2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Rossmoor Elementary is proud to be a three-time National Blue Ribbon, seven time California Distinguished, as well as a Gold Ribbon School. What makes Rossmoor so special is our community which is comprised of our dedicated staff, supportive parents, and community members that work harmoniously to nurture the growth of our students. Together we provide a strong foundation to support the academic, social and emotional well-being of our students so that they can grow and develop the necessary skills needed to be successful in our 21st century global society. Our students are continuously exposed to classroom practices and opportunities around critical thinking, communication, collaboration, creativity and innovation.

2024-25 School Description and Mission Statement

Our school goals that support our mission are determined by a variety of factors. This includes our District Priority Goals, reviewing student progress through a variety of assessments (state mandated assessments, district benchmarks, and our Fountas and Pinnell reading assessments). We ensure our teachers continuously receive outstanding professional development to support the following District Signature Practices:

- We have a balanced literacy program- Reading Foundations of the Common Core (RFCC), language wall, integrating phonics and decoding, in order to meet our students needs and develop reading comprehension. Our teachers utilize Junior Great Books, HMH and Thinking Maps.
- All our teachers are utilizing Cognitively Guided Instruction (CGI) strategies for teaching number sense and conceptual math and to develop strong problem solving skills.
- Another way we support our students growth and inquiry is through Science Technology Engineering and Mathematics through our STEM Lab where they receive instruction supported by NGSS. They are also exposed to technology instruction to prepare them to succeed in our 21st century learning. Our TK-1st grade have access to iPads, and our 2nd -5th grades have 1:1 Chromebooks. Our families can also participate in bring your own device program starting in 2nd grade.

Here at Rossmoor Elementary there are so many opportunities for magic and dreams to come true daily! The dedicated staff believes that ALL children can learn and succeed. Our teachers are well-versed in our District Signature Practices and provide our Knights with rigorous academic experiences that help them grow, be challenged and discover their individual strengths. As you enter our campus one can see and feel the magic that takes place. Our Knights are eager to learn, excited to be challenged, and regularly set goals that they work to accomplish!

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

2024-25 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Los Alamitos Unified School District sets a high priority upon ensuring that high quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Los Alamitos Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with California Standards for the Common Core. Under California law, the State Board of Education reviews K-8 textbooks and other instructional materials and then adopts those meeting specific quality standards. In the Los Alamitos Unified School District, textbooks considered for adoption are carefully reviewed by a committee of teachers and administrators. The most promising programs are piloted using established criteria and guidelines. The recommended books are then approved by the Los Alamitos Unified School District Board of Education. To receive State instructional funds, the Los Alamitos Unified School District ensures that it has fully complied with the requirements of Education Code Section 60119. The District has also conducted an annual public hearing ensuring the sufficiency of instructional materials. Each school site maintains a library/media center which is supported by District.

School Facility Conditions and Planned Improvements

The Los Alamitos Unified School District has always emphasized the importance of a clean and safe environment for learning. The environment of each campus is a matter of pride for students, staff and parents. Several schools have planted individual gardens, organized workrooms, and planned workdays for students and parents to enhance the facility. To insure that our facilities are in good repair condition, custodians at each site perform monthly inspections and the District maintenance crew places safety as the number one priority. Rossmoor Elementary was built in 1959. Overall the school is in good condition. It is clean and well maintained. Voters within the District boundaries approved a local bond in 2008. Due to the passage of the Measure K Bond in 2008, all school sites within the District were modernized. The modernization work included the installation of new roofs, electrical, HVAC, plumbing, fire alarm and data systems. The doors, windows and flooring were replaced along with all new restroom fixtures. The modernization of Rossmoor Elementary School was completed in September of 2012. Additional information about the condition of the school's facilities may be obtained by speaking with the school site principal. Summer 2019 a new kindergarten playground was installed in the kindergarten yard. The Rossmoor PTA has worked with our Master Gardeners to create a new school garden that all Knights visit and teachers use to enhance their lessons. In the school year of 2021, our site received additional shade structures and tables to allow for more outside learning opportunities. In 2022 we also had solar panels added to our playground areas as well. In addition, many cameras have been added on campus as well to increase visibility and safety measures and are referred to if ever needed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2022-23	School 2023-24	District 2022-23	District 2023-24	State 2022-23	State 2023-24

