Weslaco Independent School District

Central Middle School

2024-2025 Campus Improvement Plan

Mission Statement

At Central Middle School, we're all about creating a vibrant, safe, and nurturing environment where every student can soar to success! We believe in the amazing potential of every learner and harness the power of innovation and technology to prepare for an ever-changing world. Our dedicated staff strives for excellence every day, and we actively encourage parents to join us in this exciting journey. Together, we empower and prepare our students for a bright and successful future!

Vision

Central Middle School is where dreams take flight! We empower our students to achieve greatness, become 21st-century critical thinkers, and thrive in a safe, inclusive environment. We embrace the belief that all students can learn and grow, unlocking their fullest potential. Let's create a future full of possibilities!

Comprehensive Needs Assessment

Demographics

Demographics Summary

Central Middle School is located in Weslaco, Texas. Central Middle School serves 6th-8th grade level students; the breakdown by grade level is as follows:

6th grade-339 students

7th grade-386 students

8th grade-360 students

Total Number of Students: 1085

1070 students (97%) are Hispanic

28 students (3%) are White

1 student is African American

4 students are Asian

1 student is Indian

Central Middle School serves the following special populations:

175 students (16%) are Emergent Bilingual

139 students (13%) are Special Education

114 students (11%) are Gifted and Talented

10 students are Migrants

According to the latest TAPR report, Central Middle School has 80 staff members, 90 professional staff members, 60 teachers, and 9 professional aides. 50% of the teachers have more than 10 years experience and the average years of experience for the campus is at 11.6 years.

Demographics Strengths

- In 2016-17 and in 2017-2018 school years, Central Middle School earned 7 out of 7 academic distinctions in the following areas: reading, social studies, math, science, top 25% student progress, top 25% closing performance gaps and post secondary readiness.
- In 2018-19 school year, Central Middle School earned 5 out of 7 academic distinctions in the following areas: reading, science, math, social studies and postsecondary readiness.
- In the 2021-2022 school year Central Middle School earned 5 out of 7 academic distinctions in the following areas: Academic Achievement in Mathematics, Academic Achievement in Science, Comparative Academic Growth, Comparative Closing the Gaps, and Postsecondary Readiness.
- 2022-2023 ratings are not available due to COVID.
- 2023-2024 ratings are unavailable due to TEA being in litigation. According to calculations by WISD Central Office, Central Middle School is predicted to receive an A rating in accountability.

Student Achievement

Student Achievement Summary

Central Middle School is focused on providing every student with a rigorous and relevant education which aims to develop critical-thinking skills and enables all students to become active participants in their own learning through student-centered instruction.

Central Middle School received a score of a 91, Overall A Rating for accountability.

Student Achievement Strengths

Central Middle School received the Texas Education Agency's overall accountability rating of an A, 91%. Central Middle School is the top middle school in Weslaco ISD.

District Culture and Climate

District Culture and Climate Summary

In the fine arts department, Central Middle School offers band, orchestra, choir, folkloric dance, art and theatre arts classes. Central Middle School students can compete in UIL events based on either academic and athletic programs. Students may participate in advanced academic classes such as Digital Design, Digital Communication, Digital Arts and Animation, English I, and Algebra I if they meet the criteria. Eighth grade students can also take Spanish I and earn high school credit. The following sports are offered to 7th and 8th grade students: soccer, basketball, volleyball, softball, baseball, football, tennis, swimming, and golf.

Central Middle School students are scheduled into four core area and two elective classes. Core classes are 90 minutes in length and elective classes are 45 minutes in length. The core subject area teachers meet twice a week for department planning staff development and twice a month for a technology staff development. Each teacher also has a conference period that is utilized to work on lesson and assessment design, analyze data, examine instructional strategies to improve student performance. Central Middle School teachers use a wide array of technology in the classroom. Our campus is one to one campus, providing every student with a Chromebook to enhance learning. Students are able to bring and utilize their own electronic devices. They are able to access the Internet throughout the building. Classroom teachers are able to determine the use of the student devices in their classrooms. Technology found at Central Middle School include teacher-issued laptops, desktops for classroom, Chrome books for staff and student use. Central Middle School has three Instructional Coaches that provides technology support and technology staff development.

District Culture and Climate Strengths

- Core teachers meet in grade level meetings once a week to plan and develop common formative and summative assessments, lesson design, interventions and data analysis.
- Teachers implement best practice instructional strategies to increase student engagement.
- Teachers compile data binders to increase student performance.
- Teachers and students have a wide array of technology available.

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention Summary

All teachers are highly qualified and meet TEA state requirements.

Staff Quality, Recruitment, and Retention Strengths

Staff is satisfied, low turnover rates.

