be updated from time to time as required to be in compliance with state law, regulation, or administrative directive.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-

quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers —in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.
- Charter School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school.
- The community is engaged in supporting the work of the Charter School in creating continuity between Charter School and other settings for students and staff to practice lifelong healthy habits.
- The Charter School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of this Policy and its established goals and objectives.

This Policy applies to all students, faculty, and staff in the Charter School. Specific measurable goals and outcomes are identified within each section below.

**Professional Learning**
When feasible, the Charter School will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Students are expected to follow safe practices when using Charter School technology.

Charter School advises students:

1. To never share passwords, personal data, or private photos online.

2. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.

3. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.

4. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Executive Director or designee shall block access to such sites on Charter School computers with Internet access.

The Executive Director or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

## *Acceptable Use Agreement*

The Charter School Governing Board believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:

The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities,

computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

After reading the Student Use of Technology Policy and the Acceptable Use Agreement, please complete the required form to indicate that you agree with the terms and conditions provided. The signature of both the student and parent/guardian are mandatory before access may be granted to the technologies available. The document, which incorporates the Use Procedure, reflects the entire agreement and understanding of all parties. Charter School encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages Charter School's property, including but not limited to Charter School's technology, equipment and networks, or fails to return Charter School's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. establishment, vacant lots or unsupervised place between the hours of 8:30 a.m. and 2:30 p.m. on any day when that

juvenile otherwise would be required to attend a regular compulsory education school (Municipal Code section 58.05). This means that students should either be in the Resource Center or at home between the hours of 8:30 a.m. and 2:30 p.m., Monday through Friday, unless an excused absence is on file.

## *Suspension and Expulsion Policy*

**Policy**

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at Audeo Charter School III ("AUDEO III" or "Charter School"). In creating this policy, AUDEO III has reviewed Education Code Section 48900 *et seq.* which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* AUDEO III is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as AUDEO III's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. AUDEO III staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed as part of the student handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The AUDEO III administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and procedures are available upon request at the Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom AUDEO III has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. AUDEO III will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom AUDEO III has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according to due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights

holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

(a) For purposes of this policy, "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a student to another student or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects described in subparagraphs (i) to (iv), inclusive, of paragraph (1). A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act.

(b) For purposes of this policy, "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

3) Notwithstanding subparagraphs (1) and (2) above, an electronic act shall not constitute pervasive conduct solely on the basis that it has been transmitted on the Internet or is currently posted on the Internet.

u) A pupil who aids or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (3)(a)-(b).

v) Possessed, sold, or otherwise furnished any knife or other dangerous object of no reasonable use to the student unless, in the case of possession of any object of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

4. Non-Discretionary Expellable Offenses: Students must be recommended for expulsion for any of the following acts when it is determined pursuant to the procedures below that the pupil:

a) Possessed, sold, or otherwise furnished any firearm, explosive, or other destructive device unless, in the case of possession of any device of this type, the student had obtained written permission to possess the item from a certificated school employee, with the Executive Director or designee's concurrence.

b) Brandished a knife at another person.

c) Unlawfully sold a controlled substance listed in Health and Safety Code Section 11053, et seq.

d) Committed or attempted to commit a sexual assault or committed a sexual battery as defined in Penal Code Sections 261, 266c, 286, 287, 288, or 289 of former Section 288a of the Penal Code or committed a sexual battery as defined in Penal Code Section 243.4.

If it is determined by the Administrative Panel and/or the Board of Directors that a student has brought a fire arm or destructive device, as defined in Section 921 of Title 18 of the United States Code, on to campus or to have possessed a firearm or destructive device on campus, the student shall be expelled for one year, pursuant to the Federal Gun Free Schools Act of 1994. In such instances, the pupil shall be provided due process rights of notice and a hearing as required in this policy.

The Charter School will use the following definitions:

- The term "knife" means (A) any dirk, dagger, or other weapon with a fixed, sharpened blade fitted primarily for stabbing; (B) a weapon with a blade fitted primarily for stabbing; (C) a weapon with a blade longer than 3½ inches; (D) a folding knife with a blade that locks into place; or (E) a razor with an unguarded blade.

- The term "firearm" means (A) any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; (B) the frame or receiver of any such weapon; (C) any firearm muffler or firearm silencer; or (D) any destructive device. Such term does not include an antique firearm.

- The term "destructive device" means (A) any explosive, incendiary, or poison gas, including but not limited to: (i) bomb, (ii) grenade, (iii) rocket having a propellant charge of more than four ounces, (iv) missile having an explosive or incendiary charge of more than one-quarter ounce, (v) mine, or (vi) device similar to any of the devices described in the preceding clauses.

**C. Suspension Procedure**

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or AUDEO III employee who referred the student to the Executive Director or designee.

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or AUDEO III personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with AUDEO III officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If AUDEO III officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

**D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the pupil or a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

**E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the pupil has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of AUDEO III's disciplinary rules which relate to the alleged violation;

4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at AUDEO III to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

**F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

AUDEO III may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by AUDEO III or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. AUDEO III must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, AUDEO III must present evidence that the witness' presence is both desired by the witness and will be helpful to AUDEO III. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

**G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

**H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

**I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to his/her educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

**J. Written Notice to Expel**

The Executive Director or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with AUDEO III.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

**K. Disciplinary Records**

AUDEO III shall maintain records of all student suspensions and expulsions at AUDEO III. Such records shall be made available to the authorizer upon request.

**L. No Right to Appeal**

The pupil shall have no right of appeal from expulsion from AUDEO III as the Board of Directors' decision to expel shall be final.

**M. Expelled Pupils/Alternative Education**

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. AUDEO III shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

**N. Rehabilitation Plans**

Students who are expelled from AUDEO III shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to AUDEO III for readmission.

**O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a pupil after the end of the student's expulsion term or to admit a previously expelled pupil from another school district or AUDEO III who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board of Directors following the meeting regarding the Executive Director's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon AUDEO III's capacity at the time the student seeks readmission or admission to the Charter School.

**P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

**R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

1. Notification of SELPA

AUDEO III shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that AUDEO III or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, AUDEO III, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If AUDEO III, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If AUDEO III, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the AUDEO III had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent/guardian and AUDEO III agree to a change of placement as part of the modification of the behavioral intervention plan.

If AUDEO III, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then AUDEO III may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or AUDEO III believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or AUDEO III, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and AUDEO III agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding

placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

AUDEO III personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated AUDEO III's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if AUDEO III had knowledge that the student was disabled before the behavior occurred.

AUDEO III shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to AUDEO III supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other AUDEO III personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other AUDEO III supervisory personnel.

If AUDEO III knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If AUDEO III had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. AUDEO III shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by AUDEO III pending the results of the evaluation.

AUDEO III shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### *Dress Code*

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to Resource Centers and to field trips/school-sponsored events. Parents/guardians will be notified and students will be asked to change or sent home if they are found to be in violation of the dress code.

Dress code violations include the following:

- Pants sagging below the waist
- Swimsuits or sleepwear, including bedroom slippers
- Shorts/skirts/dresses that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses suggestive/vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags (note: headwear worn for religious purposes is permitted)

### *Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy*

The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of Audeo Charter School III ("Charter School"), and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.

- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

A complete copy of the Cell Phone/Electronics Policy is available for review on the school website.

### *Lost or Damaged School Property*

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

### *Parents' Responsibilities*

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.

- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

**Parents' Role in Discipline and Behavior**
Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

## *Emergency Procedures and School Safety Plan*

Audeo III Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

Audeo III defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the Audeo III Comprehensive School Safety Plan is available on the school website and at each Resource Center.

## *School Bus and Passenger Safety*

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan.

## Transportation Safety Plan

Because Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School ("CHARTER SCHOOL" or the "Charter School") provides transportation to CHARTER SCHOOL activity, the Board of Directors ("Board") approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made

available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

**Definitions**

- "*School bus*" is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. "School bus" does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

  "*School activity bus*" is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

- *"Private passenger vehicle"* is any other privately owned or leased vehicle not included in the definitions above, designed for and when not carrying more than 10 persons, and operated by a parent/guardian or staff driver to transport student to and from a Charter School activity.

**Determining Whether a Student Requires an Escort**

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers' direction and supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

**Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Charter School is not required to use the services of an onboard school bus monitor in addition to the driver to ensure these procedures are followed.

Boarding:

1. Students shall board or exit the school bus ONLY at their assigned bus stop or school activity destination.
2. Students shall board in an orderly manner and utilize the handrails for their safety while loading and unloading.

3. Students are to find their seat as quickly as possible and sit down facing the front of the bus.
4. Students are to remain seated at all times while the bus is in motion.
5. Students are to maintain a noise level which will allow the bus driver to hear approaching traffic.
6. Students are to follow the directions of the bus driver while they are aboard the bus.
7. Students are responsible to follow all rules and regulations.

Exiting:

1. Students shall stay seated until the bus comes to a complete stop.
2. Once the driver has stopped the bus completely and opened the door, students are to unload seat by seat starting with the front of the bus and continuing seat by seat until the bus is empty.
3. Students remaining on the bus are to remain seated until the bus stops at their assigned bus stop or school activity destination.
4. Students will unload in an orderly manner using the handrails.
5. Students shall exit the bus only at their assigned bus stop or school activity destination. Exceptions will only be allowed when the student presents the bus driver with a note signed by the student's parent and endorsed by the Executive Director.
6. Students are to move away from the bus as they unload. Students shall not get underneath the bus to retrieve a book, paper or some other article. The student should always tell the bus driver and have the bus driver get the article for them.
7. Students should always use crosswalks and controlled intersections when available and should not cross in the middle of the block.
8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

**Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.
4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kids, fire extinguishers, etc.
5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
    a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
    b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
    c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

**Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus**

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.
2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.
4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

**Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus**

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

**Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety**

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

**Instruction for Students who were not Previously Transported in a School Bus**

Upon registration, the parents/guardians of students who were not previously transported in a school bus or school activity bus and who are in kindergarten through grade 6, inclusive, shall be provided with written information on school bus safety. This information shall include, but not be limited to, the following:

1. A list of school bus stops near the student's home.
2. General rules of conduct at school bus loading zones, such as:
    a. While waiting for the school bus to arrive, students must stand single file in an orderly and well-behaved line.
    b. Students are not to play in or be in the street or private property.
    c. Students shall be on the proper side of the street before the bus arrives at the bus stop.
    d. Students should arrive at their bus stop five minutes prior to the scheduled leaving time.
    e. If the student is late and needs to cross the street that the bus is stopped on, the student must wait for the bus driver to escort the student across the street.
    f. Students should not approach the bus until it comes to a complete stop at the stop;
    g. Students should board and exit the bus in an orderly fashion, with no pushing or shoving.
    h. Students should understand the bus driver is in charge at all times, and students should follow the bus driver's directions.
    i. The driver will immediately activate the red flashing crossover lights and stop arm if so equipped.
    j. Animals, birds, reptiles, fish, insects, breakable containers, weapons, or any object or substance that could be hazardous will not be transported on the bus.
3. Red light crossing instructions, consistent with this Plan.
4. School bus danger zone(s).
5. Walking to and from school bus stops.

**Instruction for all Students Prior to Departure on School Trip**

Finally, prior to departure on a school activity trip, CHARTER SCHOOL shall provide safety instruction to all students riding in a school bus or school activity bus. This instruction shall include, but not be limited, to the following:

1. Location of emergency exits; and
2. Use of emergency equipment.
    a. Instruction may also include responsibilities of passengers seated next to an emergency exit.
3. Instruction on how to use the passenger restraint systems, including but not limited to the following:
    a. Proper fastening and release of the passenger restraint system;
    b. Acceptable placement of passenger restraint systems on students;
    c. Times when the passenger restraint systems should be fastened and released; and
    d. Acceptable placement of the passenger restraint systems when not in use.

**Operation of School Bus or School Activity Bus when Visibility Reduced to 200 Feet or Less**

Pursuant to Vehicle Code section 34501.6, CHARTER SCHOOL is required to adopt procedures that limit the operation of school buses and school activity buses when atmospheric conditions reduce visibility on the roadway to 200 feet or less during regular home to school transportation service. Bus drivers of school activity buses shall have the authority to discontinue school activity bus operation if the driver determines that it is unsafe to continue operation because of reduced visibility.

For purposes of this Plan, the procedures for school bus drivers shall be as follows:

1. The school bus driver will notify the Executive Director that atmospheric conditions have reduced visibility to 200 feet or less.
2. The Executive Director may consult with legal counsel as needed.
3. The Executive Director may direct that school bus activity will be suspended or delayed for a minimum of one (1) hour through an indefinite suspension or delay if required by the conditions. The length of time for the suspension or delay of school bus services shall be at the discretion of the Executive Director.

**School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)**

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Executive Director or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit

of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

CHARTER SCHOOL shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion (including athletics meets and games) must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A written statement acknowledging that their insurance carrier is the primary agent responsible for insurance during the field trip or excursion.

4. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Executive Director or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the car. Employee/volunteer drivers are free to appropriately manage student behavior as necessary to maintain safety.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed, including gasoline stops. Please be sure to have enough gas before leaving on the trip.

5. Maps and directions from the teacher/coach should be reviewed prior to leaving.

**Bullying and Cyberbullying Prevention Procedures**

AUDEO III has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. **Cyberbullying Prevention Procedures**

   AUDEO III advises students:
   a. To never share passwords, personal data, or private photos online.
   b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
   c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
   d. To consider how it would feel receiving such comments before making comments about others online.

   AUDEO III informs Charter School employees, students, and parents/guardians of AUDEO III's policies regarding the use of technology in and out of the classroom. AUDEO III encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

2. **Education**

AUDEO III employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. AUDEO III advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at AUDEO III and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

AUDEO III's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

AUDEO III informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

- Students with physical or learning disabilities.

AUDEO III encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for AUDEO III's students.

**Grievance Procedures**

**1. Scope of Grievance Procedures**

AUDEO III will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on

the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

a. Are written and signed;
b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
c. Submitted to the AUDEO III UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, AUDEO III will utilize the following grievance procedures in addition to its UCP when applicable.

**2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter
Executive Director
858-678-2042
ttuter@altusschools.net

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. AUDEO III will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

**3. Supportive Measures**
Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to AUDEO III's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or AUDEO III's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. AUDEO III will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of AUDEO III to provide the supportive measures.

**4. Investigation and Response**
Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of AUDEO III, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
    - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:

        - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
        - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
        - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
        - A statement that AUDEO III prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
    - AUDEO III may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with AUDEO III's policies.
    - AUDEO III may remove a respondent from AUDEO III education program or activity on an emergency basis, in accordance with AUDEO III's policies, provided that AUDEO III undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
    - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
    - If a formal complaint of sexual harassment is filed, AUDEO III may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If AUDEO III offers such a process, it will do the following:
        - Provide the parties with advance written notice of:
            - The allegations;
            - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
            - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
            - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
        - Obtain the parties' advance voluntary, written consent to the informal resolution process.
    - AUDEO III will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
    - The decision-maker will not be the same person(s) as the Coordinator or the investigator. AUDEO III shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
    - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
    - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
    - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.

- A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
- Prior to completion of the investigative report, AUDEO III will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

- Dismissal of a Formal Complaint of Sexual Harassment
  - If the investigation reveals that the alleged harassment did not occur in AUDEO III's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable AUDEO III policy.
  - AUDEO III may dismiss a formal complaint of sexual harassment if:
    - The complainant provides a written withdrawal of the complaint to the Coordinator;
    - The respondent is no longer employed or enrolled at AUDEO III; or
    - The specific circumstances prevent AUDEO III from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
  - If a formal complaint of sexual harassment or any of the claims therein are dismissed, AUDEO III will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - AUDEO III will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of AUDEO III's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

**5. Consequences**

Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from AUDEO III or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by AUDEO III in response to a formal complaint of sexual harassment.

**6. Right of Appeal**

Should the reporting individual find AUDEO III's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of AUDEO III's decision or resolution, submit a written appeal to the Chairperson of the Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and AUDEO III will implement appeal procedures equally for both parties.
- AUDEO III will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

**7. Recordkeeping**
All records related to any investigation of complaints under this Policy are maintained in a secure location.

AUDEO III will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes.

Complete copies of the *Uniform Complaint Policy and Procedures* and the *Title IX, Harassment, Discrimination, Intimidation, and Bullying Policy* are available for review at the administration office.

This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced- price meals, if the family meets the income eligibility requirements.

**Sharing Student and Family Information**

Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA). ## *Teacher Qualifications*

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:
    - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
    - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
    - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

## *Communication*

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**
  Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CBO or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CBO or designee shall be made in writing. The period for filing may be extended by the CBO or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The School Coordinator shall respond immediately upon a receipt of a request for extension.

  All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

  The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**
  Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

  Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

  If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

  The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**
  The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

  The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.
  A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

  The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**
  Audeo shall issue an investigation report (the "Decision) based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

  The Decision shall include:
  1. The findings of fact based on evidence gathered.
  2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.

  3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.

4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements

5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

**Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.

2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.

3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.

4. The legal conclusion in Audeo's Decision is inconsistent with the law.

5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.

2. A copy of the Decision.

3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.

4. A report of any action taken to resolve the complaint.

5. A copy of the Charter School's complaint procedures.

6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

**Civil Law Remedies**

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

A copy of the UCP shall be available upon request free of charge on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.

In the event Charter School finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by Charter School to ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board. Under 5 CCR § 4600(u), "reasonable efforts" means a public school's good faith attempts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint, as follows:

(1) Reasonable efforts to identify pupils who paid a pupil fee include but are not limited to researching existing school records, contacting pupils who were enrolled in or participating in the educational activity during the time the pupil fee was charged, and considering submissions of proof of payment of the pupil fee.

If the school has knowledge that a pupil's last known address as contained in school or local educational agency records is no longer valid, the school may attempt to obtain a more recent address from any notices returned to the school or local educational agency by the United States Postal Service.

## *Suicide Prevention Policy*

The Governing Board of Audeo Charter School III ("Charter School") recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Governing Board has developed prevention strategies and intervention procedures.

The policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and shall, at a minimum, address procedures relating to suicide prevention, intervention, and post-vention.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, the Charter School shall appoint an individual (or team) to serve as the suicide prevention point of contact.

**Prevention and Instruction**
Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the Charter School and is characterized by caring staff and harmonious interrelationships among students.

The Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience.

The Executive Director or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the Charter School's suicide prevention efforts, risk factors and warning signs of suicide, basic steps for helping suicidal youth, reducing the stigma of mental illness, and/or school and community resources that can help youth in crisis. California Department of Education youth suicide prevention information can be found at: http://www.cde.ca.gov/ls/cg/mh/suicideprevres.asp

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page.

The Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed, taking into consideration the grade level and age of the students. If offered or included in the Charter School's instructional curriculum, suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide.

2. Identify alternatives to suicide and develop coping and resiliency skills.

3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent.

4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma

associated with seeking mental health, substance abuse, gender identity, or other support services.

**Staff Development**
Suicide prevention training for staff may be designed to help staff identify and find help for students at risk of suicide. Materials approved by the Charter School for training shall include how to identify appropriate mental health services, at school facilities and within the larger community, and when and how to refer youth and their families to those services. The training may be offered under the discretion of the Executive Director and/or Governing Board and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance abuse problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors.

2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior.

3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health.

4. School and community resources and services for students and families in crisis and ways to access them.

5. Charter School procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide.

**Intervention and Emergency Procedures**
Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Executive Director or designee. The Executive Director or designee shall then notify the student's parent/guardian as soon as possible and may also refer the student to mental health resources at the Charter School or in the community.

When a suicide attempt or threat is reported, the Executive Director or designee shall, at a minimum:

1. Ensure the student's physical safety by one of the following, as appropriate:

a. Securing immediate medical treatment if a suicide attempt has occurred;

b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened;

c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.

2. Designate specific individuals to be promptly contacted, for example the school counselor, psychologist, nurse, Executive Director, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies.

3. Document the incident in writing as soon as feasible.

4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed.

5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at the school.

6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the Executive Director or designee shall follow the crisis intervention procedures contained in the Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Students shall be encouraged through the education program and in school activities to notify a teacher, Executive Director, another school administrator, psychologist, school counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

**Employee Qualifications and Scope of Services**
Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

A complete copy of the Suicide Prevention Policy is available on the school website.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

**Enrollment**

Charter School shall immediately admit/enroll the student for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Executive Director or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

A homeless youth may remain in the student's school of origin for the entire period for which the youth is homeless. If a youth obtains permanent housing during an academic year, the youth will be permitted to remain in the school of origin through the end of the academic year.

**Enrollment Disputes**

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals. (42 U.S.C. § 11432(g)(3)(E).)

The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to the Charter School Liaison. (42 U.S.C. § 11432(g)(3)(E).)

The Charter School Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

**Comparable Services**

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency
- Programs in career and technical education
- Programs for gifted and talented students
- Charter School nutrition programs

**Transportation**

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School , as noted above. (42 U.S.C. § 11432(g)(4).)

If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School , at the request of the parent or guardian (or Charter School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

**Professional Development**

All administrators, teachers and employees of Charter School will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. (42 U.S.C. § 11433(d)(3).) All identified or suspected homeless children and youth will be referred to the Charter School Liaison.

**High School Graduation Requirements**

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes

the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.

2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

**Acceptance of Course Work**

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

**Notice**

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and while the student is enrolled at the Charter School in alignment with the law. (42 U.S.C. § 11432(e)(3)(C).)

**Annual Policy Review**

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school.

## *Education for Foster and Mobile Youth Policy*

**Introduction**

The Board of Directors of Audeo Charter School hereby adopts this Educational for Foster and Mobile Youth Policy to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School, hereafter collectively referred to as ("Charter School"). The Charter School recognizes that Foster and Mobile Youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, the Charter School shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in the Charter School's local control and accountability plan ("LCAP").

**Definitions**

- *"Foster youth"* means a child who has been removed from their home pursuant to California Welfare and Institutions Code section 309 and/or is the subject of a petition filed under Welfare and Institutions Code section 300 or 602. This includes children who are the subject of cases in dependency court and juvenile justice court.

- "*Former juvenile court school pupil*" means a pupil who, upon completion of the pupil's second year of high school, transfers from a juvenile court school to the Charter School.

- *"Child of a military family"* refers to a student who resides in the household of an active duty military member.

- *"Currently Migratory Child"* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. "Currently Migratory Child" includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an

agricultural or fishing activity.

- *"Pupil participating in a newcomer program"* means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

- *"Educational Rights Holder" ("ERH")* means a parent, guardian, responsible adult appointed by a court to make educational decisions for a minor pursuant to Welfare and Institutions Code sections 319, 361 or 726, or a person holding the right to make educational decisions for the pupil pursuant to Education Code section 56055.

- *"School of origin"* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin.

- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

Within this Policy, foster/juvenile court youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be referred to collectively as "Foster and Mobile Youth."

**Foster and Mobile Youth Liaison**

A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's attorney and the agency representative will be invited to participate.

5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.

6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.

7. Develop protocols and procedures for creating awareness for Charter School staff,

including but not limited to Administrator of Instructional Services, School Coordinator and Student Services Coordinator of the requirements for the proper enrollment, placement, and transfer of foster youth.

8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for the Charter School's foster youth.

9. Monitor the educational progress of foster youth and provide reports to the Equity and Inclusion ~~Officer~~ Administrator or designee and the Governing Board based on indicators identified in the Charter School's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to Welfare and Institutions Code sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

**School Stability and Enrollment**

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth

may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth have the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

**Transportation**

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not

prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

**Effect of Absences on Grades**

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.

b. A verified court appearance or related court-ordered activity.

**Transfer of Coursework and Credits**

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school[2], a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

[2] For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

**Applicability of Graduation Requirements**

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer, or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. For a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the foster youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion ~~Officer~~ Administrator or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, how any requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution, and shall provide information about transfer opportunities available through the California Community Colleges.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the

student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If an eligible student is not exempted from additional graduation requirements or has previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student at any time if an exemption is requested by the youth and the youth qualifies for the exemption. Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's graduation requirements within the student's fifth year of high school, the Equity and Inclusion ~~Officer~~ Administrator or designee shall:

1. Inform the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Inform the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the

purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

**Eligibility for Extracurricular Activities**

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

**Waiver of Fees for Afterschool Programs**

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by the Charter School.

**Student Records**

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization, and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

**Complaints of Noncompliance**

Complaints of noncompliance with this Policy shall be governed by the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

****

**Availability of Complete Policy**

For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available on the school website.

## *Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education*

**A. SECTION 504 POLICY**

The Board of Directors of Audeo Charter School hereby adopts the Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation and Education to apply to Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School, and Sweetwater Secondary School hereafter collectively referred to as ("Charter School"). The Governing Board of the Charter School recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education ("FAPE").

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA").

The Charter School's Executive Director or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable

about the Section 504 standards, the student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent's/guardian's procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student's progress and placement.

The Charter School does not discriminate on the basis of disability, or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

**B. SECTION 504 PROCEDURES**

A. Definitions

1. **Academic Setting** – the regular, educational environment operated by Charter School.

2. **Individual with a Disability under Section 504** – An individual who:

   a. has a physical or mental impairment that substantially limits one or more major life activities;

   b. has a record of such an impairment; or

   c. is regarded as having such an impairment.

3. **Evaluation –** procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or

procedures used with, all students in a school, grade, or class.

4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school–sponsored events.

5. **Free Appropriate Public Education ("FAPE")** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.

6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.

7. **Physical or Mental Impairment** –

   a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or

   b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

8. **504 Coordinator** – The Special Education Coordinator shall serve as the Charter School's Section 504 Coordinator. The parents or guardians may request a

Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator at (619) 393-2270.

9. **Has a record of such an impairment** - means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. **Is regarded as having an impairment** - means

    a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

    b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. Referral, Assessment and Evaluation Procedures

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.

2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.

3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.

4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what

assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.

6. The 504 Team will consider the following information in its evaluation of the student:

   a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;

   b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

   c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the

effects of an impairment.

9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.

10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

C. 504 Plan

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.

2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.

3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.

4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.

6. The referral, assessment, evaluation, and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.

7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.

8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.

9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.

10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

D. Review of the Student's Progress

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.

2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. Procedural Safeguards

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:

- Examine relevant records
- Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
- Have the right to file a Uniform Complaint pursuant to Charter School policy

- Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

   Kirsten Ramirez Henderson
   10170 Huennekens Street, San Diego, CA 92121
   (619)-393-2270
   khenderson@altusschools.net

   Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Executive Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:

   - The specific decision or action with which the parent/guardian disagrees.
   - The changes to the 504 Plan the parent/guardian seeks.
   - Any other information the parent/guardian believes is pertinent.

5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:

   - Mediation by a neutral third party.

- Review of the 504 Plan by the Executive Director or designee.

6. Within ten (10) calendar days of receiving the parent/guardian's request, the Executive Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

8. The parent/guardian and the School shall be afforded the rights to:

   - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.

   - Present written and oral evidence.