Mathematics (grades 3-8 and 11)	77	78	66	65	34	35

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated in a science assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2023-24 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT requires only participation results for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

The Rossmoor School staff is fortunate to have a strong and supportive parent and larger community that assists and supports with the instruction of quality education for our students. There are multiple opportunities for parents to be involved. Hundreds of parents and community volunteers assist the staff in supporting learning for all students. Volunteers support the front office, work in the classrooms, participate on field trips, support individual and small groups of students, organize and participate in assemblies, work in the media center, organize fundraisers and so much more. Our Rossmoor Parent Teacher Association (PTA) and Friends of Rossmoor (FOR) parent groups are involved with providing significant instructional support and financial support for the student curriculum and learning programs. Both PTA and Friends of Rossmoor support ongoing technology advances in the classroom as well as exposure to science and art enrichment activities. Rossmoor's House System is a school-wide system where each student and staff member is sorted into one of our Knight's houses (Lancelot, Galahad, Gawain and Percival). Parents can support by assisting their children in our community service projects that our houses are involved in throughout the school year. Our House system provides opportunities for a variety of stakeholders to build positive connections and relationships with teachers and their big and little buddies. In addition, Rossmoor has long term relationships with small businesses in Los Alamitos and Seal Beach. Parents can, and do continually work with us to identify new businesses and other sources of support for Rossmoor. For more information about opportunities for parent involvement at Rossmoor, community members are encouraged to contact our school office and visit our website at www.losal.org/rossmoor.

What makes Rossmoor so special is our community which is comprised of our dedicated staff, supportive parents, and community members that work harmoniously to nurture the growth of our students. Together we provide a strong foundation to support the academic, social and emotional well-being of our students so that they can grow and develop the necessary skills needed to be successful in our 21st century global society. Our students are continuously exposed to classroom practices and opportunities around critical thinking, communication, collaboration, creativity and innovation.

The Los Alamitos USD Educational Foundation (LAEF) is a community-based, non-profit organization which was formed in 1985. It consists of supportive community members working together to raise money to maintain and improve the quality of the schools of the Los Alamitos Unified School District. The Foundation has a commitment of fundraising for STEAM initiatives.

2024-25 School Safety Plan

Each site has a Comprehensive School Safety Plan, an Emergency Preparedness Plan, and a Crisis Intervention Plan. These three documents cover all aspects of campus safety. The plans are on file and available to all parents as well as the general public. The CSSP is reviewed and updated on an annual basis by the School Site Council and subsequently Board Approved. The CSSP is also on file at the Orange County Department of Education. The goal is to ensure a healthy, safe and drug-free environment on all Los Alamitos Unified School District campuses.

Each month our site participates in safety drills. We rotate through earthquake drill, fire drill, violent intruder, and lock down drills. These monthly opportunities allow for staff and students to prepare for an emergency event while on site. They also allow for staff to review and fine-tune ways in which we can continuously improve our safety practices.

Professional Development

The primary areas of focus for staff development are the District's Signature Practices: Cognitively Guided Instruction (CGI), Reading Foundations for the Common Core (RFCC), Thinking Maps and our HMH Into reading curriculum. Student data is collected via District benchmarks and various formal assessments, such as CAASPP and Fountas and Pinnel Leveled Reading Assessments, to determine instructional needs for teachers. The District provides annual training to ensure accurate calibration in the administration of reading and mathematics assessments in order to assess site vs. district-wide areas of concerns.

Professional development is delivered by way of release time for teachers in the all of the Signature Practices. Teachers new to the Los Alamitos Unified School District are placed on a five-year professional development plan. Teachers are placed into cohorts according to the number of years with the District and attend professional development sessions. Teachers are also released to attend pre-approved workshops and conferences with the expectation of disseminating their findings by way of instructional networking. The District also provides content specific training when needed by departments or grade level teams.

Teachers are supported through on-going, in-class coaching by District TOSAs. Site administrators provide regular, ongoing feedback by conducting classroom observations, setting individual goals for teachers, and by providing time for teachers to collaborate and review data within grade level teams, subject teams and departments. Teachers are provided opportunities to participate in instructional networking where teachers observe other teachers and debrief on the instructional strategies employed within the lesson. The practice of instructional networking is cross-curricular and non-evaluative.