Curriculum, Instruction, and Assessment

Curriculum, Instruction, and Assessment Summary

- 1: TEKS Alignment: Check if lessons plans & lessons match the TEKS standards.
- 2: Scope and Sequence: Check to ensure they match using TEKS Resources YAG-6 Weeks.
- 3: Clear Objectives: Make sure each lesson clearly states what students should learn.
- 4: Aligned Assessments: Confirm tests and quizzes match what TEKS expects students to know.
- 5: Student Work Samples: Analyze for TEKS mastery.
- 6: Professional Learning Communities (PLCs): Collaborate on TEKS alignment.
- 7: Student Understanding: Look at student work to see if they grasp the concepts being taught.

Family and Community Engagement

Family and Community Engagement Summary

School compact policy parent meeting- establishes parents expectations to hold parents involved and accountable at the beginning of the year.

Parent engagement department provides uniforms McKinney Vento act provides homeless students with school supplies, clothes, utility bills, etc School hosts events for parents to participate with their students such as band banquet, etc.

Technology

Technology Summary

Teachers have district-issued laptops, and projectors, and core teachers have Chromebook carts in the classroom. CTE teachers have clear touch screen computers. We have technology tech days to help teachers with the new programs that will help in the core subjects.

Technology Strengths

We have technology tech days to help teachers with the new programs that will help in the core subjects.

Demographics

Demographics Summary

Central Middle School is located in Weslaco, Texas. Central Middle School serves 6th-8th grade level students; the breakdown by grade level is as follows:

6th grade-339 students

7th grade-386 students

8th grade-360 students

Total Number of Students: 1085

1070 students (97%) are Hispanic

28 students (3%) are White

1 student is African American

4 students are Asian

1 student is Indian

Central Middle School serves the following special populations:

175 students (16%) are Emergent Bilingual

139 students (13%) are Special Education

114 students (11%) are Gifted and Talented

According to the latest TAPR report, Central Middle School has 80 staff members, 90 professional staff members, 60 teachers, and 9 professional aides. 50% of the teachers have more than 10 years experience and the average year.

Demographics Strengths

- In 2016-17 and in 2017-2018 school years, Central Middle School earned 7 out of 7 academic distinctions in the following areas: reading, social studies, math, science, top 25% student progress, top 25% closing performance gaps and post secondary readiness.
- In 2018-19 school year, Central Middle School earned 5 out of 7 academic distinctions in the following areas: reading, science, math, social studies and postsecondary readiness.
- In the 2021-2022 school year Central Middle School earned 5 out of 7 academic distinctions in the following areas: Academic Achievement in Mathematics, Academic Achievement in Science, Comparative Academic Growth, Comparative Closing the Gaps, and Postsecondary Readiness.

Problem Statements Identifying Demographics Needs

Problem Statement 1: Students in the special education program in all grade levels are struggling to pass their STAAR assessments at the same rate as general education students. **Root Cause:** There is a learning gap between the required knowledge to be successful and their cognitive ability. STAAR Curriculum is not aligned to their learning level.

Student Learning

Student Learning Summary

Central Middle School is focused on providing every student with a rigorous and relevant education which aims to develop critical-thinking skills and enables all students to become active participants in their own learning through student-centered instruction.

Central Middle School received a score of a 91, Overall A Rating for accountability.

Student Learning Strengths

Central Middle School is the top middle school in Weslaco ISD.

Problem Statements Identifying Student Learning Needs

Problem Statement 1 (Prioritized): There is a need for more students to pass their STAAR exams and demonstrate academic growth in the area in which they failed. **Root Cause:** HB1416 mandates students receive 15/30 hours of accelerated instruction in the subject area in which they failed.

Problem Statement 2: Students in the special education program in all grade levels are struggling to pass their STAAR assessments at the same rate as general education students. **Root Cause:** There is a learning gap between the required knowledge to be successful and their cognitive ability. STAAR Curriculum is not aligned to their learning level.

School Processes & Programs

School Processes & Programs Summary

In the fine arts department, Central Middle School offers band, orchestra, choir, folkloric dance, art and theatre arts classes. Central Middle School students can compete in UIL events based on either academic and athletic programs. Students may participate in advanced academic classes such as Digital Design, Digital Communication, Digital Arts and Animation, English I, and Algebra I if they meet the criteria. Eighth grade students can also take Spanish I and earn high school credit. The following sports are offered to 7th and 8th grade students: soccer, basketball, volleyball, softball, baseball, football, tennis, swimming, and golf.