   - Question and cross-examine witnesses.

   - Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.

11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

F. Suspension and Expulsion, Special Procedures for Students with Disabilities

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the

Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School , the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent has requested an evaluation of the child.

c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special

Education Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

The charge will not include a fee to search for or to retrieve the education records.

2. **Request for Amendment to Education Records**

   a. Inaccurate.
   b. Misleading.
   c. In violation of the privacy rights of the student.

Within thirty (30) days after the conclusion of the hearing, Charter School 's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.

If, as a result of the hearing, Charter School decides that the information is inaccurate, misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

## *Professional Boundaries: Staff/Student Interaction Policy*

Audeo Charter School III ("Charter School") recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

**I. PURPOSE AND SCOPE**

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to:

(1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.

(2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.

(3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and staff must know that the administration will investigate reports about possible misconduct.)

(4) Clarify that improper action will have significant consequences.

(5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.

(6) Define the process that Charter School will use for addressing potential improper conduct.

(7) Preserve student and staff privacy rights during any pending investigation.

**II. BACKGROUND AND GENERAL POLICY PROVISIONS**

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members.

Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability

to recruit skilled professionals and maintain a credible operation in the eyes of the community. Itis critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

## III. BOUNDARIES

### A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

### B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

**Unacceptable Staff/Student Behaviors (Violations of this Policy)**

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.

8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

**Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

1. Giving students a ride to/from school or school activities without parent permission (only in "emergency" situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

**Cautionary Staff/Student Behaviors**

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

**Acceptable and Recommended Staff/Student Behaviors**

14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

**IV. CORPORAL PUNISHMENT**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

**V. Reporting**

All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

**VI. Investigating**

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law The investigating supervisor shall promptly notify the Administrator of Instructional Services that an investigation is in progress; the Administrator of Instructional Services, in turn, shall notify the Executive Director of the existence and status of any investigations. Upon completion of any such investigations, the Administrator of Instructional Services shall direct the investigating administrator to report to the Executive Director any conclusions reached. The investigating administrator may consult with Charter School legal counsel, as appropriate, prior to, during, and after conducting any investigation.

# Instructional Program

Our school is accredited by the Western Association of Schools and Colleges ("WASC"). At Audeo Valley, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California ("UC") approved courses for those students planning to attend a UC or California State University ("CSU") school after the completion of high school. Additionally, we offer National Collegiate Athletics Association ("NCAA") - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our "university model" is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation, one-on-one learning with a credentialed teacher, guest speaker events, tutoring, and field trips. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed "On-Demand" teacher is assigned to each student who, in collaboration with the student and parents, assesses the student's current needs and goals and creates a plan for rapid advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their Resource Center, via email or telephone within 24 hours.

Audeo Valley offers a blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan ("PPEP") is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student's short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student's enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

Audeo Valley students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, Audeo Valley has many partnerships and alliances to provide community resources for students and their families.

### *Home/School Partnership*

The most important relationship we build is the one between the teacher, student, and the student's family. Audeo Valley encourages parent/guardian involvement through the monitoring of his/her student's regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and attendance on testing days and field trips. With parents actively involved in their student's lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights, master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

### *Parent Involvement Policy*

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

#### *Title I Parent Involvement Policy*

Audeo Valley Charter School ("Charter School") recognizes the parents/guardians are their children's first and most influential teachers and the sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The

Executive Director or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in school activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

Each year the Executive Director or designee shall identify objectives of the school's parent involvement. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program.

The President or designee shall ensure that the parent involvement strategies are established and implemented.

The Title I Parent Involvement Policy was updated and developed in collaboration with parents of Title I students. Parents participated in the development process through surveys and meetings at the Resource Centers. The data collected from parents yielded important feedback on ways to successfully engage parents and improve the parent involvement practices. Parents expressed the following themes:

- Parents can provide input and receive communication from staff through various programs and activities.
- Parents feel involved in their child's education through various programs and activities.
- Parents report having frequent communication with instructional staff.
- Parents want to continue to access resources and trainings on how they can better support their children's achievement and performance at school and at home.
- Parents want to continue to have safe, supportive, and innovative Resource Centers.

These recommendations above are integrated throughout this Title I Parent Involvement Policy and reinforce the core belief that parents are our equal partners in ensuring the success of all students.

The Title I Parent Involvement Policy will be annually distributed to parents by including the policy in the handbook, making the policy available on the website and at the Resource Centers. This Policy describes the means for carrying out the following Title I parental involvement requirements.

**Home-School Compact**
The Home-School Compact will be distributed to parents of Title I annually. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. It describes specific ways the school and families will partner to help children achieve the State's high academic standards. It addresses the following legally required items, as well as other items suggested by parents of Title I students.

- The Schools responsibility to provide high-quality curriculum and instruction to meet the challenging State academic standards.
- The ways parents will be responsible for supporting their children's learning, volunteering in the Resource Center, and participating, as appropriate, in decisions relating to the education of their children and positive use of extracurricular time.
- The importance of ongoing communication between parents and teachers through, at a minimum, annual parent-teacher conferences; frequent reports on student progress; access to staff; opportunities for parents to volunteer and participate in their child's class; and opportunities to observe Resource Center activities and ensuring regular communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

The Home-School Compact was developed by the School Site Council and is annually updated by the School Site Council.

## *Attendance, Lessons, and Course Credits*

Unlike traditional schools where attendance is measured by being physically present in a classroom, Audeo Valley measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at Audeo Valley, students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of Audeo Valley's Independent Study Policy is available on the school website.

### *Year-round School Year*

Audeo Valley has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on your School's website.)

### *Student Assessments*

Students at Audeo Valley are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our Audeo Valley program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

Audeo Valley staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.
If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at http://www.cde.ca.gov/ta/tg.

Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. Immunization records shall be part of the mandatory permanent pupil record and shall be kept in accordance with Charter School's Educational Records and Student Information Policy. Charter School will file a written report on the immunization status of all new entrants to Charter School with the California Department of Public Health, on at least an annual basis, as required by law.

Any child leaving the United States for a short vacation to or long stay in any country considered by the Center of Disease Control and Prevention ("CDC") to have increased risk of TB exposure MUST contact the County Tuberculosis Clinic for a TB Screening upon return.

Charter School shall immediately admit a foster child, as defined in Education Code § 48853.5(a), and a homeless child, as defined in Section 11434a(2) of Title 42 of the United States Code, even if the foster or homeless child's immunization records are not available or are missing. However, this does not alter Charter School's obligation to obtain immunization records for foster and homeless students or to ensure the full immunization of foster and homeless students as required by law.

If Charter School discovers that an admitted student who was previously believed to be in compliance with the immunization requirements is subsequently discovered to not be in compliance with either the unconditional admission requirements or the conditional admission requirements, Charter School will notify the student's parent/guardian of: 1) the time period within which the doses must be received, which may be no more than ten (10) school days after notification; and 2) that the student shall continue in attendance only if the parent/guardian provides documentation that the immunization requirements have been met within the time period designated by the School. If the student does not provide documentation of having received all required immunizations within the time period designated by the School, Charter School shall exclude this student from attendance. The student shall remain excluded from Charter School until the student is fully immunized as required by law. The student shall also be reported to the School Services Coordinator.

The Executive Director, or designee, may arrange for a licensed physician or a qualified registered nurse to administer immunizations at a Charter School resource center to any student whose parent/guardian has consented in writing.

**Conditional Admittance**

Students may be conditionally admitted in accordance with Health and Safety Code Section 120340 and Title 17, California Code of Regulations Section 6035. The Executive Director or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses. The Executive Director or designee shall review the immunization record of each student admitted conditionally at least every thirty (30) days from the date of admission until that student has received all the required immunizations or submitted an exemption. If a student conditionally admitted fails to fulfill the conditions of admission, Charter School will prohibit the student from further attendance until that student has been fully immunized as required by law.

**Documentary Proof**

The Executive Director shall maintain the student's immunization information in the student's mandatory permanent record and shall file annual immunization status reports as required by the California Department of Public Health.

**Exemptions from Immunization Requirements**

All students must be fully immunized in accordance with the California Health and Safety Code, the California Code of Regulations, and this Policy with the following exceptions:

1. Students who show proof of a medical exemption by a physician licensed to practice

medicine in California pursuant to Health and Safety Code Section 120370.

a. Commencing January 1, 2021, the California Department of Public Health standardized medical exemption form shall be the only documentation of a medical exemption that the School shall accept.

b. On and after July 1, 2021, the School shall not unconditionally admit or readmit, or admit or advance any student to 7th grade, unless the student has been fully immunized or files a California Department of Public Health standardized medical exemption form as required by law.

c. Medical exemptions issued before January 1, 2020, will continue to remain valid until the child enrolls in the next grade span, defined below.

2. Independent study students who do not attend ANY resource center classes or activities.

a. A student who has not received all of the required immunizations will not be eligible to attend classes at a Charter School resource center unless the student is otherwise exempt under #1 or #3.

3. Students who, prior to January 1, 2016, submitted a letter or affidavit on file at a private or public elementary or secondary school in California stating beliefs opposed to immunization, and who provides said letter or affidavit to the Charter School, shall be allowed to enroll at the Charter School without being fully immunized until the student enrolls in the next grade span pursuant to Health and Safety Code Section 120335(g).

a. "Grade span" means each of the following:

i. Birth to Preschool.

ii. Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten.

iii. Grades 7 to 12, inclusive.

~~Effective January 2016, Senate Bill 277 eliminated the option of personal belief exemptions for students in public and private schools. Students enrolled in home-based private schools and independent study program who do not receive classroom-based instruction will still need to provide immunization records to their schools before entry. All schools will still need to report to the California Department of Public Health ("CDPH")/Division of Communicable Disease Control the immunization status of all students in kindergarten and 7th grade.~~

If there is good cause to believe that a child has been exposed to a disease listed in subdivision (b) of Section 120335 and his or her documentary proof of immunization status does not show proof of immunization against that disease, that child may be temporarily excluded from a resource center site until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

This Policy does not prohibit a student who qualifies for an individualized education program ("IEP"), pursuant to federal law and Education Code Section 56026, from accessing any special education and related services required by the student's IEP.~~Audeo Valley shall cooperate with the CDPH to prevent~~

~~and control communicable disease in students. Whenever there is good reason to believe a student has a contagious disease, the parent will be contacted and the student will be sent home. The student may return when well and/or released by a physician.~~

### *Free and Reduced-Price Meals*

Pursuant to California Law, the Charter School will provide each student who meets federal eligibility criteria for free and reduced-price meals with at least one free or reduced-price, nutritionally adequate meal per each school day on which the eligible student is scheduled for two or more hours of educational activities at a school site/Resource Center, meeting space or other satellite facility operated by the Charter School.

### *Student Wellness Policy*

Audeo Valley Charter School ("Charter School") adopts this policy to ensure its commitment to the optimal development of every student. Charter School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year. This policy may be updated from time to time as required to be in compliance with state law, regulation, or administrative directive.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers —in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.
- Charter School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school.
- The community is engaged in supporting the work of the Charter School in creating continuity between Charter School and other settings for students and staff to practice lifelong healthy habits.

- The Charter School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of this Policy and its established goals and objectives.

This Policy applies to all students, faculty, and staff in the Charter School. Specific measurable goals and outcomes are identified within each section below.

This Policy will be assessed and updated as indicated at least every three (3) years, following the triennial assessment.

**Community Involvement, Outreach and Communications**
The Charter School is committed to being responsive to community input, which begins with awareness of the Policy. Charter School will actively communicate ways in which representatives of the Charter School and others can participate in the development, implementation and periodic review and update of this Policy through a variety of means. The Charter School will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in Charter School nutrition standards.

The Charter School does not generally sell food at the Resource Centers and school administration offices. However, in the event that Charter School decides to sell food in the future, and to support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable School meal programs that are sold to students at the Resource Centers during the school day will meet or exceed the USDA Smart Snacks nutrition standards. ## III. Physical Activity

The Centers for Disease Control ("CDC") recommends that all children and adolescents participate in a minimum of sixty (60) minutes of physical activity every day. The CDC recommends that aerobic activity make up the bulk of such physical activity, with vigorous-intensity aerobic activity on at least three days per week. The Charter School will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the

same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complementary of this Policy, including but not limited to ensuring the involvement of parents and the community.

All Charter School-sponsored events will adhere to this Policy's wellness guidelines. All Charter School-sponsored wellness events will include physical activity and healthy eating opportunities when appropriate.

**Community Partnerships**
The Charter School will continue *to* develop and enhance its *current efforts* in relationships with community partners (e.g., hospitals, universities/colleges, local businesses, SNAP-Ed providers and coordinators, etc.) in support of this Policy's implementation. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with this Policy and its goals.

**Professional Learning**
When feasible, the Charter School will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help the Charter School staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing district reform or academic improvement plans/efforts.

Our school supports student mental health and wellness through a positive school culture and safe, supportive learning environments. Annually, an average of 99% of parents and 99% of students report feeling safe and supported at our school. Through professional development and trainings, teachers and staff are provided with the skills and tools needed to identify youth in crisis, intervene appropriately, and provide comprehensive support in partnership with families. Teachers and staff participate in Youth Mental Health First Aid (YMHFA), Trauma Informed Practices (TIPS), and Signs of Suicide (SOS) trainings. Our school provides direct mental health services to students that support

social-emotional development and stability. Parent(s)/Guardian(s) may initiate access to available pupil mental health services at the school's Resource Center or through the school's community partners. If you or someone you care about is experiencing a suicidal or mental health crisis, please call the Access and Crisis Line at (888) 724-7240. Trained and experienced counselors are available 7 days a week, 24 hours a day to provide support, referrals, and crisis intervention. You can also call the Access and Crisis Line if you are concerned about someone, just need to talk, have questions about how to offer support, or if you are looking for information about community resources, mental health referrals, and alcohol and drug support services. If emergency medical care is needed, call 9-1-1 or go to the emergency room of the nearest hospital. More information about these mental health services are on the school website and mailed out annually to all families.

### *Pregnant and Parenting Students*

The Charter School recognizes that pregnant and parenting students are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting student is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the student's physician, which the student may take before the birth of the student's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the student who gives or expects to give birth and the infant, and to allow the pregnant or parenting student to care for and bond with the infant. The Charter School will ensure that absences from the student's regular school program are excused until the student is able to return to the regular school program.

Upon return to school after taking parental leave, a pregnant or parenting student will be able to make up work missed during the pregnant or parenting student's leave, including, but not limited to, makeup work plans and reenrollment in courses. Notwithstanding any other law, a pregnant or parenting student may remain enrolled for a fifth year of instruction in the Charter School if it is necessary in order for the student to be able to complete any graduation requirements, unless the Charter School determines that the student is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the student's fourth year of high school.

Complaints of noncompliance with laws relating to pregnant or parenting students may be filed under the Uniform Complaint Procedures ("UCP") of the Charter School. The complaint may be filed in writing with the compliance officer:

Chief Business Officer and CFO

### *Internet/Student Use of Technology Policy and Acceptable Use Agreement*

Technology and access to the internet are part of the learning opportunities available at Audeo Valley. We strongly believe in the educational value of such services and recognize their potential to support our curriculum and student learning. Time using technology, the computer and/or the internet must be used productively to support academic progress. The School will make every effort to protect students from any misuses or abuses as a result of their experience with the Internet. All users must be continuously on guard to avoid inappropriate and illegal interactions on the internet. Students will be required to sign an Acceptable Use Agreement prior to being granted access to Audeo Valley technology.

#### *Student Use of Technology Policy*

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Audeo Valley Charter School ("Charter School") offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

**Definitions**

Use of Charter School equipment and access to the Internet via Charter School equipment and resource networks is intended to serve and pursue educational goals and purposes. Student use of the Internet is therefore limited to only those activities that further or enhance the delivery of an educational purpose. Students and staff have a duty to use Charter School resources only in a manner specified in the Policy.

**"Educational purpose"** means classroom activities, research in academic subjects, career or professional development activities, Charter School approved personal research activities, or other purposes as defined by the Charter School from time to time.

**"Inappropriate use"** means a use that is inconsistent with an educational purpose or that is in clear violation of this Policy and the Acceptable Use Agreement.

**Notice and Acceptable Use Agreement**

The Charter School shall notify students and parents/guardians about authorized uses of Charter School computers, user obligations and responsibilities, and consequences for unauthorized use and/or unlawful activities.

Before a student is authorized to use the Charter School's technological resources, the student and the student's parent/guardian shall sign and return the Acceptable Use Agreement specifying user obligations and responsibilities. In that agreement, the student and the student's parent/guardian

shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

**Safety**

The Charter School shall ensure that all Charter School computers with Internet access have a technology protection measure that blocks or filters Internet access to websites that have no educational purpose and/or contain visual depictions that are obscene, constitute child pornography, or that are harmful to minors. While the Charter School is able exercise reasonable control over content created and purchased by the Charter School, it has limited control over content accessed via the internet and no filtering system is 100% effective. Neither the Charter School nor its staff shall be responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes, misuse or negligence.

To reinforce these measures, the Executive Director or designee shall implement rules and procedures designed to restrict students' access to harmful or inappropriate matter on the Internet and to ensure that students do not engage in unauthorized or unlawful online activities. Staff shall monitor students while they are using Charter School computers, laptops, or tablets to access the internet or online services on a Charter School resource center and may have teacher, certificated teacher resource, student aides, and volunteers assist in this monitoring. Parents/guardians are required to supervise and monitor their child's use of Charter School equipment including but not limited to their child's access to the internet and any online services through such equipment any and all times during which any Charter School equipment is being used by their child outside school facilities or school hours to ensure compliance with this policy.

The Executive Director or designee also shall establish regulations to address the safety and security of students and student information when using email, chat rooms, and other forms of direct electronic communication.

The Executive Director or designees shall provide age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services. Such instruction shall include, but not be limited to, maintaining the student's online reputation and ensuring their personal safety by keeping their personal information private, the dangers of posting personal information online, misrepresentation by online predators, how to report inappropriate or offensive content or threats, behaviors that constitute cyberbullying, and how to respond when subjected to cyberbullying.

1) "Bullying" means any severe or pervasive physical or verbal act or conduct, including communications made in writing or by means of an electronic act, and including one or more acts committed by a pupil or group of pupils, directed toward one or more pupils that has or can be reasonably predicted to have one or more of the following effects:

    a) Placing a reasonable pupil or pupils in fear of harm to that pupil's or those pupil's person or property.

    b) Causing a reasonable pupil to experience a substantially detrimental effect on his or her physical or mental health.

c) Causing a reasonable pupil to experience substantial interference with his or her academic performance.

d) Causing a reasonable pupil to experience substantial interference with his or her ability to participate in or benefit from the services, activities, or privileges provided by the school.

2) As used in connection with "bullying," an "electronic act" means the creation or transmission originated on or off the schoolsite, by means of an electronic device, including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager, of a communication, including, but not limited to, any of the following:

a) A message, text, sound, video, or image.

b) A post on a social network Internet Web site, including, but not limited to:

i) Posting to or creating a "burn page" (i.e., an Internet Web site created for the purpose of bullying).

ii) Creating a credible impersonation of another actual pupil for the purpose of having one or more of the effects of bullying. To create a "credible impersonation" means to (knowingly and without consent) impersonate a pupil for the purpose of bullying the pupil and such that another pupil would reasonably believe, or has reasonably believed, that the pupil was or is the pupil who was impersonated.

iii) Creating a false profile for the purpose of having one or more of the effects of bullying. A "false profile" means a profile of a fictitious pupil or a profile using the likeness or attributes of an actual pupil other than the pupil who created the false profile.

c) An act of cyber sexual bullying. The term "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects of bullying. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act. The term "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

Students are expected to follow safe practices when using Charter School technology.

Charter School advises students:

1. To never share passwords, personal data, or private photos online.

2. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.

3. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.

4. To consider how it would feel receiving such comments before making comments about others online.

Students shall not use the Internet to perform any illegal act or to help others perform illegal acts. Illegal acts include, but are not limited to, any activities in violation of local, state, and federal law and/or accessing information designed to further criminal or dangerous activities. Such information includes, but is not limited to, information that if acted upon could cause damage, present a danger, or cause disruption to the Charter School, other students, or the community. Damaging, debilitating or disabling computers, computer networks or systems through the intentional or overuse of electronic distribution or the spreading of computer viruses or other harmful programs shall be prohibited. Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Executive Director or designee shall block access to such sites on Charter School computers with Internet access.

The Executive Director or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall receive a copy of this policy and the accompanying Acceptable Use Agreement describing expectations for appropriate use of the system and shall also be provided with information about the role of staff in supervising student use of technological resources. All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

## *Acceptable Use Agreement*

The Charter School Governing Board believes that providing access to technology enhances the educational experience for students. However, student use of Charter School computers, networks, and Internet services is a privilege, not a right. To make that experience successful for everyone, students must abide by the following terms and conditions:

1. **Security.** Students shall not impair the security of Charter School technology resources. Students are expected to:

The Charter School may require staff to monitor and supervise all access to computer equipment, Internet access networks, and email accounts. To facilitate monitoring of activities, computer screens may be positioned so that they are visible to the staff member supervising the students. The Charter School reserves the right to access stored computer records and communications, files, and other data stored on Charter School equipment or sent over Charter School networks. Such communications, files, and data are not private and may be accessed during routine system maintenance; during inspection of Charter School equipment at the end of the school year/term or agree to use period; and review of individual files or monitoring of individual activity when there is a reasonable suspicion that the student is engaging in an inappropriate use.

After reading the Student Use of Technology Policy and the Acceptable Use Agreement, please complete the required form to indicate that you agree with the terms and conditions provided. The signature of both the student and parent/guardian are mandatory before access may be granted to the technologies available. The document, which incorporates the Use Procedure, reflects the entire agreement and understanding of all parties. Charter School encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

I understand that computer use is a privilege and not a right. I understand that students who violate this policy in any way will be subject to a referral and possible suspension or expulsion. I understand that if a student willfully damages Charter School's property, including but not limited to Charter School's technology, equipment and networks, or fails to return Charter School's property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct up to an amount not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid or the property has been returned. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades, transcripts and diploma will be released. It is unlawful for any juvenile who is subject to a compulsory alternative education program to loiter, idle, wander or be in or upon the public streets, highways, roads, alleys, parks, playgrounds, or other public grounds, public places, public buildings, or the premises of any establishment, vacant lots or unsupervised place between the hours of 8:30 a.m. and 2:30 p.m. on any day when that juvenile otherwise would be required to attend a regular compulsory education school (Municipal Code section 58.05). This means that students should either be in the Resource Center or at home between the hours of 8:30 a.m. and 2:30 p.m., Monday through Friday, unless an excused absence is on file.

## *Suspension and Expulsion Policy*

**Policy**

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at Audeo Valley Charter School ("AUDEO" or "Charter School"). In creating this policy, AUDEO has reviewed Education Code Section 48900 *et seq.* which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* AUDEO is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as AUDEO's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. AUDEO staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed as part of the student handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The AUDEO administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and procedures are available upon request at the Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom AUDEO has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 ("Section 504") is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. AUDEO will follow all applicable federal and state laws including but not limited to the applicable provisions of the California Education Code, when imposing any form of discipline on a student identified as an individual with disabilities or for whom AUDEO has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according to due process to such students.

No student shall be involuntarily removed by the Charter School for any reason unless the parent/guardian of the student has been provided written notice of intent to remove the student no less than five (5) school days before the effective date of the action. The written notice shall be in the native language of the student or the student's parent/guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder, and shall inform the student, the student's parent/guardian, or educational rights holder of the basis for which the student is being involuntarily removed and the student's parent, guardian, or educational rights holder's right to request a hearing to challenge the involuntary removal. If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include removals for misconduct which may be grounds for suspension or expulsion as enumerated below. Students may be involuntarily removed for reasons including, but not limited to, failure to comply with the terms of the student's independent study Master Agreement pursuant to Education Code Section 51747(c)(4).

**C. Suspension Procedure**

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or AUDEO employee who referred the student to the Executive Director or designee.

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or AUDEO personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with AUDEO officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to

contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If AUDEO officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

**D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the pupil or a member of the Board of Directors. Each entity shall be presided over by a designated neutral

hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

**E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the pupil has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of AUDEO's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at AUDEO to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

**F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

AUDEO may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by AUDEO or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or

legal counsel, and (c) elect to have the hearing closed while testifying.

2. AUDEO must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, AUDEO must present evidence that the witness' presence is both desired by the witness and will be helpful to AUDEO. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled

to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

**G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

**H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

**I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to his/her educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth

herein.

**J. Written Notice to Expel**

The Executive Director or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with AUDEO.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

**K. Disciplinary Records**

AUDEO shall maintain records of all student suspensions and expulsions at AUDEO. Such records shall be made available to the authorizer upon request.

**L. No Right to Appeal**

The pupil shall have no right of appeal from expulsion from AUDEO as the Board of Directors' decision to expel shall be final.

**M. Expelled Pupils/Alternative Education**

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. AUDEO shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

**N. Rehabilitation Plans**

Students who are expelled from AUDEO shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to AUDEO for readmission.

**O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a pupil after the end of the student's expulsion term or to admit a previously expelled pupil from another school district or AUDEO who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the

Board of Directors following the meeting regarding the Executive Director's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon AUDEO's capacity at the time the student seeks readmission or admission to the Charter School.

**P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

**R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

1. Notification of SELPA

AUDEO shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that AUDEO or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, AUDEO, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If AUDEO, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If AUDEO, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the AUDEO had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent/guardian and AUDEO agree to a change of placement as part of the modification of the behavioral intervention plan.

If AUDEO, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then AUDEO may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the manifestation determination, or AUDEO believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or AUDEO, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and AUDEO agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

AUDEO personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated AUDEO's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if AUDEO had knowledge that the student was disabled before the behavior occurred.

AUDEO shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to AUDEO supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other AUDEO personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other AUDEO supervisory personnel.

If AUDEO knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If AUDEO had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. AUDEO shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by AUDEO pending the results of the evaluation.

AUDEO shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

## *Dress Code*

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to Resource Centers and to field trips/school-sponsored events. Parents/guardians will be notified and students will be asked to change or sent home if they are found to be in violation of the dress code.

Dress code violations include the following:

- Pants sagging below the waist
- Swimsuits or sleepwear, including bedroom slippers
- Shorts/skirts/dresses that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses suggestive/vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags (note: headwear worn for religious purposes is permitted)

## *Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy*

The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of Audeo Valley Charter School ("Charter School"), and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.

- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

A complete copy of the Cell Phone/Electronics Policy is available for review on the school website.

### *Lost or Damaged School Property*

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will

provide a program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

## *Parents' Responsibilities*

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

**Parents' Role in Discipline and Behavior**

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

## *Emergency Procedures and School Safety Plan*

Audeo Valley Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

Audeo Valley defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the Audeo Valley Comprehensive School Safety Plan is available on the school website and at each Resource Center.

