What's New?

We are excited for all the great updates that have come to fruition this year, and for all those happening soon! After years of fundraising and extensive research, the PTA has finally been able to fund much needed playground upgrades with new swing sets and flooring on more playgrounds; with updates to the basketball goals happening very soon!!

Indoors also got some new life to spruce the place up, in the form of new murals to showcase our school pride! We can't wait to share our upcoming landscape & picnic area projects with you very soon!

Beach~♥