Central Middle School students are scheduled into four core area and two elective classes. Core classes are 90 minutes in length and elective classes are 45 minutes in length. The core subject area teachers meet twice a week for department planning staff development and twice a month for a technology staff development. Each teacher also has a conference period that is utilized to work on lesson and assessment design, analyze data, examine instructional strategies to improve student performance. Central Middle School teachers use a wide array of technology in the classroom. Our campus is one to one campus, providing every student with a Chromebook to enhance learning. Students are able to bring and utilize their own electronic devices. They are able to access the Internet throughout the building. Classroom teachers are able to determine the use of the student devices in their classrooms. Technology found at Central Middle School include teacher-issued laptops, desktops for classroom, Chrome books for staff and student use. Central Middle School has three Instructional Coaches that provides technology support and technology staff development.

School Processes & Programs Strengths

- Core teachers meet in grade level meetings once a week to plan and develop common formative and summative assessments, lesson design, interventions and data analysis.
- Teachers implement best practice instructional strategies to increase student engagement.
- Teachers compile data binders to increase student performance.
- Teachers and students have a wide array of technology available.
- Chromebooks are provided to each student to take home and bring to school for the year which leads to wider technology access and educational implementation of technology.
- Consistent replacement of technology ensures access to up-to-date hardware and software for educational purposes.
- Vertical alignment is present in core subjects.
- Teachers implement the use of TEKS resource system and follow the scope and sequence and Year at a Glance and the Instructional Focus Development Plan.
- English I, Algebra I, Geometry and Spanish I are advanced courses available to 8th grade students who meet the criteria.

Problem Statements Identifying School Processes & Programs Needs

Problem Statement 1 (Prioritized): We need to provide additional incentives for students who follow the student code of conduct accordingly in order to reduce student discipline

referrals. Root Cause: Students do not understand the consequences that follow negative choices.

Perceptions

Perceptions Summary

Central Middle School teachers and staff are treated to a monthly social which promotes a positive culture and climate. The teachers receive goodies and treats for a week during Teacher Appreciation Week. In addition, Central Middle School spotlights counselors, social worker, nurses, librarian and instructional coaches during their respective day/week or month.

Central Middle School students have the opportunity to being selected as a "student of the month" within their team. Benchmark celebrations are held to recognize students who earn the meets or masters designation on their benchmark exams. The students that earn Latin Honors criteria participate in the end of the year awards assembly. In addition, students can participate in Author's wall and Wednesday Writing, which if selected, publishes the students' writing by displaying it on a bulletin board. All of these celebrations and/or awards promote a positive culture and climate at school.

An end of year sports assembly, to recognize athletes and their accomplishments. The campus librarian highlights both staff and student for participation in various spirit and themed events. Pizza parties are also provided for classrooms that had the most participation in various events held throughout the year. Families who donate uniforms to those in need on campus are also rewarded.

Perceptions Strengths

- Teacher of the Month/Employee of the Month
- Teacher Appreciation Week Goodies and Treats
- Student of the Month
- Latin Honors Recognition
- End of the Year Awards Assembly
- Author's Wall
- #Wednesday Writing
- Sports Awards Assembly

Priority Problem Statements

Problem Statement 1: There is a need for more students to pass their STAAR exams and demonstrate academic growth in the area in which they failed.Root Cause 1: HB1416 mandates students receive 15/30 hours of accelerated instruction in the subject area in which they failed.Problem Statement 1 Areas: Student Learning

Problem Statement 2: We need to provide additional incentives for students who follow the student code of conduct accordingly in order to reduce student discipline referrals.
Root Cause 2: Students do not understand the consequences that follow negative choices.
Problem Statement 2 Areas: School Processes & Programs

Comprehensive Needs Assessment Data Documentation

The following data were used to verify the comprehensive needs assessment analysis:

Improvement Planning Data

- District goals
- Campus goals
- Performance Objectives with summative review (prior year)
- Campus/District improvement plans (current and prior years)
- State and federal planning requirements

Accountability Data

- Texas Academic Performance Report (TAPR) data
- Student Achievement Domain
- Student Progress Domain
- Closing the Gaps Domain
- Accountability Distinction Designations

Student Data: Assessments

- State and federally required assessment information
- STAAR End-of-Course current and longitudinal results, including all versions
- STAAR Emergent Bilingual (EB) progress measure data
- Texas English Language Proficiency Assessment System (TELPAS) and TELPAS Alternate results
- · Local benchmark or common assessments data