## *School Bus and Passenger Safety*

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan

## Transportation Safety Plan

Because Audeo Valley Charter School ("CHARTER SCHOOL" or the "Charter School") provides transportation to CHARTER SCHOOL activity, the Board of Directors ("Board") approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

**Definitions**

- "*School bus*" is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. "School bus" does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

  "*School activity bus*" is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

- *"Private passenger vehicle"* is any other privately owned or leased vehicle not included in the definitions above, designed for and when not carrying more than 10 persons, and operated by a parent/guardian or staff driver to transport student to and from a Charter School activity.

**Determining Whether a Student Requires an Escort**

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers' direction and supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the

street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

**Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Charter School is not required to use the services of an onboard school bus monitor in addition to the driver to ensure these procedures are followed.

Boarding:

1. Students shall board or exit the school bus ONLY at their assigned bus stop or school activity destination.
2. Students shall board in an orderly manner and utilize the handrails for their safety while loading and unloading.
3. Students are to find their seat as quickly as possible and sit down facing the front of the bus.
4. Students are to remain seated at all times while the bus is in motion.
5. Students are to maintain a noise level which will allow the bus driver to hear approaching traffic.
6. Students are to follow the directions of the bus driver while they are aboard the bus.
7. Students are responsible to follow all rules and regulations.

Exiting:

1. Students shall stay seated until the bus comes to a complete stop.
2. Once the driver has stopped the bus completely and opened the door, students are to unload seat by seat starting with the front of the bus and continuing seat by seat until the bus is empty.
3. Students remaining on the bus are to remain seated until the bus stops at their assigned bus stop or school activity destination.
4. Students will unload in an orderly manner using the handrails.
5. Students shall exit the bus only at their assigned bus stop or school activity destination. Exceptions will only be allowed when the student presents the bus driver with a note signed by the student's parent and endorsed by the Executive Director.
6. Students are to move away from the bus as they unload. Students shall not get underneath the bus to retrieve a book, paper or some other article. The student should always tell the bus driver and have the bus driver get the article for them.
7. Students should always use crosswalks and controlled intersections when available and should not cross in the middle of the block.
8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

**Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.
4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kids, fire extinguishers, etc.
5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
    a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
    b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
    c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

**Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus**

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.

2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.
4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

**Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus**

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

**Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety**

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

**Instruction for Students who were not Previously Transported in a School Bus**

Upon registration, the parents/guardians of students who were not previously transported in a school bus or school activity bus and who are in kindergarten through grade 6, inclusive, shall be provided with written information on school bus safety. This information shall include, but not be limited to, the following:

1. A list of school bus stops near the student's home.
2. General rules of conduct at school bus loading zones, such as:
    a. While waiting for the school bus to arrive, students must stand single file in an orderly and well-behaved line.
    b. Students are not to play in or be in the street or private property.
    c. Students shall be on the proper side of the street before the bus arrives at the bus stop.
    d. Students should arrive at their bus stop five minutes prior to the scheduled leaving time.
    e. If the student is late and needs to cross the street that the bus is stopped on, the student must wait for the bus driver to escort the student across the street.
    f. Students should not approach the bus until it comes to a complete stop at the stop;
    g. Students should board and exit the bus in an orderly fashion, with no pushing or shoving.

   h. Students should understand the bus driver is in charge at all times, and students should follow the bus driver's directions.
   i. The driver will immediately activate the red flashing crossover lights and stop arm if so equipped.
   j. Animals, birds, reptiles, fish, insects, breakable containers, weapons, or any object or substance that could be hazardous will not be transported on the bus.
3. Red light crossing instructions, consistent with this Plan.
4. School bus danger zone(s).
5. Walking to and from school bus stops.

**Instruction for all Students Prior to Departure on School Trip**

Finally, prior to departure on a school activity trip, CHARTER SCHOOL shall provide safety instruction to all students riding in a school bus or school activity bus. This instruction shall include, but not be limited, to the following:

1. Location of emergency exits; and
2. Use of emergency equipment.
   a. Instruction may also include responsibilities of passengers seated next to an emergency exit.
3. Instruction on how to use the passenger restraint systems, including but not limited to the following:
   a. Proper fastening and release of the passenger restraint system;
   b. Acceptable placement of passenger restraint systems on students;
   c. Times when the passenger restraint systems should be fastened and released; and
   d. Acceptable placement of the passenger restraint systems when not in use.

**Operation of School Bus or School Activity Bus when Visibility Reduced to 200 Feet or Less**

Pursuant to Vehicle Code section 34501.6, CHARTER SCHOOL is required to adopt procedures that limit the operation of school buses and school activity buses when atmospheric conditions reduce visibility on the roadway to 200 feet or less during regular home to school transportation service. Bus drivers of school activity buses shall have the authority to discontinue school activity bus operation if the driver determines that it is unsafe to continue operation because of reduced visibility.

For purposes of this Plan, the procedures for school bus drivers shall be as follows:

1. The school bus driver will notify the Executive Director that atmospheric conditions have reduced visibility to 200 feet or less.
2. The Executive Director may consult with legal counsel as needed.
3. The Executive Director may direct that school bus activity will be suspended or delayed for a minimum of one (1) hour through an indefinite suspension or delay if required by the conditions. The length of time for the suspension or delay of school bus services shall be at the discretion of the Executive Director.

**School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)**

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Executive Director or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

CHARTER SCHOOL shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion (including athletics meets and games) must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A written statement acknowledging that their insurance carrier is the primary agent responsible for insurance during the field trip or excursion.

4. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Executive Director or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the car. Employee/volunteer drivers are free to appropriately manage student behavior as necessary to maintain safety.
2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.
3. No movies may be shown in vehicles.
4. No side trips allowed, including gasoline stops. Please be sure to have enough gas before leaving on the trip.
5. Maps and directions from the teacher/coach should be reviewed prior to leaving.
6. No purchases for students should be made on the field trip/excursion including food or treats for students in the car.
7. Call the Charter School office immediately if there is a problem.

### *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy*

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school

safety, and contribute to a hostile school environment. As such, Audeo Valley Charter School ("AUDEO" or "Charter School") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school administrative offices, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twist), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, the Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. The Charter School faculty and staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, the Charter School will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with whom the Charter School does business, or any other individual, student, or volunteer. This Policy applies to all employees, students, or volunteer actions and relationships, regardless of position or gender. The Charter School will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. **Prohibited Unlawful Harassment under Title IX**
Title IX (20 U.S.C. § 1681 *et seq.*; 34 C.F.R. § 106.1 *et seq.*) and California state law prohibit discrimination and harassment on the basis of sex. In accordance with these existing laws, discrimination and harassment on the basis of sex in education institutions, including in the education institution's admissions and employment practices, is prohibited. All persons, regardless of sex, are afforded equal rights and opportunities and freedom from unlawful discrimination and harassment in education programs or activities conducted by the Charter School.

The Charter School is committed to providing a work and educational environment free of sexual harassment and considers such harassment to be a major offense, which may result in disciplinary action. Inquiries about the application of Title IX and 34 C.F.R. Part 106 may be referred to the Coordinator, the Assistant Secretary for Civil Rights of the U.S. Department of Education, or both.

Sexual harassment consists of conduct on the basis of sex, including but not limited to unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct on the basis of sex, regardless of whether or not the conduct is motivated by sexual desire, when: (a) Submission to the conduct is explicitly or implicitly made a term or a condition of an individual's employment, education, academic status, or progress; (b) submission to, or rejection of, the conduct by the individual is used as the basis of employment, educational or academic decisions affecting the individual; (c) the conduct has the purpose or effect of having a negative impact upon the individual's work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment; and/or (d) submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

It is also unlawful to retaliate in any way against an individual who has articulated a good faith concern about sexual harassment against themselves or against another individual.

Sexual harassment may include, but is not limited to:

- Physical assaults of a sexual nature, such as:
    - Rape, sexual battery, molestation or attempts to commit these assaults.
    - Intentional physical conduct that is sexual in nature, such as touching, pinching, patting, grabbing, brushing against another's body, or poking another's body.

    - Sexually oriented gestures, notices, remarks, jokes, or comments about a person's sexuality or sexual experience.
    - Preferential treatment or promises of preferential treatment to an individual for submitting to sexual conduct, including soliciting or attempting to solicit any individual to engage in sexual activity for compensation or reward or deferential treatment for rejecting sexual conduct.
    - Subjecting or threats of subjecting a student or employee to unwelcome sexual attention or conduct or intentionally making the student's or employee's performance more difficult because of the student's sex.

- Sexual or discriminatory displays or publications anywhere in the work or educational environment, such as:
    - Displaying pictures, cartoons, posters, calendars, graffiti, objections, promotional materials, reading materials, or other materials that are sexually suggestive, sexually demeaning or pornographic or bringing or possessing any such material to read, display or view in the work or educational environment.
    - Reading publicly or otherwise publicizing in the work or educational environment materials that are in any way sexually revealing, sexually suggestive, sexually demeaning or pornographic.
    - Displaying signs or other materials purporting to segregate an individual by sex in an area of the work or educational environment (other than restrooms or similar rooms).

The illustrations of harassment and sexual harassment above are not to be construed as an all-inclusive list of prohibited acts under this Policy.

**Bullying and Cyberbullying Prevention Procedures**

AUDEO has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. **Cyberbullying Prevention Procedures**

    AUDEO advises students:
    a. To never share passwords, personal data, or private photos online.

b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
d. To consider how it would feel receiving such comments before making comments about others online.

AUDEO informs Charter School employees, students, and parents/guardians of AUDEO's policies regarding the use of technology in and out of the classroom. AUDEO encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

**2. Education**

AUDEO employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. AUDEO advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at AUDEO and encourages students to practice compassion and respect each other.

Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

AUDEO's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

AUDEO informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

**3. Professional Development**

AUDEO annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other AUDEO employees who have regular interaction with students.

AUDEO informs certificated employees about the common signs that a student is a target of bullying including:

- Physical cuts or injuries

- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by AUDEO, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

AUDEO encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for AUDEO's students.

**Grievance Procedures**

**1. Scope of Grievance Procedures**

AUDEO will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

a. Are written and signed;
b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
c. Submitted to the AUDEO UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, AUDEO will utilize the following grievance procedures in addition to its UCP when applicable.

**2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter
Executive Director
858-678-2042
ttuter@altusschools.net

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. AUDEO will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

**3. Supportive Measures**
Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant

of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to AUDEO's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or AUDEO's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. AUDEO will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of AUDEO to provide the supportive measures.

**4. Investigation and Response**
Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of AUDEO, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
    - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
        - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
        - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
        - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;

        - A statement that AUDEO prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
    - AUDEO may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with AUDEO's policies.
    - AUDEO may remove a respondent from AUDEO education program or activity on an emergency basis, in accordance with AUDEO's policies, provided that AUDEO undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
    - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
    - If a formal complaint of sexual harassment is filed, AUDEO may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If AUDEO offers such a process, it will do the following:
        - Provide the parties with advance written notice of:
            - The allegations;
            - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
            - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
            - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
        - Obtain the parties' advance voluntary, written consent to the informal resolution process.
    - AUDEO will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.
- Investigation Process
    - The decision-maker will not be the same person(s) as the Coordinator or the investigator. AUDEO shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
    - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

- The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
- The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
- A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
- Prior to completion of the investigative report, AUDEO will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
- The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.

- Dismissal of a Formal Complaint of Sexual Harassment
  - If the investigation reveals that the alleged harassment did not occur in AUDEO's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable AUDEO policy.
  - AUDEO may dismiss a formal complaint of sexual harassment if:
    - The complainant provides a written withdrawal of the complaint to the Coordinator;
    - The respondent is no longer employed or enrolled at AUDEO; or
    - The specific circumstances prevent AUDEO from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
  - If a formal complaint of sexual harassment or any of the claims therein are dismissed, AUDEO will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - AUDEO will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of AUDEO's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

**5. Consequences**
Students or employees who engage in misconduct prohibited by this Policy, knowingly make false statements or knowingly submit false information during the grievance process may be subject to disciplinary action up to and including expulsion from AUDEO or termination of employment. The Coordinator is responsible for effective implementation of any remedies ordered by AUDEO in response to a formal complaint of sexual harassment.

**6. Right of Appeal**
Should the reporting individual find AUDEO's resolution unsatisfactory, the reporting individual may, within five (5) business days of notice of AUDEO's decision or resolution, submit a written appeal to the Chairperson of the Board, who will review the investigation and render a final decision.

The following appeal rights and procedures will also apply to formal complaints of sexual harassment:

- The complainant and the respondent shall have the same appeal rights and AUDEO will implement appeal procedures equally for both parties.
- AUDEO will notify the other party in writing when an appeal is filed.
- The decision-maker for the appeal will give both parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome; issue a written decision describing the result of the appeal and the rationale for the result; and provide the written decision simultaneously to both parties.

**7. Recordkeeping**
All records related to any investigation of complaints under this Policy are maintained in a secure location.

AUDEO will maintain the following records for at least seven (7) years:

- Records of each sexual harassment investigation, including any determination of responsibility; any audio or audiovisual recording or transcript; any disciplinary sanctions imposed on the respondent; and any remedies provided to the complainant.
- Records of any appeal of a formal sexual harassment complaint and the results of that appeal.
- Records of any informal resolution of a sexual harassment complaint and the results of that informal resolution.
- All materials used to train Title IX coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process.
- Records of any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment.

including those occurring in public places and adjacent areas, and all of Charter School property, included but not limited to, facilities owned, controlled by, or leased by Charter School. Where outside contractors or service providers (particularly school resource officers) are regularly present at sensitive or safe locations or have access to student information, Charter School shall seek commitments from those parties not to facilitate immigration enforcement at any of the Charter School's sensitive or safe locations unless required by law.
Information about children's rights to a free education regardless of immigration status or religious beliefs and the Attorney General's *Know Your Rights* handout will be provided to students and parents upon enrollment to Charter School.

All notices provided to parents pursuant to AB 699 shall be language-accessible in compliance with state and federal laws. Enrollment, registration, and uniform complaint procedures information provided on the Charter School website shall be language-accessible in compliance with state and federal laws.

**Responding to Hate Crimes and Bullying**
Charter School has adopted and publicized a *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy* and provides annual notice of same to families. The Policy expressly prohibits discrimination, harassment, intimidation, and bullying based on the actual or perceived characteristics set forth in Section 422.55 of the Penal Code, including immigration status, and Section 220 of AB 699, and disability, gender, gender identity, gender expression, nationality, race or ethnicity, immigration or citizenship status, religion, religious affiliation, creed, color, citizenship, national origin or ancestry, physical or mental disability, medical condition, marital status, age, sexual orientation, pregnancy, childbirth or related medical conditions, association with a person or group with one or more of these actual or perceived characteristics, or any other basis protected by federal, state, local law, ordinance, or regulation. The Policy is inclusive of instances that occur on any area of the school campus, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means. In accordance with the *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy* and its *Uniform Complaint Policy and Procedures*, Charter School will promptly and thoroughly investigate any complaint of unlawful harassment, discrimination, intimidation, or bullying that constitute a hate crime or are otherwise based on actual or perceived characteristics listed above, and take appropriate corrective action, if warranted.
Charter School advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at Charter School and encourages students to practice compassion and respect each other. Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived religion, immigration status, or citizenship) and about the negative impact of bullying other students based on these protected characteristics.

Charter School shall train teachers, staff, and personnel to ensure that they are aware of their legal duty to take reasonable steps to eliminate a hostile environment and respond to any incidents of harassment based on the actual or perceived characteristics noted above.

Charter School shall inform students who are victims of hate crimes of their right to report such crimes.

Complete copies of the *Uniform Complaint Policy and Procedures* and the *Title IX, Harassment, Discrimination, Intimidation, and Bullying Policy* are available for review at the administration office.

**Gathering and Managing Student and Family Information**
School has adopted an *Educational Records and Student Information Policy* to apply to all educational records and student information maintained by Charter School and provides annual notice of same to all families. Appropriate personnel shall receive training regarding those policies and procedures.

Additionally, Charter School shall observe the following:

- Except as required by state or federal law or as required to administer a state or federally supported education program, Charter School officials and employees will not collect information or documents regarding citizenship or immigration status of pupils or their family members.

- If Charter School possesses information that could indicate immigration status, citizenship status, or national origin information, Charter School will not use the acquired information to discriminate against any student or families or bar children from enrolling in or attending school.

- If parents or guardians choose not to provide information that could indicate their or their children's immigration status, citizenship status, or national origin, Charter School will not use such actions as a basis to discriminate against any students or families or bar children from enrolling or attending school.

- Charter School will not allow school resources or data to be used to create a registry based on race, gender, sexual orientation, religion, ethnicity, or national origin.

- Charter School will not inquire specifically about a student's citizenship or immigration status or the citizenship or immigration status of a student's parents or guardians; nor shall personnel seek or require, to the exclusion of other permissible documentation or information, documentation or information that may indicate a student's immigration status, such as a green card, voter registration, a passport, or citizenship papers.

*Admissions and Enrollment*
As a charter school, Charter School is open to all students who wish to attend, regardless of residency. Notwithstanding this and where permitted by law, Charter School shall accept alternative means to establish residency, age, or other eligibility criteria for enrollment or programs, and those alternative means shall include among them documentation or information that are available to persons regardless of immigration status, citizenship status, or national origin, and that do not reveal information related to citizenship or immigration status.

Charter School will accept the following list of documents as reasonable evidence of residency:
- Property tax payment receipts
- Rental property contract, lease, or payment receipts
- Utility service contract, statements, or payment receipts
- Pay stubs
- Voter registration
- Correspondence from a government agency

- Declaration of residency executed by the parent or legal guardian of the student
- Note: documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process.

However, please note: (1) that parents and guardians are not required to provide each and every document listed and that (2) in accordance with the McKinney-Vento Homeless Assistance Act, Charter School will immediately enroll a homeless child or youth even if he or she is unable to provide proof of residency or age or other documentation normally required for enrollment.
Charter School will accept the following list of documents as reasonable evidence of age:

- Certified copy of birth record
- Statement by the local registrar or county recorder certifying date of birth
- Baptism certificate
- Passport
- When none of the foregoing is obtainable, an affidavit of the parent, guardian, or custodian, or any other appropriate means of proving the child's age.

Documents, information, or proof relating to citizenship or immigration status of students will never be requested for the enrollment process. Where any law requires submission of national origin related information to satisfy the requirements of a special program, Charter School personnel will solicit that documentation or information separately from the enrollment process.
*Social Security Information:*
Charter School will not collect entire social security numbers or cards or a statement that the parent or guardian does not possess a Social Security number for the purposes of enrollment, and failure to provide this information will not bar a student from enrolling or attending Charter School. However, the last four digits of an adult household member's Social Security number may be solicited and/or collected if required to establish eligibility for federal benefit programs such as free or reduced-price meals. This Social Security information will only be collected for the limited purpose of establishing eligibility for federal benefit programs and will not affect student enrollment. If no adult household member has a Social Security number, the student still can qualify for free or reduced- price meals, if the family meets the income eligibility requirements.

**Sharing Student and Family Information**
Charter School will avoid the disclosure of information that might indicate a student's or family's citizenship or immigration status if the disclosure is not authorized by the Family Educational Rights and Privacy Act (FERPA). Charter School requires written parental or guardian consent for release of student information unless the information is relevant for a legitimate education interest or includes directory information only.

Neither exception permits disclosing information to immigration authorities for immigration-enforcement purposes; no student information shall be disclosed to immigration authorities for immigration-enforcement purposes without a court order or judicial subpoena. A copy of the complete *Education Records and Student Information Policy* is available for review in the administration office.

Charter School's request for written parental or guardian consent for release of student information must include:

(a) The signature and date of the parent, guardian, or eligible student providing consent;

(b) A description of the records to be disclosed;
(c) The reason for the release of information;
(d) The parties or class of parties receiving the information; and
(e) If requested by the parents, guardians, or eligible student, a copy of the records to be released.

The parent, guardian, or eligible student is not required to sign the consent form. If the parent, guardian or eligible student refuses to provide written consent for the release of student information that this not otherwise subject to release, Charter School shall not release the information. Charter School will permanently keep the consent notice with the record file.

## *Teacher Qualifications*

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:
    - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
    - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
    - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**

Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.

A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**

Audeo shall issue an investigation report (the "Decision) based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

The Decision shall include:

1. The findings of fact based on evidence gathered.
2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.
3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.
4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements
5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

**Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with

Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.

2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.

3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.

4. The legal conclusion in Audeo's Decision is inconsistent with the law.

5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.

2. A copy of the Decision.

3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.

4. A report of any action taken to resolve the complaint.

5. A copy of the Charter School's complaint procedures.

6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a

party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

**Civil Law Remedies**

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

A copy of the UCP shall be available upon request free of charge on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.

## *Student Fees Policy*

This student fees policy has been adopted in compliance with the provisions of Article IX, section 5 of the California Constitution, and Assembly Bill 1575 ("AB 1575") (effective January 1, 2013), which prohibit the charging of any student fees for participation in an educational activity at a public school. This Policy applies to Audeo Valley Charter School ("Audeo" or "Charter School").

**I. General Statement of Policy**

No student enrolled in Charter School shall be required to pay a student fee for participation in Charter School 's educational activity unless specifically authorized by law.

**II. Definitions**

"Educational activity" means any activity offered by the Charter School that constitutes an integral fundamental part of a student's education, including, but not limited to, curricular and extracurricular activities.

"Pupil fee" means a fee, deposit, or other charge imposed on students, or a student's parents or guardians, in violation of Section 49011 and Section 5 of Article IX of the California Constitution, which require educational activities to be provided free of charge to all students without regard to their families' ability or willingness to pay fees or request special waivers. Pursuant to Education Code section 49010, prohibited student fees include, but are not limited to, the following:

(a) fees charged as a condition for registering for school or classes, or as a condition for participation in a class or any extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit;

(b) a security deposit, or other payment, that a student is required to make to obtain a book, class apparatus, laptop, I-Pad, e-reader or other materials or equipment;

4. Charter School does not offer course credit or privileges related to educational activities in exchange for money or donations of goods or services from a student, and Charter School does not remove course credit or privileges related to educational activities, or otherwise discriminate against any student who does not or will not provide money or donations of goods or services to the school.

5. No fees shall be charged for inter district transfers, tuition or diplomas, mandatory caps and gowns, or admissions charges, whether for instruction or extracurricular, if part of the educational program. A cap and gown will be provided free of charge by the Charter School to graduating students and must be returned to the Charter School after the Graduation ceremony. Charter School may solicit voluntary donations of funds from students and parents of students to help cover the cost of cap and gown, but all students are provided access to a cap and gown, regardless of student or parent donation. Alternatively, students have the option to purchase their own cap and gown, which does not need to be returned to Charter School after the graduation ceremony.

**IV. Lawful Fees**

These prohibitions shall not be interpreted to prohibit the imposition of a fee, deposit, or other charge otherwise allowed by law. (Education Code § 49011(e).) These include the following:

There are two exceptions: First, no charge shall be made for furnishing up to two transcripts of former pupils' records or up to two verifications of various records of former pupils. (Education Code § 49065.) Second, if the cost would effectively prevent the parent of a special education pupil from exercising the right to receive copies of pupil records, the copies shall be reproduced at no cost.

As outlined in the UCP, complaints related to school fees may be made anonymously. Pupil fee complaints shall be filed not later than one year from the date the alleged violation occurred.

In the event Charter School finds merit in a pupil fees complaint, or the California Department of Education ("CDE") finds merit in an appeal, Charter School shall provide a remedy to all affected students, parents/guardians that, where applicable, includes reasonable efforts by Charter School to

ensure full reimbursement to all affected students and parents/guardians, subject to procedures established through regulations adopted by the state board. Under 5 CCR § 4600(u), "reasonable efforts" means a public school's good faith attempts to identify and fully reimburse all pupils, parents and guardians who paid a pupil fee within one year prior to the filing of the complaint, as follows:

(1) Reasonable efforts to identify pupils who paid a pupil fee include but are not limited to researching existing school records, contacting pupils who were enrolled in or participating in the educational activity during the time the pupil fee was charged, and considering submissions of proof of payment of the pupil fee.

(2) Reasonable efforts to fully reimburse all pupils, parents and guardians who paid a pupil fee include but are not limited to crediting the pupil's school financial account and sending reimbursement by first class mail to the pupil's last known primary address as contained in school or local educational agency records. If the school has knowledge that a pupil's last known address as contained in school or local educational agency records is no longer valid, the school may attempt to obtain a more recent address from any notices returned to the school or local educational agency by the United States Postal Service.

## *Suicide Prevention Policy*

Audeo Valley Charter School ("Charter School") recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, Charter School has developed prevention strategies and intervention procedures.

The policy shall be developed in consultation with school and community stakeholders, school-employed mental health professionals, and suicide prevention experts and shall, at a minimum, address procedures relating to suicide prevention, intervention, and post-vention.

To ensure the policies regarding suicide prevention are properly adopted, implemented, and updated, the Charter School shall appoint an individual (or team) to serve as the suicide prevention point of contact.

**Prevention and Instruction**
Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the Charter School and is characterized by caring staff and harmonious interrelationships among students.

The Charter School's instructional and student support program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and resilience.

The Executive Director or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the Charter School's suicide prevention efforts, risk factors and warning signs of suicide, basic steps for helping suicidal youth, reducing the stigma of

mental illness, and/or school and community resources that can help youth in crisis. California Department of Education youth suicide prevention information can be found at: http://www.cde.ca.gov/ls/cg/mh/suicideprevres.asp

This Suicide Prevention Policy shall be easily accessible and prominently displayed on the Charter School Web page.

The Charter School's instructional curriculum may include information about suicide prevention, as appropriate or needed, taking into consideration the grade level and age of the students. If offered or included in the Charter School's instructional curriculum, suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide.

2. Identify alternatives to suicide and develop coping and resiliency skills.

3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent.

4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma associated with seeking mental health, substance abuse, gender identity, or other support services.

**Staff Development**
Suicide prevention training for staff may be designed to help staff identify and find help for students at risk of suicide. Materials approved by the Charter School for training shall include how to identify appropriate mental health services, at school facilities and within the larger community, and when and how to refer youth and their families to those services. The training may be offered under the discretion of the Executive Director and/or Governing Board and/or in cooperation with one or more community mental health agencies and may include information on:

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance abuse problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors.

2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior.

3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health.

4. School and community resources and services for students and families in crisis and ways to access them.

5. Charter School procedures for intervening when a student attempts, threatens, or discloses the desire to die by suicide.

**Intervention and Emergency Procedures**
Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the Executive Director or designee. The Executive Director or designee shall then notify the student's parent/guardian as soon as possible and may also refer the student to mental health resources at the Charter School or in the community.

When a suicide attempt or threat is reported, the Executive Director or designee shall, at a minimum:

1. Ensure the student's physical safety by one of the following, as appropriate:

    a. Securing immediate medical treatment if a suicide attempt has occurred;

    b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened;

    c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene.

2. Designate specific individuals to be promptly contacted, for example the school counselor, psychologist, nurse, Executive Director, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies.

