## Student Responses

On a scale from 1-10, how much do you want to be in the AVID program (a one is "not at all" and a ten means that you have a great desire to be a part of the program).

What is the most difficult class you have right now? Why?

What is the easiest class that you have right now? Why?

Are you involved in any extracurricular activities (sports/clubs)? If yes, please list them and the time commitment each has on a nightly/weekly basis.

Do you want to become involved in any extracurricular activities at Cerro Villa Middle School? If yes, please list.

Will you be the first in your family to attend college? If not please list all family members that have graduated from college.

I understand that AVID is a college preparatory class which prepares students for high school and college. I understand that AVID students are placed in one or more honors-level classes and are required to take additional Cornell Notes weekly. The students must also participate in two weekly tutorials. I understand that AVID requires a considerable commitment from both the student and the parent/guardians in order to be successful.