Student Data: Student Groups

- Special programs data, including number of students, academic achievement, discipline, attendance, and rates of progress for each student group
- · Economically disadvantaged / Non-economically disadvantaged performance and participation data
- Special education/non-special education population including discipline, progress and participation data
- Migrant/non-migrant population including performance, progress, discipline, attendance and mobility data
- · At-risk/non-at-risk population including performance, progress, discipline, attendance, and mobility data
- Emergent Bilingual (EB) /non-EB data, including academic achievement, progress, support and accommodation needs, race, ethnicity, gender etc.
- Career and Technical Education (CTE) Programs of Study data including completer, concentrator, explorer, participant, and non-participant achievements by race, ethnicity, gender, etc.
- Section 504 data
- Gifted and talented data
- Dyslexia data

Student Data: Behavior and Other Indicators

- Attendance data
- Mobility rate, including longitudinal data
- School safety data

Employee Data

- Professional learning communities (PLC) data
- Campus leadership data
- Campus department and/or faculty meeting discussions and data
 Professional development needs assessment data

Parent/Community Data

• Parent surveys and/or other feedback

Support Systems and Other Data

- Organizational structure dataBudgets/entitlements and expenditures data

Goals

Goal 1: STUDENT SUCCESS/LITERACY FOCUS-High-quality, engaging, and innovative programs that develop college, career, and service ready leaders.

Performance Objective 1: By Spring 2025, the number of students who score at the approaches grade level on the Social Studies STAAR Assessment will increase from 61% to 65%. Students who score at the Meets Grade Level on the STAAR Assessment will increase from 34% to 40%. Students who score at the Masters Grade Level will increase from 21% to 25%.

Performance Objective 4: Staff was presented on Bloodborne Pathogen to decrease spread of germs and Stop the Bleed to aid in an emergency. This will help decrease stress on what needs to be done in an emergency and in turn makes students feel safe on campus. Provide health and safety information on Nurse Page on the campus website for parents and staff.

High Priority

Evaluation Data Sources: Staff was been given a briefing on the following topics: Stop the Bleed, Bloodborne pathogens, Narcan, Asthma [EpiPen use], Seizures, Diabetes, AED. and the importance that anyone in an emergency can call 911, does not have to be the nurse for the nurse can be the one in need of 911.

Nurse page on Central Middle School website has information in reference to When to keep child home, forms like Asthma Management Plan, Diabetes, Special Diet and some policies, information on meningitis, covid, cold/flu, immunizations, and nurse contact information. The campus nurse follows CDC, TEA, and district guidelines to ensure student and staff safety.

Goal 6: CAEP- Reduce recidivism and ensure students complete coursework to secure complete grades.

Performance Objective 1: Reduce recidivism Strategy: Provide Counseling, Social Worker to all CAEP students. Measures: 50% of students will not return to CAEP this school year.

Summative Evaluation: Met Objective

Goal 6: CAEP- Reduce recidivism and ensure students complete coursework to secure complete grades.

Performance Objective 2: Complete coursework to help complete grades

Strategy: CAEP teacher will communicate with home-based teachers on assignments received and the completion of work. Measures: 70% of assigned work will be completed.

Summative Evaluation: Met Objective

RDA Strategies

Goal	Objective	Strategy	Description
1	5	1	Use Ripple Effects, District SEL Lessons, Panorama, Major Clarity, and classroom lessons. Present lessons to students regarding SEL, grades, tutoring, attendance, bullying, drugs, and test taking strategies. Monitor students who are not performing well academically. Individual conferencing regarding grades. Consult with administration to identify and resolve student issues, needs, and problems that directly impact academic and SEL success. Provide counseling to students who are tardy/absent and who have disciplinary problems. Help students create short term and long term goals for academic and social emotional growth.
1	5	2	Provide training and support for digital learning and focus on digital safety, digital citizenship and cyber bullying. Provide conferences and support for students in need of SEL support. Students will be given the opportunity to participate in anti cyber bullying month through various activities throughout the school. Analyze data from schoolwide panaroma survey that includes data from students and staff.
1	5	3	Counselors will provide professional development in order to promote awareness and up to date information on emergent bilingual students, 504 students, and students experiencing difficulty due to SEL issues. Various trainings, staff development, and as needed conferences. Monthly review of EB students who fail one or more core classes. Advocate for students at 504, ARD, and LPAC meetings to ensure individual needs are being met.
1	5	4	Provide opportunities for learners to experience and be provided with information regarding post secondary pathways and education. Students will be provided guidance in planning for HS, ECHS, and post secondary goals. Consult with administration and staff to schedule and present school counseling curriculum lessons based on needs identified through panorama and major clarity which include career readiness, post secondary education and social emotional awareness.
1	5	5	Materials - perishable, and non-perishable items - audio and visual aids, -consumables workbooks, -reading materials - Stress relief toys/fidget toys - organizational planners - student/instructional incentives - and use any health and safety supplies to ensure a safe instructional environment

CCNA Probing Questions

Demographics

Demographics refer to the characteristics or makeup of the school and help us understand who we are currently working with and how we implement strategies, initiatives, programs, and services to meet their needs.