3. Document the incident in writing as soon as feasible.

4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed.

5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at the school.

6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions.

In the event a suicide occurs or is attempted on the Charter School campus, the Executive Director or designee shall follow the crisis intervention procedures contained in the Charter School's safety plan. After consultation with the Executive Director or designee and the student's parent/guardian about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the Executive Director or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. Charter School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

Students shall be encouraged through the education program and in school activities to notify a teacher, Executive Director, another school administrator, psychologist, school counselor, or other

adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

**Employee Qualifications and Scope of Services**
Employees of the Charter School must act only within the authorization and scope of their credential or license. While it is expected that school professionals are able to identify suicide risk factors and warning signs, and to prevent the immediate risk of a suicidal behavior, treatment of suicidal ideation is typically beyond the scope of services offered in the school setting. In addition, treatment of the mental health challenges often associated with suicidal thinking typically requires mental health resources beyond what schools are able to provide.

A complete copy of the Suicide Prevention Policy is available on the school website.

The California Department of Education publishes a list of the contact information for the Homeless Education Liaisons in the state, which is available at: https://www.cde.ca.gov/sp/hs/

**Enrollment**

Charter School shall immediately admit/enroll the student for which the Charter School is a School of Origin. "School of Origin" means the school that the child or youth attended when permanently housed or the school in which the child or youth was last enrolled.

Charter School shall also immediately enroll a homeless youth who seeks to enroll in the Charter School, if the youth would otherwise be eligible to attend and subject to the Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy. A homeless youth who is enrolled will have the right to attend classes and participate fully in school activities, including extracurricular activities.

The youth shall be immediately enrolled even if the student lacks records normally required for enrollment (such as previous academic records, records of immunizations, other required health records, proof of residency) or has missed application or enrollment deadlines during any period of homelessness. Records will immediately be requested from the previous school. (42 U.S.C. § 11432(g)(3)(C); Education Code Section 48850(a)(3)(A).)

If the student needs to obtain immunizations or does not possess immunization or other medical records, the Executive Director or designee shall refer the parent/guardian to the Charter School Liaison. The Charter School Liaison shall assist the parent/guardian in obtaining the necessary immunizations or records for the student. (42 U.S.C. § 11432(g)(3)(C).)

**Enrollment Disputes**

If a dispute arises over admissions/enrollment, the student shall be immediately admitted (subject to Charter School's capacity and pursuant to the procedures stated in the Charter School charter and Board policy), pending final resolution of the dispute, including all available appeals. (42 U.S.C. § 11432(g)(3)(E).)

The parent/guardian shall be provided with a written explanation of the admission/enrollment decision, including an explanation of the parent/guardian's right to appeal the decision. The parent/guardian shall also be referred to the Charter School Liaison. (42 U.S.C. § 11432(g)(3)(E).)

The Charter School Liaison shall carry out the Board-adopted dispute resolution and complaint process as expeditiously as possible after receiving notice of the dispute. (42 U.S.C. § 11432(g)(3)(E).)

**Comparable Services**

Each homeless child or youth shall promptly be provided services comparable to services offered to other students in Charter School such as (42 U.S.C. § 11432(g)(4)):

- Educational services for which the child or youth meets eligibility criteria, such as educational programs for students with disabilities and educational programs for students with limited English proficiency

- Charter School nutrition programs

**Transportation**

In the event that Charter School provides transportation services to all Charter School students, Charter School shall provide comparable transportation services to each homeless child or youth attending Charter School , as noted above. (42 U.S.C. § 11432(g)(4).)

If the Charter School does not otherwise provide transportation services to all Charter School students, Charter School shall ensure that transportation is provided for homeless students to and from Charter School , at the request of the parent or guardian (or Charter School Liaison), if Charter School is the student's school of origin. (42 U.S.C. § 11432(g)(1)(J).) Transportation provided by Charter School will be adequate and appropriate for the Student's situation, but Charter School does not commit to any one method of transportation for all youth.

**Professional Development**

All administrators, teachers and employees of Charter School will be provided professional development on the identification, services, and sensitivity necessary when dealing with homeless children and youth. (42 U.S.C. § 11433(d)(3).) All identified or suspected homeless children and youth will be referred to the Charter School Liaison.

**High School Graduation Requirements**

Homeless students who transfer to the Charter School any time after the completion of their second year of high school shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a homeless student is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the student's educational rights holder, and the Charter School Liaison of the availability of the exemption and whether the student qualifies for an exemption.

The Charter School shall notify students who are exempted from the Charter School's additional graduation requirements and the student's educational rights holder of how any of the requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution and provide information about transfer opportunities available through the California Community Colleges.

The Charter School shall not require any student who would otherwise be entitled to remain in attendance at the Charter School to accept the exemption from the Charter School's additional graduation requirements or deny the student enrollment in, or the ability to complete, courses for which the student is otherwise eligible. The Charter School shall not revoke an exemption and shall grant an eligible student's request for the exemption at any time if the student qualifies, regardless of whether the student previously declined the exemption. An eligible student's exemption from the Charter School's additional graduation requirements will continue to apply while the student is enrolled in the Charter School or if the student transfers to another school even after the student no longer meets the definition of a homeless child.

The Charter School shall not require or request that a student transfer schools in order to qualify the student for the exemption. Nor shall a student, a student's parent/guardian or educational rights holder, or a student's social worker or probation officer request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

If a student who is exempted from the Charter School's additional graduation requirements completes the California minimum coursework requirements specified in Education Code section 51225.3 before the end of the student's fourth year of high school and would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of the student's fourth year of high school.

If the Charter School determines the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fifth year of high school, the Charter School shall do the following:

1. Inform the student of the student's option to remain at the Charter School for a fifth year to complete the Charter School's graduation requirements.

2. Inform the student, and the educational rights holder for the student, about how remaining in school for a fifth year to complete the Charter School's graduation requirements will affect the student's ability to gain admission to a postsecondary educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Permit the student to stay at the Charter School for a fifth year to complete the Charter School's graduation requirements upon agreement with the student, if the student is 18 years of age or older, or, if the student is under 18 years of age, upon agreement with the educational rights holder for the student.

**Acceptance of Course Work**

The Charter School will accept any coursework satisfactorily completed at any public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency by a homeless student.

The Charter School will provide homeless students credit for the partial completion of courses taken while attending a public school, a juvenile court school, a school in a country other than the United States, and/or a nonpublic, nonsectarian school or agency. If the student did not complete the entire course, the Charter School shall not require the student to retake the portion of the course the student completed unless the Charter School, in consultation with the holder of educational rights for the student, finds that the student is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the homeless student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course. These students shall not be prevented from taking or retaking a course to meet California State University or the University of California admission eligibility requirements.

**Notice**

For any homeless student who seeks enrollment at the Charter School, written notice will be provided to the parent/guardian at the time of enrollment and while the student is enrolled at the Charter School in alignment with the law. (42 U.S.C. § 11432(e)(3)(C).)

**Annual Policy Review**

The Charter School shall annually review and revise any policies that may act as barriers to the identification of homeless children and youths or the enrollment of homeless children and youths at the Charter School. In reviewing and revising such policies, consideration shall be given to issues concerning transportation, immunization, residency, birth certificates, school records and other documentation, and guardianship. Special attention shall be given to ensuring the identification, enrollment, and attendance of homeless children and youths who are not currently attending school.

## *Education for Foster and Mobile Youth Policy*

**Introduction**

Audeo Valley Charter School ("Charter School") recognizes that Foster and Mobile Youth may face significant barriers to achieving academic success due to their family circumstances, disruption to their educational program, and their emotional, social, and other health needs. To enable such students to achieve state and charter school academic standards, the Charter School shall provide them with full access to the Charter School's educational program and implement strategies identified as required by law and necessary for the improvement of the academic achievement of foster youth in the Charter School's local control and accountability plan ("LCAP").

**Definitions**

- *"Foster youth"* means a child who has been removed from their home pursuant to California Welfare

and Institutions Code section 309 and/or is the subject of a petition filed under Welfare and Institutions Code section 300 or 602. This includes children who are the subject of cases in dependency court and juvenile justice court.

- "*Former juvenile court school pupil*" means a pupil who, upon completion of the pupil's second year of high school, transfers from a juvenile court school to the Charter School.

- *"Child of a military family"* refers to a student who resides in the household of an active duty military member.

- *"Currently Migratory Child"* refers to a child who, within the last 12-months, has moved with a parent, guardian, or other person having custody to the Charter School from another Local Educational Agency ("LEA"), either within California or from another state, so that the child or a member of the child's immediate family might secure temporary or seasonal employment in an agricultural or fishing activity, and whose parents or guardians have been informed of the child's eligibility for migrant education services. "Currently Migratory Child" includes a child who, without the parent/guardian, has continued to migrate annually to secure temporary or seasonal employment in an agricultural or fishing activity.

- *"Pupil participating in a newcomer program"* means a pupil who is participating in a program designed to meet the academic and transitional needs of newly arrived immigrant pupils that has as a primary objective the development of English language proficiency.

- *"Educational Rights Holder" ("ERH")* means a parent, guardian, responsible adult appointed by a court to make educational decisions for a minor pursuant to Welfare and Institutions Code sections 319, 361 or 726, or a person holding the right to make educational decisions for the pupil pursuant to Education Code section 56055.

- *"School of origin"* means the school that the foster youth attended when permanently housed or the school in which the foster youth was last enrolled. If the school the foster youth attended when permanently housed is different from the school in which the student was last enrolled, or if there is some other school that the foster youth attended within the immediately preceding 15 months, the Charter School liaison for foster youth, in consultation with and with the agreement of the foster youth and the ERH for the youth, shall determine, in the best interests of the foster youth, the school that shall be deemed the school of origin.

- *"Best interests"* means that, in making educational and school placement decisions for a foster youth, consideration is given to, among other factors, the opportunity to be educated in the least restrictive educational program and the foster youth's access to academic resources, services, and extracurricular and enrichment activities that are available to all Charter School students.

Within this Policy, foster/juvenile court youth, former juvenile court school pupils, a child of a military family, a currently migratory child, and a pupil participating in the newcomer program will be referred to collectively as "Foster and Mobile Youth."

<u>Foster and Mobile Youth Liaison</u>

In order to help facilitate the enrollment, placement, and transfer of Foster and Mobile Youth to the Charter School, the Governing Board shall designate a Foster and Mobile Youth liaison. The Governing Board designates the following position as the Charter School's liaison for Foster and Mobile Youth:

~~**Rachel Thomas**~~**Ana Maria Rojas**
**Equity and Inclusion ~~Officer~~Administrator**
~~rthomas@charterschool-sandiego.net~~arojas@altusschools.net

The Foster and Mobile Youth Liaison shall be responsible for the following:

1. Ensure and facilitate the proper educational placement, enrollment in the Charter School, and checkout from the Charter School of Foster and Mobile Youth.
2. Ensure proper transfer of credits, records, and grades when Foster and Mobile Youth transfer to or from the Charter School.
3. When a foster youth is enrolling in the Charter School, the Foster and Mobile Youth Liaison shall contact the school last attended by the student within two (2) business days to obtain all academic and other records. The last school attended by the foster youth shall provide all required records to the new school regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the school last attended. When a foster youth is transferring to a new school, the Foster and Mobile Youth Liaison shall provide the student's records to the new school within two (2) business days of receiving the new school's request, regardless of any outstanding fees, fines, textbooks, or other items or moneys owed to the Charter School.
4. When required by law, notify the foster youth's attorney and the appropriate representative of the county child welfare agency at least ten (10) calendar days preceding the date of the following:

    a. An expulsion hearing for a discretionary act under the Charter School's charter.

    b. Any meeting to extend a suspension until an expulsion decision is rendered if the decision to recommend expulsion is a discretionary act under the Charter School's charter. The foster youth's attorney and the agency representative will be invited to participate.

    c. A manifestation determination meeting prior to a change in the foster youth's placement if the change in placement is due to an act for which the recommendation for expulsion is discretionary and the student is a student with a disability under state and federal special education laws. The foster youth's attorney and the agency representative will be invited to participate.

5. As needed, make appropriate referrals to ensure that students in foster care receive necessary special education services and services under Section 504 of the federal Rehabilitation Act of 1973.

6. As needed, ensure that students in foster care receive appropriate school-based services, such as counseling and health services, supplemental instruction, and after-school services.

7. Develop protocols and procedures for creating awareness for Charter School staff, including but not limited to Administrator of Instructional Services, School Coordinator and Student Services Coordinator of the requirements for the proper enrollment, placement, and transfer of foster youth.

8. Collaborate with the county placing agency, social services, probation officers, juvenile court officers, and other appropriate agencies to help coordinate services for the Charter School's foster youth.

9. Monitor the educational progress of foster youth and provide reports to the Equity and Inclusion ~~Officer~~ Administrator or designee and the Governing Board based on indicators identified in the Charter School's local control and accountability plan.

This Policy does not grant the Foster and Mobile Youth Liaison authority that supersedes the authority granted under state and federal law to a parent or legal guardian retaining educational rights, a responsible person appointed by the court to represent the child pursuant to Welfare and Institutions Code sections 319, 361 or 726, a surrogate parent, or a foster parent exercising authority under Education Code section 56055. The role of the Foster and Mobile Youth Liaison is advisory with respect to placement options and determination of the school of origin.

**School Stability and Enrollment**

The Charter School will work with foster youth and their ERH to ensure that each foster youth is placed in the least restrictive educational programs and has access to the academic resources, services, and extracurricular and enrichment activities that are available to all students, including, but not limited to, interscholastic sports. All decisions regarding a foster youth's education and placement will be based on the best interest of the child and shall consider, among other factors, educational stability and the opportunity to be educated in the least restrictive educational setting necessary to achieve academic progress.

Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin if it is their best interest. The Charter School will immediately enroll a foster youth, a currently migratory child, or child of a military family seeking reenrollment in the Charter School as their school of origin.

A foster youth, currently migratory child, or child of a military family who seeks to transfer to the Charter School will be immediately enrolled (subject to the Charter School's capacity, if the Charter School is not the student's school of origin, and pursuant to the procedures stated in the Charter School's charter and Board policy) even if the student has outstanding fees, fines, textbooks, or other items or monies due to the school last attended or is unable to meet normal enrollment documentation or school uniform requirements (e.g. producing medical records or academic records from a previous school).

At the initial detention or placement, or any subsequent change in placement, a foster youth may continue in their school of origin for the duration of the court's jurisdiction. A currently migratory child or child of a military family may continue in their school of origin as long as the student meets the definition of a currently migratory child or child of a military family as described above. Foster youth, currently migratory children, and children of military families have the right to remain in their school of origin following the termination of the court's jurisdiction or termination of the child's status as a currently migratory child or child of a military family, as follows:

1. For students in Kindergarten through eighth grade, inclusive, the student will be allowed to continue in the school of origin through the duration of the academic year in which the student's status changed.
2. For students enrolled in high school, the student will be allowed to continue in the school of origin through graduation.

If the foster youth, currently migratory child or child of a military family is transitioning between school grade levels, the youth shall be allowed to continue in the district of origin in the same attendance area to provide the youth the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts. A student who is transitioning to a middle school or high school shall be allowed to enroll in the school designated for matriculation in another school district.

The Foster and Mobile Youth Liaison may, in consultation with and with the agreement of the foster youth and the ERH for the foster youth, recommend that the foster youth's right to attend the school of origin be waived and the student be enrolled in any district school that the student would otherwise be eligible to attend as a resident of the school district or in the Charter School consistent with current enrollment procedures. All decisions shall be made in accordance with the foster youth's best interests.

Prior to making any recommendation to move a foster youth from their school of origin, the Foster and Mobile Youth Liaison shall provide the foster youth and the foster youth's ERH with a written explanation of the basis for the recommendation and how the recommendation serves the foster youth's best interests.

If any dispute arises regarding a foster youth's request to remain in the Charter School as the foster youth's school of origin, the foster youth has the right to remain in the Charter School pending resolution of the dispute. The dispute shall be resolved in accordance with the existing Charter School dispute resolution process.

Transportation

The Charter School shall not be responsible for providing transportation to allow a foster youth to attend school, unless there is an agreement with a local child welfare agency that the Charter School assumes part or all of the transportation costs in accordance with Section 6312(c)(5) of Title 20 of the United States Code, or unless required by federal law. The Charter School is not prohibited from providing transportation, at its discretion, to allow a foster youth to attend school.

In accordance with Section 6312(c)(5) of Title 20 of the United States Code, the Charter School shall collaborate with local child welfare agencies to develop and implement clear written procedures to

address the transportation needs of foster youth to maintain them in their school of origin, when it is in the best interest of the youth.

For any student who has an individualized education program ("IEP"), the student's IEP team will determine if the student requires special education transportation as a related service regardless of the student's status.

Effect of Absences on Grades

The grades of a foster youth shall not be lowered for any absence from the Charter School that is due to either of the following circumstances:

a. A decision by a court or placement agency to change the student's placement, in which case the student's grades shall be calculated as of the date the student left school.

b. A verified court appearance or related court-ordered activity.

Transfer of Coursework and Credits

The Charter School shall accept coursework satisfactorily completed by a Foster and Mobile Youth while attending another public school[2], a juvenile court school, a charter school, a school in a country other than the United States, or a nonpublic, nonsectarian school or agency even if the student did not complete the entire course and shall issue that student full or partial credit for the coursework completed.

If the Foster and Mobile Youth did not complete the entire course, the student shall be issued partial credit for the coursework completed and shall not be required to retake the portion of the course that the student completed at another school unless the Charter School, in consultation with the student's ERH, finds that the student is reasonably able to complete the requirements in time to graduate from high school. Whenever partial credit is issued to a Foster and Mobile Youth in any particular course, the student shall be enrolled in the same or equivalent course, if applicable, so that the student may continue and complete the entire course.

In no event shall the Charter School prevent a Foster and Mobile Youth from taking or retaking a course to meet the eligibility requirements for admission to the California State University or the University of California.

Applicability of Graduation Requirements

To obtain a high school diploma from the Charter School, a student must complete all courses required by the Charter School and fulfill any additional graduation requirements prescribed by the Board. However, Foster and Mobile Youth who transfer to the Charter School any time after the completion of their second year of high school, and pupils participating in a newcomer program who are in their

[2] For purposes of coursework completed by a student who is a child of a military family, "public school" includes schools operated by the United States Department of Defense.

third or fourth year of high school, shall be exempt from any of the Charter School's graduation requirements that are in excess of the California minimum graduation requirements specified in Education Code section 51225.3 ("additional graduation requirements") unless the Charter School makes a finding that the student is reasonably able to complete the Charter School's graduation requirements by the end of the student's fourth year of high school.

To determine whether a Foster and Mobile Youth is in their third or fourth year of high school, either the number of credits the student has earned to the date of transfer or the length of the student's school enrollment may be used, whichever will qualify the student for the exemption. For a pupil participating in a newcomer program, enrollment in grade 11 or 12 may be used to determine whether the student is in their third or fourth year of high school.

Within thirty (30) calendar days of the date that a student who may qualify for exemption under the above requirements transfers into the Charter School, the Charter School shall notify the student, the ERH, and where applicable, the student's social worker or probation officer, of the availability of the exemption and whether the student qualifies for the exemption. If the Charter School fails to provide timely notice of the availability of the exemption, the Foster and Mobile Youth shall be eligible for the exemption from the additional graduation requirements once notified, even if that notification occurs after the termination of the court's jurisdiction over the student, if the foster youth otherwise qualifies for the exemption.

If a student is exempted from the Charter School's additional graduation requirements pursuant to this Policy and completes the statewide coursework requirements specified in Educational Code section 51225.3 before the end of their fourth year of high school and that student would otherwise be entitled to remain in attendance at the Charter School, the Charter School shall not require or request that the student graduate before the end of their fourth year of high school.

The Equity and Inclusion ~~Officer~~ Administrator or designee shall notify a Foster and Mobile Youth and their ERH if the Charter School grants an exemption from the additional graduation requirements, how any requirements that are waived will affect the student's ability to gain admission to a postsecondary educational institution, and shall provide information about transfer opportunities available through the California Community Colleges.

A Foster and Mobile Youth who would otherwise be entitled to remain in attendance at the Charter School shall not be required to accept the exemption from additional graduation requirements or be denied enrollment in, or the ability to complete, courses for which the student is otherwise eligible, including courses necessary to attend an institution of higher education, regardless of whether those courses are required for statewide graduation requirements.

If an eligible student is not exempted from additional graduation requirements or has previously declined the exemption pursuant to this Policy, the Charter School shall exempt the student at any time if an exemption is requested by the youth and the youth qualifies for the exemption. Likewise, if the youth is exempted, the Charter School may not revoke the exemption.

If a Foster and Mobile Youth is exempted from additional graduation requirements pursuant to this section, the exemption shall continue to apply after the termination of the court's jurisdiction over the student or after the termination of circumstances which make the Student eligible while he or she is enrolled in school or if the student transfers to another school, including a charter school, or school district.

The Charter School shall not require or request a Foster and Mobile Youth to transfer schools in order to qualify for an exemption from additional graduation requirements, and no Foster and Mobile Youth or any person acting on behalf of a Foster and Mobile Youth may request a transfer solely to qualify for an exemption from the Charter School's additional graduation requirements.

Upon making a finding that a Foster and Mobile Youth is reasonably able to complete the Charter School's graduation requirements within the student's fifth year of high school, the Equity and Inclusion ~~Officer~~ Administrator or designee shall:

1. Inform the student and the student's ERH of the student's option to remain in school for a fifth year to complete the Charter School's graduation requirements, consistent with the laws regarding continuous enrollment and satisfactory progress for Charter School students over age 19.

2. Inform the student and the student's ERH how remaining in school for a fifth year will affect the student's ability to gain admission to a postsecondary educational institution.

3. Provide information to the student about transfer opportunities available through the California Community Colleges.

4. Upon agreement with the student or, if the student is under 18 years of age, the ERH, permit the student to stay in school for a fifth year to complete the Charter School's graduation requirements.

If a juvenile court youth satisfies the requirements for high school graduation while enrolled at a juvenile court school but has elected to decline the issuance of the diploma for the purpose of taking additional coursework, the Charter School will not prevent the juvenile court youth from enrolling in the Charter School and pursuing additional coursework if requested by the youth or by the youth's ERH.

Eligibility for Extracurricular Activities

A student who is in foster care whose residence changes pursuant to a court order or decision of a child welfare worker shall be immediately deemed to meet all residency requirements for participation in interscholastic sports or other extracurricular activities.

**Waiver of Fees for Afterschool Programs**

The Charter School shall not charge any student who the Charter School knows is currently in foster care any family fees associated with an After-School Education and Safety ("ASES") Program operated by the Charter School.

**Student Records**

When the Charter School receives a transfer request and/or student records request for the educational information and records of a foster youth from a new LEA, the Charter School shall

provide these student records within two (2) business days. The Charter School shall compile the complete educational record of the student, including but not limited to a determination of seat time, full or partial credits earned, current classes and grades, immunization and other records, and, if applicable, a copy of the student's special education records including assessments, IEPs, and/or 504 plans. All requests for student records will be shared with the Foster and Mobile Youth Liaison, who shall be aware of the specific educational record keeping needs of Foster and Mobile Youth.

In accordance with the Charter School's Educational Records and Student Information Policy, under limited circumstances, the Charter School may disclose student records or personally identifiable information contained in those records to certain requesting parties including but not limited to a foster family agency and state and local authorities within a juvenile justice system, without parental consent.

**Complaints of Noncompliance**

Complaints of noncompliance with this Policy shall be governed by the Charter School's Uniform Complaint Procedures. A copy of the Uniform Complaint Policy and Procedures is available upon request.

****

**Availability of Complete Policy**
For any Foster and Mobile Youth who enrolls at the Charter School, a copy of the Charter School's complete foster youth policy shall be provided at the time of enrollment. A copy of the complete Policy is available on the school website.

## *Section 504: Policy, Procedures, and Parent Rights Regarding Identification, Evaluation, and Education*

**A. SECTION 504 POLICY**

Audeo Valley Charter School ("Charter School") recognizes the need to identify and evaluate students with disabilities in order to provide them with a free, appropriate public education and its legal responsibility to ensure that "no qualified person with a disability shall, solely by reason of their disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance." This Policy and the related administrative regulation has been developed to ensure the implementation of Section 504 of the Rehabilitation Act of 1973 ("Section 504"), and its implementing regulations as amended, which pertains to public schools. The intent is to ensure that all students with disabilities, who are eligible under Section 504, are identified and evaluated and have access to a free, appropriate public education ("FAPE").

Under Section 504, individuals with physical or mental impairments that substantially limit one or more major life activities, including learning, are entitled to receive regular or special education and/or related aids and services designed to meet their individual needs as adequately as the needs of nondisabled students are met. Major Life Activities include functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending,

speaking, breathing, learning, reading, concentrating, thinking, communicating, and working, as well as the operation of a major bodily functions, including functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions. Students may be disabled and entitled to services under Section 504 even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act Improvement Act of 2004 ("IDEA").

The Charter School's Executive Director or designee shall ensure that this policy and set of procedures is implemented and followed. Whenever there is reason to believe that, because of a disability, a student needs regular or special education and/or related aids and services (and the student has not been found eligible under IDEA) that student will be evaluated under this policy's corresponding procedures.

A Section 504 Team will be convened to determine the student's need for regular or special education and/or related aids and services. The 504 Team will include persons knowledgeable about the Section 504 standards, the student's individual needs and school history, the meaning of evaluation data, and placement options. The student's parent/guardian shall be invited to participate in this 504 Team and shall receive notice of procedural safeguards guaranteed by law.

If Charter School does not assess a student after a parent has requested an assessment, the Charter School shall provide notice of the parent's/guardian's procedural safeguards. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

If the student, due to disability, is found to require regular or special education and/or related aids and services under Section 504, the Section 504 Team shall develop a 504 plan for the provision of such services to the student. The student shall be educated with nondisabled students to the maximum extent appropriate to the student's individual needs. The student's parent/guardian shall be provided a copy of the 504 plan and shall receive notice of procedural safeguards guaranteed by law. Charter School shall periodically review the student's progress and placement.

The Charter School does not discriminate on the basis of disability or any other characteristic protected under law. Charter School will implement this policy through its corresponding procedures.

**B. SECTION 504 PROCEDURES**

**A. Definitions**

1. **Academic Setting** – the regular, educational environment operated by Charter School.
2. **Individual with a Disability under Section 504** – An individual who:

a. has a physical or mental impairment that substantially limits one or more major life activities;

b. has a record of such an impairment; or

c. is regarded as having such an impairment.

3. **Evaluation –** procedures used to determine whether a student has a disability as defined within these Procedures, and the nature and extent of the services that the student needs. The term means procedures used selectively with an individual student and does not include basic tests administered to, or procedures used with, all students in a school, grade or class.

4. **504 Plan** – is a plan developed to identify and document the student's needs for regular or special education and related aids and services for participation in educational programs, activities, and school–sponsored events.

