HRS Galactic Gala & Auction

Welcome!

This Style Guide for the 2025 Galactic Gala & Auction offers outfit inspiration for our sixties space-age celebration.

If you plan on attending and prefer to dress on theme, we've gathered some fun options inspired by 1960s fashion – from everyday wear to more galactic gear.

Themed dress is always fun, but never required. Feel free to draw ideas from the Mod Squad, Mad Men, or Mission Control – or just wear your favorite cocktail attire!

Make like a mod, do a Don Draper, or go Woodstock-wild – the 60s broke all the rules!

Embrace bold colors and patterns in roll-neck sweaters, polos, and skinny knit ties – or go for the trim, narrow-lapeled suits of Madison Avenue.

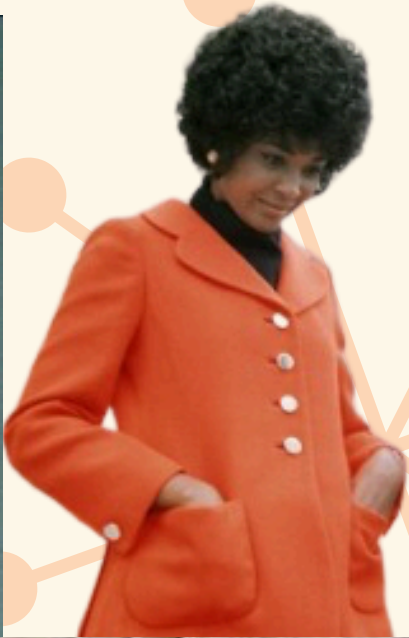

Make a statement with bold colors, geometric shift dresses, mini-skirts, and bright tights! Go-go boots and statement earrings optional.

Ready to go intergalactic with a cosmic costume? Come as a mysterious Martian, a member of the Jetson family, a space-suited astronaut, or a futuristic robot—the galaxy's the limit.

For a classic mod makeup look, try a light eyeshadow over the lid with a deep crease line drawn above your natural crease with black liner. Add dramatic winged liner - the more angular, the better! Loads of mascara or false lashes pull it all together.