Demographics = Potential Data Types

- At-Risk by Category
- Attendance
- College, Career, and Military Readiness (CCMR)
- College/University/Dual Credit/Advanced Placement Enrollment
- Enrollment
- Ethnicity
- Gender

Course/Class Assignments

- Mobility/Stability
- Rates of Graduation, Completion, and Dropouts
- Special Program
- Participation
- Teacher-Student Ratios

1. What do enrollment numbers indicate?

We are at max capacity on enrollment and the upward trend continues.

2. What is the breakdown of students by ethnicity, gender, or other category?

1066 Students Total1033 Students are Hispanic 97%26 Students are White 2%6 Students are Other Ethnicities 1%

3. How has the enrollment changed over the past three years?

Mobility in the district has reflected that students from other Weslaco ISD campuses request to enroll here as well as from other districts in neighboring cities due to our open enrollment status.

11. What are the staff demographics?

Staff is representative of the student population background, majority are Hispanic.

12. What are the teacher-student ratios? How do these ratios compare to performance?

30:1

4. What is the number of students in each special program? What is the breakdown by ethnicity, gender, or other category? Are we over- or underrepresented in certain groups? Why?

115 SPED Students 11%
550 At Risk Students 52%
119 GT Students 11%
12 Migrant Students 1%
739 Economically Disadvantaged Students 69%

5. What are the data for special programs over time?

Remained consistent

6. What do the data reflect regarding students who exit from special programs? How many? Who are they? What trend or pattern do we see?

Very few students get removed from Special Programs.

7. Who are our at-risk students? What is their at-risk category?

Homeless Single Parent Homes Incarcerated Parents Migrant Students Retained Students Committee Documents 5di-Demographics (cont'd)

7. Who are our at-risk students? What is their at-risk category?

550 At Risk Students 52%

- 8. Who are our migrant students?
- 12 Migrant Students 1%
- 9. What is the mobility rate for this campus? What is the stability rate? How are these numbers represented for migrant students?

Will gather data.

10. What area of the community do these students come from?

Due to open enrollment our at risk students come from all parts of Weslaco and neighboring cities such as Donna, Elsa, Mercedes, Edinburg.

CCNA Probing Questions

Student Achievement

Student Achievement data are the annual and longitudinal reviews from varied sources of formal and informal data. These data provide insights about the degree to which students are acquiring the knowledge and skills expected for each grade level.

Student Achievement

Potential Data Types

- Advanced Course/Dual Enrollment Data
- College, Career, and Military Readiness
- (CCMR)
- College Entrance Exams
- College/University/Dual Credit/ Advanced Placement Enrollment
- Course/Class Assignments
- Course/Class Grades

Graduation Plan Types

Rates of Graduation, Completion, Certificates of High School Equivalency and Dropouts

- Results Driven Accountability (RDA)
- Standardized, Norm-Referenced, Criterion-Referenced Tests and Measures
- State Assessment Data
 State and Local Student Assessment Data Tables
- Texas English Language
 Proficiency Assessment
 (TEUDOLD)
- System (TELPAS) Results

 Texas Success Initiative (TSI)
 Data

1. How are student achievement data disaggregated?

Reports arerun on Eduphoria Aware and DRS Look at growth history Share data during department meetings Lead4ward tool

2. What do the data indicate when disaggregated by ethnicity, gender, socioeconomic status, special program, or other category?

Special pops tend to score lower, they need additional assistance.

3. What do the data indicate when disaggregated at various levels of depth?

Certain concepts where students perform low are due to the loss of instruction during covid. Foundational skills lacking.

4. How do student achievement data compare from one data source to another?

Misalignment in growth between NWEA and STAAR Expectaions and how it is presented Some data sources may not be aligned to STAAR Data skewed if we don't compare apples to apples

5. In which areas are we showing growth? At what rate? Compared to which standard of achievement?

Growth- RLA and Math Benchmark scores Writing overall is doing better because now it is expected across the board on STAAR

6. Which students are making progress? Why?

EB based on last year's TELPAS data Call in students every 6 weeks to review academic progress

7. What impact are intervention programs having on student achievement? Which students are benefiting and which are not? Why? Why?

TCLAS

8. What do the longitudinal student achievement data indicate?

Dip during COVID, gains faster in RLA and math.

9. What do the data reflect within and among content areas?

RLA is excelling at a faster rate than other subject areas.