5. **Free Appropriate Public Education ("FAPE")** – the provision of regular or special education and related aids and services that are designed to meet the individual needs of persons with disabilities as adequately as the needs of persons without disabilities are met.

6. **Major Life Activities** - Functions such as caring for oneself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, sitting, reaching, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, interacting with others, and working. A major life activity also includes the operation of a major bodily function, including but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal, and reproductive functions.

7. **Physical or Mental Impairment** –

a. Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory; including speech organs; cardiovascular; reproductive; digestive; genitor-urinary; hemic and lymphatic; skin; and endocrine; or

b. Any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

8. **504 Coordinator** – The Special Education Coordinator shall serve as the Charter School's Section 504 Coordinator. The parents or guardians may request a Section 504 due process hearing from or direct any questions or concerns to the Section 504 Coordinator at (619) 393-2270.

9. **Has a record of such an impairment** - means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

10. **Is regarded as having an impairment** - means

    a. An individual meets the requirement of 'being regarded as having such an impairment' if the individual establishes that they have been subjected to an action prohibited under this Act because of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.

    b. Being regarded as having an impairment shall not apply to impairments that are transitory and minor. A transitory impairment is an impairment with an actual or expected duration of 6 months or less.

B. **Referral, Assessment and Evaluation Procedures**

1. Charter School will evaluate any student who, because of disability, needs or is believed to need regular or special education and/or related aids and services.

2. A student may be referred by anyone, including a parent/guardian, teacher, other school employee or community agency, for consideration as to whether the student qualifies as a student with disabilities under Section 504. Requests for evaluation shall be made in writing, and a copy of said request will remain in the student's file regardless of the final determination. This referral should be made to the Section 504 Coordinator who will convene a 504 Team. Any requests made to another Charter School employee will be forwarded to the Section 504 Coordinator.

3. The Charter School has the responsibility to ensure that students with disabilities are evaluated. Therefore, it is important that students who have or may have a disability are referred to the Section 504 Coordinator so that the assessment process is initiated.

4. The 504 Team convened by the Section 504 Coordinator will be composed of the student's parents/guardians and other persons knowledgeable about the student (such as the student's regular education teachers), the student's school history, the student's individual needs (such as a person knowledgeable about the student's disabling condition), the meaning of evaluation data, the options for placement and services, and the legal requirements for least restrictive environment and comparable facilities.

5. The 504 Team shall promptly consider the referral and determine what assessments are needed in all suspected areas of disability to evaluate whether the student is a student with a disability under Section 504 and what special needs the student may have. The decision regarding what assessments shall be undertaken shall be based on a review of the student's school records (including academic, social and behavioral records), any relevant medical records, and the student's needs. Students requiring assessment shall be provided appropriate assessments administered by qualified assessment specialists.

6. The 504 Team will consider the following information in its evaluation of the student:

    a. Tests and other evaluation materials that have been validated for the specific purpose for which they are used and are administered by trained personnel;

    b. Tests and other evaluation materials including those tailored to assess specific areas of educational need and not merely those which are designed to provide a single general intelligence quotient; and

    c. Tests are selected and administered so as to best ensure that, when a test is administered to a student with impaired sensory, manual, or speaking skills, the test results accurately reflect the student's aptitude or achievement level or whatever factor the test purports to measure, rather than reflecting the student's impaired sensory, manual, or speaking skills (except where those skills are the factors that the test purports to measure.)

7. The evaluation of the student must be sufficient for the 504 Team to accurately and completely describe: (a) the nature and extent of the disabilities; (b) the student's special needs; (c) the impact upon the student's education; and (d) what regular or special education and/or related aids and services are appropriate to ensure that the student receives a free appropriate public education. All significant factors relating to the learning process for that student, including adaptive behavior and cultural and language background, must be considered. The evaluation may include, but is not limited to, classroom and playground observation, performance-based testing, academic assessment information, and data offered by the student's teachers and parent/guardian.

8. Mitigating measures cannot be considered when evaluating whether or not a student has a substantially limiting impairment. Mitigating measures could include medications, prosthetic devices, assistive devices, or learned behavioral or adaptive neurological modifications a student uses to eliminate or reduce the effects of an impairment.

9. The parents/guardians shall be given an opportunity in advance of 504 Team meetings to examine assessment results and all other relevant records.

10. If a request for evaluation is denied, the 504 Team shall inform the parents/guardians in writing of this decision and of their procedural rights as described below.

C. **504 Plan**

1. When a student is identified as having a disability within the meaning of Section 504, the 504 Team shall determine what, if any, services are needed to ensure that the student receives a FAPE.

2. The 504 Team responsible for making the placement decision shall include the parents/guardians and other persons knowledgeable about the child, the meaning of the evaluation data, and the placement options.

3. For each identified eligible student, the 504 Team will develop a 504 Plan describing the student's disability and the regular or special education and/or related aids and services needed. The Plan will specify how the special education and/or related aids and services will be provided to the eligible student and by whom. The 504 Plan will also identify the person responsible for ensuring that all the components of the Plan are implemented.

4. The student's teacher and any other staff who are to provide services to the student or who are to make modifications in the classroom for the student shall be informed of the services or modifications necessary for the student and, if appropriate, provided a copy of the 504 Plan. A copy of this plan shall be kept in the student's cumulative file in a manner that limits access to those persons involved in the 504 process and/or the provision of services and modifications.

5. The eligible student shall be placed in the regular education environment unless it is demonstrated that the student's needs cannot be met in the regular education environment with supplementary aids and services. The student shall be educated with students who are not disabled to the maximum extent appropriate to their individual needs.

6. The referral, assessment, evaluation and placement process will be completed within a reasonable time. It is generally not reasonable to exceed fifty (50) school days in completing this process.

7. The parents/guardians shall be notified in writing of the final decision concerning the student's identification as a person with disabilities, the educational program and services to be provided, if any, and of the Section 504 procedural safeguards, as described below, including the right to an impartial hearing to challenge the decision.

8. If the 504 Team determines that the student has a disability but that no special services are necessary for the student, the 504 Plan shall reflect the identification of the student as a person with a disability under Section 504 and shall state the basis for the decision that no special services are presently needed.

9. The 504 Plan shall include a schedule for annual review of the student's needs and indicate that this review may occur more frequently at the request of the parent/guardian or school staff.

10. Charter School shall immediately implement a student's prior 504 Plan, when a student enrolls at the Charter School. Within thirty (30) calendar days of starting school, Charter School shall schedule a 504 Team meeting to review the existing 504 Plan. Charter School shall request a copy of the prior 504 plan from both the prior school and the parent/guardian.

D. **Review of the Student's Progress**

1. The 504 Team shall monitor the progress of the eligible student and the effectiveness of the student's 504 Plan. According to the review schedule set out in the student's 504 Plan, the 504 Team shall annually determine whether the services and modifications are appropriate.
2. A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement.

E. **Procedural Safeguards**

1. Parents/guardians shall be notified in writing of all decisions regarding the identification, evaluation or educational placement of students with disabilities or suspected disabilities. Notifications shall include a statement of their rights to:

   - Examine relevant records
   - Have an impartial hearing with an opportunity for participation by the parents/guardians and their counsel
   - Have the right to file a Uniform Complaint pursuant to Charter School policy
   - Seek review in federal court if the parents/guardians disagree with the hearing decision.

2. Notifications shall also set forth the procedures for requesting an impartial hearing. Requests shall be made to the following:

   Kirsten Ramirez Henderson
   10170 Huennekens Street, San Diego, CA 92121
   (619)-393-2270
   khenderson@altusschools.net

   Notifications shall also advise that reimbursement for attorney's fees is available only as authorized by law.

3. The Executive Director or designee shall maintain a list of impartial hearing officers who are qualified and willing to conduct Section 504 hearings. To ensure impartiality, such officers shall not be employed by or under contract with Charter School or any district within the El Dorado Charter SELPA or the San Diego County Office of Education in any capacity other than that of hearing officer and shall not have any professional or personal involvement that would affect their impartiality or objectivity in the matter.

4. If a parent/guardian disagrees with the identification, evaluation or educational placement of a student with disabilities under Section 504, the parent/guardian may request a hearing to initiate due process procedures. The parent/guardian shall set forth in writing their request for a hearing. A request for hearing should include:
    - The specific decision or action with which the parent/guardian disagrees.
    - The changes to the 504 Plan the parent/guardian seeks.
    - Any other information the parent/guardian believes is pertinent.

5. Within five (5) calendar days of receiving the parent/guardian's request for a hearing, the Charter School may offer the parent/guardian an optional alternative dispute resolution process. However, the timeline for the hearing shall remain in effect unless it is extended by mutual written agreement of the parent/guardian and the Charter School. Alternative dispute resolution options include:
    - Mediation by a neutral third party.
    - Review of the 504 Plan by the Executive Director or designee.

6. Within ten (10) calendar days of receiving the parent/guardian's request, the Executive Director or designee shall select an impartial hearing officer. These 10 days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

7. Within thirty-five (35) calendar days of the selection of the hearing officer, the due process hearing shall be conducted. These thirty-five (35) calendar days may be extended for good cause or by mutual agreement of the parent/guardian and Executive Director.

8. The parent/guardian and the School shall be afforded the rights to:
    - Be accompanied and advised by counsel and by individuals with special knowledge or training related to the individual needs of students who are qualified as having a disability under Section 504.
    - Present written and oral evidence.
    - Question and cross-examine witnesses.
    - Receive written findings by the hearing officer.

9. The hearing officer shall issue a written decision within ten (10) calendar days of the hearing.

10. If desired, either party may seek a review of the hearing officer's decision by a federal court. The decision shall be implemented unless the decision is stayed, modified or overturned by a court.

11. Charter School shall not retaliate in any way against parents/guardians or students who exercise any rights under the procedural safeguards and/or Section 504.

F. **Suspension and Expulsion, Special Procedures for Students with Disabilities**

Charter School shall follow the suspension and expulsion policy and procedures as set forth in the charter. A student who is qualified for services under Section 504 of the Rehabilitation Act of 1973 is subject to the same grounds for disciplinary action, including suspension and expulsion, and is accorded the same due process procedures applicable to general education students except when federal and state law mandates additional or different procedures. Charter School will follow Section 504 and all applicable federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the Charter School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in accordance to due process to such students. The following procedures shall be followed when a student with a disability is considered for suspension or expulsion. These procedures will be updated if there is a change in the law.

1. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's 504 Plan; and receive, as appropriate, a functional behavioral assessment ("FBA") and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

2. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, Charter School, the parent, and relevant members of the 504 Team shall review all relevant information in the student's file, including the child's 504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the 504 Plan.

If Charter School, the parent, and relevant members of the 504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If Charter School, the parent, and relevant members of the 504 Team make the determination that the conduct was a manifestation of the child's disability, the 504 Team shall:

a. Conduct an FBA and implement a behavioral intervention plan ("BIP") for such child, provided that Charter School had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If the child has a BIP, review the BIP and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent and Charter School agree to a change of placement as part of the modification of the BIP.

If Charter School, the parent, and relevant members of the 504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a result of the failure to implement the 504 Plan, then Charter School may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

3. Appeals

The parent/guardian of a child with a disability under a 504 Plan who disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, either party may request to utilize the appeal process outlined in the Procedural Safeguards section of these Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent or Charter School , the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 U.S.C. Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, unless the parent and Charter School agree otherwise.

4. Special Circumstances

Charter School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 U.S.C. § 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 U.S.C. § 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

5. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's 504 Team.

6. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to the IDEA 2004 and who has violated Charter School 's disciplinary procedures may assert the procedural safeguards granted under these Procedures only if Charter School had knowledge that the student had a disability before the behavior occurred.

Charter School shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to School Coordinator or the Administrator for Instructional Services, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent has requested an evaluation of the child.

c. The child's teacher, or the special education teacher or the school coordinator, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the Special Education

Coordinator or to the School Coordinator or to the Administrator for Instructional Services.

If Charter School knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA 2004-eligible children with disabilities, including the right to stay-put.

If Charter School had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. Charter School shall conduct an expedited evaluation if requested by the parent/guardian; however, the student shall remain in the education placement determined by Charter School pending the results of the evaluation.

Charter School shall not be deemed to have knowledge of that the student had a disability if the parent has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

a. Inaccurate.
b. Misleading.
c. In violation of the privacy rights of the student.

Charter School will respond within thirty (30) days of the receipt of the request to amend. Charter School 's response will be in writing and if the request for amendment is denied, Charter School will set forth the reason for the denial and inform the parent or eligible student of their right to a hearing challenging the content of the education record.

If the Executive Director sustains any or all of the allegations, the Executive Director must order the correction or the removal and destruction of the information. The Executive Director or designee must then inform the parent or eligible student of the amendment in writing.

**3. Hearing to Challenge Education Record**

If Charter School denies a parent or eligible student's request to amend an education record, the parent or eligible student may, within thirty (30) days of the denial, request in writing that the parent or eligible student be given the opportunity for a hearing to challenge the content of the student's education record on the grounds that the information contained in the education record is: inaccurate, misleading, or in violation of the privacy rights of the student.

The hearing to challenge the education record shall be held within thirty (30) days of the date of the request for a hearing. Notice of the date, time and place of the hearing will be sent by Charter School to the parent or eligible student no later than twenty (20) days before the hearing.

The Administrator for Instructional Services or designee of a public school will serve as the chairman and shall not be required to use formal rules of evidence or procedure. The parent or eligible student will be given a full and fair opportunity to present evidence relevant to the issues relating to the challenge to the education record. The parent or eligible student may also, at their own expense, be assisted or represented by one or more individuals of their choice, including an attorney. The decision of the Board Chair or Executive Director or designee will be based solely on the evidence presented at the hearing and is final. Within thirty (30) days after the conclusion of the hearing, Charter School 's decision regarding the challenge will be made in writing and will include a summary of the evidence and the reasons for the decision.

If, as a result of the hearing, Charter School decides that the information is inaccurate,

misleading, or in violation of the privacy rights of the student, it will amend the record accordingly and inform the parent or eligible student of the amendment in writing.

If, as a result of the hearing, Charter School decides that the information in the education record is not inaccurate, misleading, or in violation of the privacy rights of the student, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why they disagree with the decision of Charter School, or both. If Charter School places a statement by the parent or eligible student in the education records of a student, it will maintain the statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

**Disclosure Of Education Records And Directory Information**

Charter School must have a signed and dated written consent from the parent or eligible student before releasing any non-directory information from a student's education record except as provided below. When disclosure is made pursuant to written permission, the parent or eligible student may request a copy of the disclosed records and Charter School shall provide the requestor with a copy of the records disclosed upon request. Signed and dated written consent may include a record and signature in electronic form if it identifies and authenticates a particular person as the source of the electronic consent and indicates such person's approval of the information contained in the electronic consent.

Charter School will only disclose PII on the condition that the receiving party not disclose the information to any party without the prior written consent of the parent or eligible student and that the receiving party use the information for the purposes for which the disclosure was made. This restriction does not apply to disclosures that fall within the disclosure exceptions listed below. Charter School must maintain the appropriate records related to these disclosure exceptions, as described below. Except for disclosures pursuant to a warrant, judicial order or lawfully issued subpoena, or directory information or to parents or eligible students, Charter School will inform a receiving party of the requirement that the party not disclose the information to any other party without the prior written consent of the parent or eligible student and that the receiving party use it for the purpose for which the disclosure was made. Note specifically that Charter School will not release information to third parties for immigration-enforcement purposes, except as required by law or court order.

1. Charter School will disclose education records, without prior written consent of the parent or eligible student, to the following parties:

2. School officials who have a legitimate educational interest as defined by 34 Code of Federal Regulations ("C.F.R.") Part 99;

Charter School will maintain a record of each request for access to and each disclosure of PII from the education records of each student for as long as the records are maintained. For each request, the record must include the following information: the parties who have requested or received the information and the legitimate interests the parties had in requesting or obtaining the information.

For disclosures of PII to institutions that make disclosures of the information on behalf of Charter School in accordance with 34 C.F.R. § 99.33(b), the record must include the names of the additional parties to which the receiving party may disclose the information on behalf of Charter School and the legitimate interests that each of the additional parties has in requesting or obtaining the information.

These record keeping requirements do not apply to requests from or disclosure to parents or eligible students, Charter School officials with a legitimate purpose of inspecting the records, a party with written consent from the parent or eligible student, a party seeking directory information, or a party seeking or receiving the records as directed by a court order or subpoena.

## *Professional Boundaries: Staff/Student Interaction Policy*

Audeo Valley Charter School ("Charter School") recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

**I. PURPOSE AND SCOPE**

It is the purpose of this policy to provide additional specificity to the standards of conduct embodied in the Charter School code of ethics-related rules and regulations so that staff members clearly understand the prohibitions and behavior boundaries which must govern their conduct towards students. (For purposes of this Policy, staff includes all school employees—certificated or classified; coaches or advisors; full-time or part-time, and independent contractors and volunteers).

The rules of conduct set forth in this Policy are not intended to serve as an exhaustive delineation of requirements, limitations, or prohibitions on staff conduct and activities established by this school. Rather, the components of this Policy serve to:

(1) Alert staff about some of the more sensitive and often problematic matters involved in faculty/staff student relationships.

(2) Specify boundaries related to potentially sexual situations and conduct—the crossing of which is contrary to accepted norms of behavior and in conflict with the duties and responsibilities of staff.

(3) Provide staff members with clear guidance in conducting themselves in a manner that reflects high standards of professionalism. (It is important for Charter School to maintain a school-wide culture in which students and staff understand their responsibilities to report sexual misconduct without fearing that school leaders will betray them if they do. In order to prevent sexual abuse and exploitation, students and

staff must know that the administration will investigate reports about possible misconduct.)

(4) Clarify that improper action will have significant consequences.

(5) Provide an environment that empowers students to identify actions that appear to have crossed boundaries.

(6) Define the process that Charter School will use for addressing potential improper conduct.

(7) Preserve student and staff privacy rights during any pending investigation.

## II. BACKGROUND AND GENERAL POLICY PROVISIONS

Actions by staff members that are inconsistent or in conflict with the values established by Charter School can harm students, staff members, and the school's operation; therefore, such actions are unacceptable. It is the policy of this school that all school staff conduct themselves at all times in a manner that reflects the ethical standards consistent with the rules contained in this Policy and otherwise proclaimed by this school.

The provisions herein are intended to guide all Charter School staff members toward conduct that reflects the high standards of behavior and professionalism required of school staff while defining interaction boundaries between students and staff members.

Misconduct by a staff member disrupt the education of other students, sidetrack the instructional focus of the school, and harm the school's legitimacy—all of which threaten the school's future ability to recruit skilled professionals and maintain a credible operation in the eyes of the community. Itis critical that staff members study this Policy thoroughly and behave in ways to avoid even the appearance of misconduct.

While all boundaries and/or situations cannot be addressed in a single policy, the issues delineated herein are among those that can be most problematic for staff members and among those that can have the greatest potential for a negative impact on this school and its community. Staff members should seek guidance in their daily conduct from established policies, procedures, and directives as well as through the guidance and recommendations of school leadership. Although this Policy gives specific, clear direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders.

## III. BOUNDARIES

### A. Boundaries Defined

For the purposes of this Policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of trust.

### B. Acceptable and Unacceptable Behavior

Some activities may seem innocent from a staff member's perspective, but some of these can be perceived as flirtation or sexual insinuation from a student or parent point of view. The purpose of the

following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students but to prevent relationships that could lead to, or may be perceived as, inappropriate.

Staff members must understand their own responsibilities for ensuring that they do not cross the boundaries as written in this Policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for any required disciplinary purposes. Thus, it is critical that all staff study this Policy thoroughly and apply its spirit and intent in their daily activities. Although sincere, professional interaction with students fosters the charter mission of implementing "personalized, education programs to facilitate student achievement," student/staff interaction has boundaries regarding the activities, locations, and intentions.

**Unacceptable Staff/Student Behaviors (Violations of this Policy)**

This list, and any subsequent lists, are not meant to be all-inclusive, but, rather illustrative of the types of behavior addressed by this Policy.

1. Giving gifts to an individual student that are of a personal and intimate nature.
2. Kissing of ANY kind.
3. Any type of unnecessary physical contact with a student in a private situation.
4. Intentionally being alone with a student away from the school.
5. Making, or participating in, sexually inappropriate comments.
6. Sexual jokes, or jokes/comments with sexual double-entendre.
7. Seeking emotional involvement (which can include intimate attachment) with a student beyond the normative care and concern required of an educator.
8. Listening to or telling stories that are sexually oriented.
9. Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding.
10. Becoming involved with a student so that a reasonable person may suspect inappropriate behavior.

**Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission**

1. Giving students a ride to/from school or school activities without parent permission (only in "emergency" situations).
2. Being alone in a room with a student.
3. Allowing students in your home.

**Cautionary Staff/Student Behaviors**

1. Remarks about the physical attributes or physiological development of anyone.
2. Excessive attention toward a particular student.
3. Sending e-mails, text messages, social media responses, or letters to students if the content is not about school activities.

**Acceptable and Recommended Staff/Student Behaviors**

1. Getting parents' written consent for any after-school activity on or off campus (exclusive of tutorials).
2. Obtaining formal approval (site and parental) to take students off school property for activities such as field trips or competitions.
3. E-mails, text-messages, phone conversations, and other communications to and with students must be professional and pertain to school activities or classes. (Communication should be initiated via school-based technology and equipment.)
4. Keeping reasonable space between you and your students.
5. Stopping and correcting students if they cross your own personal boundaries.
6. Keeping parents informed when a significant issue develops about a student.
7. Keeping all discussions with students professional.
8. Asking for advice from senior staff or administrators if you find yourself in a difficult situation related to boundaries.
9. Involving your supervisor if conflict arises with a student.
10. Informing your supervisor and/or Support Team (coordinators and directors) about situations that have the potential to become more severe.
11. Making detailed notes about an incident that could evolve into a more serious situation later.
12. Recognizing the responsibility to stop unacceptable behavior of students and/or co-workers.
13. Asking another staff member to be present if you will be alone with any student who may have severe social or emotional challenges (and you are not the assigned case educator).
14. Asking another staff member to be present, or within close supervisory distance, when you must be alone with a student.
15. Giving students praise and recognition without touching them in questionable areas; giving appropriate pats on the back, high-five's, and handshakes are appropriate.
16. Keeping your professional conduct a high priority during all moments of student contact.
17. Asking yourself if any of your actions which go contrary to these provisions are worth sacrificing your job and career.

**IV. CORPORAL PUNISHMENT**

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student.

For purposes of this Policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property.

For clarification purposes, the following examples are offered for direction and guidance of Charter School personnel:

A. Examples of PERMITTED actions (NOT corporal punishment)

1. Stopping a student from fighting with another student;
2. Preventing a pupil from committing an act of vandalism;
3. Defending yourself from physical injury or assault by a student;
4. Forcing a pupil to give up a weapon or dangerous object;
5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills;
6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities.

2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment;
3. Paddling, swatting slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

**V. Reporting**

When any staff member, parent, or student becomes aware of a staff member having crossed the boundaries specified in this Policy, they should report the occurrence or suspected occurrence to a supervisor and/or Support Team member promptly. All reports shall be confidential. Prompt reporting is essential to protect students, the suspected staff member, any witnesses, and the school as a whole. Staff must also report to the administration any awareness of, or concern about, student behavior that crosses boundaries, or any situation in which a student appears to be at risk for sexual abuse. Please note that employees of the Charter School are mandated reporters under California state law, and are thus legally bound to report suspected abuse or neglect of a student.

**VI. Investigating**

A supervisor and/or Support Team member will promptly investigate and document the investigation of any allegation of inappropriate conduct per this Policy, using such support staff or outside assistance as he or she deems necessary and appropriate under the circumstances. Throughout this fact-finding process, the investigating administrator, and all others privy to the investigation, shall protect the privacy interests of any affected student(s) and/or staff member(s), including any potential witnesses, to the extent practical and appropriate under the law The investigating supervisor shall promptly notify the Administrator of Instructional Services that an investigation is in progress; the Administrator of Instructional Services, in turn, shall notify the Executive Director of the existence and status of any investigations. Upon completion of any such investigations, the Administrator of Instructional Services shall direct the investigating administrator to report to the Executive Director any conclusions reached. The investigating administrator may consult with Charter School legal

counsel, as appropriate, prior to, during, and after conducting any investigation.

**VII. Consequences**

Staff members who have violated this Policy will be subject to appropriate disciplinary action, and, where appropriate, will be reported to authorities for potential legal action.

**VIII. Training**

This document shall be discussed with and acknowledged by all Charter School employees as part of their initial employment and again, on an annual basis, as part of on-going training for all Charter School employees. A copy of this acknowledgement will be placed into each Charter School employee's personnel folder. In addition, appropriate portions of this Policy and related information will be incorporated into on-going Charter School communications thrust to underscore the continuing importance that Charter School places on student/staff interaction.

# Instructional Program

Our school is accredited by the Western Association of Schools and Colleges ("WASC"). At GSS, students receive a rigorous curriculum based on the California Common Core standards. We provide University of California ("UC")

approved courses for those students planning to attend a UC or California State University ("CSU") school after the completion of high school. Additionally, we offer National Collegiate Athletics Association ("NCAA") - approved courses for students who are interested in pursuing NCAA athletic scholarships. Our "university model" is an excellent preparation for future studies.

The primary method of instruction is independent study supplemented with in-person participation at one of our Resource Centers. Each GSS Resource Center location provides a professional, quiet environment for one-on-one learning with a credentialed teacher who is available on-demand. Resource Centers are located at major retail centers or office buildings and may include work-study employment opportunities. Guest speaker events, tutoring, and field trips are also available. These activities are a required part of the curriculum and provide opportunities for basic skills development, career exploration, higher-level thinking skills, interpersonal relationship skills, and enrichment within the core curriculum. This method of instruction is very similar to university studies in which students take one course at a time and are required to take charge of their education.

Upon enrollment, a credentialed "On-Demand" teacher is assigned to each student who, in collaboration with the student and parents, assesses the student's current needs and goals and creates a plan for rapid advancement, focusing solely on one or two subjects at a time. Assigned to each student for a full year or more, the teacher supervises all subjects studied, and is personally held accountable to inspire and produce self-motivated and self-disciplined students who succeed not only academically, but also socially through teamwork and community service. As a result, On-Demand teachers adjust assignments to align with the goals and interests of the student and also personally act as necessary to ensure achievement. For example, if a student is late to an appointment, teachers contact either the student or the parents within minutes to identify and address any needs and teach accountability.

To further support students working on courses in core subject areas (English, mathematics, sciences, social science, and the fine and practical arts), additional certificated teachers with subject-matter expertise are available to students at their assigned Resource Center, via email or telephone within 24 hours.

GSS also offers a blended learning option for its students. Blended learning is a formal educational program in which a student learns at least in part through online delivery of content with some element of student control over time, place, path, and pace. This option allows students to complete the majority of their academic coursework at home.

