

February

First-grade Newsletter

LITERACY

Students will read texts about historical events and people to understand how the past affects the present and the future. They will also read texts about inventors and their inventions to understand how technology works.

MATH

Students will use the number line to determine unknown values and to explore addition and subtraction. They will be skip-counting in multiples of 5 and 10. Students will also use tools and models to explore 2D and 3D shapes.

SOCIAL STUDIES

We will focus on timelines and mapping. Students will use location words to describe where something is. Students will draw and interpret maps.