10. Which students are making annual progress? Which ones are making projected growth? Who are these students? How does this data compare across programs, content areas, subgroups, etc.?

Bilingual students/ TELPAS across the board.

CCNA Probing Questions

Staff Quality, Recruitment, and Retention

Staff Quality, Recruitment, and Retention refers to the school organization's level of high-quality, highly effective staff, particularly in high-poverty schools. This area is also focused on assessing the effect of recruitment and retention strategies on staffing patterns.

Staff Quality, Recruitment, and Retention **Potential Data Types**

- Course/Class Completion, Grades and Other Data
 - and Other Data Special Program Qualifications
- Paraprofessional and Other Staff Qualifications
- Professional Development Data Rates of Graduation, Completion,
- Certificates of High School Equivalency and Dropouts
- Recruitment and Retention Rates
- (Bilingual/ESL, Special Education, etc.)
- Staff Mobility/Stability
- Teacher Certification/ **Qualification Data**
- Teacher-Student Ratios
- Texas Teacher Evaluation & Support System (T-TESS) and other Staff Effectiveness Data

1. What are the qualifications and certifications of our teachers? Paraprofessionals?

All teachers are highly certified and meet state requirements.

2. What do the general data reflect regarding teacher quality on the campus?

Student data demonstrates our achievement is above average. This is a reflection of high quality staff on our campus.

3. How are follow-up data regarding teacher performance provided to teachers?

We follow district T-TESS guidelines accordingly. Feedback is immediately provided.

Committee Documents 5di-Staff Quality, Recruitment, and Retention (cont'd)

4. How are we recruiting highly qualified and effective staff?

Job Fair Online Posts Filter for high quality candidates

5. What is our staff attendance rate? Retention rate? Turnover rate?

Attendance Rate- Good Retention Rate- Good Turnover Rate- Low

6. Are teacher placements strategically based on student need and teacher strengths?

Yes

7. What is the impact of our teacher mentor program?

Central office assigned a staff member to mentor new to district teachers. Department heads are available to assist with guidance to teachers in their department.

8. What ongoing support is provided to staff? (e.g., administrative observation, performance coaching and individualized professional development plan.)

Administration meets with staff by grade levels and departments Staff development sessions held regularly

9. What systems are in place to build capacity and support continuous improvement?

SBDM Committee Monthly faculty meetings CIP team Department meetings

10. How are we using data to determine professional development for staff?

Analyze low scoringTEKS on Benchmark to identify student needs Stay up to date with TEA updates

11. How are collective and individual decisions regarding professional development determined?

Central office, surveys

12. What types of professional development have staff members attended? How is implementation monitored? What impact has it had on performance? What is the follow-up?

Regular PLC's Various Region One staff development trainings Strategists

CCNA Probing Questions

Curriculum, Instruction and Assessment

Curriculum, Instruction, and Assessment collectively describe the teaching, learning, and assessment materials and resources available for a given course of study. These are aligned with the Texas Essential Knowledge and Skills (TEKS) and other standards, incorporating instruction and assessment processes.

Curriculum, Instruction, and Assessment

Potential Data Types

- Class, School, and Special Program Schedules
- Collaborative Horizontal and Vertical Team Alignment Processes
- Common Benchmark Assessments and/or Other Assessments
- Enrichment Course/Class Materials
- Foundation Course/Class Materials
- Instructional Design/Delivery
- High-Yield Strategies
- Lesson Study/Delivery Processes
 Scope and Sequence, Pacing
 - Guides, and Other Focus Documents
- Standards-Based Curriculum Resources and Materials
- Student Misconceptions
- Student-Specific and Differentiated Strategies and Processes
- Technology
- 1. What evidence exists to determine if the curriculum is clearly linked to the TEKS and other standards for student learning?
- 1: TEKS Alignment: Check if lessons plans & lessons match the TEKS standards.
- 2: Scope and Sequence: Check to ensure they match using TEKS Resources YAG-6 Weeks.
- 3: Clear Objectives: Make sure each lesson clearly states what students should learn.
- 3: Aligned Assessments: Confirm tests and quizzes match what TEKS expects students to know.

4: Student Work Samples: Analyze for TEKS mastery.

- 5: Professional Learning Communities (PLCs): Collaborate on TEKS alignment.
- 6: Student Understanding: Look at student work to see if they grasp the concepts being taught.

2. Is the the curriculum structured in logically sequenced units of instruction?

Yes, if we follow TEKS Resources, the curriculum is typically structured with logically sequenced units of instruction. TEKS Resources provides a framework for organizing content and skills, ensuring a cohesive progression in student learning.