Upon enrollment, a Pathways Personalized Education Plan ("PPEP") is prepared by a school counselor that outlines high school graduation requirements. This PPEP is delivered to the teacher. The student, parents/guardians, and teacher complete the planning with a discussion of the student's short and long-term goals, transcripts from previous schools, learning styles, current interests, academic achievement, career interests, skills development, and standardized test scores. The PPEP is reviewed and updated by the parents, student, and teacher on a regular basis throughout the student's enrollment.

Students study one or two subjects/courses at a time and are expected to complete an average of one course every three-to-four weeks. Within these parameters students can progress at an individualized pace, receiving tutoring or enrichment as needed.

GSS students earn course credits and attendance by successfully completing the prescribed lessons that demonstrate mastery of the state standards.

The student's primary academic support person for student success is the teacher. The teacher becomes fully acquainted with his/her students, their families, and other factors that affect their learning and academic success. In addition to the services provided by staff, GSS has many partnerships and alliances to provide community resources for students and their families.

### *Home/School Partnership*

The most important relationship we build is the one between the teacher, student, and the student's family. GSS encourages parent/guardian involvement through the monitoring of his/her student's regular and required attendance of Resource Center appointments, completion of high-quality work according to scheduled dates, and

attendance on testing days and field trips. With parents actively involved in their student's lives, we can create a successful learning environment.

Two-way communication between all staff and parents is a building block for student success. Teachers are available for parent-student conferences, phone calls, interventions and home visits. In addition, there are scheduled opportunities throughout the year for dialogue. These opportunities include Open House nights, master agreement signings, college information meetings, and senior meetings. A climate that continually promotes open communication and dialogue is expected and supported.

### *Parent Involvement Policy*

The Charter School aims to provide all students in our school significant opportunity to receive a fair, equitable, and high-quality education, and to close educational achievement gaps while abiding by guidelines within the Elementary and Secondary Education Act ("ESEA"). The Charter School staff recognizes a partnership with families is essential to meet this goal. Our Parent and Family Engagement Policy leverages and promotes active involvement of all families as partners with schools to ensure student success.

### *Title I Parent Involvement Policy*

Grossmont Secondary School ("Charter School") recognizes the parents/guardians are their children's first and most influential teachers and the sustained parent involvement in the education of their children contributes greatly to student achievement and a positive school environment. The Executive Director or designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in school activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

Each year the Executive Director or designee shall identify objectives of the school's parent involvement. He/she shall ensure that parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program .

The President or designee shall ensure that the parent involvement strategies are established and implemented.

The Title I Parent Involvement Policy was updated and developed in collaboration with parents of Title I students. Parents participated in the development process through surveys and meetings at the Resource Centers. The data collected from parents yielded important feedback on ways to successfully engage parents and improve the parent involvement practices. Parents expressed the following themes:

- Parents can provide input and receive communication from staff through various programs and activities.
- Parents feel involved in their child's education through various programs and activities.
- Parents report having frequent communication with instructional staff.
- Parents want to continue to access resources and trainings on how they can better support their children's achievement and performance at school and at home.
- Parents want to continue to have safe, supportive, and innovative Resource Centers.

These recommendations above are integrated throughout this Title I Parent Involvement Policy and reinforce the core belief that parents are our equal partners in ensuring the success of all students.

The Title I Parent Involvement Policy will be annually distributed to parents by including the policy in the handbook, making the policy available on the website and at the Resource Centers. This Policy describes the means for carrying out the following Title I parental involvement requirements.

**Home-School Compact**
The Home-School Compact will be distributed to parents of Title I annually. The compact, which has been jointly developed with parents, outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement. ### *Attendance, Lessons, and Course Credits*
Unlike traditional schools where attendance is measured by being physically present in a classroom, GSS measures attendance by completion of a work product, a student's average daily attendance ("ADA") is determined by the professional judgment of the teacher as it relates to the time spent on the successful completion of each lesson. Students are expected to complete an average of 12 courses every 12 months at an acceptable level of competency to demonstrate learning and proficiency of state standards. To meet this expectation at GSS, students should complete an average of 7 assignments per week and complete 1 semester course in 3-to-4 weeks.

A complete copy of GSS's Independent Study Policy is available on the school website.

### *Year-round School Year*
GSS has a year-round school year that is designed to maximize the amount of days and time that a student is able to earn credits. (See school holiday calendar on the School's website.)

### *Student Assessments*
Students at GSS are part of the public school system in the State of California. Participating in the state testing system is a requirement. All students must take state mandated assessments which include the California Assessment of Student Performance and Progress ("CAASPP"), English Language Proficiency Assessments for California ("ELPAC"), and Physical Fitness Test scheduled throughout the school year. Additionally, all students who enroll in our GSS program take the school mandated NWEA Measures of Academic Progress ("MAP"). These tests are very critical. They tell us how students are progressing in their learning.

GSS staff members are dedicated to making sure students receive the instruction they need to do well on these tests to demonstrate learning. Students are offered many opportunities for special assistance if it is needed. These opportunities include diagnostic assessment and one-to-one tutoring. Please review your student's test results and be sure he or she is working on improving his/her weak areas. It is important that we work together to help your student succeed.

If you have any questions about testing and/or a specific test you may contact your student's teacher. The table below provides basic information about the standardized tests and approximate administration dates. Additional information about state tests is posted on the California Department of Education ("CDE") website at http://www.cde.ca.gov/ta/tg.

The Involuntary Removal Notice shall include the charges against the student and an explanation of the student's basic rights including the right to request a hearing before the effective date of the action. The hearing shall be consistent with the Charter School's expulsion procedures. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes disenrolled, dismissed, transferred, or terminated, but does not include suspensions or expulsions pursuant to the Charter School's suspension and expulsion policy.

Upon parent/guardian request for a hearing, the Charter School will provide notice of hearing consistent with its expulsion hearing process, through which the student has a fair opportunity to present testimony, evidence, and

witnesses and confront and cross-examine adverse witnesses, and at which the student has the right to bring legal counsel or an advocate. The notice of hearing shall be in the native language of the student or the student's parent or guardian or, if the student is a foster child or youth or a homeless child or youth, the student's educational rights holder and shall include a copy of the Charter School's expulsion hearing process.

If the parent/guardian is nonresponsive to the Involuntary Removal Notice, the Student will be disenrolled as of the effective date set forth in the Involuntary Removal Notice. If parent/guardian requests a hearing and does not attend on the date scheduled for the hearing the Student will be disenrolled effective the date of the hearing. If as a result of the hearing the student is disenrolled, notice will be sent to the student's last known district of residence within thirty (30) days. A hearing decision not to disenroll the student does not prevent the Charter School from making a similar recommendation in the future should student truancy continue or re-occur.

pursuant to Health and Safety Code Sections 120325-120380, and Title 17, California Code of Regulations Sections 6000-6075.

**Required Immunizations, Records and Reports**
California law requires that an immunization record be presented to Charter School staff before a child can be unconditionally enrolled in school. Charter School requires written verification from a doctor or immunization clinic of the following immunizations:

Entering students who are not exempt will need the following immunization requirements:

~~California law requires proof of an immunization record from the parent or guardian indicating the student has met all the immunization requirements prior to admission to our school.~~

~~Immunization records will be required for all incoming students. Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. To ensure a safe learning environment for all students, the Charter School follows and abides by the health standards set forth by the state of California. Students will not attend school until all required records have been received. The immunization status of all students will be reviewed periodically. Those students who do not meet the State guidelines may be excluded from school until the requirements are met. Students who have been exposed to a communicable disease for which they have not been immunized may be excluded from school at the discretion of the Charter School.~~

~~These required immunizations include:~~

**Entering Kindergarten:**

1. Diphtheria, Pertussis, and Tetanus (DTaP) - Five (5) doses

One or two doses of Td vaccine given on or after the seventh birthday count towards the requirement for DTaP. Three doses of Polio are allowed if one was given on or after fourth birthday. MMR doses must be given on or after first birthday. Two doses of measles, two doses of mumps, and one dose of rubella vaccine meet the requirement, separately or combined. Combination vaccines (e.g., MMRV) meet the requirements for individual component vaccines.

**Entering 7th Grade**

1. Tetanus, reduced Diphtheria, and acellular Pertussis (Tdap) - One (1) dose

Verification of immunizations will be completed with written medical records from the child's doctor or immunization clinic. Immunization records shall be part of the mandatory permanent pupil record and shall be kept in accordance with Charter School's Educational Records and Student Information Policy. Charter School will file a written report on the immunization status of all new entrants to Charter School with the California Department of Public Health, on at least an annual basis, as required by law.

Any child leaving the United States for a short vacation to or long stay in any country considered by the Center of Disease Control and Prevention ("CDC") to have increased risk of TB exposure MUST contact the County Tuberculosis Clinic for a TB Screening upon return.

Charter School shall immediately admit a foster child, as defined in Education Code § 48853.5(a), and a homeless child, as defined in Section 11434a(2) of Title 42 of the United States Code, even if the foster or homeless child's immunization records are not available or are missing. However, this does not alter Charter School's obligation to obtain immunization records for foster and homeless students or to ensure the full immunization of foster and homeless students as required by law.

If Charter School discovers that an admitted student who was previously believed to be in compliance with the immunization requirements is subsequently discovered to not be in compliance with either the unconditional admission requirements or the conditional admission requirements, Charter School will notify the student's parent/guardian of: 1) the time period within which the doses must be received, which may be no more than ten (10) school days after notification; and 2) that the student shall continue in attendance only if the parent/guardian provides documentation that the immunization requirements have been met within the time period designated by the School. If the student does not provide documentation of having received all required immunizations within the time period designated by the School, Charter School shall exclude this student from attendance. The student shall remain excluded from Charter School until the student is fully immunized as required by law. The student shall also be reported to the School Services Coordinator.

The Executive Director, or designee, may arrange for a licensed physician or a qualified registered nurse to administer immunizations at a Charter School resource center to any student whose parent/guardian has consented in writing.

**Conditional Admittance**

Students may be conditionally admitted in accordance with Health and Safety Code Section 120340 and Title 17, California Code of Regulations Section 6035. The Executive Director or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses. The Executive Director or designee shall review the immunization record of each student admitted conditionally at least every thirty (30) days from the date of admission until that student has received all the required immunizations or submitted an exemption. If a student conditionally admitted fails to fulfill the conditions of admission, Charter School will prohibit the student from further attendance until that student has been fully immunized as required by law.

**Documentary Proof**

The Executive Director shall maintain the student's immunization information in the student's mandatory permanent record and shall file annual immunization status reports as required by the California Department of Public Health.

**Exemptions from Immunization Requirements**

All students must be fully immunized in accordance with the California Health and Safety Code, the California Code of Regulations, and this Policy with the following exceptions:

1. Students who show proof of a medical exemption by a physician licensed to practice medicine in California pursuant to Health and Safety Code Section 120370.
    a. Commencing January 1, 2021, the California Department of Public Health standardized medical exemption form shall be the only documentation of a medical exemption that the School shall accept.
    b. On and after July 1, 2021, the School shall not unconditionally admit or readmit, or admit or advance any student to 7th grade, unless the student has been fully immunized or files a California Department of Public Health standardized medical exemption form as required by law.
    c. Medical exemptions issued before January 1, 2020, will continue to remain valid until the child enrolls in the next grade span, defined below.

2. Independent study students who do not attend ANY resource center classes or activities.

    a. A student who has not received all of the required immunizations will not be eligible to attend classes at a Charter School resource center unless the student is otherwise exempt under #1 or #3.

3. Students who, prior to January 1, 2016, submitted a letter or affidavit on file at a private or public elementary or secondary school in California stating beliefs opposed to immunization, and who provides said letter or affidavit to the Charter School, shall be allowed to enroll at the Charter School without being fully immunized until the student enrolls in the next grade span pursuant to Health and Safety Code Section 120335(g).

    a. "Grade span" means each of the following:
        i. Birth to Preschool.
        ii. Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten.
        iii. Grades 7 to 12, inclusive.

If there is good cause to believe that a child has been exposed to a disease listed in subdivision (b) of Section 120335 and his or her documentary proof of immunization status does not show proof of immunization against that disease, that child may be temporarily excluded from a resource center site until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

This Policy does not prohibit a student who qualifies for an individualized education program ("IEP"), pursuant to federal law and Education Code Section 56026, from accessing any special education and related services required by the student's IEP.

~~Effective January 2016, Senate Bill 277 eliminated the option of personal belief exemptions for students in public and private schools. Students enrolled in home-based private schools and independent study program who do not receive classroom-based instruction will still need to provide immunization records to their schools before entry. All schools will still need to report to the California Department of Public Health ("CDPH")/Division of Communicable Disease Control the immunization status of all students in kindergarten and 7th grade.~~

~~GSS shall cooperate with the CDPH to prevent and control communicable disease in students. Whenever there is good reason to believe a student has a contagious disease, the parent will be contacted and the student will be sent home. The student may return when well and/or released by a physician~~.

### *Free and Reduced-Price Meals*

Pursuant to California Law, the Charter School will provide each student who meets federal eligibility criteria for free and reduced-price meals with at least one free or reduced-price, nutritionally adequate meal per each school day on which the eligible student is scheduled for two or more hours of educational activities at a school site/Resource Center, meeting space or other satellite facility operated by the Charter School.

### *Student Wellness Policy*

Grossmont Secondary School ("Charter School") adopts this policy to ensure its commitment to the optimal development of every student. Charter School believes that for students to have the opportunity to achieve personal, academic, developmental and social success, we need to create positive, safe and health-promoting learning environments at every level, in every setting, throughout the school year. This policy may be updated from time to time as required to be in compliance with state law, regulation, or administrative directive.

Research shows that two components, good nutrition and physical activity before, during and after the school day, are strongly correlated with positive student outcomes. Conversely, less-than-adequate consumption of specific foods including fruits, vegetables and dairy products, is associated with lower grades among students. In addition, students who are physically active through active transport to and from school, recess, physical activity breaks, high-quality physical education and extracurricular activities – do better academically. Finally, there is evidence that adequate hydration is associated with better cognitive performance.

This Policy outlines Charter School's approach to ensuring environments and opportunities for all students to practice healthy eating and physical activity behaviors throughout the school day while minimizing commercial distractions. Specifically, this Policy establishes goals and procedures to ensure that:

- Students in the Charter School have access to healthy foods throughout the school day—and other foods available throughout the Charter School resource centers —in accordance with Federal and state nutrition standards.
- Students receive quality nutrition education that helps them develop lifelong healthy eating behaviors.
- Students have opportunities to be physically active before, during and after the school day.
- The Charter School engages in nutrition and physical activity promotion and other activities that promote student wellness.
- Charter School staff are encouraged and supported to practice healthy nutrition and physical activity behaviors in and out of school.

- The community is engaged in supporting the work of the Charter School in creating continuity between Charter School and other settings for students and staff to practice lifelong healthy habits.
- The Charter School establishes and maintains an infrastructure for management, oversight, implementation, communication about and monitoring of this Policy and its established goals and objectives.

This Policy applies to all students, faculty, and staff in the Charter School. Specific measurable goals and outcomes are identified within each section below.

This Policy will be assessed and updated as indicated at least every three (3) years, following the triennial assessment.

**Community Involvement, Outreach and Communications**
The Charter School is committed to being responsive to community input, which begins with awareness of the Policy. Charter School will actively communicate ways in which representatives of the Charter School and others can participate in the development, implementation and periodic review and update of this Policy through a variety of means. The Charter School will also inform parents of the improvements that have been made to school meals and compliance with school meal standards, availability of child nutrition programs and how to apply, and a description of and compliance with Smart Snacks in Charter School nutrition standards.

The Charter School will use electronic mechanisms, such as email or displaying notices on the Charter School's website, as well as non-electronic mechanisms, such as newsletters, presentations to parents, or sending information home to parents, to ensure that all families are actively notified of the content of, implementation of, and updates to this Policy, as well as how to get involved and support the Policy. The Charter School will ensure that communications are culturally and linguistically appropriate to the community and accomplished through means similar to other ways that other local schools are communicating important school information with parents.

The Charter School will actively notify the public about the content of, the implementation of, and any updates to the Policy annually, at a minimum. The Charter School will also use these mechanisms to inform the community about the availability of the annual and triennial reports.

The Charter School will integrate wellness activities across the entire Charter School setting, not just in the cafeteria, other food and beverage venues and physical activity facilities. The Charter School will coordinate and integrate other initiatives related to physical activity, physical education, nutrition and other wellness components so all efforts are complementary, not duplicative, and work towards the same set of goals and objectives promoting student well-being, optimal development and strong educational outcomes.

All efforts related to obtaining federal, state or association recognition for efforts, or grants/funding opportunities for healthy school environments will be coordinated with and complementary of this Policy, including but not limited to ensuring the involvement of parents and the community.

All Charter School-sponsored events will adhere to this Policy's wellness guidelines. All Charter School-sponsored wellness events will include physical activity and healthy eating opportunities when appropriate.

**Community Partnerships**

The Charter School will continue *to* develop and enhance its *current efforts* in relationships with community partners (e.g., hospitals, universities/colleges, local businesses, SNAP-Ed providers and coordinators, etc.) in support of this Policy's implementation. Existing and new community partnerships and sponsorships will be evaluated to ensure that they are consistent with this Policy and its goals.

**Professional Learning**

When feasible, the Charter School will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom and school (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help the Charter School staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing district reform or academic improvement plans/efforts.

Students will be required to sign an Acceptable Use Agreement prior to being granted access to GSS technology.

*Student Use of Technology Policy*

New technologies are modifying the way in which information may be accessed, communicated and transferred. Those changes also alter instruction and student learning. Grossmont Secondary School ("Charter School") offers students access to technologies that may include Internet access, electronic mail, and equipment, such as computers, tablets, or other multimedia hardware. The Charter School Governing Board intends that technological

resources provided by the Charter School be used in a safe, responsible, and proper manner in support of the instructional program and for the advancement of student learning.

In that agreement, the student and the student's parent/guardian shall agree not to hold the Charter School or any Charter School staff responsible for the failure of any technology protection measures, violations of copyright restrictions, or user mistakes or negligence. They shall also agree to indemnify and hold harmless the Charter School and Charter School personnel for any damages or costs incurred.

The term "cyber sexual bullying" means the dissemination of, or the solicitation or incitement to disseminate, a photograph or other visual recording by a pupil to another pupil or to school personnel by means of an electronic act that has or can be reasonably predicted to have one or more of the effects of bullying. A photograph or other visual recording, as described above, shall include the depiction of a nude, semi-nude, or sexually explicit photograph or other visual recording of a minor where the minor is identifiable from the photograph, visual recording, or other electronic act. The term "cyber sexual bullying" does not include a depiction, portrayal, or image that has any serious literary, artistic, educational, political, or scientific value or that involves athletic events or school-sanctioned activities.

Any unauthorized online access to other computers by means of hacking into other computers, downloading hacker tools such as port scanners and password crackers designed to evade restrictions shall also be strictly prohibited.

Student use of Charter School computers to access social networking sites is not prohibited, but access is limited to educational purposes only. To the extent possible, the Executive Director or designee shall block access to such sites on Charter School computers with Internet access.

The Executive Director or designee shall oversee the maintenance of the Charter School's technological resources and may establish guidelines and limits on their use.

All employees shall comply with this policy and the Acceptable Use Agreement, in addition to any separate policies governing employee use of technology.

Student use of Charter School's computers, networks, and Internet services is a privilege, not a right. Compliance with the Charter School's policies and rules concerning computer use is mandatory. Students who violate these policies and rules may have their computer privileges limited and may be subject to discipline, including but not limited to suspension or expulsion per school policy.

## *Suspension and Expulsion Policy*

**Policy**

The Suspension and Expulsion Policy and Procedures have been established in order to promote learning and protect the safety and wellbeing of all students at Grossmont Secondary School ("GSS" or "Charter School"). In creating this policy, GSS has reviewed Education Code Section 48900 *et seq.* which describes the non-charter schools' list of offenses and procedures to establish its list of offenses and procedures for suspensions, expulsions and involuntary removal. The language that follows closely mirrors the language of Education Code Section 48900 *et seq.* GSS is committed to annual review of policies and procedures surrounding suspensions, expulsions, and involuntary removals, and, as necessary, modification of the lists of offenses for which students are subject to suspension or expulsion.

When the policy is violated, it may be necessary to suspend or expel a student from regular classroom instruction. This policy shall serve as GSS's policy and procedures for student suspension, expulsion, and involuntary removal, and it may be amended from time to time without the need to amend the charter so long as the amendments comport with legal requirements. GSS staff shall enforce disciplinary rules and procedures fairly and consistently among all students. This policy and its procedures will be printed and distributed as part of the student handbook and will clearly describe discipline expectations.

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of or willfully causing the infliction of physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to school property.

The GSS administration shall ensure that students and their parents/guardians are notified in writing upon enrollment of all discipline and involuntary removal policies and procedures. The notice shall state that this policy and procedures are available upon request at the Executive Director's office.

Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

If a student's parent, guardian, or educational rights holder requests a hearing, the Charter School shall utilize the same hearing procedures specified below for expulsions, before the effective date of the action to involuntarily remove the student. If the student's parent, guardian, or educational rights holder requests a hearing, the student shall remain enrolled and shall not be removed until the Charter School issues a final decision. As used herein, "involuntarily removed" includes

**C. Suspension Procedure**

Suspensions shall be initiated according to the following procedures:

1. Conference

Suspension shall be preceded, if possible, by a conference conducted by the Executive Director or designee with the student and his or her parent/guardian and, whenever practical, the teacher, supervisor or GSS employee who referred the student to the Executive Director or designee.

The conference may be omitted if the Executive Director or designee determines that an emergency situation exists. An "emergency situation" involves a clear and present danger to the lives, safety or health of students or GSS personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of a conference.

At the conference, the pupil shall be informed of the reason for the disciplinary action and the evidence against him or her and shall be given the opportunity to present his or her version and evidence in his or her defense, in accordance with Education Code Section 47605(c)(5)(J)(i). This conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. No penalties may be imposed on a pupil for failure of the pupil's parent or guardian to attend a conference with GSS officials. Reinstatement of the suspended pupil shall not be contingent upon attendance by the pupil's parent or guardian at the conference.

2. Notice to Parents/Guardians

At the time of the suspension, an administrator or designee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension and the date of return following suspension. This notice shall state the specific offense(s) committed by the student. In addition, the notice may also state the date and time when the student may return to school. If GSS officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may request that the parent/guardian respond to such requests without delay.

3. Suspension Time Limits/Recommendation for Expulsion

Suspensions, when not including a recommendation for expulsion, shall not exceed five (5) consecutive school days per suspension. Upon a recommendation of expulsion by the Executive Director or designee, the pupil and the pupil's guardian or representative will be invited to a conference to determine if the suspension for the pupil should be extended pending an expulsion hearing. In such instances when the Charter School has determined a suspension period shall be extended, such extension shall be made only after a conference is held with the pupil or the pupil's parents, unless the pupil and the pupil's parents fail to attend the conference.

This determination will be made by the Executive Director or designee upon either of the following: 1) the pupil's presence will be disruptive to the education process; or 2) the pupil poses a threat or danger to others. Upon either determination, the pupil's suspension will be extended pending the results of an expulsion hearing.

4. Homework Assignments During Suspension

In accordance with Education Code Section 47606.2(a), upon the request of a parent, a legal guardian or other person holding the right to make education decisions for the student, or the affected student, a teacher shall provide to a student in any of grades 1 to 12, inclusive, who has been suspended from school for two (2) or more school days, the homework that the student would otherwise have been assigned.

In accordance with Education Code Section 47606.2(b), if a homework assignment that is requested pursuant to Section 47606.2(a) and turned into the teacher by the student either upon the student's return to school from suspension or within the timeframe originally prescribed by the teacher, whichever is later, is not graded before the end of the academic term, that assignment shall not be included in the calculation of the student's overall grade in the class.

**D. Authority to Expel**

As required by Education Code Section 47605(c)(5)(J)(ii), students recommended for expulsion are entitled to a hearing adjudicated by a neutral officer to determine whether the student should be expelled. The procedures herein provide for such a hearing and the notice of said hearing, as required by law.

A student may be expelled either by the neutral and impartial Charter School Board of Directors following a hearing before it or by the Board of Directors upon the recommendation of a neutral and impartial Administrative Panel, to be assigned by the Board of Directors as needed. The Administrative Panel shall consist of at least three (3) members who are certificated and neither a teacher of the pupil or a member of the Board of Directors. Each entity shall be presided over by a designated neutral hearing chairperson. The Administrative Panel may recommend expulsion of any student found to have committed an expellable offense, and the Board of Directors shall make the final determination.

**E. Expulsion Procedures**

Students recommended for expulsion are entitled to a hearing to determine whether the student should be expelled. Unless postponed for good cause, the hearing shall be held within thirty (30) school days after the Executive Director or designee determines that the pupil has committed an expellable offense and recommends the student for expulsion.

In the event an Administrative Panel hears the case, it will make a recommendation to the Board for a final decision whether to expel. The hearing shall be held in closed session (complying with all pupil confidentiality rules under the Family Educational Rights and Privacy Act "FERPA") unless the pupil makes a written request for a public hearing in open session three (3) days prior to the date of the scheduled hearing.

Written notice of the hearing shall be forwarded to the student and the student's parent/guardian at least ten (10) calendar days before the date of the hearing. Upon mailing the notice, it shall be deemed served upon the pupil. The notice shall include:

1. The date and place of the expulsion hearing.
2. A statement of the specific facts, charges and offenses upon which the proposed expulsion is based.
3. A copy of GSS's disciplinary rules which relate to the alleged violation;
4. Notification of the student's or parent/guardian's obligation to provide information about the student's status at GSS to any other school district or school to which the student seeks enrollment.
5. The opportunity for the student and/or the student's parent/guardian to appear in person or to employ and be represented by counsel or a non-attorney advisor.
6. The right to inspect and obtain copies of all documents to be used at the hearing.
7. The opportunity to confront and question all witnesses who testify at the hearing.
8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf including witnesses.

**F. Special Procedures for Expulsion Hearings Involving Sexual Assault or Battery Offenses**

GSS may, upon a finding of good cause, determine that the disclosure of either the identity of the witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by GSS or the hearing officer. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

1. The complaining witness in any sexual assault or battery case must be provided with a copy of the applicable disciplinary rules and advised of his/her right to (a) receive five days' notice of his/her scheduled testimony, (b) have up to two (2) adult support persons of his/her choosing present in the hearing at the time he/she testifies, which may include a parent, guardian, or legal counsel, and (c) elect to have the hearing closed while testifying.

2. GSS must also provide the victim a room separate from the hearing room for the complaining witness' use prior to and during breaks in testimony.

3. At the discretion of the entity conducting the expulsion hearing, the complaining witness shall be allowed periods of relief from examination and cross-examination during which he or she may leave the hearing room.

4. The entity conducting the expulsion hearing may also arrange the seating within the hearing room to facilitate a less intimidating environment for the complaining witness.