3. How is data used to inform curriculum, instruction, and assessment decisions?

Data guides curriculum, instruction, and assessment decisions by:

- 1: Analyzing assessment results to adjust teaching priorities.
- 2: Evaluating curriculum effectiveness based on performance data.
- 3: Tailoring instruction to meet diverse student needs.

4. How are instructional strategies and activities aligned with student learning needs and expected outcomes for achievement? How consistent is this across the district/ school? What is the impact on specific student groups?

-Instructional strategies align with student needs by: differentiating instruction, using assessment data for adjustments, scaffolding, technology integration, and feedback & reflection.

-Consistency varies depending on leadership support, professional development, curriculum alignment, teacher collaboration, etc. -The impact varies but is positive: Equity for all, providing needed assistance to SPED's and ELL's C:, and challenging GT Students

5. How are curriculum, instruction, and assessment aligned with College and Career Readiness Standards?

In our curriculum, each Texas Essential Knowledge and Skills (TEKS) standard incorporates College and Career Readiness elements, guiding content development to build necessary skills for students' future success. Teachers implement this curriculum through aligned instruction, and assessments measure how well students are learning the material.

6. What evidence supports the classroom instruction incorporates rigorous, high-quality experiences that promote critical-thinking skills with differentiated and scaffolded supports for students?

Lesson Plans: Detailed plans integrating critical-thinking activities with support for diverse learners.
 Student Work Samples: Examples showing application of critical-thinking skills with scaffolded supports.
 Assessment Items: Tests or projects assessing critical thinking, accommodating diverse learners.

4: Student Reflections: Student reflections on critical-thinking processes, acknowledging support.

7. How do instructional design and delivery maximize student engagement and a positive learning climate?

Instructional design emphasizes relevance, making lessons meaningful, and using diverse teaching methods. Clear objectives clarify learning goals, technology enhances experiences, and collaboration promotes teamwork. Differentiation tailors instruction, boosting engagement and meeting individual needs.

8. What processes are in place to assure instructional materials include resources intentionally designed to meet the needs of specific student groups?

Processes to ensure instructional materials meet specific student needs:

- 1: Data-Informed Decision Making: Using student data to improve materials.
- 2: Ongoing Evaluation: Continuously assessing material effectiveness and making adjustments.
- 3: Professional Development: Training educators to use materials effectively.
- 4: Differentiation Resources: Offering extra materials for diverse learning styles.

9. What evidence supports the effectiveness of evidence-based interventions to address learning gaps of struggling students? Which students need this type of instruction?

We utilize various evidence-based interventions such as Sirius, Problemattic, Wizer, and Google Forms to address learning gaps. These interventions enable personalized instruction, benefiting struggling students, particularly those with diverse learning needs, by providing materials in formats beyond traditional methods.

10. Is there evidence that assessments are aligned with clearly specified and appropriate achievement expectations? Do benchmarks align to state standards and the appropriate level of rigor?

Yes, there is evidence that assessments are aligned with clearly specified and appropriate achievement expectations. Benchmarks, such as released STAAR exams, align closely with state standards and maintain the appropriate level of rigor.

11. How do we know assessments are designed, developed, and used in a fair and equitable manner that eliminates biases? How do students perceive these assessments?

Assessments are designed, developed, and utilized in a fair and equitable manner to eliminate biases, ensuring alignment with tested TEKS curriculum. Students' perceptions are gauged through vocal feedback, ensuring alignment and fairness.

12. How does the scope of assessments provide a comprehensive and representative sampling of student performance that allows for confident conclusions about achievement?

The scope of assessments ensures a comprehensive and representative sampling of student performance across the entire student body, guaranteeing a variety of test results and allowing for confident conclusions about achievement.

CCNA Probing Questions

Parent, Family, and Community Engagement

Parent, Family, and Community Engagement refers to how these stakeholders are informed, invested, and involved as partners in supporting the school community to maintain high expectations and high achievement for all students.

Parent, Family, and Community Engagement Potential Data Types

 Community Service Agencies and Support Services

Family and Community Participation Counts

- Mobility/Stability
- Parent Activity Evaluations and Feedback

Demographic Data

by Type of Activity

- Parent and Community Partnership Data
- Parent Volunteer Information
- 1. What evidence exists that families and community members are involved in meaningful activities that support students' learning?

Morning and afternoon parent meetings Parent Volunteers Band Boosters Donations Community Events Pep Rallies

2. What are the activities? Which parents and community members are involved? What trends and patterns do we observe?

Higher academic scores are a reflection High participation in various events Remind App, Google Calendar and Classroom, Social Media is useful to reach out to parents

3. How are families and the community members involved in school decisions?

School compact policy parent meeting- establishes parents expectations to hold parents involved and accountable at the beginning of the year

4. What types of services are available to support families, community members, and students to encourage healthy family relationships?