5. The entity conducting the expulsion hearing may also limit time for taking the testimony of the complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours.

6. Prior to a complaining witness testifying, the support persons must be admonished that the hearing is confidential. Nothing in the law precludes the entity presiding over the hearing from removing a support person whom the presiding person finds is disrupting the hearing. The entity conducting the hearing may permit any one of the support persons for the complaining witness to accompany him or her to the witness stand.

7. If one or both of the support persons is also a witness, GSS must present evidence that the witness' presence is both desired by the witness and will be helpful to GSS. The person presiding over the hearing shall permit the witness to stay unless it is established that there is a substantial risk that the testimony of the complaining witness would be influenced by the support person, in which case the presiding official shall admonish the support person or persons not to prompt, sway, or influence the witness in any way. Nothing shall preclude the presiding officer from exercising his or her discretion to remove a person from the hearing whom he or she believes is prompting, swaying, or influencing the witness.

8. The testimony of the support person shall be presented before the testimony of the complaining witness and the complaining witness shall be excluded from the courtroom during that testimony.

9. Especially for charges involving sexual assault or battery, if the hearing is to be conducted in public at the request of the pupil being expelled, the complaining witness shall have the right to have his/her testimony heard in a closed session when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm. The alternative procedures may include videotaped depositions or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

10. Evidence of specific instances of a complaining witness' prior sexual conduct is presumed inadmissible and shall not be heard absent a determination by the entity conducting the hearing that extraordinary

circumstances exist requiring the evidence be heard. Before such a determination regarding extraordinary circumstances can be made, the witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

**G. Record of Hearing**

A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made.

**H. Presentation of Evidence**

While technical rules of evidence do not apply to expulsion hearings, evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. A recommendation by the Administrative Panel to expel must be supported by substantial evidence that the student committed an expellable offense. Findings of fact shall be based solely on the evidence at the hearing. While hearsay evidence is admissible, no decision to expel shall be based solely on hearsay. Sworn declarations may be admitted as testimony from witnesses of whom the Board or Administrative Panel determines that disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm.

If, due to a written request by the expelled pupil, the hearing is held at a public meeting, and the charge is committing or attempting to commit a sexual assault or committing a sexual battery as defined in Education Code Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public.

**I. Expulsion Decision**

The decision of the Administrative Panel shall be in the form of written findings of fact and a written recommendation to the Board who will make a final determination regarding the expulsion. The final decision by the Board shall be made within ten (10) school days following the conclusion of the hearing. The decision of the Board is final.

If the Administrative Panel decides not to recommend expulsion, or the Board of Directors ultimately decides not to expel, the student shall immediately be returned to his/her educational program.

The Board of Directors may also determine to suspend the enforcement of the expulsion order for a period of not more than one (1) calendar year from the date of the expulsion hearing and return the student to the student's previous educational program under a probationary status and rehabilitation plan to be determined by the Board. During the period of the suspension of the expulsion order, the student is deemed to be on probationary status. The Board of Directors may revoke the suspension of an expulsion order under this section if the student commits any of the enumerated offenses listed above or violates any of the Charter School's rules and regulations governing student conduct. If the Board revokes the suspension of an expulsion order, the student may be expelled under the terms of the original expulsion order. The Board of Directors shall apply the criteria for suspending the enforcement of the expulsion order equally to all students, including individuals with exceptional needs as defined in Education Code Section 56026. The Board of Directors shall further comply with the provisions set forth under Education Code Section 48917, except as otherwise expressly set forth herein.

**J. Written Notice to Expel**

The Executive Director or designee, following a decision of the Board to expel shall send written notice of the decision to expel, including the Board's adopted findings of fact, to the student or parent/guardian. This notice shall also include the following: a) Notice of the specific offense committed by the student; and b) Notice of the student's

or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with GSS.

The Executive Director or designee shall send a copy of the written notice of the decision to expel to the authorizer. This notice shall include the following: a) The student's name; and b) The specific expellable offense committed by the student.

**K. Disciplinary Records**

GSS shall maintain records of all student suspensions and expulsions at GSS. Such records shall be made available to the authorizer upon request.

**L. No Right to Appeal**

The pupil shall have no right of appeal from expulsion from GSS as the Board of Directors' decision to expel shall be final.

**M. Expelled Pupils/Alternative Education**

Parents/guardians of pupils who are expelled shall be responsible for seeking alternative education programs including, but not limited to, programs within the County or their school district of residence. GSS shall work cooperatively with parents/guardians as requested by parents/guardians or by the school district of residence to assist with locating alternative placements during expulsion.

**N. Rehabilitation Plans**

Students who are expelled from GSS shall be given a rehabilitation plan upon expulsion as developed by the Board at the time of the expulsion order, which may include, but is not limited to, periodic review as well as assessment at the time of review for readmission. The rehabilitation plan should include a date not later than one year from the date of expulsion when the pupil may reapply to GSS for readmission.

**O. Readmission or Admission of Previously Expelled Student**

The decision to readmit a pupil after the end of the student's expulsion term or to admit a previously expelled pupil from another school district or GSS who has not been readmitted/admitted to another school or school district after the end of the student's expulsion term, shall be in the sole discretion of the Board following a meeting with the Executive Director or designee and the pupil and parent/guardian or representative to determine whether the pupil has successfully completed the rehabilitation plan and to determine whether the pupil poses a threat to others or will be disruptive to the school environment. The Executive Director or designee shall make a recommendation to the Board of Directors following the meeting regarding the Executive Director's or designee's determination. The Board shall then make a final decision regarding readmission or admission of the student during the closed session of a public meeting, reporting out any action taken during closed session consistent with the requirements of the Brown Act. The pupil's readmission is also contingent upon GSS's capacity at the time the student seeks readmission or admission to the Charter School.

**P. Notice to Teachers**

The Charter School shall notify teachers of each student who has engaged in or is reasonably suspected to have engaged in any of the acts listed in Education Code Section 49079 and the corresponding enumerated offenses set forth above.

**R. Special Procedures for the Consideration of Suspension and Expulsion or Involuntary Removal of Students with Disabilities**

1. Notification of SELPA

GSS shall immediately notify the SELPA and coordinate the procedures in this policy with the SELPA of the discipline of any student with a disability or student that GSS or the SELPA would be deemed to have knowledge that the student had a disability.

2. Services During Suspension

Students suspended for more than ten (10) school days in a school year shall continue to receive services so as to enable the student to continue to participate in the general education curriculum, although in another setting (which could constitute a change of placement and the student's IEP would reflect this change), and to progress toward meeting the goals set out in the child's IEP/504 Plan; and receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur. These services may be provided in an interim alternative educational setting.

3. Procedural Safeguards/Manifestation Determination

Within ten (10) school days of a recommendation for expulsion or any decision to change the placement of a child with a disability because of a violation of a code of student conduct, GSS, the parent, and relevant members of the IEP/504 Team shall review all relevant information in the student's file, including the child's IEP/504 Plan, any teacher observations, and any relevant information provided by the parents to determine:

a. If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

b. If the conduct in question was the direct result of the local educational agency's failure to implement the IEP/504 Plan.

If GSS, the parent, and relevant members of the IEP/504 Team determine that either of the above is applicable for the child, the conduct shall be determined to be a manifestation of the child's disability.

If GSS, the parent, and relevant members of the IEP/504 Team make the determination that the conduct was a manifestation of the child's disability, the IEP/504 Team shall:

a. Conduct a functional behavioral assessment and implement a behavioral intervention plan for such child, provided that the GSS had not conducted such assessment prior to such determination before the behavior that resulted in a change in placement;

b. If a behavioral intervention plan has been developed, review the behavioral intervention plan if the child already has such a behavioral intervention plan, and modify it, as necessary, to address the behavior; and

c. Return the child to the placement from which the child was removed, unless the parent/guardian and GSS agree to a change of placement as part of the modification of the behavioral intervention plan.

If GSS, the parent/guardian, and relevant members of the IEP/504 team determine that the behavior was not a manifestation of the student's disability and that the conduct in question was not a direct result of the failure to implement the IEP/504 Plan, then GSS may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to students without disabilities.

4. Due Process Appeals

The parent/guardian of a child with a disability who disagrees with any decision regarding placement, or the

manifestation determination, or GSS believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, may request an expedited administrative hearing through the Special Education Unit of the Office of Administrative Hearings or by utilizing the dispute provisions of the 504 Policy and Procedures.

When an appeal relating to the placement of the student or the manifestation determination has been requested by either the parent/guardian or GSS, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer in accordance with state and federal law, including 20 USC Section 1415(k), until the expiration of the forty-five (45) day time period provided for in an interim alternative educational setting, whichever occurs first, unless the parent and GSS agree otherwise.

In accordance with 20 U.S.C. Section 1415(k)(3), if a parent/guardian disagrees with any decision regarding placement, or the manifestation determination, or if the Charter School believes that maintaining the current placement of the child is substantially likely to result in injury to the child or to others, the parent/guardian or Charter School may request a hearing.

In such an appeal, a hearing officer may: (1) return a child with a disability to the placement from which the child was removed; or (2) order a change in placement of a child with a disability to an appropriate interim alternative educational setting for not more than 45 school days if the hearing officer determines that maintaining the current placement of such child is substantially likely to result in injury to the child or to others.

5. Special Circumstances

GSS personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability who violates a code of student conduct.

The Executive Director or designee may remove a student to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability in cases where a student:

a. Carries or possesses a weapon, as defined in 18 USC 930, to or at school, on school premises, or to or at a school function;

b. Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function; or

c. Has inflicted serious bodily injury, as defined by 20 USC 1415(k)(7)(D), upon a person while at school, on school premises, or at a school function.

6. Interim Alternative Educational Setting

The student's interim alternative educational setting shall be determined by the student's IEP/504 team.

7. Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been identified as an individual with disabilities pursuant to IDEA and who has violated GSS's disciplinary procedures may assert the procedural safeguards granted under this administrative regulation only if GSS had knowledge that the student was disabled before the behavior occurred.

GSS shall be deemed to have knowledge that the student had a disability if one of the following conditions exists:

a. The parent/guardian has expressed concern in writing, or orally if the parent/guardian does not know how to write or has a disability that prevents a written statement, to GSS supervisory or administrative personnel, or to one of the child's teachers, that the student is in need of special education or related services.

b. The parent/guardian has requested an evaluation of the child.

c. The child's teacher, or other GSS personnel, has expressed specific concerns about a pattern of behavior demonstrated by the child, directly to the director of special education or to other GSS supervisory personnel.

If GSS knew or should have known the student had a disability under any of the three (3) circumstances described above, the student may assert any of the protections available to IDEA-eligible children with disabilities, including the right to stay-put.

If GSS had no basis for knowledge of the student's disability, it shall proceed with the proposed discipline. GSS shall conduct an expedited evaluation if requested by the parents; however the student shall remain in the education placement determined by GSS pending the results of the evaluation.

GSS shall not be deemed to have knowledge that the student had a disability if the parent/guardian has not allowed an evaluation, refused services, or if the student has been evaluated and determined to not be eligible.

### *Dress Code*

In order to establish and maintain a safe and productive environment, students are expected to wear appropriate clothing and footwear to Resource Centers and to field trips/school-sponsored events. Parents/guardians will be notified and students will be asked to change or sent home if they are found to be in violation of the dress code.

Dress code violations include the following:

- Pants sagging below the waist
- Swimsuits or sleepwear, including bedroom slippers
- Shorts/skirts/dresses that are above mid-thigh
- Tube tops, backless shirts, see-through garments, shirts that show the midriff, muscle tank tops, and clothing that would be considered revealing and/or a distraction to the learning environment
- Visible undergarments (including boxer shorts, bras, etc.)
- Clothing that promotes alcohol, drugs, tobacco, or other controlled substances
- Clothing that uses suggestive/vulgar/profane language and/or images
- Head coverings such as, hats, bandanas, beanies, or do-rags (note: headwear worn for religious purposes is permitted)

### *Cell Phones, Smartphones, Pagers & Other Electronic Signaling Devices Policy*

The Board of Directors recognizes the potential for cell phones, smartphones, pagers, and electronic signaling devices (hereinafter collectively referred to as "private devices") to disrupt the learning environment of Grossmont Secondary School ("Charter School"), and adopts this Policy to permit students to possess, but not use private devices while on site or at the resource center, at school-sponsored activities, or under the supervision of Charter School employees, except as otherwise provided in this Policy. Students who possess any private devices must always keep them turned off and out of view while on school grounds

or at school-sponsored activities and functions. Charter School teachers, administrators, and staff will confiscate any private devices used by a student in violation of this Policy.

All students are required to adhere to the following guidelines regarding private devices:

Private devices may be used:

- Off school site before or after school.
- Before or after any Charter School sponsored activity occurring before or after the school's instructional day.
- In the case of an emergency, or in response to a perceived threat of danger.
- When a teacher or administrator of the Charter School grants permission to a student to possess or use a private device, subject to any reasonable limitation imposed by that teacher or administrator.
- When a licensed physician and surgeon determines that the possession or use of a private device is necessary for the health or well-being of the student.
- When the possession or use of a private device is required in a student's individualized education program ("IEP").

Private devices shall be turned off and shall not be used:

- While at the resource center, including workshops, seminars, tutoring and any other school activity, which takes place during the scheduled instructional day on or off site.
- During events sponsored by the Charter School.
- On field trips or excursions sponsored by the Charter School.

Possession of private devices is a privilege, which may be forfeited by any student who fails to abide by the terms of this Policy. All Charter School employees shall remove any private device from the possession of a student found to be violating this Policy. If a private device is heard ringing, beeping, or buzzing from inside a jacket, purse, backpack, or other similar article, whether within the immediate presence of the student or not, a Charter School employee may remove the private device and confiscate the private device. Parents/guardians will be contacted to pick up any confiscated private devices at the end of the instructional time at the resource center or at the conclusion of a Charter School sponsored activity.

In addition to this Policy, all other applicable Charter School student discipline policies and rules shall apply to any student who fails to comply with the requirements of this Policy.

Students who possess any private device(s) shall assume sole responsibility for the maintenance and care of any such private device(s) in accordance with this Policy. At no time shall the Charter School be responsible for preventing theft, loss or damage to any private devices brought onto campus or at Charter School sponsored activities.

A complete copy of the Cell Phone/Electronics Policy is available for review on the school website.

### *Lost or Damaged School Property*

If a student willfully damages the Charter School's property or the personal property of a Charter School employee, or fails to return a textbook, library book, computer/tablet or other Charter School property that has been loaned to the student, the student's parents/guardians are liable for all damages caused by the student's misconduct not to exceed ten thousand dollars ($10,000), adjusted annually for inflation. After notifying the student's parent or guardian in writing of the student's alleged misconduct and affording the student due process, Charter School may withhold the student's grades, transcripts, and diploma until the damages have been paid. If the student and the student's parent/guardian are unable to pay for the damages or to return the property, Charter School will provide a

program of voluntary work for the minor in lieu of the payment of monetary damages. Upon completion of the voluntary work, the student's grades and diploma will be released.

### *Parents' Responsibilities*

- Ensure that students get to their scheduled appointment on time. If this is not possible, contact the teacher to arrange an alternate time.
- Hold high expectations for your student, regularly monitor his or her daily work.
- Support school rules and the independent study definition of attendance—students complete school work rather than spending time in the Resource Center.
- Establish a schedule with the student and provide a space for study time at home.
- Arrange for student to attend appropriate field trips and supplemental tutoring sessions.
- Meet with staff when requested, particularly during master agreement signing conferences.
- Participate in decisions related to the education of your student.
- Ensure that students are clothed properly for school and school events.

**Parents' Role in Discipline and Behavior**

Parents are expected to cooperate with Charter School staff in maintaining and encouraging proper standards of behavior for their children. The following points may prove helpful:

- Instill in your child a sense of responsibility for what he/she says and does.
- Help your child to solve conflicts in a peaceful manner.
- Review your own attitude about discipline and behavior.
- Make sure you communicate with the school to learn necessary facts and expected behavior.
- As a role model for your child, show respect for learning and the necessity for completing an education.

### *Emergency Procedures and School Safety Plan*

GSS Resource Centers have plans and preparations for major emergency situations. We believe that the reactions of people in emergencies depend largely upon their training. Our staff has been trained, and drills are held regularly to make certain that the students understand emergency procedures.

Please assure students that they are as safe at school as they are at home in a serious emergency. The safety and welfare of the students is our primary concern in the event of an emergency. Your child should be instructed to obey the directions of their teachers in general and especially in emergency situation.

GSS defines a crisis as any incident that disrupts the educational program and/or affects the emotional stability of students or staff. In the event of a crisis, such as a natural disaster, we ask the following:

- Please do not telephone the school. Telephone lines will be needed for emergency communications.
- Please do not drive to the Resource Center if possible. Streets should be as open as possible for emergency vehicles.
- Listen to your local radio station and news for information and advice.

In conjunction with the National Association for Search and Rescue, we urge every family to make home emergency plans and preparations.

If you have questions about our emergency preparedness program, please contact your teacher. A complete copy of the GSS Comprehensive School Safety Plan is available on the school website and at each Resource Center.

### *School Bus and Passenger Safety*

All students who are transported in a school bus or school student activity bus shall receive instruction in school bus emergency procedures and passenger safety as outlined in the Transportation Safety Plan.

### Transportation Safety Plan

Because Audeo Charter School II, Audeo Charter School III, Audeo Valley Charter School, Grossmont Secondary School and Sweetwater Secondary School ("CHARTER SCHOOL" or the "Charter School") provides transportation to CHARTER SCHOOL activity, the Board of Directors ("Board") approved the following transportation safety plan, which contains procedures for Charter School personnel to follow to ensure the safe transportation of students. A copy of this Plan will be kept at each CHARTER SCHOOL and will be made available upon request to an officer of the Department of the California Highway Patrol. Students shall be informed that any violation of Charter School policies and procedures, including violation of safety procedures on a school bus or school activity bus, could result in discipline pursuant to the CHARTER SCHOOL discipline policy.

**Definitions**

- "*School bus*" is any motor vehicle designed, used, or maintained for the transportation of a Charter School student at or below the grade 12 level to or from Charter School Resource Center or to and from Charter School activities. "School bus" does not include a passenger vehicle designed for and when actually carrying not more than 10 persons, including the driver, except any vehicle or truck transporting two or more students who use wheelchairs.

  "*School activity bus*" is any motor vehicle, other than the school bus, operated by a common carrier, or by and under the exclusive jurisdiction of a publicly owned or operated transit system, or by a passenger charter-party carrier, used under a contractual agreement between Charter School and carrier to transport Charter School students at or below the grade 12 level to or from a Charter School activity, or used to transport students from residential schools, when the students are received and discharged at off-highway locations where a parent or adult designated by the parent is present to accept the student or place the student on the bus.

- *"Private passenger vehicle"* is any other privately owned or leased vehicle not included in the definitions above, designed for and when not carrying more than 10 persons, and operated by a parent/guardian or staff driver to transport student to and from a Charter School activity.

**Determining Whether a Student Requires an Escort**

If the Resource Center or school activity destination is located on the opposite side of the street of the actual bus stop, then Charter School and California Vehicle Code section 22112(d) require the student to be physically escorted by the bus driver across that street and under the bus drivers' direction and supervision. The bus driver will be required to activate the school bus red flashing crossover lights and if so equipped, the stop arm, and physically get out of the bus to assist the students safely across the street. Charter School requires ALL students who cross the street, be physically escorted by the bus driver with crossover lights and signs being activated.

**Procedures for Kindergarten through Eighth Grade Students Regarding Boarding and Exiting the Bus**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of kindergarten through eighth grade students to and from the school bus. Charter School is not required to use the services of an onboard school bus monitor in addition to the driver to ensure these procedures are followed.

Boarding:

1. Students shall board or exit the school bus ONLY at their assigned bus stop or school activity destination.
2. Students shall board in an orderly manner and utilize the handrails for their safety while loading and unloading.
3. Students are to find their seat as quickly as possible and sit down facing the front of the bus.
4. Students are to remain seated at all times while the bus is in motion.
5. Students are to maintain a noise level which will allow the bus driver to hear approaching traffic.
6. Students are to follow the directions of the bus driver while they are aboard the bus.
7. Students are responsible to follow all rules and regulations.

Exiting:

1. Students shall stay seated until the bus comes to a complete stop.
2. Once the driver has stopped the bus completely and opened the door, students are to unload seat by seat starting with the front of the bus and continuing seat by seat until the bus is empty.
3. Students remaining on the bus are to remain seated until the bus stops at their assigned bus stop or school activity destination.
4. Students will unload in an orderly manner using the handrails.
5. Students shall exit the bus only at their assigned bus stop or school activity destination. Exceptions will only be allowed when the student presents the bus driver with a note signed by the student's parent and endorsed by the Executive Director.
6. Students are to move away from the bus as they unload. Students shall not get underneath the bus to retrieve a book, paper or some other article. The student should always tell the bus driver and have the bus driver get the article for them.
7. Students should always use crosswalks and controlled intersections when available and should not cross in the middle of the block.
8. Students must avoid trespassing on other people's property, stay on sidewalks when possible.

**Procedures for All Students to Follow as They Board or Exit a School Bus at CHARTER SCHOOL Resource Center or Other School Activity Location**

CHARTER SCHOOL has created the following procedures to govern the safe entry and exit of all students at Charter School Resource Center or other school activity location.

Boarding Buses at Resource Center or School Activity Location:

1. The school bus driver may not activate the flashing amber warning light system, the flashing red light signal system, and stop signal arm at any school.
2. The driver will monitor the students' entry onto the bus to ensure an orderly and safe entry for all students.
3. The group of students, along with the teacher(s) and any other adult personnel attending a school activity, shall assemble in an area away from the school bus to wait. When the students are ready to load, the Charter School staff shall inform the driver, and the driver will begin the boarding process.
4. Upon completion of the boarding process, the driver will proceed with the bus evacuation and safety presentation, described below. This shall include an explanation and demonstration of all emergency exits, first aid kids, fire extinguishers, etc.
5. Upon completion of the presentation, the driver shall have the Charter School teacher or head chaperone sign a trip sheet, acknowledging the presentation has been given. The driver will then depart when safe to do so.

Exiting Buses at School Site or School Activity Location:

1. Upon arrival at Charter School Resource Center, the driver shall take the bus to the designated student drop off area.
2. Upon reaching the designated area, the driver will park the bus and open the door when it is clear and safe to do so. The flashing red signal lights will not be activated.
3. Upon arrival at the school or school activity destination, the driver will select an area where the bus can be lawfully parked and the boarding/exiting of students can be reasonably controlled.
    a. The driver will confer with the Charter School teacher/head chaperone regarding the time and location where the group will assemble to reload the bus.
    b. When it is clear and safe to do so, the driver will have the students disembark the bus. The flashing red signal lights will not be activated.
    c. When the Charter School teacher/head chaperone has confirmed all students are accounted for, the group may proceed to the trip.
4. Students exiting the bus at either Charter School Resource Center or a school activity location should do so in an orderly, respectful, and appropriate manner, following all instructions from Charter School staff and the bus driver.

**Procedures for School Staff to Ensure a Student is Not Left Unattended on a School Bus or School Activity Bus**

CHARTER SCHOOL staff members should always be involved and active in the supervision of the loading and unloading of students at Charter School Resource Center and on activity trips to ensure no student is left unattended on the school bus or school activity bus.

To do this, CHARTER SCHOOL staff shall adhere to the following procedures:

1. Before leaving the Resource Center for a school activity, the Charter School teacher/head chaperone for the trip shall ensure they have a copy of the class roster with all student names.
2. Once the bus reaches the destination, a Charter School teacher/head chaperone shall be the first person off the bus and will note each student who exits the bus by comparing the exiting students against the class roster.
3. A Charter School staff member/chaperone shall be the last person to exit the bus at each stop to ensure no students are on left board. Before exiting the bus, the staff member/chaperone will walk up the aisle, checking each seat and area on the floor by each seat to ensure no students are present.
4. Once all students and staff/chaperones have exited the bus, but before leaving for the designated activity, the Charter School teacher/head chaperone will conduct another roll call by calling out each student's name and waiting for verbal and visual confirmation from the student of being present.
5. The Charter School teacher/head chaperone will discuss with the bus driver a way to contact each other in the event it is later discovered a student is still on the bus.

**Procedures and Standards for Designating an Adult Chaperone, Other than the Bus Driver, to Accompany Students on a School Activity Bus**

CHARTER SCHOOL shall follow its applicable policies and procedures, including its visitor and volunteer policy, for designating an adult chaperone other than the school bus driver to accompany students on a bus or a school activity bus. All appropriate background checks will be conducted on any chaperone prior to the chaperone's attending a school trip or school activity bus.

**Instruction in School Bus or School Activity Bus Emergency Procedure and Passenger Safety**

CHARTER SCHOOL shall ensure that all students who are transported in a school bus or school activity bus receive instruction in school bus emergency procedures and passenger safety.

**Instruction for Students who were not Previously Transported in a School Bus**

Upon registration, the parents/guardians of students who were not previously transported in a school bus or school activity bus and who are in kindergarten through grade 6, inclusive, shall be provided with written information on school bus safety. This information shall include, but not be limited to, the following:

1. A list of school bus stops near the student's home.
2. General rules of conduct at school bus loading zones, such as:
    a. While waiting for the school bus to arrive, students must stand single file in an orderly and well-behaved line.
    b. Students are not to play in or be in the street or private property.
    c. Students shall be on the proper side of the street before the bus arrives at the bus stop.
    d. Students should arrive at their bus stop five minutes prior to the scheduled leaving time.
    e. If the student is late and needs to cross the street that the bus is stopped on, the student must wait for the bus driver to escort the student across the street.
    f. Students should not approach the bus until it comes to a complete stop at the stop;
    g. Students should board and exit the bus in an orderly fashion, with no pushing or shoving.
    h. Students should understand the bus driver is in charge at all times, and students should follow the bus driver's directions.
    i. The driver will immediately activate the red flashing crossover lights and stop arm if so equipped.
    j. Animals, birds, reptiles, fish, insects, breakable containers, weapons, or any object or substance that could be hazardous will not be transported on the bus.
3. Red light crossing instructions, consistent with this Plan.
4. School bus danger zone(s).
5. Walking to and from school bus stops.

**Instruction for all Students Prior to Departure on School Trip**

Finally, prior to departure on a school activity trip, CHARTER SCHOOL shall provide safety instruction to all students riding in a school bus or school activity bus. This instruction shall include, but not be limited, to the following:

1. Location of emergency exits; and
2. Use of emergency equipment.
    a. Instruction may also include responsibilities of passengers seated next to an emergency exit.
3. Instruction on how to use the passenger restraint systems, including but not limited to the following:
    a. Proper fastening and release of the passenger restraint system;
    b. Acceptable placement of passenger restraint systems on students;
    c. Times when the passenger restraint systems should be fastened and released; and
    d. Acceptable placement of the passenger restraint systems when not in use.