Parent engagement department provides uniforms McKinney Vento act provides homeless students with school supplies, clothes, utility bills, etc

School hosts events for parents to participate with their students such as band banquet, etc.

5. If families speak languages other than English, what are those languages? How does the school communicate in those languages?

Spanish speaking parents receive translation services as needed.

6. What types of services are available to support students in special programs? What are the results?

Sped social workers Child Find Evaluation process

7. What types of community partnerships exist to support families and students?

Peter Piper and Mr Gattis back to school initiative Melhart shirt donations to band Instrument donations by local community organization Gift cards donated by various businesses within the city.

Committee Documents 5dvii-School Context and Organization

CCNA Probing Questions

School Context and Organization

School Context and Organization refers to the processes, structures, decision-making, and overall leadership aspects of the organization, including how these areas address quality teaching and learning.

School Context and Organization Potential Data Types

- Communication: Formal and Informal
- Decision-Making Processes
- Duty Rosters
- Leadership: Formal and Informal
- Master Schedule
- Program Support Services (Extracurricular Activities, After School Programs, etc.)
- Schedule for Student Support Services (Counseling, Social Work, Library, etc.)
- School Map and Physical Environment
- School Structure (Teaming, Looping, etc.)
- Supervision Structure
- Support Structures: Mentor Teachers

1. To what degree does the district/school support the organization? How are those supports offered or provided?

Calendar, bell schedules, rotation of off periods, organization of duties, schedules, discussed as a committee.

2. What do the data reflect about classes, schedules, and student/staff teams?

In 8th grade we have 342 students.

We needs to take into consideration athletic requirements for scheduling, band, etc. Teaming of 8th grade a consideration.

3. How is adequate time devoted to subjects in which students perform poorly?

TCLAS- limited extended day due to lack of staff -Interventions- Teachers work as a team

4. How do teachers have a voice in decision-making and school policies?

SBDM Committee

5. What role do teachers have in deciding what assessments will be used to evaluate individual students or the program as a whole?

Majorassessments

6. Do school committees and decision-making bodies make it easy for teachers, parents, paraprofessionals, support staff, and students to be heard and, in turn, for all groups to be part of solutions to identified problems?

Yes, we survey staff for concerns to be addressed during SBDM committee meetings.

7. What are the perceptions of students, parents and community about the LEA and campus?

LEA is a resource.

Highly rated campus, lots of parent requests for students to attend Central Middle School.

CCNA Probing Questions

Technology

Technology refers to modeling and applying digital tools and resources for students, staff, and other stakeholders to advance teaching and learning. It should also connect to real-world experiences, including post-secondary opportunities.

Technology

Potential Data Types

- Assessment of Technology Skills for Students, Staff and Other Stakeholders
- Classroom Technology Needs by Area, Class, Department, etc.
- Leadership and Administrative Support Structures for Technology Implementation
- Professional Development/Teacher Preparation Needs in Technology
- Resource Allocations
- Technology Hardware and Software
- Technology Infrastructure, Networks, etc.
- Technology Plan
- Technology Policies and Procedures

1. What technology do we have?

Teachers have district-issued laptops, and projectors, and core teachers have Chromebook carts in the classroom. CTE teachers have clear touch screen computers.

2. How does the design of the network provide for the users it supports?

Every technology connects to the WISD network.

3. What is the technology proficiency of staff and students?

Most teachers are at an intermediate level and students at the 8th grade level would be at an intermediate level as well. Most 6th and 7th are still at the novice level.

4. How does staff feel about technology?

Most staff feel that it is vital and it helps with their lessons.

5. What types of technology professional development have we provided? What was the impact for staff and students?

We have technology tech days to help teachers with the new programs that will help in the core subjects.

6. What are some barriers that potentially prevent effective use of technology?

Not having a tech person on campus to answer and address immediate technology issues.

7. In which content areas are we using technology and how? What is the effect?

All content areas are using technolgy in their daily lessons.

8. How is technology utilized to support curriculum, instruction, and assessment integration and implementation?

There are programs within each subject area that provides lessons for them to use. Example Imagine math is a technology program for the math department.

9. How is technology used to support students and parents in a virtual learning environment?

School website that provides information for both parents and students.

10. Is the technology user-friendly for students and parents?

Yes

11. Is there a cybersecurity plan in place and systems in place to prevent a cybersecurity breech?

The WISD technology department has a plan for the district.

12. How do we ensure that confidential student level data are secure?

WISD has a plan to help secure student level data.