**Operation of School Bus or School Activity Bus when Visibility Reduced to 200 Feet or Less**

Pursuant to Vehicle Code section 34501.6, CHARTER SCHOOL is required to adopt procedures that limit the operation of school buses and school activity buses when atmospheric conditions reduce visibility on the

roadway to 200 feet or less during regular home to school transportation service. Bus drivers of school activity buses shall have the authority to discontinue school activity bus operation if the driver determines that it is unsafe to continue operation because of reduced visibility.

For purposes of this Plan, the procedures for school bus drivers shall be as follows:

1. The school bus driver will notify the Executive Director that atmospheric conditions have reduced visibility to 200 feet or less.
2. The Executive Director may consult with legal counsel as needed.
3. The Executive Director may direct that school bus activity will be suspended or delayed for a minimum of one (1) hour through an indefinite suspension or delay if required by the conditions. The length of time for the suspension or delay of school bus services shall be at the discretion of the Executive Director.

**School Employees and Parent/Guardian as Chaperones and Drivers (Private Passenger Vehicles)**

As field trips and excursions are an integral part of the Charter School learning experience, parents are encouraged to participate in an assisting role with students. The Executive Director or the coordinating teacher will provide parents and guardians with specific supervisory guidelines prior to any Charter School group trip involving students. Topics to be included are safety regulations, emergency responses, and responsibilities of the parent volunteers and language or behavior requirements of all attendees.

A participating parent or guardian may be assigned to a specific group of students to supervise and will be responsible for these students at all times during the field trip or excursion. Under no circumstances will a parent or guardian consume alcohol or use controlled substances (except for medications taken under a physician's orders) during a field trip or excursion. The parent or guardian will notify the coordinating teacher, in advance of the field trip or excursion, should he/she be under a physician's orders and using medications.

Parent/guardian or staff may transport students in their private vehicles for field trips. Parents may decline permission for their child to be transported by a staff member/other parent or guardian in a private passenger vehicle, in which case that student will be responsible for his/her own transportation.

All adults taking out-of-state field trips or excursions (including athletics meets and games), and all parents or guardians of pupils taking out-of-state field trips or excursions (including athletics meets and games) are required to sign a statement waiving all claims against Charter School, its employees, and the State of California for injury, accident, illness or death occurring during or by reason of the field trip or excursion (including athletics meets and games).

At all times during the field trip or excursion, employee and volunteer drivers will use the safest mode of transportation and the safest and most direct routes of travel. If travel is not by bus, the legal occupancy limit of ten (10) occupants (including the driver) must not be exceeded, all speed notices must be strictly adhered to and students are to be seated with individual seatbelts at all times.

CHARTER SCHOOL shall take reasonable precautions to ensure that all employees and volunteers who transport students are responsible and capable operators of the vehicles to be used and ensure compliance with Driver Requirements as follows:

Employee or volunteer drivers who offer to provide transportation for a field trip or excursion (including athletics meets and games) must provide a copy of the following:

1. Proof of liability insurance for their vehicle with a minimum of $100K/$300K coverage.

2. A copy of their Driver's License and Vehicle Registration.

3. A written statement acknowledging that their insurance carrier is the primary agent responsible for insurance during the field trip or excursion.

4. A criminal background check conducted by the California Department of Justice ("DOJ"). Employees or volunteers whose DOJ report reveals a Driving Under the Influence conviction shall not be permitted to transport students or operate any vehicle on Charter School business for ten (10) years from the date of the conviction. Any employee or volunteer convicted of a felony shall not be permitted to transport Charter School students on Charter School business.

5. A Department of Motor Vehicles record. Employees or volunteers with driving records with two (2) points or more shall not be permitted to transport students or operate any vehicle for Charter School field trips and excursions.

Each of these items will be provided to the Executive Director or coordinating teacher prior to driving on a field trip or excursion.

Under no circumstances shall students transport other students.

For the employee's/volunteer's safety and that of all the students in his/her car, the following rules apply:

1. All Charter School rules apply to students in the car. Employee/volunteer drivers are free to appropriately manage student behavior as necessary to maintain safety.

2. All California driving laws must be followed including child restraint laws: no texting or distracted driving, hands-free phone use only.

3. No movies may be shown in vehicles.

4. No side trips allowed, including gasoline stops. Please be sure to have enough gas before leaving on the trip.

5. Maps and directions from the teacher/coach should be reviewed prior to leaving.

6. No purchases for students should be made on the field trip/excursion including food or treats for students in the car.

7. Call the Charter School office immediately if there is a problem.

### *Title IX, Harassment, Intimidation, Discrimination, and Bullying Policy*

Discrimination, sexual harassment, harassment, intimidation, and bullying are all disruptive behaviors, which interfere with students' ability to learn, negatively affect student engagement, diminish school safety, and contribute to a hostile school environment. As such, GSS (or "Charter School") prohibits any acts of discrimination, sexual harassment, harassment, intimidation, and bullying altogether. This policy is inclusive of instances that occur on any area of the school administrative offices, at school-sponsored events and activities, regardless of location, through school-owned technology, and through other electronic means.

As used in this policy, discrimination, sexual harassment, harassment, intimidation, and bullying are described as the intentional conduct, including verbal, physical, written communication or cyber-bullying, including cyber sexual bullying, based on the actual or perceived characteristics of mental or physical disability, sex (including pregnancy and related conditions, and parental status), sexual orientation, gender, gender identity, gender expression, immigration status, nationality (including national origin, country of origin, and citizenship), race or ethnicity (including ancestry, color, ethnic group identification, ethnic background, and traits historically associated with race, including, but not limited to, hair texture and protective hairstyles such as braids, locks, and twist), religion (including agnosticism and atheism), religious affiliation, medical condition, genetic information, marital status, age or association with a person or group with one or more of these actual or perceived characteristics or based on any other characteristic protected under applicable state or federal law or local ordinance. Hereafter, such actions are referred to as "misconduct prohibited by this Policy."

To the extent possible, the Charter School will make reasonable efforts to prevent students from being discriminated against, harassed, intimidated, and/or bullied, and will take action to investigate, respond, address and report on such behaviors in a timely manner. The Charter School faculty and staff that witness acts of misconduct prohibited by this Policy will take immediate steps to intervene when safe to do so.

Moreover, the Charter School will not condone or tolerate misconduct prohibited by this Policy by any employee, independent contractor or other person with whom the Charter School does business, or any other individual, student, or volunteer. This Policy applies to all employees, students, or volunteer actions and relationships, regardless of position or gender. The Charter School will promptly and thoroughly investigate and respond to any complaint of misconduct prohibited by this Policy in a manner that is not deliberately indifferent and will take appropriate corrective action, if warranted. GSS complies with all applicable state and federal laws and regulations and local ordinances in its investigation of and response to reports of misconduct prohibited by this Policy.

**Bullying and Cyberbullying Prevention Procedures**

GSS has adopted the following procedures for preventing acts of bullying, including cyberbullying.

1. **Cyberbullying Prevention Procedures**

   GSS advises students:
   a. To never share passwords, personal data, or private photos online.
   b. To think about what they are doing carefully before posting and by emphasizing that comments cannot be retracted once they are posted.
   c. That personal information revealed on social media can be shared with anyone including parents, teachers, administrators, and potential employers. Students should never reveal information that would make them uncomfortable if the world had access to it.
   d. To consider how it would feel receiving such comments before making comments about others online.

   GSS informs Charter School employees, students, and parents/guardians of GSS's policies regarding the use of technology in and out of the classroom. GSS encourages parents/guardians to discuss these policies with their children to ensure their children understand and comply with such policies.

2. **Education**

   GSS employees cannot always be present when bullying incidents occur, so educating students about bullying is a key prevention technique to limit bullying from happening. GSS advises students that hateful and/or demeaning behavior is inappropriate and unacceptable in our society and at GSS and encourages students to practice compassion and respect each other.

   Charter School educates students to accept all student peers regardless of protected characteristics (including but not limited to actual or perceived sexual orientation, gender identification, physical or cognitive disabilities, race, ethnicity, religion, and immigration status) and about the negative impact of bullying other students based on protected characteristics.

   GSS's bullying prevention education also discusses the differences between appropriate and inappropriate behaviors and includes sample situations to help students learn and practice appropriate behavior and to develop techniques and strategies to respond in a non-aggressive way to bullying-type behaviors. Students will also develop confidence and learn how to advocate for themselves and others, and when to go to an adult for help.

   GSS informs employees, students, and parents/guardians of this Policy and encourages parents/guardians to discuss this Policy with their children to ensure their children understand and comply with this Policy.

3. **Professional Development**

   GSS annually makes available the online training module developed by the California Department of Education pursuant Education Code section 32283.5(a) to its certificated employees and all other GSS employees who have regular interaction with students.

   GSS informs certificated employees about the common signs that a student is a target of bullying including:
   - Physical cuts or injuries

- Lost or broken personal items
- Fear of going to school/practice/games
- Loss of interest in school, activities, or friends
- Trouble sleeping or eating
- Anxious/sick/nervous behavior or distracted appearance
- Self-destructiveness or displays of odd behavior
- Decreased self-esteem

Charter School also informs certificated employees about the groups of students determined by GSS, and available research, to be at elevated risk for bullying. These groups include but are not limited to:

- Students who are lesbian, gay, bisexual, transgender, or questioning youth ("LGBTQ") and those youth perceived as LGBTQ; and
- Students with physical or learning disabilities.

GSS encourages its employees to demonstrate effective problem-solving, anger management, and self-confidence skills for GSS's students.

**Grievance Procedures**

**1. Scope of Grievance Procedures**

GSS will comply with its Uniform Complaint Procedures ("UCP") policy when investigating and responding to complaints alleging unlawful harassment, discrimination, intimidation or bullying against a protected group or on the basis of a person's association with a person or group with one or more of the protected characteristics set forth in the UCP that:

a. Are written and signed;
b. Filed by an individual who alleges that that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying, or by one who believes any specific class of individuals has been subjected to discrimination, harassment, intimidation or bullying prohibited by this part, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying; and
c. Submitted to the GSS UCP Compliance Officer not later than six (6) months from the date the alleged unlawful discrimination, harassment, intimidation or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying.

The following grievance procedures shall be utilized for reports of misconduct prohibited by this Policy that do not comply with the writing, timeline, or other formal filing requirements of a uniform complaint. For formal complaints of sexual harassment, GSS will utilize the following grievance procedures in addition to its UCP when applicable.

**2. Reporting**

All staff are expected to provide appropriate supervision to enforce standards of conduct and, if they observe or become aware of misconduct prohibited by this Policy, to intervene when safe to do so, call for assistance, and report such incidents. The Board requires staff to follow the procedures in this policy for reporting alleged acts of misconduct prohibited by this Policy.

Any student who believes they have been subject to misconduct prohibited by this Policy or has witnessed such prohibited misconduct is encouraged to immediately report such misconduct to the Coordinator:

Tim Tuter
Executive Director
858-678-2042
ttuter@altusschools.net

Complaints regarding such misconduct may also be made to the U.S. Department of Education, Office for Civil Rights. Civil law remedies, including, but not limited to, injunctions, restraining orders, or other remedies or orders may also be available to complainants.

While submission of a written report is not required, the reporting party is encouraged to submit a written report to the Coordinator. GSS will investigate and respond to all oral and written reports of misconduct prohibited by this Policy in a manner that is not deliberately indifferent. Reports may be made anonymously, but formal disciplinary action cannot be based solely on an anonymous report.

Students are expected to report all incidents of misconduct prohibited by this Policy or other verbal, or physical abuses. Any student who feels they are a target of such behavior should immediately contact a teacher, counselor, the Executive Director, Coordinator, a staff person or a family member so that the student can get assistance in resolving the issue in a manner that is consistent with this Policy.

The Charter School acknowledges and respects every individual's right to privacy. All reports shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process to the greatest extent possible. This includes keeping the identity of the reporter confidential, as appropriate, except to the extent necessary to comply with the law, carry out the investigation and/or to resolve the issue, as determined by the Coordinator or administrative designee on a case-by-case basis.

The Charter School prohibits any form of retaliation against any individual who files a report or complaint, testifies, assists, participates, or refuses to participate in any investigation or proceeding related to misconduct prohibited by this Policy. Such participation or lack of participation shall not in any way affect the status, grades, or work assignments of the individual. Individuals alleging retaliation in violation of this Policy may file a grievance using the procedures set forth in this Policy. Knowingly making false statements or knowingly submitting false information during the grievance process is prohibited and may result in disciplinary action.

All supervisors of staff will receive sexual harassment training within six (6) months of their assumption of a supervisory position and will receive further training once every two (2) years thereafter. All staff, and any individual designated as a coordinator, investigator or decision-maker will receive sexual harassment training and/or instruction concerning sexual harassment as required by law.

**3. Supportive Measures**

Upon the receipt of an informal or formal complaint of sexual harassment, the Coordinator will promptly contact the complainant to discuss the availability of supportive measures. The Coordinator will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint of sexual harassment, and explain the process for filing a formal complaint of sexual harassment.

Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint of sexual harassment or where no formal complaint of sexual harassment has been filed. Such measures are designed to restore or preserve equal access to GSS's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or GSS's educational environment, or deter sexual harassment. Supportive measures available to complainants and respondents may include but are not limited to counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. GSS will maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of GSS to provide the supportive measures.

**4. Investigation and Response**

Upon receipt of a report of misconduct prohibited by this Policy from a student, staff member, parent, volunteer, visitor or affiliate of GSS, the Coordinator (or administrative designee) will promptly initiate an investigation. In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the Coordinator (or administrative designee) determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the Coordinator (or administrative designee) will inform the complainant of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.

At the conclusion of the investigation, the Coordinator (or administrative designee) will meet with the complainant and, to the extent possible with respect to confidentiality laws, to provide the complainant with information about the investigation, including any actions necessary to resolve the incident/situation. However, the Coordinator (or administrative designee) will not reveal confidential information related to other students or employees.

For investigations of and responses to formal complaints of sexual harassment, the following grievance procedures will apply:

- Notice of the Allegations
    - Upon receipt of a formal complaint of sexual harassment, the Coordinator will give all known parties written notice of its grievance process, including any voluntary informal resolution process. The notice will include:
        - A description of the allegations of sexual harassment at issue and to the extent known, the identities of the parties involved in the incident, the conduct allegedly constituting sexual harassment, and the date and location of the alleged incident;
        - A statement that the respondent is presumed not responsible for the alleged conduct until a final decision is reached;
        - A statement that the parties may have an advisor of their choice, who may be an attorney, and may inspect and review evidence;
        - A statement that GSS prohibits an individual from knowingly making false statements or knowingly submitting false information during the grievance process.
- Emergency Removal
    - GSS may place a non-student employee respondent on administrative leave during the pendency of a formal complaint of sexual harassment grievance process in accordance with GSS's policies.
    - GSS may remove a respondent from GSS education program or activity on an emergency basis, in accordance with GSS's policies, provided that GSS undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
    - This provision may not be construed to modify any rights under the IDEA, Section 504, or the ADA.
- Informal Resolution
    - If a formal complaint of sexual harassment is filed, GSS may offer a voluntary informal resolution process, such as mediation, to the parties at any time prior to reaching a determination regarding responsibility. If GSS offers such a process, it will do the following:
        - Provide the parties with advance written notice of:
            - The allegations;
            - The requirements of the voluntary informal resolution process including the circumstances under which the parties are precluded from resuming a formal complaint of sexual harassment arising from the same allegations;
            - The parties' right to withdraw from the voluntary informal resolution process and resume the grievance process at any time prior to agreeing to a resolution; and
            - Any consequences resulting from participating in the voluntary informal resolution process, including the records that will be maintained or could be shared; and
        - Obtain the parties' advance voluntary, written consent to the informal resolution process.
    - GSS will not offer or facilitate an informal resolution process to resolve allegations that an employee sexually harassed a student.

- Investigation Process
  - The decision-maker will not be the same person(s) as the Coordinator or the investigator. GSS shall ensure that all decision-makers and investigators do not have a conflict of interest or bias for or against complainants or respondents.
  - In most cases, a thorough investigation will take no more than twenty-five (25) school days. If the investigator determines that an investigation will take longer than twenty-five (25) school days and needs to be delayed or extended due to good cause, the investigator will inform the complainant and any respondents in writing of the reasons for the delay or extension and provide an approximate date when the investigation will be complete.
  - The parties will be provided with an equal opportunity to present witnesses, to inspect and review any evidence obtained that is directly related to the allegations raised, and to have an advisor present during any investigative meeting or interview.
  - The parties will not be prohibited from discussing the allegations under investigation or to gather and present relevant evidence.
  - A party whose participation is invited or expected at an investigative meeting or interview will receive written notice of the date, time, location, participants, and purpose of the meeting or interview with sufficient time for the party to prepare to participate.
  - Prior to completion of the investigative report, GSS will send to each party and the party's advisor, if any, a copy of the evidence subject to inspection and review, and the parties will have at least ten (10) days to submit a written response for the investigator's consideration prior to the completion of the investigation report.
  - The investigator will complete an investigation report that fairly summarizes relevant evidence and send a copy of the report to each party and the party's advisor, if any, at least ten (10) days prior to the determination of responsibility.
- Dismissal of a Formal Complaint of Sexual Harassment
  - If the investigation reveals that the alleged harassment did not occur in GSS's educational program in the United States or would not constitute sexual harassment even if proved, the formal complaint with regard to that conduct must be dismissed. However, such a dismissal does not preclude action under another applicable GSS policy.
  - GSS may dismiss a formal complaint of sexual harassment if:
    - The complainant provides a written withdrawal of the complaint to the Coordinator;
    - The respondent is no longer employed or enrolled at GSS; or
    - The specific circumstances prevent GSS from gathering evidence sufficient to reach a decision on the formal complaint or the allegations therein.
  - If a formal complaint of sexual harassment or any of the claims therein are dismissed, GSS will promptly send written notice of the dismissal and the reason(s) for the dismissal simultaneously to the parties.
- Determination of Responsibility
  - The standard of evidence used to determine responsibility is the preponderance of the evidence standard.
  - GSS will send a written decision on the formal complaint to the complainant and respondent simultaneously that describes:
    - The allegations in the formal complaint of sexual harassment;
    - All procedural steps taken including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;
    - The findings of facts supporting the determination;
    - The conclusions about the application of GSS's code of conduct to the facts;
    - The decision and rationale for each allegation;
    - Any disciplinary sanctions the recipient imposes on the respondent, and whether remedies designed to restore or preserve equal access to the education program or activity will be provided to the complainant; and
    - The procedures and permissible bases for appeals.

**5. Consequences**

### *Teacher Qualifications*

Our school focuses on delivering a strong standards-based and personalized educational program. Professional development for teachers, communication with parents, and opportunities for tutoring have always been common practice at the school.

We have a rigorous selection process and we believe our teachers are outstanding. We not only hire teachers who are strong academically, we choose people:

- who will work with both the family and the student,
- who will go above and beyond in helping your child develop workplace skills like responsibility and dependability,
- who will assess your child's strengths and build on them,
- who will provide support for their areas of weakness, and
- who will help your child succeed both personally and academically.

Your child is attending a school receiving Title I federal funds through the Elementary and Secondary Education Act (ESEA). At the beginning of each school year, local educational agencies receiving Title I funds are required to notify parents whose student(s) attend a Title I school that they may request, and the agency will provide the parents on request (and in a timely manner), information regarding the professional qualifications of the student's classroom teachers, including at a minimum:

1. Whether the student's teacher:
    - Has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
    - Is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
    - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications.

Parents are invited to seek further information on their specific teacher's or paraprofessional's professional qualifications.

### *Communication*

GSS seeks to convey the most current, accurate information possible to our parents and students. This includes the use of surveys and periodic ***AlertNow*** automated messages to your contact numbers. These messages will contain timely, important information. In addition, please "Like" our Facebook page (www.facebook.com/Altus4U) to keep up-to-date on all GSS information.

**Procedures**

The following procedures shall be used to address all complaints, which allege that the Charter School has violated federal or state laws or regulations enumerated in the section "Scope", above. The compliance officer shall maintain a record of each complaint and subsequent related actions for at least three (3) calendar years.

All parties named shall be notified when a complaint is filed, when a complaint meeting or hearing is scheduled, and when a decision or ruling is made.

- **Step 1: Filing of Complaint**
  Any individual, including a person's duly authorized representative or an interested third party, public agency or organization may file a written complaint of alleged noncompliance of unlawful discrimination, harassment, intimidation or bullying pursuant to this Policy. A complaint of unlawful discrimination, harassment, intimidation or bullying may be filed by an individual who alleges that individual has personally suffered unlawful discrimination, harassment, intimidation or bullying or by one who believes any specific class of individuals has been subjected to unlawful discrimination, harassment, intimidation or bullying, or by a duly authorized representative who alleges that an individual student has been subjected to discrimination, harassment, intimidation, or bullying. An investigation of alleged unlawful discrimination, harassment, intimidation or bullying shall be initiated by filing a complaint no later than six (6) months from the date the alleged discrimination, harassment, intimidation or bullying occurred, or the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation or bullying unless the time for filing is extended by the CBO or designee, upon written request by the complainant setting forth the reasons for the extension. Such extension by the CBO or designee shall be made in writing. The period for filing may be extended by the CBO or designee for good cause for a period not to exceed ninety (90) calendar days following the expiration of the six-month time period. The School Coordinator shall respond immediately upon a receipt of a request for extension.

  All other complaints under this Policy shall be filed not later than one (1) year from the date the alleged violation occurred. For complaints relating to the LCAP, the date of the alleged violation is the date on which the Audeo Board of Directors approved the LCAP or the annual update was adopted by the Audeo.

  The complaint shall be presented to the compliance officer who shall maintain a log of complaints received, providing each with a code number and date stamp.

  Complaints filed pursuant to this Policy must be in writing and signed. A signature may be handwritten, typed (including in an email) or electronically generated. Only complaints regarding pupil fees or LCAP compliance may be filed anonymously as set forth in this Policy. If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, the Charter School staff shall assist the complainant in the filing of the complaint.

- **Step 2: Mediation**
  Within three (3) business days of receiving the complaint, the compliance officer may informally discuss with the complainant the possibility of using mediation. If the complainant agrees to mediation, the compliance officer shall make arrangements for this process.

  Before initiating the mediation of an unlawful discrimination, harassment, intimidation or bullying complaint, the compliance officer shall ensure that all parties agree to make the mediator a party to related confidential information.

  If the mediation process does not resolve the complaint to the satisfaction of the complainant, the compliance officer shall proceed with the investigation of the complaint.

  The use of mediation shall not extend the Charter School's timelines for investigating and resolving the complaint unless the complainant agrees in writing to such an extension of time.

- **Step 3: Investigation of Complaint**

The compliance officer is encouraged to hold an investigative meeting within five (5) business days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or the complainant's representative to repeat the complaint orally.

The complainant and/or the complainant's representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint.
A complainant's refusal to provide the compliance officer with documents or other evidence related to the allegations in the complaint, or complainant's failure or refusal to cooperate in the investigation or the complainant's engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation.

The Charter School's refusal to provide the compliance officer with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

- **Final Written Decision**
  Audeo shall issue an investigation report (the "Decision) based on the evidence. Audeo's decision shall be in writing and sent to the complainant within sixty (60) calendar days of Audeo's receipt unless the timeframe is extended with the written agreement of the complainant. Audeo's Decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

  The Decision shall include:
  1. The findings of fact based on evidence gathered.
  2. The conclusion providing a clear determination for each allegation as to whether Audeo is in compliance with the relevant law.
  3. Corrective actions, if Audeo finds merit in the complaint and any are warranted or required by law.
  4. Notice of the complainant's right to appeal Audeo's decision within thirty (30) calendar days to the CDE, except when Audeo has used its UCP to address complaints that are not subject to the UCP requirements
  5. Procedures to be followed for initiating such an appeal.

If an employee is disciplined as a result of the complaint, the Decision shall simply state that effective action was taken and that the employee was informed of the Charter School's expectations. The Decision shall not give any further information as to the nature of the disciplinary action except as required by applicable law.

**Appeals to the California Department of Education**

If dissatisfied with the Decision, the complainant may appeal in writing to the CDE within thirty (30) days of receiving the Decision. The appeal shall be accompanied by a copy of the complaint filed with Audeo and a copy of the Decision. When appealing to the CDE, the complainant must specify and explain the basis for the appeal, including at least one of the following:

1. Audeo failed to follow its complaint procedures.
2. Relative to all allegations of the complaint, Audeo's Decision lacks material findings of fact necessary to reach a conclusion of law.
3. The material findings of fact in Audeo's Decision are not supported by substantial evidence.

4. The legal conclusion in Audeo's Decision is inconsistent with the law.

5. In a case in which Audeo's Decision found noncompliance, the corrective actions fail to provide a proper remedy.

Upon notification by the CDE, that the complainant has appealed the Decision, the CBO or designee shall forward the following documents to the CDE within ten (10) calendar days of the date of notification:

1. A copy of the original complaint.

2. A copy of the Decision.

3. A copy of the investigation file, including but not limited to all notes, interviews, and documents submitted by the parties or gathered by the investigator.

4. A report of any action taken to resolve the complaint.

5. A copy of the Charter School's complaint procedures.

6. Other relevant information requested by the CDE.

If the CDE determines the appeal raises issues not contained in the local complaint, the CDE will refer those new issues back to Audeo for resolution as a new complaint. If the CDE notifies the Charter School that its Decision failed to address an allegation raised by the complaint and subject to the UCP process, the Charter School will investigate and address such allegation(s) in accordance with the UCP requirements and provide the CDE and the appellant with an amended Decision addressing such allegation(s) within twenty (20) calendar days of the CDE's notification. The amended Decision will inform the appellant of the right to separately appeal the amended Decision with respect to the complaint allegation(s) not addressed in the original Decision.

Within thirty (30) calendar days of the date of the CDE's appeal Decision pursuant to 5 C.C.R. section 4633(f)(2) or (3), either party may request reconsideration by the State Superintendent of Public Instruction ("SSPI") or the SSPI's designee. The request for reconsideration shall specify and explain the reason(s) for contesting the findings of fact, conclusion of law, or corrective actions in the CDE's appeal Decision. The SSPI will not consider any information not previously submitted to the CDE by a party during the appeal unless such information was unknown to the party at the time of the appeal and, with due diligence, could not have become known to the party. Pending the SSPI's response to a request for reconsideration, the CDE appeal Decisions remains in effect and enforceable, unless stayed by a court.

The CDE may directly intervene in the complaint without waiting for action by the Charter School when one of the conditions listed in C.C.R. section 4650 exists, including but not limited to cases in which through no fault of the complainant, Charter School has not taken action within sixty (60) calendar days of the date of the complaint was filed with the Charter School.

**Civil Law Remedies**

A complainant may pursue available civil law remedies outside of the Charter School's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For unlawful discrimination, complaints arising under state law, however, a complainant must wait until sixty (60) calendar days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the Charter School has appropriately, and in a timely manner, apprised the complainant of their right to file a complaint.

A copy of the UCP shall be available upon request free of charge on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the UCP, please contact the Executive Director.
